International Trade

**Strategic Export Controls: Country  
Pivot Report**

**1st July 2015 - 30th September  
2015**

April 2022

**Countries:** All countries

**Case Types:** All case types

**All Cases / Incorporation Cases Only:** All cases

**Ultimate Destinations:** All countries

**Licence Statuses:** All licence statuses

**Reasons for Refusal:** All reasons for refusal

**Case Summaries:** All case summaries

**Ratings:** All control entries

## Introduction

This report covers **export licensing decisions made by Her Majesty's Government (HMG)** between 1st July 2015 and 30th September 2015. Licence applications are submitted to and processed by the Export Control Organisation (ECO), part of the Department for International Trade, through a purpose-built online licensing system called Spire. The ECO issues licences for controlling the export of strategic goods.

Whether or not an export licence is required is determined by four factors, the:

- nature of the goods due to be exported
- destination concerned
- ultimate end use of the goods
- licensability of trade activities of the goods due to be exported

Broadly there are two types of licence, individual and general. Licences can be *standard* or *open*.

Each licence names the goods that can be exported and specifies the destinations to which they can be exported, along with other details and restrictions. *General* licences are pre-published and can be used by all eligible exporters whereas *individual* licences are issued following a successful application and allow only those named on the application to export certain goods. Those exporting under *general* licences must adhere to the terms and conditions of the licence under which they wish to export. Exporters must register with the ECO to use a *general* licence and are subject to regular audits to ensure the licence terms and conditions are being adhered to. Those requiring an *individual* licence must submit an application to the ECO where they wish to make exports not covered by the terms and conditions of a *general* licence.

Generally, *open* licences can be used with fewer restrictions than *standard* licences. *Standard* licences tend to name a specific quantity of specific goods that can be exported to a specific destination whereas *open* licences may include a wider range of goods or destinations and generally do not limit the quantity of goods that can be exported.

**A glossary of key terms follows this introduction** which explains the various licence types and subtypes that can be used or applied for and how information relating to each licence type and subtype is available within this report.

## This report and other sources of information

Each of these quarterly reports (from 2015Q1 published in July 2015) is supplemented by a set of *data tables* in spreadsheet format (plus CSV format) and a *statistical commentary* document in addition to this report. The *data tables* provide the same information as presented in this report but in a different format and for **periods back to 1 January 2008**. CSV spreadsheets use a non-proprietary format that facilitates the manipulation of the data by a variety of software (not just Microsoft Excel) and provide the same information as available from the *data tables*. These outputs can be found alongside this report under the 'Quarterly reports' heading here:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>

The 'New Report' tool on the "Strategic Export Controls: Reports and Statistics" web page can also be used to download data. The tool offers a variety of filters that can be applied to allow users to download data of specific interest, such as licences which name a certain destination or licences for the shipment of goods with a certain rating. The tool is available here (registration required):

<https://www.exportcontroldb.trade.gov.uk/sdb/fox/sdb/SDBHOME>

## Key terminology and data available in this report

Licences types exist for each combination of *open/standard* and *general/individual* , except for *standard general* . The following table summarises the licence types under each of these headings. Each of these licence type has subtypes (more information available under 'Licence types and subtypes').

	Open	Standard
General	OGELs	Not applicable
Individual	OIELs, OITCLs,	SIELs, SITCLs

## Key terms

**Strategic goods** include military goods and a wide range 'dual-use' goods; civilian goods with a military purpose. Goods are assessed against a **consolidated list of goods that require export authorisation**, available here:

<https://www.gov.uk/government/publications/uk-strategic-export-control-lists-the-consolidated-list-of-strategic-military-and-dual-use-items-that-require-export-authorisation>

It is possible for a licence to be for both military and dual-use goods.

**Control Entries** are the codes assigned to each good on the **consolidated list of goods that require export authorisation (herein 'consolidated list')**. For example, all control entries beginning 'ML' (such as ML1, ML8 etc) are control entries for military goods. The process of assigning control entries to goods is called **Rating**.

In some cases goods can be made subject to control if they do not appear on the **consolidated list**. Goods that the exporter has been told, knows or suspects are, or may be, intended for "WMD Purposes" are given the rating "End-Use". Goods that the exporter has been told, knows or suspects are, or may be, intended for use as components in, or production or test equipment for, military equipment in an embargoed destination; or may be intended for use as parts of military goods illegally obtained from the UK, irrespective of destination, are given the rating "MEND". Both of these "end-use" ratings are also sometimes referred to as "catch all" ratings.

**Case summaries** are text descriptions used to classify goods on licences. They are standardised descriptions to explain what the goods are without giving away commercially sensitive details about the goods (such as design or intellectual property). Using standardised descriptions also facilitates comparison and analysis. Often extra detail is communicated by using prefixes. For example, a replacement part for a sporting shotgun may be described as "components for sporting shotguns" rather than just "sporting shotgun".

One or more Control Entry can be used to rate more than one good on a licence. Also, one or more Case Summaries can be used to describe a single Control Entry.

Goods are rated as **Military** (ie, they are assigned a Control Entry from the **UK Military List** within the **consolidated list** ) or they are rated as being **Non-military**. Non-military goods:

- appear on other lists within the **consolidated list** , such as the **UK Dual-Use List** .
- also include goods refused to destinations that are placed under **sanctions**, such as trade sanctions or an arms embargo. Licences relating to the goods affected by the sanction do not get approved but also do not get rated against the **consolidated list**. They are instead rated with a **sanction code**, such as 'RUS' for Russia and 'IRN' for Iran.

**SIELs for goods covered by the torture regulation** (see "Licence types and subtypes") concern trade in certain equipment and products which could be used for capital punishment torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for goods covered by the torture regulation are therefore not

included in the count of non-military goods for other SIEL subtypes.

As noted, goods can also be rated even if they don't appear on the **consolidated list**.

Licence applications can be **Refused** (for standard individual licences) or **Rejected** (for open individual licences). Licences are refused/rejected for one or more pre-specified reasons. All applications for licences are assessed on a case-by-case basis against the **Consolidated EU and National Arms Export Licensing Criteria** and a decision made on either approval or refusal. Depending on the nature of the goods, other policy aspects might also be considered. For example, if the exported goods are due to be incorporated into another system, equipment or plant, then the items are also assessed against the UK's incorporation factors policy.

Applications for licences can be refused if it is deemed to fail one or more of the Consolidated EU and National Arms Export Licensing Criteria. These 8 criteria include, for example, *Preservation of regional peace, security and stability (criterion 4) or Respect for the UK's international obligations and commitments, in particular sanctions adopted by the UN Security Council or the European Union, agreements on non-proliferation and other subjects, as well as other international obligation (criterion 1)*. More information about the criteria is available here:

<https://www.gov.uk/government/publications/consolidated-eu-and-national-arms-export-licensing-criteria>

Licences can also be **Revoked** at any time after being Issued.

**Case & goods footnotes** are added to certain cases to provide explanation on the end use and/or end user.

**Country footnotes** are added to destinations with the aim to help the user understand why certain goods may have been approved, refused/rejected or revoked in the period.

## Licence types and subtypes

### Export Licences

#### General Licences

Before data are presented per destination, a table summarises the use of **Open General Export Licences (OGELs)** on page 15. OGELs are pre-published licences allowing the export of certain goods to certain destinations. If exporters are eligible to trade under an OGEL then they should register to use that OGEL. Once registered, there is no need for an exporter to submit further applications to trade under the licence they have registered to use.

