# Spending Review and Autumn Budget 2021

## *North East*

---

This supplementary document sets out specific projects in the North East being announced as part of today's Spending Review and Budget, as part of the government's wider support for levelling up across the UK, including:

**City Region Sustainable Transport Settlements:** £310 million over five years to transform local transport networks in the Tees Valley for schemes such as upgrading Middlesbrough and Darlington stations and improving local rail links.

**Levelling Up Fund:** £100 million in total for 5 projects in the North East from the first tranche of allocations from the Fund:

- Reopening the UK's oldest road suspension bridge (the Whorlton Bridge over the River Tees).
- Restoring Grainger Market in Newcastle.
- Establishing the Housing Innovation and Construction Skills Academy in Sunderland.
- Regenerating town centres in the towns of Yarm and Eaglescliffe.
- Building a state-of-the-art sports facility in West Denton.

**Community Ownership Fund:** £600,000 will be allocated to 2 projects in North Shields and Whitley Bay from the first round of the Fund to protect valued community assets.

- £300,000 total funding for the North East Homeless Hub, North Shields.
- £300,000 total funding for the Whitley Bay Big Local Community Building, Whitley Bay.

Other announcements include:

- **£210 million** funding for new Nexus trains over the Spending Review period, to improve journeys for passengers and level up opportunity.
- **Almost £690,000** will be allocated towards the regeneration of Church Lane North estate in Redcar and Cleveland from the £14 million estates regeneration share of the Brownfield Land Release Fund.

- **Up to £50,000** through the Restoring Your Railway 'Ideas Fund' to develop an early-stage proposal to reinstate passenger rail links between Darlington and Weardale.
- **Selecting East Coast Cluster (combining Teesside and Humberside) as one of two** Carbon Capture Utilisation and Storage clusters to be deployed by the mid-2020s. Government will also continue to engage with the Scottish cluster as a reserve, to ensure it can continue its development and planning. As confirmed in the Net Zero Strategy, this means Teesside, the Humber, Merseyside, North Wales and Scotland have the potential to be transformed by the economic opportunities of CCUS over the next decade.
- **The UK Infrastructure Bank has supported its first investment:** a £107 million loan to Tees Valley Combined Authority to develop a site for the manufacturing of wind turbine blades, creating around 800 high quality jobs directly, with the potential to unlock thousands of jobs in total across the site.

### **The North East will also benefit from its share of national programmes:**

- In 21/22, we are **building 8 Community Diagnostic Centres** in the North East and Yorkshire and the Humber, which expand diagnostic capacity whilst targeting investment at areas of deprivation. We are funding £2.3 billion over the Spending Review period for diagnostics across the country, which can increase the number of Community Diagnostic Centres in regions like the North East over the next three years.
- **Over £2.6 billion** for the UK Shared Prosperity Fund over the Spending Review, focused on helping people into jobs and get on in life across the UK, including giving hundreds of thousands of adults the opportunity to develop their numeracy skills through the Adult Numeracy Programme 'Multiply'.
- **£560 million** funding over the Spending Review for the Youth Investment Fund and National Citizen Service.
- **£5 billion** for Project Gigabit, rolling out gigabit capable broadband for homes and businesses across the UK.
- New funding for the expanded Northern Powerhouse Investment Fund, with **£660 million additional funding** provided for the British Business Bank (BBB).
- **Up to £90 million** for new Community Forests, including in the North East, helping meet our commitment to plant at least 7,500 hectares of trees every year in England by 2025.
- **Up to £20 million** will be available over three years to clean-up former metal mines using nature-based solutions, including planting trees and creating wetlands, to remove toxic chemicals and make these sites safe and attractive. This is expected to be of particular benefit to the North East, recognising many of these sites are located there, and will support jobs in the region.
- **£24 billion for strategic road upgrades** including the A66 Northern Trans-Pennine.

## NORTH WEST

The government is providing the Scottish Government with an additional £4.6 billion per year on average through the Barnett formula over the SR21 period, on top of its annual baseline funding of £36.7 billion. The government is also confirming an extra £605 million for 2021-22. Together this funding gives the Scottish Government sufficient funding certainty to plan in-year spending and to provide additional future investments in areas such as health, social care and education.

**Levelling Up Fund:** £172 million in total for 8 projects from the first tranche of allocations from the Fund:

- Redevelopment of Inverness Castle.
- A new marketplace in Aberdeen City Centre.
- A direct route between Glasgow and the Three Towns in North Ayrshire.
- Transforming Pollok Stables and Sawmill in Glasgow into a net-zero heritage living centre.
- Redeveloping Granton Waterfront Northwest of Edinburgh.
- Upgrading Westfield Roundabout in Falkirk.
- Remodelling the Artizan Shopping Centre in West Dunbartonshire.
- Connecting the Advanced Manufacturing Innovation District to Paisley, Renfrew and Inchinnan.

**Community Ownership Fund:** £1.07 million will be allocated to five projects in Whithorn, Inverie, New Galloway, Kinloch Rannoch and Callander from the first round of the Fund to protect valued community assets.

- £300,000 total funding for the Old Town Hall, Whithorn.
- £250,000 total funding for the Rannoch Hub, Kinloch Rannoch.
- £219,096 total funding for the Old Forge pub, Inverie.
- £175,000 total funding for the Town Hall, New Galloway.

- £124,843 total funding for the Callander Visitor Information Centre, Callander.

#### Other announcements include:

- Providing the Scottish Government with **£1.9 billion** for farmers and land managers and **£42.2 million** to support fisheries, over the Spending Review. The government has extended the recommendations of the Bew Review so that additional funding will continue to be provided to farmers in Scotland over the next three years.
- **Expanding the existing trade and investment hub in Edinburgh**, which will ensure the benefits of the UK's global trade policy are channelled to Scotland.
- **A £150 million investment fund for Scotland** through new funding for the British Business Bank, working closely with local partners.
- **A further £8 million** from Project Gigabit to deliver full fibre to 3,600 premises in Scotland including Aberdeenshire, Angus, Highland, Moray and Perth and Kinross.
- **The government will provide up to £1 million**, subject to business case, to support the delivery of an Extreme E race in Scotland – the 2022 Hebrides X-Prix. The event would highlight the climate challenges faced by different ecosystems and showcase Hebridean Green Hydrogen to a global audience.
- **Up to £3 million** over three years to boost Glasgow's cultural offer, subject to a business case. This funding will be directed to the Burrell Collection, recognising its important cultural and economic contribution to Scotland and the UK. It will enable the museum - which has undergone a major transformation - to bring its collections to life and attract new audiences as it reopens.

#### Scotland will also benefit from its share of national programmes:

- **Over £2.6 billion** for the UK Shared Prosperity Fund over the Spending Review, focused on helping people into jobs and get on in life across the UK, including giving hundreds of thousands of adults the opportunity to develop their numeracy skills through the Adult Numeracy Programme 'Multiply'.
- **The new £1.4 billion** Global Britain Investment Fund will help spread economic opportunities more evenly across the UK by supporting investment in the UK's life sciences, offshore wind and automotive manufacturing sectors.
- **The continued alcohol duty freeze** - meaning that Scotch whisky is facing the lowest real-terms tax rate since 1918.<sup>1</sup>
- **The continuation of the Turing Scheme** for the next three years, including £110 million for the Academic Year 2022/23, enabling students from Scotland to go on life-changing placements and exchanges overseas.
