International Trade

**Strategic Export Controls: Country  
Pivot Report**

1st January 2015 - 31st December  
2015

April 2022

**Countries:** All countries

**Case Types:** All case types

**All Cases / Incorporation Cases Only:** All cases

**Ultimate Destinations:** All countries

**Licence Statuses:** All licence statuses

**Reasons for Refusal:** All reasons for refusal

**Case Summaries:** All case summaries

**Ratings:** All control entries

## Introduction

This report covers **export licensing decisions made by Her Majesty's Government (HMG)** between 1st January 2015 and 31st December 2015. Licence applications are submitted to and processed by the Export Control Organisation (ECO), part of the Department for International Trade, through a purpose-built online licensing system called Spire. The ECO issues licences for controlling the export of strategic goods.

Whether or not an export licence is required is determined by four factors, the:

- nature of the goods due to be exported
- destination concerned
- ultimate end use of the goods
- licensability of trade activities of the goods due to be exported

Broadly there are two types of licence, individual and general. Licences can be *standard* or *open*.

Each licence names the goods that can be exported and specifies the destinations to which they can be exported, along with other details and restrictions. *General* licences are pre-published and can be used by all eligible exporters whereas *individual* licences are issued following a successful application and allow only those named on the application to export certain goods. Those exporting under *general* licences must adhere to the terms and conditions of the licence under which they wish to export. Exporters must register with the ECO to use a *general* licence and are subject to regular audits to ensure the licence terms and conditions are being adhered to. Those requiring an *individual* licence must submit an application to the ECO where they wish to make exports not covered by the terms and conditions of a *general* licence.

Generally, *open* licences can be used with fewer restrictions than *standard* licences. *Standard* licences tend to name a specific quantity of specific goods that can be exported to a specific destination whereas *open* licences may include a wider range of goods or destinations and generally do not limit the quantity of goods that can be exported.

**A glossary of key terms follows this introduction** which explains the various licence types and subtypes that can be used or applied for and how information relating to each licence type and subtype is available within this report.

## This report and other sources of information

Each of these quarterly reports (from 2015Q1 published in July 2015) is supplemented by a set of *data tables* in spread sheet format (plus CSV format) and a *statistical commentary* document in addition to this report. The *data tables* provide the same information as presented in this report but in a different format and for **periods back to 1 January 2008**. CSV spread sheets use a non-proprietary format that facilitates the manipulation of the data by a variety of software (not just Microsoft Excel) and provide the same information as available from the *data tables*. These outputs can be found alongside this report under the 'Quarterly reports' heading here:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>

The 'New Report' tool on the "Strategic Export Controls: Reports and Statistics" web page can also be used to download data. The tool offers a variety of filters that can be applied to allow users to download data of specific interest, such as licences which name a certain destination or licences for the shipment of goods with a certain rating. The tool is available here (registration required):

<https://www.exportcontroldb.trade.gov.uk/sdb/fox/sdb/SDBHOME>

## Key terminology and data available in this report

Licences types exist for each combination of *open/standard* and *general/individual* , except for *standard general* . The following table summarises the licence types under each of these headings. Each of these licence type has subtypes (more information available under 'Licence types and subtypes').

	Open	Standard
<b>General</b>	OGELs	Not applicable
<b>Individual</b>	OIELs, OITCLs,	SIELs, SITCLs

## Key terms

**Strategic goods** include military goods and a wide range 'dual-use' goods; civilian goods with a military purpose. Goods are assessed against a **consolidated list of goods that require export authorisation**, available here:

<https://www.gov.uk/government/publications/uk-strategic-export-control-lists-the-consolidated-list-of-strategic-military-and-dual-use-items-that-require-export-authorisation>

It is possible for a licence to be for both military and dual-use goods.

**Control Entries** are the codes assigned to each good on the **consolidated list of goods that require export authorisation (herein 'consolidated list')**. For example, all control entries beginning 'ML' (such as ML1, ML8 etc) are control entries for military goods. The process of assigning control entries to goods is called **Rating**.

In some cases goods can be made subject to control if they do not appear on the **consolidated list**. Goods that the exporter has been told, knows or suspects are, or may be, intended for "WMD Purposes" are given the rating "End-Use". Goods that the exporter has been told, knows or suspects are, or may be, intended for use as components in, or production or test equipment for, military equipment in an embargoed destination; or may be intended for use as parts of military goods illegally obtained from the UK, irrespective of destination, are given the rating "MEND". Both of these "end-use" ratings are also sometimes referred to as "catch all" ratings.

**Case summaries** are text descriptions used to classify goods on licences. They are standardised descriptions to explain what the goods are without giving away commercially sensitive details about the goods (such as design or intellectual property). Using standardised descriptions also facilitates comparison and analysis. Often extra detail is communicated by using prefixes. For example, a replacement part for a sporting shotgun may be described as "components for sporting shotguns" rather than just "sporting shotgun".

One or more Control Entry can be used to rate more than one good on a licence. Also, one or more Case Summaries can be used to describe a single Control Entry.

Goods are rated as **Military** (ie, they are assigned a Control Entry from the **UK Military List** within the **consolidated list** ) or they are rated as being **Non-military**. Non-military goods:

- appear on other lists within the **consolidated list** , such as the **UK Dual-Use List** .
- also include goods refused to destinations that are placed under **sanctions**, such as trade sanctions or an arms embargo. Licences relating to the goods affected by the sanction do not get approved but also do not get rated against the **consolidated list**. They are instead rated with a **sanction code**, such as 'RUS' for Russia and 'IRN' for Iran.

**SIELs for goods covered by the torture regulation** (see "Licence types and subtypes") concern trade in certain equipment and products which could be used for capital punishment torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for goods covered by the torture regulation are therefore not

included in the count of non-military goods for other SIEL subtypes.

As noted, goods can also be rated even if they don't appear on the **consolidated list**.

Licence applications can be **Refused** (for standard individual licences) or **Rejected** (for open individual licences). Licences are refused/rejected for one or more pre-specified reasons. All applications for licences are assessed on a case-by-case basis against the **Consolidated EU and National Arms Export Licensing Criteria** and a decision made on either approval or refusal. Depending on the nature of the goods, other policy aspects might also be considered. For example, if the exported goods are due to be incorporated into another system, equipment or plant, then the items are also assessed against the UK's incorporation factors policy.

Applications for licences can be refused if it is deemed to fail one or more of the Consolidated EU and National Arms Export Licensing Criteria. These 8 criteria include, for example, *Preservation of regional peace, security and stability (criterion 4) or Respect for the UK's international obligations and commitments, in particular sanctions adopted by the UN Security Council or the European Union, agreements on non-proliferation and other subjects, as well as other international obligation (criterion 1)*. More information about the criteria is available here:

<https://www.gov.uk/government/publications/consolidated-eu-and-national-arms-export-licensing-criteria>

Licences can also be **Revoked** at any time after being Issued.

**Case & goods footnotes** are added to certain cases to provide explanation on the end use and/or end user.

**Country footnotes** are added to destinations with the aim to help the user understand why certain goods may have been approved, refused/rejected or revoked in the period.

## Licence types and subtypes

### Export Licences

#### General Licences

Before data are presented per destination, a table summarises the use of **Open General Export Licences (OGELs)** on page 15. OGELs are pre-published licences allowing the export of certain goods to certain destinations. If exporters are eligible to trade under an OGEL then they should register to use that OGEL. Once registered, there is no need for an exporter to submit further applications to trade under the licence they have registered to use.

Some Open General Transshipment licences exist for the **transshipment** of certain goods through the UK en-route from one country to another, providing in all cases that the relevant conditions are met.

There are no Open General licences for the **incorporation** of goods into another product or higher level systems.

#### Individual Licences

The vast majority of this report presents information (where available) per destination relating to *standard individual* licences and open individual licences (SIELs, OIELs, SITLs, SITCLs and OITCLs). All destinations are presented in this report, and if information regarding certain licence types is not presented for a destination then this is because no decisions have been made on such licences in this period.

Exporters should check to see whether they are eligible to use an *open general* licence before applying for either a *standard individual* licence (eg SIEL, SITCL) or *open individual* licence (eg OIEL, OITCL), whichever is most appropriate.

#### Open Individual Licences

**Open Individual Export Licences (OIELs)** are *specific to an individual exporter and cover multiple shipments of specified items to specified destinations and/or, in some cases, specified consignees*. Licences permitting permanent export are generally valid for up to 5 years from the date of issue. However, OIELs covering the export to EU Member States of goods entered on the Military List and Dealer to Dealer OIELs (an OIEL subtype) are generally valid for 3 years.

##### Other OIELs:

There are several subtypes of OIELs including **Global Project Licences**, as well as **Dealer-to-dealer, Cryptographic, Media and Continental Shelf OIELs**.

**Dealer-to-dealer OIELs (or simply Dealer OIELs)** authorise UK registered firearms dealers to export certain categories of firearms and ammunition solely to other registered firearms dealers on the European Union only, provided that copies of valid documentation are forwarded to the Home Office at least 2 working days before each shipment.

**Cryptographic OIELs** authorise the export of specified cryptography hardware or software and the transfer of specified cryptography technology. These licences do not cover hardware, software or technology which includes certain types of cryptanalytic functions.

**Media OIELs** authorise the export of military helmets, body armour, non-military 4WD civilian vehicles with

ballistic protection and specially designed components for any of these items, mainly for the protection of aid agency workers and journalists in areas of conflict. The licence permits these goods to be exported to all destinations on a temporary basis only, i.e. the goods must be returned to the United Kingdom when no longer required.

