Annex B – UNHCR Resettlement Submission Categories

The Authority is responsible for identifying suitable Beneficiaries for resettlement to the UK in liaison with the United Nations High Commission for Refugees (UNHCR) based upon the following seven vulnerability criteria¹²

- Legal and or Physical Protection Needs;
- Survivors of Torture and/or Violence;
- Medical Needs;
- Women and Girls at Risk;
- Family Reunification;
- Children and Adolescents at Risk
- Lack of Foreseeable Alternative Durable Solutions

*UNHCR's Categories of Children and Adolescents at Risk

- **Unaccompanied children (UAC):** are those children who have been separated from both parents and other relatives and are not being cared for by an adult who, by law or custom, is responsible for doing so.
- **Separated children (SC):** are those separated from both parents, or from their previous legal or customary primary care-giver, but not necessarily from other relatives. These may, therefore, include children accompanied by other adult family members.
- **Children without legal documentation:** this would include children without legal documentation to prove their legal identity, and who may be particularly vulnerable and considered for resettlement, including:
 1. children aged 0-4 year who lack evidence of their birth (no birth certificate, no birth notification passport or family booklet), and where one parent is not present (in particular, where the parent who has the right to pass nationality is not present), or
 2. children aged 12-17 who lack documentation to prove their age and who face other protection risks (child labour, child marriage, child recruitment, children detained or in conflict with the law) who are at particular risk because they lack proof of their status as children, and are therefore unable to prove their right to age-specific child protection under the law.

¹² As defined in the UNHCR's Resettlement Handbook (<http://www.unhcr.org/46f7c0ee2.pdf/>)

- **Children with specific medical needs:** Child with serious medical condition is a person below the age of 18 that requires assistance, in terms of treatment or provision of nutritional and non-food items, in the country of asylum.
- **Children with disabilities:** A child with disability is a person below the age of 18 who has physical, mental, intellectual or sensory impairments from birth, or resulting from illness, infection, injury or trauma. These may hinder full and effective participation in society on an equal basis with others.
- **Child carers:** The Child Carer category includes a person below the age of 18, who is not an unaccompanied child and who has assumed responsibility as head of household. This could include, for example, a child who still lives with his/her parents, but has taken on the role of caring for them (and possible siblings) due to the fact that the parents are ill, disabled etc.
- **Children at risk of harmful traditional practices, including child marriage and female genital mutilation:** Person below the age of 18 years of age who is at risk of, or was a victim/survivor of a harmful traditional practice. Every social grouping has specific traditional practices and beliefs, some of which are beneficial to all members while others are harmful to a specific group, such as women. Such harmful traditional practices include for instance, female genital mutilation, early marriage, dowry price, widow inheritance, female force feeding, witch hunting, female infanticide, son preference and its implications for the girl child. Depending on the circumstances, certain forms of male circumcision, scarring or tattooing fall also under this category.
- **Child labour:** Includes children engaged in:
 - (i) the worst forms of child labour: Person below the age of 18 who is engaged in the worst forms of child labour, which include all forms of slavery or practices similar slavery (such as the sale and trafficking of children, debt bondage and serfdom and forced or compulsory labour, including forced or compulsory recruitment of children for use in armed conflict): the use, procuring or offering of a child for prostitution, for the production of pornography or for pornographic performances; the use, procuring or offering a child for illicit activities, in particular for the production and trafficking of drugs as defined in the relevant international treaties; work which, by its nature or the circumstances in which it is carried out, is likely to harm the health, safety or morals of children; and
 - (ii) other forms of child labour: Person below the age of 18 who is engaged in forms of child labour other than the worst forms, such as work that is likely to be hazardous or to interfere with his/her education, or to be harmful to his/her health or physical, mental,

spiritual, moral or social development. UNICEF defines child labour as work that exceeds a minimum number of hours, depending on the age of a child and on the type of work. Such work is considered harmful to the child; ages 5-11: at least one hour of economic labour or 28 hours of domestic labour per week; ages 12-14: at least 14 hours of economic labour or 28 hours of domestic labour per week; ages 15-17: at least 43 hours of economic or domestic work per week.

- **Children associated with armed forces or armed groups:** are persons below the age of 18 who are or have been recruited into, or used by, an armed force or armed group in any capacity, including fighter, cook, porter, messenger, spy, or for sexual purposes or forced marriage. It does not only refer to a child who is taking or has taken a direct part in hostilities.
- **Children in detention and/or in conflict with the law:** Person below the age of 18 who is, or has been, charged or convicted for an infringement of the law.
- **Children at risk of refoulement**¹³ Person below the age of 18 who is at risk of being returned to the frontiers or territories where his/her life or freedom would be threatened, or where he/she is at risk of persecution for one or more grounds of the 1951 Refugee Convention, including interception, rejection at the frontier or indirect refoulement.
- **Children at risk of not attending school:** Person below the age of 18 who is unable or unwilling to attend school, or is at heightened risk of interruption or discontinuation of his/her education.
- **Children survivors of (or at risk of) violence, abuse or exploitation, including Sexual and Gender-Based Violence (SGBV):** Person below 18 years of age, who is at risk of physical and/or psychological violence, abuse, neglect or exploitation. The perpetrator may be any person, group or institution, including both state and non-state actors.

¹³ Refoulement means the expulsion of persons who have the right to be recognised as refugees.