Some Open General Transshipment licences exist for the **transshipment** of certain goods through the UK en-route from one country to another, providing in all cases that the relevant conditions are met.

There are no Open General licences for the **incorporation** of goods into another product or higher level systems.

#### Individual Licences

The vast majority of this report presents information (where available) per destination relating to *standard individual* licences and open individual licences (SIELs, OIELs, SITLs, SITCLs and OITCLs). All destinations are presented in this report, and if information regarding certain licence types is not presented for a destination then this is because no decisions have been made on such licences in this period.

Exporters should check to see whether they are eligible to use an *open general* licence before applying for either a *standard individual* licence (eg SIEL, SITCL) or *open individual* licence (eg OIEL, OITCL), whichever is most appropriate.

#### Open Individual Licences

**Open Individual Export Licences (OIELs)** are *specific to an individual exporter and cover multiple shipments of specified items to specified destinations and/or, in some cases, specified consignees*. Licences permitting permanent export are generally valid for up to 5 years from the date of issue. However, OIELs covering the export to EU Member States of goods entered on the Military List and Dealer to Dealer OIELs (an OIEL subtype) are generally valid for 3 years.

##### Other OIELs:

There are several subtypes of OIELs including **Global Project Licences**, as well as **Dealer-to-dealer, Cryptographic, Media and Continental Shelf OIELs**.

**Dealer-to-dealer OIELs (or simply Dealer OIELs)** authorise UK registered firearms dealers to export certain categories of firearms and ammunition solely to other registered firearms dealers on the European Union only, provided that copies of valid documentation are forwarded to the Home Office at least 2 working days before each shipment.

**Cryptographic OIELs** authorise the export of specified cryptography hardware or software and the transfer of specified cryptography technology. These licences do not cover hardware, software or technology which includes certain types of cryptanalytic functions.

**Media OIELs** authorise the export of military helmets, body armour, non-military 4WD civilian vehicles with

ballistic protection and specially designed components for any of these items, mainly for the protection of aid agency workers and journalists in areas of conflict. The licence permits these goods to be exported to all destinations on a temporary basis only, i.e. the goods must be returned to the United Kingdom when no longer required.

**Continental Shelf OIELs** authorise the export of controlled goods to the UK sector of the Continental Shelf for the use only on, or in connection with, offshore installation and associated vessels.

## Global Project Licences

**Global Project Licences (GPL)** are a form of export licence that were introduced by Framework Agreement partners (UK, France, Italy, Sweden, Spain and Germany) to streamline the arrangements for licensing military goods and technologies between them, where these transfers relate to their participation in specific collaborative defence projects. In relation to the collaborative project, each Partner state will, as appropriate, issue their own GPLs to permit transfers of specified goods and technology where these are required for that programme. The GPLs operate on a similar basis to UK Open Individual Export Licences. In the UK, applications for GPLs are assessed against the Consolidated Criteria.

## Standard Individual Licences

**Standard Individual Export Licences (SIELs)** are specific to an individual exporter and generally allow shipments of specified items to a specified consignee up to the quantity specified by the licence.

There are 5 main subtypes; permanent, temporary, incorporation, transshipment and SIELs for Goods covered by the torture regulation.

- **Permanent SIELs** are for items that are for permanent export to a destination. They are generally valid for 2 years from date of issue.
- **Temporary SIELs** are for where the export is temporary, for example for the purposes of demonstration, trial or evaluation, and the licence is generally valid for one year only. The goods must be returned before the licence expires. Temporary SIELs can cover more than one destination and in such cases the licence will be counted once per destination. Therefore users should express caution when summing licence details together across countries.
- **Incorporation SIELs** are for goods that are due to be incorporated ie, installing them into another product or higher level system. For incorporation cases there are two end user types. The 'end user' is the person/organisation incorporating the goods. The 'ultimate end user' is defined as the entity that uses the product or the higher level system into which the exported goods are installed or incorporated.
- **Transshipment SIELs** are needed for the transshipment of certain goods through the UK en-route from one country to another, providing certain conditions are met. This subtype of SIEL is also called a Standard Individual Transshipment Licence (SITL). Most other transshipments (of certain goods through the UK en-route from one country to another) can be made under one of the Open General Transshipment Licences, provided in all cases that the relevant conditions are met. There are no Open Individual licences for transshipments.
- **SIELs for Goods covered by the torture regulation** concern trade in certain equipment and products which could be used for capital punishment, torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for Goods covered by the torture regulation are therefore not included in the count of non-military goods for other SIEL subtypes.

It should be noted that the refusal of an application for an OIEL, amendment to exclude a particular destination(s) and/or item(s), or the revocation of an OIEL, does not prevent a company from applying for a SIEL covering some or all of the items concerned to specified consignees in the relevant destinations. Clearly, however, the factors that led to the original decision would be taken into account in the decision on any such application.

## Other Individual Licences

Information on Other Individual licences is not included as part of this report, or as part of the Excel or CSV spread sheets released alongside this report. Please see separate documentation entitled 'Data for Other Licences' published alongside this, or previous, reports.

## Trade Control Licences

Trade Control licences are required for those brokering the export of strategic goods. Brokering means buying or selling, or arranging or negotiating transactions for the purchase, sale, or supply, of goods located in one third country for transfer to another. There are Open and Standard Trade Control licences

An **Open Individual Trade Control Licence (OITCL)** is *specific to a named trader and covers involvement in trading of a generally unlimited supply of specific goods between specific source and destination countries and/or specified consignors, consignees and end-users*. OITCLs are generally valid for 5 years.

A **Standard Individual Trade Control Licence (SITCL)** is specific to a named trader and covers involvement in trading of a set quantity of specific goods between a specific source and destination country with a specified consignor, consignee and end-user. SITCLs will normally be valid for 2 years. Upon expiry either by time or because the activity has taken place, the licence ceases to be valid and must be returned to the Export Control Organisation. Once the licence expires, a new application must be applied for if further trades are required. Like Individual Export licences, exporters should check to see whether they are eligible to use an OITCL before applying for a SITCL.

# Reporting

## Summary Tables

Before more detailed information is presented by destination on SIELs, OIELs, SITCLs and OITCLs, data summarising the number of licences Issued, Refused/Rejected and Revoked for each licence type within the period are presented.

Following this is some detailed information on Dealer OIELs, Cryptographic OIELs, Media OIELs, Continental Shelf OIELs and Global Project Licences - as generally there are not many of these per quarter so the information is best summarised for all destinations together in one table. Processing statistics are reported, similar to those presented per destination (see below). A table showing registrations, suspensions and de-registrations for the use of OGELs immediately precedes detailed information per destination.

## Information Per Destination

Information for each destination follows the same pattern. The minimum information provided for each destination is processing statistics. Where no such licences decisions were made in the period, there is simply no information presented for such cases.

### Processing statistics

The time calculated is the initial processing time, ie, the time elapsed from when the application is first received to when it is closed. All closed cases are counted, including those where the licence is issued or refused/rejected, or where the application is stopped or withdrawn, or where there was No Licence Required (NLR) decision made on the licence. Revocations apply to existing licences only, so are not counted. Time spent by the ECO waiting for documents from applicants or any time where the ECO are waiting for the applicant to respond to a request for further information is excluded. Time taken to make any amendments post-decision is not counted. For more information on how processing time is calculated, please consult the Quality and Methodology Report on the Strategic Export Controls licensing statistics web page:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>.