**Continental Shelf OIELs** authorise the export of controlled goods to the UK sector of the Continental Shelf for the use only on, or in connection with, offshore installation and associated vessels.

## Global Project Licences

**Global Project Licences (GPL)** are a form of export licence that were introduced by Framework Agreement partners (UK, France, Italy, Sweden, Spain and Germany) to streamline the arrangements for licensing military goods and technologies between them, where these transfers relate to their participation in specific collaborative defence projects. In relation to the collaborative project, each Partner state will, as appropriate, issue their own GPLs to permit transfers of specified goods and technology where these are required for that programme. The GPLs operate on a similar basis to UK Open Individual Export Licences. In the UK, applications for GPLs are assessed against the Consolidated Criteria.

## Standard Individual Licences

**Standard Individual Export Licences (SIELs)** are specific to an individual exporter and generally allow shipments of specified items to a specified consignee up to the quantity specified by the licence.

There are 5 main subtypes; permanent, temporary, incorporation, transshipment and SIELs for Goods covered by the torture regulation.

- **Permanent SIELs** are for items that are for permanent export to a destination. They are generally valid for 2 years from date of issue.
- **Temporary SIELs** are for where the export is temporary, for example for the purposes of demonstration, trial or evaluation, and the licence is generally valid for one year only. The goods must be returned before the licence expires. Temporary SIELs can cover more than one destination and in such cases the licence will be counted once per destination. Therefore users should express caution when summing licence details together across countries.
- **Incorporation SIELs** are for goods that are due to be incorporated ie, installing them into another product or higher level system. For incorporation cases there are two end user types. The 'end user' is the person/organisation incorporating the goods. The 'ultimate end user' is defined as the entity that uses the product or the higher level system into which the exported goods are installed or incorporated.
- **Transshipment SIELs** are needed for the transshipment of certain goods through the UK en-route from one country to another, providing certain conditions are met. This subtype of SIEL is also called a Standard Individual Transshipment Licence (SITL). Most other transshipments (of certain goods through the UK en-route from one country to another) can be made under one of the Open General Transshipment Licences, provided in all cases that the relevant conditions are met. There are no Open Individual licences for transshipments.
- **SIELs for Goods covered by the torture regulation** concern trade in certain equipment and products which could be used for capital punishment, torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for Goods covered by the torture regulation are therefore not included in the count of non-military goods for other SIEL subtypes.

It should be noted that the refusal of an application for an OIEL, amendment to exclude a particular destination(s) and/or item(s), or the revocation of an OIEL, does not prevent a company from applying for a SIEL covering some or all of the items concerned to specified consignees in the relevant destinations. Clearly, however, the factors that led to the original decision would be taken into account in the decision on any such application.

## Other Individual Licences

Information on Other Individual licences is not included as part of this report, or as part of the Excel or CSV spread sheets released alongside this report. Please see separate documentation entitled 'Data for Other Licences' published alongside this, or previous, reports.

## Trade Control Licences

Trade Control licences are required for those brokering the export of strategic goods. Brokering means buying or selling, or arranging or negotiating transactions for the purchase, sale, or supply, of goods located in one third country for transfer to another. There are Open and Standard Trade Control licences

An **Open Individual Trade Control Licence (OITCL)** is *specific to a named trader and covers involvement in trading of a generally unlimited supply of specific goods between specific source and destination countries and/or specified consignors, consignees and end-users*. OITCLs are generally valid for 5 years.

A **Standard Individual Trade Control Licence (SITCL)** is specific to a named trader and covers involvement in trading of a set quantity of specific goods between a specific source and destination country with a specified consignor, consignee and end-user. SITCLs will normally be valid for 2 years. Upon expiry either by time or because the activity has taken place, the licence ceases to be valid and must be returned to the Export Control Organisation. Once the licence expires, a new application must be applied for if further trades are required. Like Individual Export licences, exporters should check to see whether they are eligible to use an OITCL before applying for a SITCL.

# Reporting

## Summary Tables

Before more detailed information is presented by destination on SIELs, OIELs, SITCLs and OITCLs, data summarising the number of licences Issued, Refused/Rejected and Revoked for each licence type within the period are presented.

Following this is some detailed information on Dealer OIELs, Cryptographic OIELs, Media OIELs, Continental Shelf OIELs and Global Project Licences - as generally there are not many of these per quarter so the information is best summarised for all destinations together in one table. Processing statistics are reported, similar to those presented per destination (see below). A table showing registrations, suspensions and de-registrations for the use of OGELs immediately precedes detailed information per destination.

## Information Per Destination

Information for each destination follows the same pattern. The minimum information provided for each destination is processing statistics. Where no such licences decisions were made in the period, there is simply no information presented for such cases.

### Processing statistics

The time calculated is the initial processing time, ie, the time elapsed from when the application is first received to when it is closed. All closed cases are counted, including those where the licence is issued or refused/rejected, or where the application is stopped or withdrawn, or where there was No Licence Required (NLR) decision made on the licence. Revocations apply to existing licences only, so are not counted. Time spent by the ECO waiting for documents from applicants or any time where the ECO are waiting for the applicant to respond to a request for further information is excluded. Time taken to make any amendments post-decision is not counted. For more information on how processing time is calculated, please consult the Quality and Methodology Report on the Strategic Export Controls licensing statistics web page:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>.

Separately for SIELs, SITCLs, OIELs and OITCLs the following processing statistics are presented per destination:

- Median processing time
- % and number of licences completed in 20 and 60 working days. For SIELs there are government targets to process 70% of applications within 20 working days and 99% within 60 working days. For OIELs and OITCLs there are government targets to process 60% of applications within 60 working days.

### Licensing statistics

The information within the report covers those licences Issued, Refused/Rejected or Revoked within the period. It does not include information where applications were not fully processed, eg stopped or withdrawn, information on goods where there was No Licence Required (NLR), or certain changes to an existing licence - such as re-opening an application to make changes such as extensions to licences, removing good/s (although this is not done for OIELs), removing country/countries, or amending applicant errors.

If goods / countries are added to an application and subsequently end up on a licence they will be reported as a new issue for that period. The existing items will not be re-reported. The same applies for items removed from an application on an amendment, except in this case it will be reported as revoked.

In a small number of cases there may be a subsequent change of status during the same period. There are two

main reasons for such changes: a licence issued during the period may have been issued then subsequently revoked in the same period, for example because of the imposition of trade sanctions or an arms embargo; or a decision during the period to refuse a licence might be overturned because the applicant later appealed successfully and the licence was issued in a later period. These cases are flagged in this report as Rv and A respectively.

For each destination and for each of Issued, Refused and Revoked the following is data is presented in this report, where available, for each **SIEL** subtype (note: information on SITLs can be found under the heading 'SIELs - Transshipment'):

- A count of the number of licences on which goods were Issued, Refused or Revoked categorised by the type of goods; Military, Non-military or Both Military and Non-military (see 'Key Terms'). Examples of when a licence may be for both military and non-military goods could be where the goods are military body armour and civilian body armour, or where bomb detection goods are being sold for use by the military and for civilian use such as at airports. However, the military and non-military goods will not necessarily be of the same type.
- A count of the number of licences on which goods were Issued, Refused or Revoked per Control Entry. Control Entries are presented per category (Military, Non-military or Both Military and Non-military) based on the licence they relate to. The number given is the number of licences on which a Control Entry was used. Please note that more than one Control Entry can apply to goods on an individual licence and each Control Entry is counted only once per individual licence (regardless of the number of goods that have been rated with that Control Entry).
- Data for Issued SIELs includes the value of the goods in each category. However, note that goods covered by issued SITLs merely pass through the UK and it would therefore be misleading to compare the 'value' for these licences in the report with the value of items originating in the UK.
- Case summaries for each of Issued, Refused and Revoked broken down by category (Mil/Non-mil/Both), listed below the appropriate Control Entry table in which they feature. Case summaries for small arms covered by SIELs issued in the period give the number of units in parentheses. If the number of licences using the case summary in the period is more than one then this is also detailed in parentheses (eg "2 licences"). Items that were allowed for Temporary export are indicated by a "T" preceding the description. Items that were originally allowed for Temporary export but then converted to allow Permanent export are indicated by a "T(P)". Note that more than one Case Summary can apply to a single Control Entry. Note that more than one Case Summary can apply to a single Control Entry.
- The ultimate destination/s for goods that are being incorporated.
- For refusals, the number of times each of the 8 Consolidated EU and National Arms Export Licensing Criteria are used to refuse licence applications for the destination is provided.

The Control Entries supplied are less detailed than those listed in the **consolidated list of goods that require export authorisation**. For example, we report ML1 but there are more specific codes such as ML1a, ML1b, ML1c and ML1d. Here is an example to explain how we would count the number of licences containing goods rated ML1:

Issued licences for a given destination	Control Entries applied to goods on licence
Licence 1	ML1a, ML1a, ML1b, ML1c
Licence 2	ML1a, ML2a
Licence 3	ML1a
Licence 4	ML1c
Licence 5	ML2a
<i>Total number of licences containing goods rated ML1</i>	<b>4</b>

In the example the number of licences containing goods rated ML1 is 4 because the more detailed codes (eg ML1a, ML1b etc) are treated as though they are the broader code ML1. Also, each Control Entry is counted a maximum of once per licence, so licence 1, 2, 3 and 4 each have a count of 1 for ML1.

