Hercules C-130J Engine Running Log

Aircraft Serial No:

Sheet No:

| | No. 1 Engine Engine Serial No: | | | | | | | No. 2 Engine Engine Serial No: | | | | | | |
|------|-----------------------------------|----------------------------|---------------------------------|-----------------------------|-------------------------------|------------------------|--------------------------------|-----------------------------------|---------------------------------|-----------------------------|-------------------------------|------------------------|--|--|
| | | | | | | | | | | | | | | |
| | Change in Eng Flight Hrs | Total Engine Flight Hrs | Change in Eng Running Hrs | Total Engine Running Hrs | Change in Engine Cycles | Total Engine Cycles | Change in Eng Flight Hrs | Total Engine Flight Hrs | Change in Eng Running Hrs | Total Engine Running Hrs | Change in Engine Cycles | Total Engine Cycles | | |
| Date | Brought Fwd→ | | Brought Fwd→ | | Brought Fwd→ | | Brought Fwd 🗲 | | Brought Fwd 🗲 | | Brought Fwd 🗲 | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | |
| | Carried Fwd → | | Carried Fwd → | | Carried Fwd -> | | Carried Fwd ' | | Carried Fwd ' | | Carried Fwd ' | | | |

Notes: 1. This form is designed as a MOD Form 700 backup for the GMS and therefore to prevent discrepancies, figures are to be entered (in decimal hour format) during the GMS EMS debrief.

2. In the event of the GMS of PMA being unavailable for an EMS debrief, data may be inputted directly and is to be identified as such.

3. Engine Ground Running hours will be entered directly into the "Change in Engine Running Hours" column and the Engine Flight Hour columns crossed through.

| | No. 3 Engine | | | | | | | No. 4 Engine | | | | | | |
|------|--------------------------------|----------------------------|---------------------------------|-----------------------------|-------------------------------|------------------------|--------------------------------|----------------------------|---------------------------------|-----------------------------|-------------------------------|------------------------|--|--|