Separately for SIELs, SITCLs, OIELs and OITCLs the following processing statistics are presented per destination:

- Median processing time
- % and number of licences completed in 20 and 60 working days. For SIELs there are government targets to process 70% of applications within 20 working days and 99% within 60 working days. For OIELs and OITCLs there are government targets to process 60% of applications within 60 working days.

### Licensing statistics

The information within the report covers those licences Issued, Refused/Rejected or Revoked within the period. It does not include information where applications were not fully processed, eg stopped or withdrawn, information on goods where there was No Licence Required (NLR), or certain changes to an existing licence - such as re-opening an application to make changes such as extensions to licences, removing good/s (although this is not done for OIELs), removing country/countries, or amending applicant errors.

If goods / countries are added to an application and subsequently end up on a licence they will be reported as a new issue for that period. The existing items will not be re-reported. The same applies for items removed from an application on an amendment, except in this case it will be reported as revoked.

In a small number of cases there may be a subsequent change of status during the same period. There are two

main reasons for such changes: a licence issued during the period may have been issued then subsequently revoked in the same period, for example because of the imposition of trade sanctions or an arms embargo; or a decision during the period to refuse a licence might be overturned because the applicant later appealed successfully and the licence was issued in a later period. These cases are flagged in this report as Rv and A respectively.

For each destination and for each of Issued, Refused and Revoked the following is data is presented in this report, where available, for each **SIEL** subtype (note: information on SITLs can be found under the heading 'SIELs - Transshipment'):

- A count of the number of licences on which goods were Issued, Refused or Revoked categorised by the type of goods; Military, Non-military or Both Military and Non-military (see 'Key Terms'). Examples of when a licence may be for both military and non-military goods could be where the goods are military body armour and civilian body armour, or where bomb detection goods are being sold for use by the military and for civilian use such as at airports. However, the military and non-military goods will not necessarily be of the same type.
- A count of the number of licences on which goods were Issued, Refused or Revoked per Control Entry. Control Entries are presented per category (Military, Non-military or Both Military and Non-military) based on the licence they relate to. The number given is the number of licences on which a Control Entry was used. Please note that more than one Control Entry can apply to goods on an individual licence and each Control Entry is counted only once per individual licence (regardless of the number of goods that have been rated with that Control Entry).
- Data for Issued SIELs includes the value of the goods in each category. However, note that goods covered by issued SITLs merely pass through the UK and it would therefore be misleading to compare the 'value' for these licences in the report with the value of items originating in the UK.
- Case summaries for each of Issued, Refused and Revoked broken down by category (Mil/Non-mil/Both), listed below the appropriate Control Entry table in which they feature. Case summaries for small arms covered by SIELs issued in the period give the number of units in parentheses. If the number of licences using the case summary in the period is more than one then this is also detailed in parentheses (eg "2 licences"). Items that were allowed for Temporary export are indicated by a "T" preceding the description. Items that were originally allowed for Temporary export but then converted to allow Permanent export are indicated by a "T(P)". Note that more than one Case Summary can apply to a single Control Entry. Note that more than one Case Summary can apply to a single Control Entry.
- The ultimate destination/s for goods that are being incorporated.
- For refusals, the number of times each of the 8 Consolidated EU and National Arms Export Licensing Criteria are used to refuse licence applications for the destination is provided.

The Control Entries supplied are less detailed than those listed in the **consolidated list of goods that require export authorisation**. For example, we report ML1 but there are more specific codes such as ML1a, ML1b, ML1c and ML1d. Here is an example to explain how we would count the number of licences containing goods rated ML1:

<b>Issued licences for a given destination</b>	<b>Control Entries applied to goods on licence</b>
Licence 1	ML1a, ML1a, ML1b, ML1c
Licence 2	ML1a, ML2a
Licence 3	ML1a
Licence 4	ML1c
Licence 5	ML2a
<i>Total number of licences containing goods rated ML1</i>	<b>4</b>

In the example the number of licences containing goods rated ML1 is 4 because the more detailed codes (eg ML1a, ML1b etc) are treated as though they are the broader code ML1. Also, each Control Entry is counted a maximum of once per licence, so licence 1, 2, 3 and 4 each have a count of 1 for ML1.

The data on refused SIEL applications does not include those refused during this period following an appeal against an earlier refusal. The SIELs data also does not cover goods that were removed from an application before a licence was issued, applications that were withdrawn or stopped before a decision was reached, or applications where it was determined that no licence was required or that the goods could be exported to the

destination concerned under an Open General Export Licence (OGEL).

In the case of SIELs refused or revoked, only the rating of the goods is provided.

Values are shown to the nearest pound. It should be noted that the actual value of exports made under the licences is likely to be less than shown because some of these licences will not be used to make all of the exports authorised and others will not be used at all. In addition, some items are exported only temporarily and are later returned to the UK.

In some cases SIELs may be issued identifying more than one destination. This normally arises where a licence is issued for the temporary export of items for exhibition or demonstration in more than one destination. Details of these licences are included in the information for each relevant destination. This means that the total number of SIELs issued is lower than the sum of all SIELs issued shown across all the destination pages.

For each destination and for each of Issued, Refused and Revoked the following data is presented in this report, where available, for each OIEL subtype:

- A case summary description of the goods covered by each OIEL, with the items that were allowed for temporary export indicated by a "T" preceding the description, for Issued, Rejected and Revoked licences.

Case summaries are provided for all licences issued in the period or where the coverage of an existing licence was amended during the period by the inclusion or reinstatement of this destination or by the addition of goods. Case summaries are provided for licences fully revoked, refused in full or whose coverage was amended during the period by the removal of items and/or destinations. The destination coverage of an OIEL may be amended for a variety of reasons, but mainly in the light of recommendations received from advisory government departments. Sometimes amendments follow the imposition of an arms embargo, but they may also reflect general concerns about the destination or a relevant change in circumstances there. A decision to exclude a particular country from the coverage of an OIEL does not mean that country is permanently excluded. Where the concerns that led to the original decision are no longer relevant, it might be decided to reinstate that destination.

The OIELs data does not cover applications from which specific goods or destinations were removed before an OIEL was issued, or applications withdrawn before a decision was reached, it was determined that no licence was required or that the items could be exported to the destination concerned under an OGEL.

The information does not cover OIELs whose period of validity was extended temporarily during the period pending a decision on an application for a new OIEL. Such cases amount to a temporary extension of an OIEL granted in an earlier period. The decision on the new application will be covered in this or a future report, depending on the timing of the decision. As OIELs cover multiple shipments of specified goods to specified destinations or specified consignees, exporters holding OIELs are not asked to provide details of the value of goods they propose to ship under an OIEL and it is therefore not possible to provide information on the total value of OIELs issued.