The data on refused SIEL applications does not include those refused during this period following an appeal against an earlier refusal. The SIELs data also does not cover goods that were removed from an application before a licence was issued, applications that were withdrawn or stopped before a decision was reached, or applications where it was determined that no licence was required or that the goods could be exported to the

destination concerned under an Open General Export Licence (OGEL).

In the case of SIELs refused or revoked, only the rating of the goods is provided.

Values are shown to the nearest pound. It should be noted that the actual value of exports made under the licences is likely to be less than shown because some of these licences will not be used to make all of the exports authorised and others will not be used at all. In addition, some items are exported only temporarily and are later returned to the UK.

In some cases SIELs may be issued identifying more than one destination. This normally arises where a licence is issued for the temporary export of items for exhibition or demonstration in more than one destination. Details of these licences are included in the information for each relevant destination. This means that the total number of SIELs issued is lower than the sum of all SIELs issued shown across all the destination pages.

For each destination and for each of Issued, Refused and Revoked the following data is presented in this report, where available, for each OIEL subtype:

- A case summary description of the goods covered by each OIEL, with the items that were allowed for temporary export indicated by a "T" preceding the description, for Issued, Rejected and Revoked licences.

Case summaries are provided for all licences issued in the period or where the coverage of an existing licence was amended during the period by the inclusion or reinstatement of this destination or by the addition of goods. Case summaries are provided for licences fully revoked, refused in full or whose coverage was amended during the period by the removal of items and/or destinations. The destination coverage of an OIEL may be amended for a variety of reasons, but mainly in the light of recommendations received from advisory government departments. Sometimes amendments follow the imposition of an arms embargo, but they may also reflect general concerns about the destination or a relevant change in circumstances there. A decision to exclude a particular country from the coverage of an OIEL does not mean that country is permanently excluded. Where the concerns that led to the original decision are no longer relevant, it might be decided to reinstate that destination.

The OIELs data does not cover applications from which specific goods or destinations were removed before an OIEL was issued, or applications withdrawn before a decision was reached, it was determined that no licence was required or that the items could be exported to the destination concerned under an OGEL.

The information does not cover OIELs whose period of validity was extended temporarily during the period pending a decision on an application for a new OIEL. Such cases amount to a temporary extension of an OIEL granted in an earlier period. The decision on the new application will be covered in this or a future report, depending on the timing of the decision. As OIELs cover multiple shipments of specified goods to specified destinations or specified consignees, exporters holding OIELs are not asked to provide details of the value of goods they propose to ship under an OIEL and it is therefore not possible to provide information on the total value of OIELs issued.

As well as the data presented on SIELs and OIELS, data is presented on **SITCLs and OITCLs**:

- The number of SITCLs or OITCLs (presented separately) Issued, Refused (for SITCLs)/Rejected (for OITCLs) and Revoked in the period

## Overall Licensing Statistics

	All licence applications	Issued	Refused/ Rejected	Revoked
SIELs	14006	13666	328	12
- Permanent Standard	11374	11056	307	11
- Temporary Standard	931	918	13	0
- Transhipment	16	13	2	1
- Incorporation	1662	1656	6	0
- For goods covered by the torture regulation (Permanent or Temporary)	23	23	0	0
SITCLs	237	231	6	0
OIELs	371	320	46	5
- Standard	310	259	46	5
- Dealer-to-dealer	35	35	0	0
- Cryptographic	18	18	0	0
- Media	1	1	0	0
- Continental Shelf	7	7	0	0
Global Project Licences	0	0	0	0
OITCLs	39	34	5	0

### Table notes for licensing statistics table:

SIEL and OIEL sub-types are mutually exclusive. SIEL Transhipments and Incorporations are permanent, but counted separately to Standard Permanent and Standard Temporary licences. Counts of licence applications Issued, Refused/Rejected and Revoked count the decisions made during the period on the licence, whenever the case has been closed or re-opened then re-closed.

## Overall Processing Statistics

### Processing statistics covering the period 1st January 2015 to 31st December 2015

	Applications completed in 20 working days	% applications completed in 20 working days	Applications completed in 60 working days	% applications completed in 60 working days	Median processing time
SIELs	12148	69	17159	98	17 days
- Permanent Standard	10231	70	14353	98	17 days
- Temporary Standard	764	71	1067	99	17 days
- Transshipment	20	69	29	100	14 days
- Incorporation	1115	64	1687	97	18 days
- For goods covered by the torture regulation (Permanent or Temporary)	18	78	23	100	16 days
SITCLs	231	63	358	97	17 days
OIELs	123	25	257	53	56 days
- Standard	66	17	177	45	65 days
- Dealer-to-dealer	38	86	44	100	6 days
- Cryptographic	14	38	26	70	30 days
- Media	2	100	2	100	11 days
- Continental Shelf	3	33	8	89	34 days
Global Project Licences	n/a	n/a	n/a	n/a	n/a
OITCLs	30	41	59	80	28 days

## Open General Export Licences (OGLs)

OGLs can be used to export certain goods to certain destinations providing the terms and conditions of the OGL are met. See further information on military goods OGLs (<https://www.gov.uk/military-goods-ogels>) and dual-use goods OGLs (<https://www.gov.uk/dual-use-open-general-export-licences-explained>).

OGL Name	Registrations in this period	Suspensions in this period	Deregistrations in this period
Virtual EU	0	0	0

## Dealer to Dealer (Dealer) Open Individual Export Licences (OIELs)

The following is a list of the items that have been authorised for export to the following destinations only:

Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden

No of Licences Issued	Goods Summary
4	blank/inert ammunition, components for pistols, components for rifles, components for sporting guns, components for weapon sights, crowd control ammunition, pistols, rifles, small arms ammunition, smoke/pyrotechnic ammunition, sporting guns, training blank/inert ammunition, training crowd control ammunition, training small arms ammunition, training smoke/pyrotechnic ammunition, weapon sights
6	blank/inert ammunition, components for pistols, components for rifles, components for sporting guns, components for sporting shotguns, pistols, rifles, small arms ammunition, smoke/pyrotechnic ammunition, sporting guns, sporting shotgun ammunition, sporting shotguns, training blank/inert ammunition, training small arms ammunition, training smoke/pyrotechnic ammunition
21	blank/inert ammunition, components for pistols, components for sporting guns, components for sporting shotguns, components for weapon sights, pistols, small arms ammunition, smoke/pyrotechnic ammunition, sporting guns, sporting shotgun ammunition, sporting shotguns, training blank/inert ammunition, training small arms ammunition, training smoke/pyrotechnic ammunition, weapon sights

Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden

No of Licences Issued	Goods Summary
1	blank/inert ammunition, components for pistols, components for sporting guns, components for sporting shotguns, components for weapon sights, pistols, small arms ammunition, smoke/pyrotechnic ammunition, sporting guns, sporting shotgun ammunition, sporting shotguns, training blank/inert ammunition, training small arms ammunition, training smoke/pyrotechnic ammunition, weapon sights
3	air guns, ammunition for veterinary/tranquillising rifles, blank ammunition, components for air guns, components for deactivated air guns, components for deactivated pistols, components for deactivated revolvers, components for deactivated rifles, components for deactivated semi-automatic pistols, components for deactivated shotguns, components for deactivated sporting pistols, components for deactivated sporting rifles, components for deactivated veterinary/tranquillising rifles, components for deactivated vintage guns, components for pistols, components for replica air guns, components for replica pistols, components for replica revolvers, components for replica rifles, components for replica semi-automatic pistols, components for replica shotguns, components for replica sporting pistols, components for replica sporting rifles, components for replica veterinary/tranquillising rifles, components for replica vintage guns, components for revolvers, components for rifles, components for semi-automatic pistols, components for shotguns, components for sporting pistols, components for sporting rifles, components for veterinary/tranquillising rifles, components for vintage guns, components for weapon sights, crowd control ammunition, deactivated air guns, deactivated pistols, deactivated revolvers,

	deactivated rifles, deactivated semi-automatic pistols, deactivated shotguns, deactivated sporting pistols, deactivated sporting rifles, deactivated veterinary/tranquillising rifles, deactivated vintage guns, inert ammunition, pistols, replica air guns, replica pistols, replica revolvers, replica rifles, replica semi-automatic pistols, replica shotguns, replica sporting pistols, replica sporting rifles, replica veterinary/tranquillising rifles, replica vintage guns, revolvers, rifles, semi-automatic pistols, shotguns, small arms ammunition, smoke ammunition, sporting gun ammunition, sporting pistols, sporting rifles, training ammunition for veterinary/tranquillising rifles, training blank ammunition, training crowd control ammunition, training inert ammunition, training small arms ammunition, training smoke ammunition, training sporting gun ammunition, veterinary/tranquillising rifles, vintage guns, weapon sights

## Media Open Individual Export Licences (OIELs)

All Countries

No of Licences Issued	Goods Summary
1	all-wheel drive vehicles with ballistic protection, body armour, civil body armour, civil NBC protection clothing, civil NBC protection equipment, civil riot control agent protection equipment, components for all-wheel drive vehicles with ballistic protection, components for body armour, components for civil body armour, components for NBC protective/defensive equipment, military helmets, NBC protective/defensive equipment

