Guide 1: How to create and assign a group of CoS

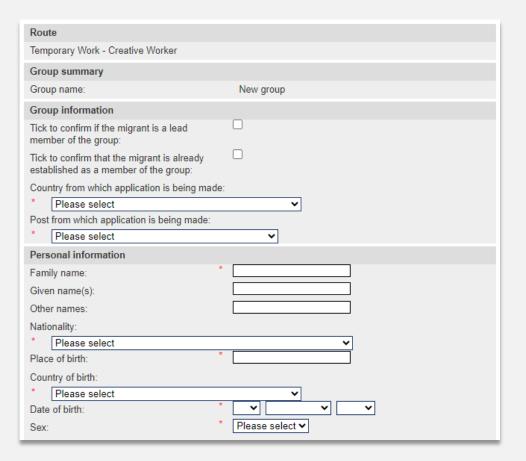

Follow the step by step instructions below to create and assign a group. This function may be useful if you wish to create a group of CoS for an event, such as a concert. A group is similar to a batch but only applies to the **Temporary Work – Creative Worker** route.

A group of CoS can be based either on a lead applicant (such as a lead singer) or as a group without a lead applicant. The key question to ask in deciding which option to choose is 'will the event go ahead if the lead applicant does not enter the UK?' You should identify a lead applicant on whom to base the CoS group if the answer to this question is 'no'.

You should read the Sponsorship policy guidance before creating and assign a group.

From the **Amend a CoS** screen, ensure you have identified the correct CoS, then select **Save**.

If it is not the CoS you want to link to a group select **Cancel** and perform another search.

Fields marked with an asterisk (*) are mandatory and must be completed to assign a CoS. Some optional fields will become mandatory when associated fields are populated, for example it is not mandatory to give details of an agent used to source a migrant unless you tick the box to say that an agent has been used.

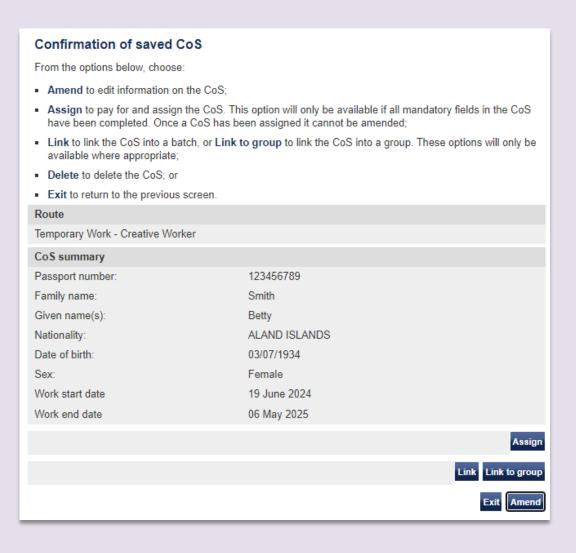

When assigning an ISC liable CoS the fees generated will match your organisation's circumstances. For example: for a small organisation the ISC will be calculated based on the low rate. If the ISC fee is charged at the incorrect rate it is because the wrong fee was paid for your licence application, licence renewal application, or to add a route (previously referred to as "tier") to your licence; or your organisation's circumstances have changed. If the ISC is charged at the incorrect rate you must report this using the change of circumstances facility within the SMS. If a change request is accepted, this will allow over or under payment of the ISC since the reporting date to be rectified.

To save the CoS choose **Save**. If you do not want to save the changes choose **Cancel**. Ensure you save your data regularly, as your session will time out after 20 minutes of inactivity.

The initial sections are the migrant's details. Where applicable, complete the personal information as shown in their passport.
