

**Environmental Impact Assessment (Agriculture) (England) (No. 2) Regulations 2006
(as amended) - Regulation 19**

Notice of consent decision - Reference EIA 2936

An application for consent and Environmental Statement was received on 27th April 2021 by Natural England for a project to return grass fields in the vicinity of Washingborough, Lincolnshire to arable farming.

Natural England have decided to grant consent with additional conditions for this project

Further details of this decision and the full reason for it can be obtained by making a request to the following email address: eia.England@naturalengland.org.uk.