## Cryptographic (Crypto) Open Individual Export Licences (OIELs)

No of Licences Issued	The following is a list of the items that have been authorised for export to all countries <b>EXCEPT THE FOLLOWING:</b> Afghanistan, Angola, Armenia, Australia, Austria, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Burundi, Canada, China, Croatia, Cyprus, Czech Republic, Democratic Republic of Congo, Denmark, Eritrea, Estonia, Ethiopia, Finland, France, Germany, Greece, Hungary, Iran, Iraq, Ireland, Italy, Japan, Latvia, Liberia, Libya, Lithuania, Luxembourg, Malta, Myanmar, Netherlands, New Zealand, Nigeria, North Korea, Norway, Poland, Portugal, Romania, Russia, Rwanda, Sierra Leone, Slovakia, Slovenia, Somalia, South Sudan, Spain, Sudan, Sweden, Switzerland, Syria, Tanzania, Uganda, United States of America, Venezuela, Zimbabwe
1	components for information security equipment, equipment for generating spreading codes, impulse radio equipment, information security equipment, information security software, software for equipment for generating spreading codes, software for impulse radio equipment, software for information security software, technology for equipment for generating spreading codes, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for equipment for generating spreading codes, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software
2	cable systems sensitive to eavesdropping, components for equipment employing cryptography, cryptographic software, equipment employing cryptography, equipment for generating hopping codes, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, non-cryptographic information security equipment, software for cable systems sensitive to eavesdropping, software for equipment employing cryptography, software for equipment for generating hopping codes, software for

	equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for non-cryptographic information security equipment, technology for cable systems sensitive to eavesdropping, technology for cryptographic software, technology for equipment employing cryptography, technology for equipment for generating hopping codes, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for non-cryptographic information security equipment, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment employing cryptography, technology for software for equipment for generating hopping codes, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for non-cryptographic information security equipment
3	cable systems sensitive to eavesdropping, cryptographic software, equipment employing cryptography, equipment for generating hopping codes, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, software for the development/production/use of equipment or software specified in 5A002 or 5D002 of the Dual-Use Regulation other than 5A002a2 or 5D002c1, software for the use of technology specified in 5E002, technology for the development/production/use of equipment or software specified in 5A002 or 5D002 of the Dual-Use Regulation other than 5A002a2 or 5D002c1
12	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, non-cryptographic information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, software for non-cryptographic information security equipment, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for non-cryptographic information security equipment, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software, technology for software for non-cryptographic information security equipment

## UK Continental Shelf Open Individual Export Licences (OIELs)

UK Continental Shelf OIELs authorises the export of controlled items for use exclusively in offshore installations and associated vessels within the UK sector of the continental shelf.

No of Licences Issued	The following is a list of the items that have been authorised for export to the following destinations: Continental Shelf: United Kingdom sector
1	components for sporting guns
1	devices for initiating explosives
1	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators

1	non-military firing sets
3	neutron generators

# Afghanistan

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	23	£6,057,207
Non-military	6	£183,601
Total	29	£6,240,808

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£47,423
ML3	4	£43,230
ML4	5	£53,779
ML6	3	£4,432,545
ML10	1	£470

ML11	1	£24,788
ML13	6	£1,420,850
PL5001	2	£26,212
PL5017	3	£7,911

anti-riot/ballistic shields (2 licences) [See footnotes 21, 8].  
 assault rifles (18) [See footnote 9].  
 body armour (4 licences) [See footnotes 15, 2, 23].  
 components for all-wheel drive vehicles with ballistic protection (2 licences) [See footnotes 13, 20].  
 components for assault rifles (2 licences) [See footnotes 8, 9].  
 components for body armour (5 licences) [See footnotes 15, 2, 22, 23].  
 components for combat aircraft [See footnote 1].  
 components for electronic warfare equipment [See footnote 8].  
 components for machine guns [See footnote 3].  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 4].  
 components for munitions/ordnance detection/disposal equipment (2 licences) [See footnote 7].  
 components for pistols (2 licences) [See footnotes 8, 9].  
 equipment for the use of machine guns [See footnote 3].  
 equipment for the use of training hand grenades [See footnote 5].  
 equipment for the use of weapon sights [See footnote 2].  
 machine guns (4) [See footnote 3].  
 military helmets (6 licences) [See footnotes 15, 2, 22, 23].  
 military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 12].  
 military support vehicles [See footnote 1].  
 munitions/ordnance detection/disposal equipment [See footnote 7].  
 pistols (5) [See footnote 8].  
 pistols (15) [See footnote 9].  
 small arms ammunition (3 licences) [See footnotes 3, 8, 9].  
 smoke canisters [See footnote 5].  
 training hand grenades [See footnote 5].  
 training small arms ammunition [See footnote 11].  
 weapon cleaning equipment [See footnote 3].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£64,000
5A002	2	£45,298
5D002	2	£26,799
5E002	1	£47,504

civil NBC detection systems [See footnote 19].  
 equipment employing cryptography [See footnote 6].  
 information security equipment [See footnote 10].  
 information security software (2 licences) [See footnotes 14, 17].  
 technology for information security software [See footnote 18].

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	general military vehicle components
2	T	military support aircraft

##### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for ejector seats, components for military parachutes, components for military training aircraft, ejector seats, military aircraft ground equipment, military distress signalling equipment, military parachutes, technology for the development of ejector seats, technology for the development of military aircraft ground equipment, technology for the development of military distress signalling equipment, technology for the development of military parachutes, technology for the development of military training aircraft, technology for the production of ejector seats, technology for the production of military aircraft ground equipment, technology for the production of military distress signalling equipment, technology for the production of military parachutes, technology for the production of military training aircraft, technology for the use of ejector seats, technology for the use of military aircraft ground equipment, technology for the use of military distress signalling equipment, technology for the use of military parachutes, technology for the use of military training aircraft

#### SITCLs

Source	Issued	Refused	Revoked
Romania	1	0	0

#### Issued

equipment for the use of aircraft cannon ammunition.

#### OITCLs

Source	Issued	Refused	Revoked
United Arab Emirates	1	0	0

#### Issued

all-wheel drive vehicles with ballistic protection [See footnote 16].

#### Country Footnotes

1. Arms embargo sanctions in place for Afghanistan apply to those individuals designated under the UNs 'Consolidated List' under UNSCR 1267 designated individuals. All exports for this destination were approved in accordance with the sanctions in place or for use by the International Security Assistance Force (ISAF)/Diplomatic Missions/United Nations/Recognised NGO.
2. Arms embargo sanctions in place for Afghanistan apply to those individuals, groups, undertakings and entities designated under the criteria stated in UN Security Council Resolution 2160 (2014), whose names are held on the list established pursuant to UN Security Council Resolution 1988 (2011). The EU implements these measures through Council Decision 2011/486/CFSP, as amended; as well as Council Regulation (EU) No 753/2011, as amended.

#### Case & goods Footnotes

1. Licence granted for armed forces end use.
2. Licence granted for civilian / commercial end use.
3. Licence granted for Diplomatic missions.
4. Licence granted for explosive detection / disposal purposes. For end use by an International Organisation.
5. Licence granted for training purposes. For end use by an International Organisation.
6. Licence granted for cryptographic equipment for civilian / commercial end use.
7. Licence granted for explosive detection / disposal purposes. For Diplomatic missions.
8. Licence granted for International Organisation end use.
9. Licence granted for civilian /commercial end use under a government contract.

10. Licence granted for equipment to improve broadband connectivity. Government end use.
11. Licence granted for training purposes. International Organisation end use.
12. Licence granted for explosive detection / disposal purposes. International Organisation end use.
13. Licence granted for accessories / spare parts. Civilian / commercial end use.
14. Licence granted for equipment to improve broadband connectivity. Government end use.
15. Licence granted for protective equipment for crowd control use. Civilian / commercial end use.
16. Licence granted for accessories / spare parts. Diplomatic missions.
17. Licence granted for equipment to improve broadband connectivity. Armed forces end use.
18. Licence granted for equipment to improve broadband connectivity. Armed forces end use.
19. Licence granted for government end use.
20. Licence granted for civilian / commercial end use.
21. Licence granted for civilian / commercial end use.
22. Licence granted for civilian / commercial end use.
23. Licence granted for civilian / commercial end use.

 technology for X-ray accelerators.  
 technology for X-ray generators (2 licences).  
 T telecommunications interception equipment.  
 X-ray accelerators (3 licences).  
 X-ray generators.

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
2	P	aircraft military communications equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for decoying/countermeasure equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military helicopters, devices containing military pyrotechnic materials, equipment for the use of military helicopters, military aero-engines, military aircraft ground equipment, military guidance/navigation equipment, military parachutes and equipment, signalling devices, software for aircraft military communications equipment, software for military aero-engines, software for military guidance/navigation equipment, software for military helicopters, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for decoying/countermeasure equipment, technology for devices containing military pyrotechnic materials, technology for equipment for the use of military helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military helicopters, technology for military parachutes and equipment, technology for signalling devices, technology for

		software for military aero-engines, technology for software for military guidance/navigation equipment, technology for software for military helicopters
3	P	military aero-engines
4	P	components for military support vehicles
5	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft
6	T	military support aircraft [See footnote 5]

#### Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for goods which will be returned to the UK. Civilian / commercial end use.
3. Licence granted for demonstration to potential customers. Law enforcement agency end use.
4. Licence granted for accessories / spare parts. Government end use.
5. Licence granted for accessories / spare parts. Civilian / commercial end use.
6. Licence granted for armed forces end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	3	£200,305
Non-military	23	£7,328,884
Total	26	£7,529,189

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where

the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£171,425
ML9	1	£960
ML15	1	£27,520
PL5017	1	£400

T	components for naval engines.
T	military image intensifier equipment.
T	military infrared/thermal imaging equipment.
T	sporting guns (1).
T	weapon night sights.
T	weapon sight mounts.
T	weapon sights.
T	weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£710
5A001	2	£344,921
5A002	8	£58,797
5D002	4	£5,691
5E002	1	£235
6A001	2	£619,060
7A001	2	£24,000
7A003	5	£1,090,121
7A103	2	£28,141
8A001	1	£5,157,207

T	accelerometers (2 licences).
T	components for corrosion resistant chemical manufacturing equipment.
T	guidance/navigation equipment [See footnote 2].
T	inertial equipment (5 licences) [See footnote 2].
T	inertial equipment.
T	information security equipment (8 licences).
T	information security software (3 licences).
T	marine position fixing equipment (2 licences) [See footnote 2].
T	software for information security equipment.
T	submersible vehicles [See footnote 2].
T	technology for information security software.
T	underwater telecommunications systems (2 licences).