As well as the data presented on SIELs and OIELS, data is presented on **SITCLs and OITCLs**:

- The number of SITCLs or OITCLs (presented separately) Issued, Refused (for SITCLs)/Rejected (for OITCLs) and Revoked in the period

## Overall Licensing Statistics

	All licence applications	Issued	Refused/ Rejected	Revoked
SIELs	3824	3720	104	0
- Permanent Standard	3135	3036	99	0
- Temporary Standard	205	202	3	0
- Transhipment	3	3	0	0
- Incorporation	470	468	2	0
- For goods covered by the torture regulation (Permanent or Temporary)	11	11	0	0
SITCLs	61	57	4	0
OIELs	90	78	11	1
- Standard	74	62	11	1
- Dealer-to-dealer	10	10	0	0
- Cryptographic	3	3	0	0
- Media	1	1	0	0
- Continental Shelf	2	2	0	0
Global Project Licences	0	0	0	0
OITCLs	7	6	1	0

### Table notes for licensing statistics table:

**SIEL and OIEL sub-types are mutually exclusive. SIEL Transhipments and Incorporations are permanent, but counted separately to Standard Permanent and Standard Temporary licences. Counts of licence applications Issued, Refused/Rejected and Revoked count the decisions made during the period on the licence, whenever the case has been closed or re-opened then re-closed.**

## Overall Processing Statistics

### Processing statistics covering the period 1st July 2015 to 30th September 2015

	Applications completed in 20 working days	% applications completed in 20 working days	Applications completed in 60 working days	% applications completed in 60 working days	Median processing time
SIELs	3570	75	4694	98	14 days
- Permanent Standard	3026	75	3960	98	14 days
- Temporary Standard	175	74	231	98	14 days
- Transshipment	6	75	8	100	13 days
- Incorporation	355	72	484	99	15 days
- For goods covered by the torture regulation (Permanent or Temporary)	8	73	11	100	17 days
SITCLs	66	67	92	94	17 days
OIELs	35	30	54	47	64 days
- Standard	19	20	32	34	76 days
- Dealer-to-dealer	11	79	14	100	6 days
- Cryptographic	4	67	5	83	18 days
- Media	1	100	1	100	14 days
- Continental Shelf	0	0	2	100	55 days
Global Project Licences	n/a	n/a	n/a	n/a	n/a
OITCLs	9	53	14	82	13 days

## Open General Export Licences (OGLs)

OGLs can be used to export certain goods to certain destinations providing the terms and conditions of the OGL are met. See further information on military goods OGLs (<https://www.gov.uk/military-goods-ogels>) and dual-use goods OGLs (<https://www.gov.uk/dual-use-open-general-export-licences-explained>).

OGL Name	Registrations in this period	Suspensions in this period	Deregistrations in this period
Virtual EU	0	0	0

## Dealer to Dealer (Dealer) Open Individual Export Licences (OIELs)

The following is a list of the items that have been authorised for export to the following destinations only:

Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden

No of Licences Issued	Goods Summary
9	blank/inert ammunition, components for pistols, components for sporting guns, components for sporting shotguns, components for weapon sights, pistols, small arms ammunition, smoke/pyrotechnic ammunition, sporting guns, sporting shotgun ammunition, sporting shotguns, training blank/inert ammunition, training small arms ammunition, training smoke/pyrotechnic ammunition, weapon sights

Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden

No of Licences Issued	Goods Summary
1	blank/inert ammunition, components for pistols, components for sporting guns, components for sporting shotguns, components for weapon sights, pistols, small arms ammunition, smoke/pyrotechnic ammunition, sporting guns, sporting shotgun ammunition, sporting shotguns, training blank/inert ammunition, training small arms ammunition, training smoke/pyrotechnic ammunition, weapon sights

## Media Open Individual Export Licences (OIELs)

All Countries

No of Licences Issued	Goods Summary
1	all-wheel drive vehicles with ballistic protection, body armour, civil body armour, civil NBC protection clothing, civil NBC protection equipment, civil riot control agent protection equipment, components for all-wheel drive vehicles with ballistic protection, components for body armour, components for civil body armour, components for NBC protective/defensive equipment, military helmets, NBC protective/defensive equipment

## Cryptographic (Crypto) Open Individual Export Licences (OIELs)

No of Licences Issued	The following is a list of the items that have been authorised for export to all countries <b>EXCEPT THE FOLLOWING:</b> Afghanistan, Angola, Armenia, Australia, Austria, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Burundi, Canada, China, Croatia, Cyprus, Czech Republic, Democratic Republic of Congo, Denmark, Eritrea, Estonia, Ethiopia, Finland, France, Germany, Greece, Hungary, Iran, Iraq, Ireland, Italy, Japan, Latvia, Liberia, Libya, Lithuania, Luxembourg, Malta, Myanmar, Netherlands, New Zealand, Nigeria, North Korea, Norway, Poland, Portugal, Romania, Russia, Rwanda, Sierra Leone, Slovakia, Slovenia, Somalia, South Sudan, Spain, Sudan, Sweden, Switzerland, Syria, Tanzania, Uganda, United States of America, Venezuela, Zimbabwe
1	cable systems sensitive to eavesdropping, cryptographic software, equipment employing cryptography, equipment for generating hopping codes, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, software for the development/production/use of equipment or software specified in 5A002 or 5D002 of the Dual-Use Regulation other than 5A002a2 or 5D002c1, software for the use of technology specified in 5E002, technology for the development/production/use of equipment or software specified in 5A002 or 5D002 of the Dual-Use Regulation other than 5A002a2 or 5D002c1
2	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, non-cryptographic information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, software for non-cryptographic information security equipment, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for non-cryptographic information security equipment, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software, technology for software for non-cryptographic information security equipment

## UK Continental Shelf Open Individual Export Licences (OIELs)

UK Continental Shelf OIELs authorises the export of controlled items for use exclusively in offshore installations and associated vessels within the UK sector of the continental shelf.

No of Licences Issued	The following is a list of the items that have been authorised for export to the following destinations: Continental Shelf: United Kingdom sector
1	neutron generators
1	non-military firing sets

# Afghanistan

## Processing Statistics (excluding amendments)

Median processing time SIELs	17 days
% and number of SIELs completed in 20 working days	60% (3)
% and number of SIELs completed in 60 working days	100% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£88,600
Non-military	2	£44,485
Total	5	£133,085

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£17,500
ML4	1	£1,100
ML6	1	£70,000

components for all-wheel drive vehicles with ballistic protection [See footnote 4].  
military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 3].  
training small arms ammunition [See footnote 2].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£44,298
5D002	1	£187

information security equipment [See footnote 1].  
information security software [See footnote 5].

#### Country Footnotes

1. Arms embargo sanctions in place for Afghanistan apply to those individuals, groups, undertakings and entities designated under the criteria stated in UN Security Council Resolution 2160 (2014), whose names are held on the list established pursuant to UN Security Council Resolution 1988 (2011). The EU implements these measures through Council Decision 2011/486/CFSP, as amended; as well as Council Regulation (EU) No 753/2011, as amended.

### Case & goods Footnotes

1. Licence granted for equipment to improve broadband connectivity. Government end use.
2. Licence granted for training purposes. International Organisation end use.
3. Licence granted for explosive detection / disposal purposes. International Organisation end use.
4. Licence granted for accessories / spare parts. Civilian / commercial end use.
5. Licence granted for equipment to improve broadband connectivity. Government end use.

## Albania

### Processing Statistics (excluding amendments)

Median processing time OIELs	64 days

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£46,125
Non-military	4	£97,534
Total	5	£143,659

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£46,125

sporting guns (1).  
weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	3	£34,959
5D002	2	£1,094
7A003	1	£61,480

inertial equipment.  
information security equipment (3 licences).  
information security software.  
software for information security equipment.

## SIELs - Transshipment

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£13,027
Total	1	£13,027

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£13,027

sporting guns (1) [See footnote 1].

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	inertial equipment
2	T	imaging cameras
3	P	information security equipment, information security software, software for information security equipment

## Case & goods Footnotes

1. Licence granted for sporting / hunting purposes. Personal end use.

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Non-military	5	£275,043
Total	5	£275,043

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C350	1	£800
5A002	3	£70,543
5E002	1	£3,700
7A103	1	£200,000

chemicals used for pharmaceutical/healthcare production.  
inertial equipment.  
information security equipment (3 licences).  
technology for information security equipment.

