Dear Minister

When we met in October at the House of Commons, you may recall that you invited us to seek a meeting with you at the time of consultation round the Climate Change Levy. As this is now under way I have asked Metals Forum's secretary to contact your diary secretary with a view to agreeing a time when it would be convenient for you to hear our views about the proposed changes.

I trust that this will meet with you approval.

With best wishes

Yours sincerely