#### SIELs - Transshipment

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£13,027
Total	1	£13,027

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£13,027

sporting guns (1) [See footnote 3].

2	T	military support aircraft

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Armenia as prohibiting the export of any military goods or technology to any person, or to any destination, in Armenia. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for cryptographic equipment for civilian / commercial end use.

T military cameras/photographic equipment.  
T military electronic equipment (2 licences).  
T military image recording/processing equipment.  
NBC protective/defensive equipment (2 licences).

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	4	£18,543
Total	4	£18,543

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£3,403
ML10	2	£13,340
ML11	1	£1,800

components for combat aircraft.  
components for launching/handling/control equipment for missiles.  
components for military electronic equipment.  
components for military support aircraft.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Indonesia  
Israel  
United States of America

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	body armour, civil body armour, components for body armour
2	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
3	P	towed hydrophone arrays
4	P	components for combat aircraft
5	P	technology for military support aircraft
6	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
7	P	components for military aero-engines, software for military aero-engines
8	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
9	P	components for ground vehicle military communications equipment, ground vehicle military communications equipment
10	P	military aero-engines
11	P	NBC detection equipment, technology for NBC detection equipment
12	P	weapon sights
13	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
14	P	weapon sights
15	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
16	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
17	P	general naval vessel components, software for general naval vessel components, technology for general naval vessel components
18	P	components for weapon sights, equipment for the use of weapon sights, technology for equipment for the use of weapon sights, technology for weapon sights, weapon sights
19	P	components for military support aircraft
20	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
21	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
22	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
23	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
24	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment

25	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
26	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment
27	P	components for assault rifles, components for rifles, components for sniper rifles, components for sporting guns, components for weapon sights, equipment for the use of rifles, equipment for the use of sniper rifles, gun silencers, technology for assault rifles, technology for rifles, technology for sniper rifles, technology for sporting guns, weapon cleaning equipment, weapon sights
28	P	components for equipment for the use of NBC detection equipment, components for military electronic equipment, components for NBC detection equipment, equipment for the use of NBC detection equipment, military electronic equipment, NBC detection equipment, software for NBC detection equipment, technology for equipment for the use of NBC detection equipment, technology for military electronic equipment, technology for NBC detection equipment
29	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 3]
30	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 2]
31	P	weapon sights
32	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 4]
33	T	military support aircraft
34	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

## Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for ejector seats, components for military parachutes, components for military training aircraft, ejector seats, military aircraft ground equipment, military distress signalling equipment, military parachutes, technology for the development of ejector seats, technology for the development of military aircraft ground equipment, technology for the development of military distress signalling equipment, technology for the development of military parachutes, technology for the development of military training aircraft, technology for the production of ejector seats, technology for the production of military aircraft ground equipment, technology for the production of military distress signalling equipment, technology for the production of military parachutes, technology for the production of military training aircraft, technology for the use of ejector seats, technology for the use of military aircraft ground equipment, technology for the use of military distress signalling equipment, technology for the use of military parachutes, technology for the use of military training aircraft

2	P	inertial equipment

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Azerbaijan as prohibiting the export of any military goods or technology to any person, or to any destination, in Azerbaijan. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

#### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

##### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£1,000,000
Total	1	£1,000,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

##### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
---------------	--	-------

6A008	1	£1,000,000
-------	---	------------

T laser radar equipment.

#### **SIELs for goods covered by the torture regulation**

##### **Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£872
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£872

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£872

barbiturate anaesthetic agents for injection.

#### **OIELs (excluding Other OIELs)**

##### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
2	T	towed hydrophone arrays
3	T	military support aircraft
4	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

#### **Country Footnotes**

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### **Case & goods Footnotes**

1. Licence granted for cryptographic equipment for civilian / commercial end use.

#### Country Footnotes

- On 20 June 2011 the EU adopted additional restrictions against Belarus, including prohibitions on the supply of arms and related material, as well as on equipment which might be used for internal repression. Restrictive measures currently in force with respect to Belarus are set out in Council Decision 2012/642/CFSP, as amended; as well as Council Regulation (EC) No 765/2006, as amended.  
All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

- Licence granted for cryptographic equipment for civilian / commercial end use.
- Licence granted for government end use.
- Licence granted for government end use.
- Licence granted for civilian / commercial end use.

% and number of OIELs completed in 60 working days	50% (21)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	80	£5,450,417
Non-military	9	£206,718
Both Military and Non-military	1	£11,927
Total	90	£5,669,061

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	25	£1,942,521
ML2	5	£280,800
ML3	9	£621,824
ML4	4	£213,272
ML5	9	£27,000
ML6	6	£317,162
ML7	7	£247,003
ML9	2	£175,986
ML10	4	£173,207
ML11	19	£376,532
ML13	8	£41,494
ML14	1	£4,500
ML15	9	£448,560
ML17	1	£100
ML18	1	£554,500
ML21	1	£22,000
ML22	1	£0
PL5001	2	£257

PL5017	3	£3,699
--------	---	--------

	anti-riot/ballistic shields (2 licences).
	artillery.
	body armour (6 licences) [See footnote 1].
T	body armour (2 licences).
	command communications control and intelligence software.
	components for air launched rockets (3 licences).
	components for anti-armour weapons.

T	weapon mountings.
T	weapon night sights (10 licences).
	weapon sight mounts.
	weapon sights (2 licences).
T	weapon sights (9 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C002	1	£1,991
0D001	1	£2
0E001	4	£200,002
1A007	1	£3,218
PL9010	2	£1,505

non-military detonators.  
 plutonium-239.  
 software for nuclear reactors.  
 sporting shotguns (1).  
 sporting shotguns (2).  
 technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation (2 licences).  
 technology for nuclear reactors (3 licences).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£621
ML7	1	£11,256
ML22	1	£50

components for civil NBC protection equipment.  
 components for NBC protective/defensive equipment.  
 NBC protective/defensive equipment.  
 technology for NBC protective/defensive equipment.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	13	£9,529,647
Total	13	£9,529,647

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£6,585
ML5	3	£537,888
ML6	1	£8,886,000
ML10	6	£7,054
ML13	1	£2,000
ML16	1	£90,120

components for aircraft military communications equipment (2 licences).  
 components for body armour.  
 components for combat aircraft (2 licences).  
 components for machine guns.  
 components for military support aircraft (3 licences).  
 components for turrets.  
 components for weapon control equipment (3 licences).  
 unfinished products for military support aircraft.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Austria  
 Brazil  
 France  
 Germany  
 Italy  
 Luxembourg  
 Malaysia  
 Mexico  
 Saudi Arabia  
 Spain  
 Sweden  
 Turkey  
 United Kingdom

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for military support aircraft, technology for unfinished products for military support aircraft, unfinished products for military support aircraft
2	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, equipment for the production of military aero-engines, equipment for the use of military aero-engines, general military aircraft components, military aero-engines, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
3	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
4	P	technology for enriched uranium, technology for materials containing enriched uranium, technology for materials containing plutonium-239, technology for materials containing uranium-233, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for products containing plutonium-239, technology for products containing uranium-233, technology for uranium-233
5	P	military aero-engines
6	P	weapon sights
7	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
8	P	weapon sights
9	T	towed hydrophone arrays
10	P	oil and gas industry equipment/materials

11	T	military support aircraft
12	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
13	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
14	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
15	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
16	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
17	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing natural uranium, technology for materials containing thorium, technology for natural uranium, technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium processing equipment, technology for products containing depleted uranium, technology for products containing natural uranium, technology for products containing thorium, technology for thorium, technology for tritium production equipment, technology for uranium isotope separation equipment
18	P	components for NBC detection equipment, NBC detection equipment, technology for NBC detection equipment
19	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
20	P	weapon sights
21	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 2]
22	T	military support aircraft
23	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

#### Case & goods Footnotes

1. Licence granted for humanitarian end use.
2. Licence granted for marketing and promotional use. Civilian / commercial end use.

T weapon sight mounts [See footnote 3].  
T weapon sights [See footnote 3].

## SIELs - Transshipment

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£259,000
Total	1	£259,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£228,421
ML11	1	£6,045
ML22	1	£24,534

anti-personnel land mines.  
equipment for the use of anti-personnel land mines.  
military equipment for initiating explosives.  
technology for anti-personnel land mines.

## OIELs (excluding Other OIELs)

## **SIELs - Transshipment**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	1	£300
Total	1	£300

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	1	£300

grenade launchers.

