To: Furniture Regulations Consultation
Subject: Consultation on updating the Furniture and Furnishings (Fire) (Safety) Regulations

Dear Christine,

With regards to the consultation on updating the Furniture and Furnishings (Fire) (Safety) Regulations, the British Furniture Confederation support the individual consultation responses submitted by the British Furniture Manufacturers Association, National Bed Federation, Leisure and Outdoor Furniture Association and Furniture Industry Research Association.

It is the BFC's opinion that these responses reflect the opinion of much of the UK furniture industry.

Regards
