

Coronavirus vaccine consent form for children and young people

Coronavirus is an illness that lots of people are catching at the moment.

Most people won't get very poorly from coronavirus but some people have to go to hospital. There is a very small chance that some people might die from it.

One way to help you stay safe is to get a coronavirus vaccine. The coronavirus vaccine should stop you getting very poorly if you do catch coronavirus.

It will take about 2 weeks for the vaccine to start working.

There is a small chance that you can still catch coronavirus if you have had the vaccine.

If you or your parent or carer is worried about you having the vaccine, you can talk to your doctor.

You can't catch coronavirus from having the vaccine.

You may need to have two vaccines to keep you as safe as possible.

After your vaccine your arm might be a bit sore for a short time. You might also feel tired or have a headache. This is called having side effects. You can ask your parent or carer to give you some painkillers like paracetamol for this.

If you think you have a serious side effect from the vaccine you can report them using the yellow card scheme.

The Coronavirus yellow card system is a website where you can report any side effects from the vaccine coronavirus-yellowcard.mhra.gov.uk.

You may need support to access this website.

You should keep following the government's rules if you have been vaccinated. It will help you to stay safe.

This includes wearing a face covering and washing your hands carefully and often.

If you meet people indoors make sure you open a window to keep the air fresh.

If you were previously advised to shield, you should consider continuing social distancing if this feels right for you and those around you.

About you

Full name (first name and surname):

Home address:

Address if different (if living in a residential school/care home etc):

Your personal phone or mobile number:

Date of birth:

Gender (tick as appropriate):

 Male

 Female

 Prefer not to say

Ethnicity (such as British, Irish, African, South Asian, Chinese, other):

NHS number (if you know it):

--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--

Doctor/GP name and address:

Consent to have the coronavirus vaccine if you are 12 to 15 years old

I want to receive the full course of coronavirus vaccine

I want my child to receive the full course of coronavirus vaccines