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Armenia as prohibiting the export of any military goods or technology to any person, or to any destination, in Armenia. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

## Australia

7A103	1	£1,112
7A105	2	£45,052
PL9010	3	£6,690

T accelerometers.  
 components for underwater telecommunications systems.  
 global positioning satellite receivers (2 licences).  
 inertial equipment.  
 sporting shotguns (1) (2 licences).  
 sporting shotguns (2).  
 toxins.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£8,250
ML7	1	£18,900

civil NBC protection clothing.  
 NBC protective/defensive equipment.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£5,203
Total	2	£5,203

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£3,403
ML11	1	£1,800

components for launching/handling/control equipment for missiles.  
 components for military electronic equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Israel  
 United States of America

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
2	P	general naval vessel components, software for general naval vessel components, technology for general naval vessel components
3	P	components for weapon sights, equipment for the use of weapon sights, technology for equipment for the use of weapon sights, technology for weapon sights, weapon sights
4	P	components for military support aircraft
5	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
6	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
7	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
8	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
9	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
10	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
11	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

# Austria

## Processing Statistics (excluding amendments)

2	P	inertial equipment

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Azerbaijan as prohibiting the export of any military goods or technology to any person, or to any destination, in Azerbaijan. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

#### Country Footnotes

- On 20 June 2011 the EU adopted additional restrictions against Belarus, including prohibitions on the supply of arms and related material, as well as on equipment which might be used for internal repression. Restrictive measures currently in force with respect to Belarus are set out in Council Decision 2012/642/CFSP, as amended; as well as Council Regulation (EC) No 765/2006, as amended.  
All exports for this destination were approved in accordance with the sanctions in place.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	16	£14,210,414
Non-military	7	£1,455
Total	23	£14,211,868

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£54,900

ML3	2	£5,595
ML4	2	£21,190
ML6	2	£38,600
ML7	2	£13,784,914
ML9	1	£91,085
ML10	1	£29,490
ML11	4	£180,238
ML21	1	£1,500
ML22	3	£2,901

components for artillery ammunition.  
 components for military communications equipment.  
 components for military electronic equipment (2 licences).  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment.  
 components for military support aircraft.  
 components for military support vehicles.  
 components for NBC protective/defensive equipment.  
 components for sporting guns.  
 components for submarines.  
 components for turrets.  
 gun mountings.  
 military electronic equipment.  
 military support vehicles.  
 munitions/ordnance detection/disposal equipment.  
 NBC protective/defensive equipment (2 licences).  
 Software for modelling/simulating/evaluating weapon systems.  
 technology for military electronic equipment.  
 technology for multi-role missiles.  
 technology for Software for modelling/simulating/evaluating military operation scenarios.  
 wall/door breaching projectiles/ammunition.

#### Non-military

0D001	2	£2
0E001	3	£7
1C001	1	£1,200
1C351	3	£246

electromagnetic wave absorbing materials.  
 software for nuclear reactors (2 licences).  
 technology for materials containing plutonium-239.  
 technology for materials controlled by entry 0C of the Dual-Use Regulation.  
 technology for nuclear fuel reprocessing equipment.  
 technology for nuclear grade graphite.  
 technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation.  
 technology for nuclear reactor fuel element fabrication equipment.  
 technology for nuclear reactors (2 licences).  
 technology for plutonium-239.  
 technology for products containing plutonium-239.  
 toxins.  
 viruses (2 licences).

#### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	10	£4,880,516
Total	10	£4,880,516

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	2	£1,686,815
ML6	2	£209,515
ML10	2	£2,766,484
ML11	4	£217,702

- components for military combat vehicles (2 licences).
- components for military electronic equipment (4 licences).
- components for military support aircraft.
- components for targeting equipment.
- military support aircraft.
- range-finding equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Australia
- Denmark
- Germany
- India
- Iraq
- Israel
- Italy
- Kuwait
- Mexico
- Norway
- Oman
- Qatar
- Saudi Arabia
- South Korea
- Tunisia
- United Arab Emirates
- United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
2	P	components for military support aircraft
3	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
4	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
5	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
6	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment

#### SITCLs

Source	Issued	Refused	Revoked
Singapore	2	0	0

#### Issued

components for exploding grenade ammunition.  
 exploding grenade ammunition.  
 explosives.  
 fuze setting devices.  
 training exploding grenade ammunition.  
 unfinished products for exploding grenade ammunition.

## Cape Verde

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	2	£9,982
Total	2	£9,982

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£9,454
5D002	2	£528

information security equipment [See footnote 2].  
information security software [See footnote 2].  
software for information security equipment [See footnote 1].

#### Country Footnotes

1. UN Security Council Resolution 2127 (2013) established an arms embargo to restrict exports of arms, or related material, and of training, technical or financial assistance related to military activities; exemptions apply to some UN, humanitarian, peacekeeping and government entities. S/RES/2196 (2015) extended the arms embargo until January 2016 and amended the designation criteria.

## Case & goods Footnotes

1. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
2. Licence granted for equipment to improve broadband connectivity. International Organisation end use.

## Chad

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	24	£828,105
Non-military	5	£80,306
Both Military and Non-military	1	£132,768
Total	30	£1,041,179

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£8,498
ML3	2	£102,790
ML4	2	£204,999
ML5	5	£239,479
ML9	5	£102,628
ML10	3	£11,498
ML11	2	£100,581
ML13	1	£24,000
ML22	2	£10
PL5001	1	£13,200
PL5017	1	£20,422

aircraft military communications equipment.  
 anti-riot/ballistic shields.  
 components for aircraft military communications equipment.  
 components for avalanche control projectiles (2 licences).  
 components for combat naval vessels.  
 components for gun mountings.  
 components for machine guns.  
 components for military radars (5 licences).  
 components for naval electrical/electronic equipment.

- T equipment for the use of naval gun installations/mountings.
- T equipment for the use of naval guns.
- general military aircraft components.
- general naval vessel components (3 licences).
- illuminators.
- T military communications equipment.
- military guidance/navigation equipment.
- military helmets.
- signalling devices (2 licences).
- technology for avalanche control projectiles.
- technology for targeting equipment.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£1,706
5A002	1	£60,000
6A001	1	£7,000
6A002	1	£5,600
6A003	1	£6,000

- civil NBC protection equipment.
- components for civil riot control agent protection equipment.
- direct view imaging equipment.
- imaging cameras.
- T information security equipment.
- sonar log equipment.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	1	£44,212
ML1	1	£88,556

- imaging cameras.
- weapon night sights.

#### SIELs - Transshipment

##### Issued

Types of goods on licence	No. of licences	Value
Military	1	£8,677
Total	1	£8,677

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

##### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£8,677

pistols (15).  
sporting guns (32).

### OIELs (excluding Other OIELs)

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria  
France  
Netherlands  
United Arab Emirates  
United States of America

### OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software

### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. The UK interpretation of this embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression.

