EMPLOYMENT FAIRS

Promote your organisation and vacancies
to hundreds of potential candidates

CTP Employment Fairs are widely considered to be a beneficial part of the recruitment strategy for large, small, and medium organisations seeking high calibre candidates. Our events offer the perfect forum for you to promote your company brand, showcase what's great about working for your organisation and find talent without any recruitment costs.

Our attendees are skilled and experienced individuals who have un-paralleled transferable skills in planning, communication, teamwork and leadership, along with adaptability, drive and resilience. And because of our partnership with the MOD, unlike any other organisation, we have direct access to the Service leaver community and can deliver these events at the most competitive low-cost fee.
