Subject: Extra data for Walpole Bay

Hi Kate,

I hope you are well.

I think on Monday we were discussing the application from Thanet District Council, and if we had any sampling data for the bathing pool. As I said on the phone, we didn't actually sample the bathing water pool, but close to it. Please find attached some maps one of my colleagues produced with average intestinal enterococci and e.coli results from the sampling we conducted in 2012

Would you be interested in the raw data (spreadsheets)?

Let me know if you need any further information.

Many thanks
