

How providers intending to deliver Higher Technical Qualifications plan to support their staff

intensive bootcamps
to upskill staff

upskill placement
supervisor and
assessor staff to
**support placement
activity & learning**

staff visits to alternative
colleges, universities, IoTs,
learning factories and
innovation centres

set up an **industry
placement** for staff

purchase **online
training** subscriptions

analysis of
knowledge/skills gaps
for curriculum staff and
creation of an aligned
CPD plan

establish an **Expert Teacher Forum**
where best practice can be shared
across the workforce

use **Workforce Development Plan** to
support staff to undertake higher level
qualifications

run a series of
**targeted expert
workshops** with
industry practitioners

‘buddy-up’
with an
**industry
mentor**

develop an **online platform** to
support staff to develop the latest
skills within the industry

share knowledge through
peer-to-peer support