All licences for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	9	£171,024
Non-military	2	£186,400
Both Military and Non-military	1	£4,990
Total	12	£362,414

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	4	£40,848
ML2	1	£1,122
ML4	1	£89,760
ML7	1	£11,262
ML10	1	£2,390
ML11	1	£8,000

ML22	2	£10
PL5017	4	£17,632

assault rifles (3).  
 components for aircraft military communications equipment.  
 components for assault rifles.  
 T components for NBC detection equipment.  
 components for sniper rifles.  
 T components for weapon cleaning equipment.  
 decoying/countermeasure equipment.  
 T equipment for the use of NBC detection equipment.  
 grenade launchers.  
 gun mountings.  
 gun silencers.  
 machine guns (2).  
 T NBC detection equipment.  
 pistols (8).  
 sniper rifles (7).  
 sporting guns (1).  
 technology for decoying/countermeasure equipment.  
 technology for sniper rifles.  
 weapon cleaning equipment (2 licences).  
 weapon sight mounts.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
End Use	1	£183,000
PL9010	1	£3,400

civil aero-engines.  
 sporting shotguns (10).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£4,590
ML3	1	£100
PL9010	1	£300

pistols (2).  
 small arms ammunition.  
 sporting guns (5).  
 sporting shotguns (1).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	8	£3,547,089
Total	8	£3,547,089

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£2,210,860
ML6	2	£1,327,856
ML10	4	£8,373

components for combat aircraft.  
 components for military combat vehicles (2 licences).  
 components for military support aircraft (2 licences).  
 general military aircraft components.  
 gun mountings (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Iraq  
 Italy  
 Sweden  
 United Arab Emirates

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	military support aircraft
2	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
3	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
4	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment

## Democratic Republic of Congo

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£225,752
Non-military	3	£2,751
Total	6	£228,503

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£89,324
ML13	1	£11,428
ML15	1	£125,000

body armour [See footnote 4].  
 components for body armour [See footnote 4].  
 equipment for the operation of military aircraft in confined areas [See footnote 3].  
 military helmets [See footnote 4].  
 T military infrared/thermal imaging equipment.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£2,275
5D002	1	£476

information security equipment (2 licences) [See footnotes 2, 5].  
 information security software [See footnote 1].

#### Refused

	Count
Non-military	2
Total	2

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except

where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry
5A002	1
5D002	2
5E002	1

information security equipment.  
information security software.  
software for information security equipment.  
technology for information security equipment.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
7	2

### Country Footnotes

1. Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities. The embargo was most recently renewed through UNSCR 2198 (2015), and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for equipment to improve broadband connectivity. Civilian / commercial end use.
2. Licence granted for equipment to improve broadband connectivity. Civilian / commercial end use.
3. Licence granted for end use by a international organisation.
4. Licence granted for end use by a international organisation.
5. Licence granted for end use by a international organisation.

## Denmark

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	7	£5,072,458
Total	7	£5,072,458

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	3	£4,841,822
ML4	1	£207,101

ML7	1	£1,550
ML9	2	£14,952
ML11	1	£1,624
ML13	1	£5,409

anti-armour ammunition (2 licences).  
 components for body armour.  
 components for civil NBC protection equipment.  
 components for military communications equipment.  
 components for NBC protective/defensive equipment.  
 general naval vessel components (2 licences).  
 hand grenades.  
 mortar bombs.  
 NBC protective/defensive equipment.  
 smoke/pyrotechnic ammunition.  
 training small arms ammunition.  
 training smoke/pyrotechnic ammunition.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
2	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
3	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment

## Eswatini

### Country Footnotes

1. On 12 April 2011, the EU adopted additional sanctions on Iran in response to the deterioration of the human rights situation. Council Decision 2011/235/CFSP, as amended, includes restrictions on the supply of equipment which might be used for internal repression, as well as of monitoring and interception equipment.

All exports for this destination were approved in accordance with the sanctions in place.

2. The adoption of UN Security Council Resolution (UNSCR) 1929 on 9 June 2010 established a UN embargo on the supply of conventional weapons to Iran, in addition to restrictions introduced under the original UNSCR 1737 of 23 December 2006, which restricted any equipment that could contribute to the nuclear capability of Iran. EU Council Decision 2010/413/CFSP of 26 July 2010 (as amended) and EU Council Regulation 267/2012 (as amended) includes additional measures that, inter-alia, an embargo on imports of Iranian crude oil, natural gas, and petroleum products, trade in precious and raw metals, diamonds, Iranian banknotes and coinage to the Central Bank of Iran, naval equipment and technology for ship-building, and on certain software for integrating industrial processes. There is currently one exemption to the arms embargo, for the export of non-combat vehicles with ballistic protection intended solely for protective use of EU and Member States personnel.

EU counter-proliferation sanctions currently in force are set out in Council Decision 2010/413/CFSP, as amended. This Decision embargoes the supply of arms and equipment that could contribute to the nuclear capability of Iran, nearly all Dual-Use equipment and equipment for certain sectors of the oil and natural gas industries.

All exports for this destination were approved in accordance with the sanctions in place.

 promoting the supply of weapon sights.

## Country Footnotes

1. General trade sanctions against Iraq, except prohibitions related to the sale or supply of arms and related materiel, were revoked by the UN Security Council resolution 1483 (22 May 2003), implemented in UK legislation on 14 June 2003 by the Iraq (United Nations Sanctions) Order 2003 [S.I. 2003/1519]. UNSCR 1546 (2004) continues the embargo on arms and related materiel against Iraq, but provides exemptions for equipment required by the Government of Iraq to serve the purposes of UNSCR 1546 (2004).

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

civil explosive detection/identification equipment [See footnote 11].

- T civil explosive detection/identification equipment.
- civil NBC protection clothing.
- civil NBC protection equipment.
- components for global positioning satellite receivers.
- constituents of propellants.
- corrosion resistant chemical manufacturing equipment (2 licences).
- counter-improvised explosive device equipment [See footnote 8].
- direct view imaging equipment.
- T direct view imaging equipment.
- equipment for the production of gas turbines (2 licences).
- global positioning satellite receivers.
- imaging cameras (4 licences).
- T imaging cameras (2 licences).
- information security equipment (8 licences).
- information security software (4 licences).
- metal alloys in powder form.
- T network analysers.
- pressure transducers.
- T rebreathing swimming equipment.
- T signal analysers (2 licences).
- signal generators.
- T signal generators (3 licences).
- software for information security equipment.
- technology for equipment for the production of gas turbines.
- telecommunications interception equipment [See footnote 1].
- zirconium compounds.

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	17	£217,170
Non-military	2	£66,451
Total	19	£283,621

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	8	£130,547
ML6	1	£1,082
ML10	6	£64,492
ML11	2	£21,047
ML22	3	£2

- aircraft military communications equipment.
- components for electronic countermeasure equipment.
- components for electronic warfare equipment.
- components for ground vehicle military communications equipment.
- components for military radars (3 licences) [See footnote 46].
- components for military support aircraft (2 licences).
- components for targeting equipment (4 licences).
- components for unmanned air vehicles (3 licences).
- equipment for the use of military radars.

technology for unmanned air vehicles (3 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C202	1	£57,891
2B350	1	£8,560

corrosion resistant chemical manufacturing equipment.  
metal alloy cylindrical forms.

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	inertial equipment

### Country Footnotes

1. UN Security Council resolution 1572 of 15 November 2004 established an embargo on the supply of arms and related material to the Ivory Coast. The embargo was amended by Resolutions 1946 (2010) and 2045 (2012), and was most recently renewed through UNSCR 2101 (2013).

EU Restrictions currently in force with respect to the Ivory Coast are set out in Council Decision 2010/656/CFSP, as amended; these include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression.

All exports for this destination were approved in accordance with the sanctions in place.

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£3,382

information security equipment.

### Country Footnotes

1. UNSCR 2128 (2013) currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in Liberia. There are exemptions to the embargo for supply of non-lethal equipment intended solely for humanitarian or protective end uses, as well as for equipment for support of or use by the UN peacekeeping mission in Liberia (UNMIL). The EU implement the UN resolutions through Council Decision 2010/129/CFSP and Council Regulation (EU) No 234/2004, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

1C351	1	£389

toxins [See footnote 1].