## **OIELs (excluding Other OIELs)**

### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters
2	P	body armour, civil body armour, components for body armour
3	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
4	P	electromagnetic wave absorbing materials
5	P	components for combat aircraft
6	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
7	P	components for military aero-engines, software for military aero-engines
8	P	body armour, components for body armour, components for military helmets, military helmets
9	P	software for aerial target equipment, software for military training equipment
10	T	technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors
11	P	technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation
12	P	military aero-engines
13	P	NBC detection equipment, technology for NBC detection equipment
14	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
15	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
16	P	components for military support aircraft
17	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
18	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
19	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
20	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment

21	P	components for assault rifles, components for rifles, components for sniper rifles, components for sporting guns, components for weapon sights, equipment for the use of rifles, equipment for the use of sniper rifles, gun silencers, technology for assault rifles, technology for rifles, technology for sniper rifles, technology for sporting guns, weapon cleaning equipment, weapon sights
22	P	components for equipment for the use of NBC detection equipment, components for military electronic equipment, components for NBC detection equipment, equipment for the use of NBC detection equipment, military electronic equipment, NBC detection equipment, software for NBC detection equipment, technology for equipment for the use of NBC detection equipment, technology for military electronic equipment, technology for NBC detection equipment
23	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 4]
24	P	technology for remote sensing imaging sensors
25	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 3]
26	P	weapon sights
27	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 5]
28	T	military support aircraft
29	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for ejector seats, components for military parachutes, components for military training aircraft, ejector seats, military aircraft ground equipment, military distress signalling equipment, military parachutes, technology for the development of ejector seats, technology for the development of military aircraft ground equipment, technology for the development of military distress signalling equipment, technology for the development of military parachutes, technology for the development of military training aircraft, technology for the production of ejector seats, technology for the production of military aircraft ground equipment, technology for the production of military distress signalling equipment, technology for the production of military parachutes, technology for the production of military training aircraft, technology for the use of ejector seats, technology for the use of military aircraft ground equipment, technology for the use of military distress signalling equipment, technology for the use of military parachutes, technology for the use of military training aircraft

	sniper rifles (1).
	sporting guns (1) (6 licences).
	sporting guns (3).
	sporting guns (8).
	sporting shotgun ammunition (3 licences).
	sporting shotguns (1) (3 licences).
	sporting shotguns (40).
	sporting shotguns.
	tear gas/irritant ammunition.
	training small arms ammunition.
	training tear gas/irritant ammunition.
	training wall/door breaching projectiles/ammunition.
	weapon sights (3 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£2,530
7A003	1	£52,686
PL9010	6	£122,694

corrosion resistant chemical manufacturing equipment.  
inertial equipment.  
sporting shotguns (1) (3 licences).  
sporting shotguns (2) (2 licences).  
sporting shotguns (3).

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£45,194
ML3	1	£1,556
PL9010	3	£11,272

assault rifles (3).  
machine guns (2).  
pistols (1).  
rifles (1).  
small arms ammunition.  
sporting guns (6).  
sporting shotguns (1) (2 licences).  
sporting shotguns (3).  
weapon sights.

#### SIELs for goods covered by the torture regulation

##### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	4	£23,656
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	4	£23,656

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	4	£23,656

portable anti-riot devices (2 licences).  
portable incapacitating substance riot control devices (2 licences).

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.

No.	Type	Goods Summary
1	P	blank/inert ammunition, small arms ammunition, sporting shotgun ammunition
2	P	body armour, civil body armour, components for body armour
3	P	weapon sights
4	T	towed hydrophone arrays
5	P	inertial equipment
6	P	assault rifles, components for assault rifles, components for pistols, gun silencers, pistols, small arms ammunition
7	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
8	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
9	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
10	T	military support aircraft
11	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

                      toxins.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	2	£60,440
ML1	2	£157,130

                      imaging cameras (2 licences).  
                      weapon night sights (2 licences).

#### SIELs - Transhipment

##### Issued

Types of goods on licence	No. of licences	Value
Military	1	£8,677
Total	1	£8,677

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£8,677

pistols (15).  
sporting guns (32).

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, bomb suits, components for body armour, components for bomb suits [See footnote 1]
2	P	components for military guidance/navigation equipment, components for military radars
3	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 2]
4	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
5	P	military aero-engines
6	P	weapon sights
7	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
8	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
9	P	components for information security equipment, information security equipment
10	P	components for military radars, equipment for the use of military radars, software for military radars, technology for military radars
11	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 5]
12	P	weapon sights
13	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 6]
14	T	military support aircraft
15	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
2	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
3	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades

#### SITCLs

Source	Issued	Refused	Revoked
Belarus	1	0	0

#### Issued

imaging cameras.  
weapon night sights.

#### Case & goods Footnotes

1. Licence granted for explosive detection / disposal purposes. For Government end use.
2. Licence granted for cryptographic equipment for civilian / commercial end use.
3. Licence granted for accessories / spare parts. Law enforcement agency end use.
4. Licence granted for demonstration to potential customers. Law enforcement agency end use.
5. Licence granted for accessories / spare parts. End use by the Navy.
6. Licence granted for marketing and promotional use. Civilian / commercial end use.
7. Licence granted for civilian / commercial end use.

 T imaging cameras.  
 inertial equipment (81 licences) [See footnotes 101, 116, 117, 120, 130, 133, 53, 55, 58, 68, 70, 77, 96].  
 information security equipment (70 licences) [See footnotes 102, 103, 105, 127, 18, 19, 2, 20, 21, 27, 37, 41, 42, 44, 45, 46, 50, 56, 64, 7, 82, 84, 91].  
 T information security equipment.  
 information security software (22 licences) [See footnotes 125, 2, 47, 48].  
 instrumentation cameras (41 licences) [See footnotes 66, 74, 98].  
 laser optical components.  
 lasers (43 licences) [See footnotes 10, 2, 81].  
 machine tools.  
 magnesium.  
 magnetometers (24 licences) [See footnotes 139, 87, 88].  
 marine position fixing equipment (3 licences) [See footnote 72].  
 mass spectrometers (13 licences) [See footnote 79].  
 materials analysis equipment.  
 materials testing equipment.  
 metal alloy cylindrical forms (27 licences) [See footnotes 109, 114, 118].  
 metal alloy materials.  
 metal alloy powder production equipment.  
 metal alloy tubes [See footnote 73].  
 metal alloys in powder form (12 licences).  
 microwave components.  
 nickel powders (2 licences).  
 nuclear reactor fuel element fabrication equipment [See footnote 2].  
 plutonium-239 [See footnote 5].  
 pressure transducers (15 licences) [See footnotes 17, 52].  
 process control equipment.  
 radiation hardened TV camera lenses.  
 radiation hardened TV cameras (6 licences) [See footnotes 128, 61, 80, 97].  
 T rebreathing swimming equipment.  
 RF direction finding equipment (7 licences) [See footnote 62].  
 T RF direction finding equipment.  
 rotary position encoders (4 licences).  
 semiconductor manufacturing equipment (6 licences) [See footnote 69].  
 semiconductor wafers with epitaxial layers (13 licences) [See footnote 59].  
 software for equipment employing cryptography (5 licences) [See footnote 7].  
 software for frequency generators (2 licences).  
 software for information security equipment (24 licences) [See footnotes 108, 121, 2, 21, 27, 37, 41, 44, 46, 50, 64].  
 software for information security software (2 licences).  
 software for materials testing equipment.

software for nuclear reactors.  
space qualified focal plane arrays (2 licences) [See footnote 149].  
submersible equipment (7 licences) [See footnotes 2, 5].  
submersible vehicle control systems (2 licences) [See footnote 2].  
submersible vehicles (2 licences).  
technology for advanced telecommunications equipment (2 licences) [See footnotes 137, 138].  
technology for composite laminates.  
technology for composite structures.  
technology for corrosion resistant chemical manufacturing equipment (2 licences).  
technology for cryptographic software [See footnote 7].  
technology for equipment for the production of gas turbines (8 licences) [See footnote 85].  
technology for gas turbine engines (4 licences) [See footnote 92].  
technology for general purpose integrated circuits [See footnote 33].  
technology for imaging cameras.  
technology for information security equipment (3 licences) [See footnote 37].  
technology for information security software (9 licences) [See footnotes 47, 48].  
technology for instrumentation cameras (2 licences).  
technology for lasers.  
technology for metal alloy materials.  
technology for metal-working manufacturing processes [See footnote 92].  
technology for non-military firing sets.  
technology for semiconductor wafers with epitaxial layers (3 licences).  
technology for space qualified focal plane arrays [See footnote 149].  
T telecommunications interception equipment.  
test equipment for composite materials.  
toxic gas detectors (3 licences).  
toxic gas monitoring equipment (2 licences) [See footnote 15].  
vibration test equipment.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	2	£1,148,307
6D002	1	£90
9B001	1	£15,686,800

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	4	£82,034
Non-military	10	£2,600,239
Total	14	£2,682,273

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML11	4	£81,994
ML22	1	£40

components for military communications equipment.  
components for military guidance/navigation equipment [See footnote 9].  
military guidance/navigation equipment (2 licences) [See footnote 9].  
technology for military communications equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C202	6	£72,606
5A002	2	£17,861
6A001	1	£132,587
6A005	1	£2,047,160
7A003	1	£226,491
7A103	2	£103,534

guidance/navigation equipment.  
inertial equipment (2 licences).  
information security equipment (2 licences).  
lasers.  
marine position fixing equipment.  
metal alloy cylindrical forms (6 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria  
Bangladesh  
Canada  
France

Indonesia  
Netherlands  
Taiwan  
United Arab Emirates  
United States of America

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

South Africa	1	0	0

##### Issued

bomb suits.  
components for bomb suits.  
military helmets.

##### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. The UK interpretation of this embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression.

All licences for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for use by a law enforcement agency.
2. Licence granted for civilian / commercial end use.
3. Licence granted for explosive detection / disposal purposes. For Government end use.
4. Licence granted for accessories / spare parts for civilian / commercial end use.
5. Licence granted for academic research purposes by academic end users.
6. Licence granted for sporting / hunting purposes for civilian / commercial end use.
7. Licence granted for cryptographic equipment for civilian / commercial end use.
8. Licence granted for sporting / hunting purposes. For Government end use.
9. Licence granted for civilian / commercial end use. Ultimate end use is for Naval end use.
10. Licence granted for accessories / spare parts. Armed forces end use.
11. Licence granted for accessories / spare parts. Academic end users.
12. Licence granted for accessories / spare parts. End use by the Navy.
13. Licence granted for academic research purposes. Academic end users.
14. Licence granted for academic research purposes. Academic end users.
15. Licence granted for accessories / spare parts. Civilian / commercial end use.
16. Licence granted for academic research purposes. Academic end users.
17. Licence granted for accessories / spare parts. Civilian / commercial end use.
18. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
19. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
20. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
21. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
22. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
23. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
24. Licence granted for accessories / spare parts. Civilian / commercial end use.
25. Licence granted for accessories / spare parts. Civilian / commercial end use.
26. Licence granted for accessories / spare parts. Civilian / commercial end use.
27. Licence granted for equipment to improve broadband connectivity. Civilian / commercial end use.
28. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.
29. Licence granted for goods which will be returned to the UK. Civilian / commercial end use.
30. Licence granted for goods which will be returned to the UK. Civilian / commercial end use.
31. Licence granted for goods which will be returned to the UK. Civilian / commercial end use.
32. Licence granted for sporting / hunting purposes. Civilian / commercial end use.
33. Licence granted for accessories / spare parts. Civilian / commercial end use.
34. Licence granted for End use by the Navy.
35. Licence granted for accessories / spare parts. Civilian / commercial end use.
36. Licence granted for government end use.
37. Licence granted for civilian / commercial end use.
38. Licence granted for government end use.
39. Licence granted for civilian / commercial end use.
40. Licence granted for civilian / commercial end use.

all-wheel drive vehicles with ballistic protection [See footnote 7].

#### Country Footnotes

1. Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities. The embargo was most recently renewed through UNSCR 2198 (2015), and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for chemical manufacturing equipment for civilian / commercial end use.
2. Licence granted for equipment to improve broadband connectivity. Civilian / commercial end use.
3. Licence granted for equipment to improve broadband connectivity. Civilian / commercial end use.
4. Licence granted for end use by a international organisation.
5. Licence granted for end use by a international organisation.
6. Licence granted for end use by a international organisation.
7. Licence granted for accessories / spare parts. Diplomatic missions.

1	T	military support aircraft

## Country Footnotes

1. UN Security Council Resolution 1907 (2009) established an arms embargo on Eritrea. UNSCR 2111 (2013) consolidated exemptions to the arms embargo for non-lethal military equipment intended solely for humanitarian or protective use, as approved on case-by-case basis in advance by the Security Council Committee pursuant to resolutions 751 (1992) and 1907 (2009); and protective clothing, including flak jackets and military helmets, temporarily exported to Eritrea by United Nations personnel, representatives of the media and humanitarian and development workers and associated personnel for their personal use only.

Following the adoption of the UN arms embargo, the EU adopted Council Decision 2010/127/CFSP on 1 March 2010 and Council Regulation (EU) No 667/2010, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

PL9010	1	£60,000

civil explosive detection/identification equipment.  
sporting shotgun ammunition.

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
2	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
3	P	weapon sights
4	T	military support aircraft

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.

## Fiji

### Processing Statistics (excluding amendments)

Median processing time SIELs	12 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	62 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£44,244
Total	1	£44,244

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML17	1	£44,244

accessories for military bridges/pontoons/ferries.

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	military aero-engines
2	T	military support aircraft

## Finland

### Processing Statistics (excluding amendments)

Median processing time SIELs	16 days
% and number of SIELs completed in 20 working days	82% (53)
% and number of SIELs completed in 60 working days	100% (65)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	28 days
% and number of SITCLs completed in 20 working days	0% (0)
% and number of SITCLs completed in 60 working days	100% (1)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	63 days
% and number of OIELs completed in 20 working days	21% (7)
% and number of OIELs completed in 60 working days	47% (16)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	47	£2,377,398
Non-military	3	£120
Both Military and Non-military	1	£1,175
Total	51	£2,378,693

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	24	£1,123,652
ML3	3	£5,336
ML4	2	£311,528
ML5	6	£43,121

PL5001	1	£705
PL5017	3	£860

	anti-riot/ballistic shields.
	components for body armour.
	components for ground vehicle military communications equipment.
T	components for gun mountings.
	components for launching/handling/control equipment for missiles.
	components for military combat vehicles (3 licences).
	components for military communications equipment.
	components for military helicopters.
	components for military radars (2 licences).
	components for military support vehicles.
	components for military training aircraft.
	components for NBC protective/defensive equipment (2 licences).
	components for rifles.
T	components for small arms ammunition.
	components for sniper rifles (4 licences).
	components for sporting guns (2 licences).
	decoying/countermeasure equipment.
	equipment for the use of gun silencers.
T	equipment for the use of weapon night sights.
	general military vehicle components (4 licences).
	gun mountings.
T	gun mountings.
	gun silencers (4 licences).
T	military guidance/navigation equipment (3 licences).
T	military image intensifier equipment (3 licences).
T	military infrared/thermal imaging equipment (3 licences).
	NBC protective/defensive equipment (3 licences).
T	periscopes.
	sniper rifles (1).
	sporting guns (1) (3 licences).
	sporting shotguns (1) (2 licences).
T	targeting equipment (3 licences).
	tear gas/irritant ammunition (2 licences).
	weapon night sights (5 licences).
T	weapon night sights (3 licences).
T	weapon sight mounts (2 licences).
	weapon sights (2 licences).
T	weapon sights (3 licences).

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0E001	2	£6
PL9010	1	£114

components for sporting shotguns.  
 technology for materials controlled by entry 0C of the Dual-Use Regulation.  
 technology for nuclear fuel reprocessing equipment.  
 technology for nuclear grade graphite.  
 technology for nuclear reactor fuel element fabrication equipment.  
 technology for nuclear reactors (2 licences).

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£375
PL9010	1	£800

sporting guns (1).  
 sporting shotguns (1).

#### SIELs - Incorporation

##### Issued

Types of goods on licence	No. of licences	Value
Military	10	£912,612
Total	10	£912,612

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

##### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£26,133
ML6	5	£738,384
ML7	2	£140,325
ML10	1	£7,770

components for combat aircraft.  
 components for launching/handling/control equipment for missiles.  
 components for military combat vehicles (4 licences).  
 components for nuclear radiation detection equipment.  
 general military vehicle components.  
 launching/handling/control equipment for missiles.  
 NBC protective/defensive equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia

Oman  
South Africa  
Taiwan

# **OIELs (excluding Other OIELs)**

## **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, components for body armour
2	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
3	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
4	P	body armour, components for body armour, components for military helmets, military helmets
5	T	technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors
6	P	military aero-engines
7	P	weapon sights
8	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
9	P	weapon sights
10	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
11	P	components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, military communications equipment, military guidance/navigation equipment, software for military communications equipment, software for military guidance/navigation equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for software for military communications equipment, technology for software for military guidance/navigation equipment
12	T	military support aircraft
13	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
14	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
15	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines

16	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
17	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
18	P	components for NBC detection equipment, NBC detection equipment, technology for NBC detection equipment
19	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 1]
20	P	weapon sights
21	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 2]
22	T	military support aircraft
23	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

#### SITCLs

Source	Issued	Refused	Revoked
China	1	0	0

#### Issued

equipment for the production of NBC protective/defensive equipment.

#### Case & goods Footnotes

1. Licence granted for accessories / spare parts. End use by the Navy.
2. Licence granted for marketing and promotional use. Civilian / commercial end use.

 technology for software for products containing enriched uranium.  
 technology for software for products containing plutonium-239.  
 technology for software for uranium conversion equipment.  
 technology for software for uranium isotope separation equipment.  
 technology for tritium handling equipment.  
 technology for uranium conversion equipment.  
 technology for uranium isotope separation equipment.  
 technology for uranium-233 (2 licences).  
 X-ray accelerators.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£1,470
8A002	1	£5,000
ML7	1	£11,500
ML11	1	£6,000
ML17	1	£100

T	civil NBC protection equipment.
T	civil riot control agent protection equipment.
T	components for civil NBC protection equipment.
T	components for NBC protective/defensive equipment.
T	military communications equipment.
T	military laser protection equipment.
T	NBC filters.
T	NBC protective/defensive equipment.
T	rebreathing swimming equipment.

