PSD Number	2610-0120
Product Type	Hobby/sports equipment - Cycles (Powered)
Product Identifiers	Brand: Evercross Model: EV12M Colours: Blue and Red Barcode: CG60601Y04 Charger batch code: 260412 Bike serial number: MBEV12M604100578 Manufacturer: Zhejiang Kuantu Industry And Trade Co., LTD Product carton identifiers: MB-UK-TC-60602
Product Description	An electric motorcycle for kids.
Country of Origin	China
Counterfeit	Unknown
Risk Level	High
Risk Type	Electric shock and Fire
Risk Description	The product presents a high risk of electric shock because the charger contains poor-quality soldered connections, with wires soldered directly to the printed circuit board without adequate strain relief. The connections could become loose or fail, potentially exposing the user to electric shock or causing overheating, fire or an explosion. The dirt bike is also incorrectly marked with an input rating of 100–240 V, which is the mains input rating of the separate charger rather than the charging input of the bike. The bike should be charged at 42 V DC. The incorrect marking could lead to the product being connected to an unsuitable power supply, creating a risk of electric shock, fire or explosion. The charger does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016 and the bike does not meet the Supply of Machinery (Safety) Regulations 2008.
Corrective Measures	The import has been rejected at the border
Online Marketplace	N/A
Notifier	Local Authority Trading Standards