#### Country Footnotes

- UN Security Council Resolution 1970 of 26 February 2011 established an embargo on the supply of arms and related material to Libya. The embargo was amended by Resolutions 2009 (2011) and 2095 (2013). Exemptions exist, with approval from the UN Sanctions Committee, for supplies of non-lethal military equipment and protective clothing for use by United Nations personnel, representatives of the media and humanitarian and development workers. Arms and related material intended solely for security or disarmament assistance to the Libyan government are also subject to exemption criteria.

EU Council Decision 2011/137/CFSP, as amended, restricts the provision of arms and related material; as well as of equipment that might be used for internal repression. Exemptions are in place for internal repression equipment intended solely for humanitarian or protective use, and for temporary export of protective clothing for use by United Nations and EU personnel, representatives of the media and humanitarian and development workers.

All exports for this destination must be in accordance with the sanctions in place.

#### Case & goods Footnotes

- Licence granted for academic end users.

small arms ammunition [See footnote 1].

#### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. This embargo also extends to arms exports to Macao. The UK interpretation of the embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for training purposes. Armed forces end use.

## Country Footnotes

1. Restrictions currently in force with respect to Myanmar are set out in Council Decision 2013/184/CFSP; these include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression as specified in Annex I to Council Regulation (EU) No 401/2013. All exports for this destination were approved in accordance with the sanctions in place.

### SIELs - Incorporation

## Refused

	Count
Non-military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry
MEND	1

components for civil aircraft.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	1

The items being incorporated in this destination are ultimately destined for all or some of the following:

South Korea

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	oil and gas industry equipment/materials
2	T	imaging cameras

#### SITCLs

Source	Issued	Refused	Revoked
China	2	0	0
Japan	1	0	0
Netherlands	1	0	0
United Kingdom	2	0	0
United States of America	4	0	0
	0	1	0

#### Issued

oil and gas industry equipment/materials (8 licences).  
 promoting the supply of oil and gas industry equipment/materials (2 licences).

## Refused

promoting the supply of military goods.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	1

## OITCLs

Source	Issued	Refused	Revoked
Australia, Belgium, Germany, Netherlands, Switzerland, United Kingdom, United States of America	1	0	0

## Issued

oil and gas industry equipment/materials.

## Country Footnotes

1. Decision 2014/512/CFSP, as amended, imposes a number of sectoral sanctions against Russian entities. These include restrictions on the supply of arms and military equipment, on dual use items for military use, ban on the supply of equipment and services to Russian deep water, Arctic and shale oil exploration and production projects, and a ban on Russian access to certain EU financial instruments and services.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.
2. Licence granted for sporting / hunting purposes. Civilian / commercial end use.
3. Licence granted for civilian / commercial end use.

## Rwanda

Jordan	1	0	0

#### Issued

all-wheel drive vehicles with ballistic protection.

#### Country Footnotes

1. UN Security Council Resolution 2142 (2014) continues the embargo on the supply of arms and related material. The embargo no longer applies to military equipment intended solely for the development of the Security Forces of the Federal Government of Somalia, providing the UN Sanctions Committee is notified in advance.

Exemptions to the embargo authorise supplies of non-lethal military equipment intended solely for humanitarian or protective use, weapons and military equipment for the support or use by UN personnel or strategic partners of AMISOM, supplies for use by UN member states to combat piracy and supplies intended for the development of Somali security sector institutions.

From 11 July 2014 the EU implements this UN sanction regime via Council Decision 2010/231/CFSP and Council Regulation (EU) No 356/2010, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for end use by a international organisation.

 components for mortars.  
 machine guns (92).  
 military combat vehicles.  
 mortar bombs.  
 mortars.  
 projectile launchers.  
 small arms ammunition.  
 tear gas/irritant ammunition.

### Country Footnotes

1. EU Council Decision 2014/449/CFSP separated existing joint measures concerning Sudan and South Sudan into distinct legal acts.

The measures embargo the provision of arms and related materiel to South Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU, EU or IGAD personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, AU or IGAD personnel, and demining equipment.

The EU previously embargoed the provision of arms and related materiel to Sudan and South Sudan jointly in

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
2. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
3. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
4. Licence granted for end use by a international organisation.
5. Licence granted for end use by a international organisation.
6. Licence granted for end use by a international organisation.
7. Licence granted for end use by a international organisation.

pistols (50) [See footnote 1].  
rifles (100) [See footnote 1].  
small arms ammunition [See footnote 1].  
weapon sights [See footnote 1].

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£71,629
Total	1	£71,629

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£71,629

components for military support aircraft.

The items being incorporated in this destination are ultimately destined for all or some of the following:

United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military support aircraft, general military aircraft components, technology for general military aircraft components, technology for military support aircraft, unfinished products for military support aircraft
2	P	assault rifles, body armour, components for assault rifles, components for body armour, components for pistols, components for sporting guns, direct view imaging equipment, military helmets, pistols, small arms ammunition, sporting guns, weapon sights
3	P	acoustic devices for riot control, assault rifles, body armour, combat shotguns, components for assault rifles, components for body armour, components for combat shotguns, components for pistols, components for rifles, components for sniper rifles, components for sporting shotguns, military helmets, pistols, rifles, small arms ammunition, sniper rifles, sporting shotgun ammunition, sporting shotguns, weapon sights

### SIELs - Transshipment

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£51,634
Total	1	£51,634

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for

these licences with the value of items originating in the UK.:

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£51,634

small arms ammunition [See footnote 1].

## Case & goods Footnotes

1. Licence granted for end use by a law enforcement agency.

5D002	1	£11

bacteria [See footnote 1].  
chemicals used for general laboratory work/scientific research [See footnote 2].  
information security software [See footnote 3].

### Country Footnotes

1. UN Security Council resolution 1556 (2004) established an embargo on the supply of arms and related material to non-governmental entities in the Darfur region of Sudan; this was extended to include all individuals and entities in Darfur through Resolution 1591 (2005).

EU Council Decision 2011/423/CFSP, as amended, embargoed the provision of arms and related material to Sudan and South Sudan. EU Council Decision 2014/450/CFSP repealed Decision 2011/423/CFSP and separated the restrictive measures imposed on Sudan into a distinct legal instrument.

The measures embargo the provision of arms and related materiel to Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU or EU personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, or AU, and demining equipment.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for academic research purposes. Academic end users.
2. Licence granted for academic research purposes. Academic end users.
3. Licence granted for equipment to improve broadband connectivity. International Organisation end use.

## Country Footnotes

1. On 31 May 2013, the EU adopted Council Decision 2013/255/CFSP, which lifted the embargoes on arms and related material, as well as on equipment which might be used for internal repression.

This Decision also renewed the remaining measures set out in repealed Decision 2012/739/CFSP, which include embargoes on further equipment that might be used for internal repression (chemical warfare precursors and related equipment), monitoring and interception equipment, key equipment and technology for certain sectors of the oil and natural gas industry in Syria, luxury goods, and Syrian denominated banknotes and coinage.

All exports for this destination were approved in accordance with the sanctions in place.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	19	£698,033
Non-military	66	£6,728,932
Total	85	£7,426,965

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	4	£439,998
ML4	1	£53,131
ML5	3	£24,000

ML8	2	£42
ML9	2	£48,406
ML10	3	£2,275
ML11	8	£62,956
ML15	3	£57,000
ML17	1	£8,625
ML22	1	£400
PL5017	3	£1,200

- components for military communications equipment (2 licences).
- components for military electronic equipment.
- components for military guidance/navigation equipment.
- components for military laser protection equipment.
- components for military support aircraft (2 licences).
- components for submarines.
- general military aircraft components.
- general naval vessel components.
- T military communications equipment.
- T military guidance/navigation equipment (3 licences).
- T military image intensifier equipment (2 licences).
- T military improvised explosive device decoying/detection/disposal/jamming equipment.
- T military infrared/thermal imaging equipment.
- precursors for energetic materials.
- pyrotechnics/fuels and related substances.
- T rangefinding equipment (3 licences).
- technology for naval electrical/electronic equipment.
- T weapon night sights (3 licences).
- T weapon sight mounts (3 licences).
- weapon sights.
- T weapon sights (3 licences).

telecommunications interception equipment.  
toxic gas detectors.  
toxins.  
zirconium.  
zirconium compounds (3 licences).

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£54,000
Non-military	2	£37,877
Total	3	£91,877

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML16	1	£54,000

unfinished products for military aero-engines.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C202	2	£37,877

metal alloy cylindrical forms (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

India  
United States of America

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, components for civil NBC protection equipment
2	P	general naval vessel components, technology for general naval vessel components
3	P	components for aircraft carriers, components for combat naval vessels, components for equipment for the operation of military aircraft in confined areas, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	dimensional measuring equipment

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment

combat naval vessels (3 licences).  
 components for attack alerting/warning equipment.  
 components for combat helicopters (2 licences).  
 components for combat naval vessels.  
 components for decoying equipment for torpedoes.  
 components for fire control equipment.  
 components for inert bombs.  
 components for launching/handling/control equipment for missiles (4 licences).  
 components for military aero-engines.  
 components for military bridges/pontoons/ferries.  
 components for military combat vehicles (3 licences).  
 components for military electronic equipment (3 licences).  
 components for military helicopters (2 licences).  
 components for military parachutes and equipment.  
 components for military radars (7 licences).  
 components for military training aircraft.  
 components for multi-role missiles (2 licences).  
 components for naval communications equipment.  
 components for naval electrical/electronic equipment.  
 components for NBC protective/defensive equipment.  
 components for submarines.  
 components for targeting equipment (2 licences).  
 components for turrets.  
 components for unmanned air vehicles.  
 components for weapon control equipment (5 licences).  
 constructions for ballistic protection of military systems.  
 decoying/countermeasure equipment.  
 electronic warfare equipment.  
 equipment for the development of multi-role missiles.  
 equipment for the production of combat aircraft.

equipment for the use of military combat vehicles.  
 equipment for the use of military support vehicles.  
 equipment for the use of targeting equipment.  
 equipment for the use of test models for air-to-surface missiles.  
 general military aircraft components.  
 general military vehicle components (3 licences).  
 general naval vessel components (6 licences).  
 launching/handling/control equipment for munitions (2 licences).  
 military electronic equipment (4 licences).  
 military guidance/navigation equipment.  
 military infrared/thermal imaging equipment.  
 small arms ammunition (2 licences).  
 software for military communications equipment.  
 sporting shotguns (2).  
 technology for decoying/countermeasure equipment.  
 technology for test models for air-to-surface missiles.  
 test models for air-to-surface missiles.  
 test models for combat aircraft.  
 training decoying equipment for torpedoes.  
 unfinished products for combat aircraft.  
 weapon sights.

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	138	£23,417,069
Non-military	54	£212,154,715
Both Military and Non-military	4	£799,020
Total	196	£236,370,804

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	12	£3,387,025
ML2	3	£188,050
ML3	3	£442,501
ML4	7	£7,356,373
ML5	13	£1,105,121
ML6	8	£153,366
ML7	11	£598,597
ML8	2	£88
ML9	4	£221,085
ML10	37	£4,260,898

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	inertial equipment
2 (Rv)	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets

Rv - Some or all of which have subsequently been revoked.

### Country Footnotes

1. EU Council Decision (CSFP) 2017/2074 and Council Regulation (EU) 2017/2063 were introduced in November 2017. It includes an asset freeze, travel ban and arms embargo, embargo on equipment that could be used for repression, and restrictions on monitoring equipment. Targeted restrictions should be imposed against those responsible for serious human rights violations or abuses or the repression of civil society and democratic opposition; or those whose actions, policies or activities otherwise undermine democracy or the rule of law in Venezuela.

All exports for this destination were approved in accordance with the sanctions in place.

## Vietnam

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days
% and number of SIELs completed in 20 working days	80% (12)
% and number of SIELs completed in 60 working days	93% (14)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	18 days
% and number of SITCLs completed in 20 working days	100% (1)
% and number of SITCLs completed in 60 working days	100% (1)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	95 days
% and number of OIELs completed in 20 working days	25% (1)
% and number of OIELs completed in 60 working days	25% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	25% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£49,944
Non-military	11	£270,062
Total	14	£320,005

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£42,900
ML11	2	£7,044

components for military communications equipment [See footnote 2].  
 military communications equipment [See footnote 2].  
 military electronic equipment [See footnote 3].  
 weapon night sights [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£1,390
1C210	1	£60,000
5A001	2	£105,000
5A002	1	£12,737
5D001	1	£2,000
5D002	1	£7,391
5E002	1	£8,604
6A003	2	£41,660
6E201	1	£0
7A103	1	£27,563
8A002	1	£3,718

- civil NBC protection equipment.
- components for civil NBC detection systems.
- components for submersible equipment.
- fibrous/filamentary materials.
- imaging cameras (2 licences).
- inertial equipment.
- information security equipment.
- information security software.
- T software enabling equipment to function as telecommunications interception equipment.
- technology for imaging cameras.
- technology for information security equipment.
- T telecommunications interception equipment (2 licences).

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	inertial equipment
2	P	general naval vessel components, software for general naval vessel components, technology for general naval vessel components

##### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, components for civil NBC protection equipment

#### Case & goods Footnotes

1. Licence granted for end use by a law enforcement agency.
2. Licence granted for civilian / commercial end use.
3. Licence granted for civilian / commercial end use.

## Virgin Islands of USA

Median processing time OIELs	88 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	imaging cameras

## Yemen

### Processing Statistics (excluding amendments)

Median processing time SIELs	8 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

## Zambia

### Processing Statistics (excluding amendments)

Median processing time SIELs	17 days
% and number of SIELs completed in 20 working days	75% (3)
% and number of SIELs completed in 60 working days	100% (4)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£125,000
Non-military	1	£39,000
Total	2	£164,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML15	1	£125,000

T military infrared/thermal imaging equipment.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£39,000

information security equipment.

## Zimbabwe

### Processing Statistics (excluding amendments)

Median processing time SIELs	18 days
% and number of SIELs completed in 20 working days	55% (6)
% and number of SIELs completed in 60 working days	100% (11)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	9	£107,707
Total	9	£107,707

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	3	£91,705
5D002	3	£13,984
5E002	2	£746
ZWE	1	£1,271

components for body armour [See footnote 8].  
information security equipment (4 licences) [See footnotes 1, 4, 5, 9].  
information security software (2 licences) [See footnotes 6, 7].  
technology for information security equipment (2 licences) [See footnotes 2, 3].

#### Country Footnotes

1. Restrictions currently in force with respect to Zimbabwe are set out in Council Decision 2011/101/CFSP, as amended; these include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for equipment to improve broadband connectivity. Academic end users.