#### SIELs - Incorporation

##### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	217	£48,180,449
Non-military	1	£1,056,216
Both Military and Non-military	1	£6,575,793
Total	219	£55,812,458

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	1	£115,767
ML4	20	£9,318,334
ML5	30	£2,850,043
ML6	20	£1,336,250
ML7	2	£19,072
ML9	7	£1,521,199
ML10	110	£26,353,662
ML11	12	£2,510,172
ML15	3	£534,125
ML16	11	£887,056
ML17	1	£118,650
ML21	1	£1
ML22	20	£2,574,901
PL5017	3	£41,216

accessories for military infrared/thermal imaging equipment.  
 components for air-to-air missiles (5 licences).  
 components for air-to-surface missiles (3 licences).  
 components for aircraft military communications equipment.  
 components for attack alerting/warning equipment.  
 components for combat aircraft (25 licences) [See footnotes 17, 6, 8].  
 components for electronic warfare equipment (3 licences).  
 components for fire location equipment (2 licences).  
 components for generators/projectors.  
 components for military aero-engines (51 licences) [See footnotes 10, 3, 5].  
 components for military aircraft ground equipment.  
 components for military aircraft head-up/down displays (5 licences).  
 components for military combat vehicles (10 licences).  
 components for military electronic equipment (6 licences).  
 components for military guidance/navigation equipment (2 licences).  
 components for military helicopters (12 licences) [See footnote 7].  
 components for military imaging radar sensor equipment.  
 components for military radars (10 licences) [See footnote 11].  
 components for military sonars (2 licences).  
 components for military support aircraft (7 licences).  
 components for military support vehicles (4 licences).  
 components for military training aircraft (3 licences).  
 components for military underwater remotely operated vehicles.  
 components for multi-role missiles (5 licences).  
 components for naval communications equipment.  
 components for NBC filters.  
 components for NBC protective/defensive equipment.  
 components for periscopes (4 licences).  
 components for submarines (2 licences).  
 components for surface-to-air missiles (3 licences).

components for surface-to-surface missiles (3 licences) [See footnote 7].  
 components for targeting equipment (7 licences) [See footnote 18].  
 components for weapon control equipment (3 licences).  
 equipment for the use of military electronic equipment.  
 equipment for the use of military infrared/thermal imaging equipment.  
 equipment for the use of naval electrical/electronic equipment.  
 general military aircraft components (5 licences) [See footnote 9].  
 general military vehicle components (6 licences).  
 goods treated for signature suppression for military use.  
 launching/handling/control equipment for munitions (2 licences).  
 military electronic equipment (2 licences).  
 military guidance/navigation equipment.  
 military infrared/thermal imaging equipment.  
 naval communications equipment.  
 naval electrical/electronic equipment (2 licences).  
 optical target acquisition equipment.  
 Software for modelling/simulating/evaluating weapon systems.  
 technology for combat aircraft [See footnote 6].  
 technology for generators/projectors.  
 technology for military aero-engines (9 licences) [See footnote 5].  
 technology for military helicopters [See footnote 7].  
 technology for military sonars.  
 technology for military support aircraft (8 licences).  
 technology for surface-to-surface missiles (2 licences) [See footnote 7].  
 unfinished products for military aero-engines (3 licences).  
 unfinished products for military support aircraft (8 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£1,056,216

information security equipment.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5D002	1	£200
ML5	1	£19,260
ML9	1	£4,367,598
ML11	1	£2,184,295
ML22	1	£4,440

components for electronic countermeasure equipment.  
 components for military communications equipment.  
 components for naval communications equipment.  
 information security software.  
 military communications equipment.  
 naval communications equipment.  
 technology for military communications equipment.  
 technology for naval communications equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria  
 Australia  
 Austria  
 Bahrain  
 Belgium

Bolivia  
Botswana  
Brazil  
Bulgaria  
Canada  
Chile  
China  
Croatia  
Cyprus  
Czech Republic  
Denmark  
Egypt  
Estonia  
Finland  
Gabon  
Georgia  
Germany  
Ghana  
Greece  
Hungary  
Iceland

 United Kingdom  
 United States of America

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for nuclear fuel reprocessing equipment, technology for nuclear reactors
2	P	technology for military support aircraft, technology for unfinished products for military support aircraft, unfinished products for military support aircraft
3	P	general naval vessel components, technology for general naval vessel components
4	P	body armour, civil body armour, components for body armour
5	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
6	P	electromagnetic wave absorbing materials
7	P	components for combat aircraft
8	P	technology for military support aircraft
9	P	technology for command/control equipment for unmanned air vehicles, technology for launching/ground support equipment for unmanned air vehicles, technology for unmanned air vehicles
10	P	armoured plate, constructions for ballistic protection of military systems
11	P	unfinished products for combat aircraft, unfinished products for military aero-engines, unfinished products for military support aircraft, unfinished products for military training aircraft
12	P	technology for enriched uranium, technology for materials containing enriched uranium, technology for materials containing plutonium-239, technology for materials containing uranium-233, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for products containing plutonium-239, technology for products containing uranium-233, technology for uranium-233
13	P	components for military guidance/navigation equipment, components for military radars
14	P	body armour, components for body armour, components for military helmets, military helmets
15	P	technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation
16	P	technology for nuclear reactors
17	P	technology for nuclear reactors
18	T	technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors
19	P	components for submarines

20	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
21	P	components for combat aircraft, components for military training aircraft, general military aircraft components
22	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
23	P	components for nuclear reactors, technology for nuclear reactors
24	P	military aero-engines
25	P	command communications control and intelligence software, components for equipment for the production of launching/handling/control equipment for missiles, components for equipment for the use of launching/handling/control equipment for missiles, components for launching/handling/control equipment for missiles, equipment for the production of launching/handling/control equipment for missiles, equipment for the use of launching/handling/control equipment for missiles, launching/handling/control equipment for missiles, military software, software enabling equipment to function as launching/handling/control equipment for missiles, software for determining the effects of weapons, software for launching/handling/control equipment for missiles, Software for modelling/simulating military operation scenarios, Software for modelling/simulating/evaluating weapon systems, software for optimising equipment design, software for weapon system software, technology for launching/handling/control equipment for missiles, technology for production installations for launching/handling/control equipment for missiles, test models for launching/handling/control equipment for missiles, unfinished products for launching/handling/control equipment for missiles
26	P	weapon sights
27	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
28	P	weapon sights
29	T	aircraft military communications equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for decoying/countermeasure equipment, components for military aero-engines, components for military helicopters, decoying/countermeasure equipment, equipment for the production of military aero-engines, equipment for the production of military helicopters, equipment for the use of military aero-engines, equipment for the use of military helicopters, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for decoying/countermeasure equipment, technology for equipment for the production of military aero-engines, technology for equipment for the production of military helicopters, technology for equipment for the use of military aero-engines, technology for equipment for the use of military helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircraft head-up/down displays, technology for military guidance/navigation equipment, technology for military helicopters, unfinished products for military aero-engines, unfinished products for military helicopters
30	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
31	P	command communications control and intelligence software, components for equipment for the production of launching/handling/control equipment for missiles, components for equipment for the use of launching/handling/control equipment for missiles, components for launching/handling/control equipment for missiles, equipment for the production of launching/handling/control equipment for missiles, equipment for the use of launching/handling/control equipment for missiles, launching/handling/control equipment for missiles, military software, software enabling equipment to function as launching/handling/control equipment for missiles, software for determining the effects of weapons, software for launching/handling/control equipment for missiles, Software for modelling/simulating military operation scenarios, Software for modelling/simulating/evaluating weapon systems, technology for launching/handling/control equipment for missiles, technology for production installations for launching/handling/control equipment for missiles, test models for launching/handling/control equipment for missiles, unfinished products for launching/handling/control equipment for missiles

32	P	components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, military communications equipment, military guidance/navigation equipment, software for military communications equipment, software for military guidance/navigation equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for software for military communications equipment, technology for software for military guidance/navigation equipment
33	P	components for combat aircraft, components for ejector seats, components for military electronic equipment, ejector seats, equipment for the use of ejector seats, equipment for the use of general military aircraft components, military aircraft ground equipment, military aircrew breathing equipment, military aircrew protective equipment, military electronic equipment, signalling devices, technology for ejector seats, technology for general military aircraft components, test models for ejector seats, test models for general military aircraft components
34	T	military support aircraft
35	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
36	P	equipment for the use of general naval vessel components, general naval vessel components, technology for general naval vessel components
37	P	components for military support aircraft
38	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
39	P	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
40	P	general military aircraft components
41	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
42	P	software for nuclear reactors, technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
43	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
44	P	components for combat aircraft, components for military aero-engines, general military aircraft components
45	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
46	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment

47	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
48	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment
49	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets
50	P	components for military aero-engines
51	P	components for combat aircraft
52	P	software for nuclear reactors, technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
53	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing natural uranium, technology for materials containing thorium, technology for natural uranium, technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium processing equipment, technology for products containing depleted uranium, technology for products containing natural uranium, technology for products containing thorium, technology for thorium, technology for tritium production equipment, technology for uranium isotope separation equipment
54	P	components for military aero-engines
55	P	technology for air-to-surface missiles
56	P	components for NBC detection equipment, NBC detection equipment, technology for NBC detection equipment
57	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
58	P	components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, components for military containers, environmental test facilities for military aero-engines, equipment for the development of military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, technology for military aero-engines, technology for production installations for military aero-engines, unfinished products for military aero-engines
59	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 19]
60	P	technology for unmanned air vehicles
61	P	weapon sights
62	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 20]
63	P	components for military aero-engines [See footnote 4]
64	T	military support aircraft
65	T	military support aircraft
66	P	components for combat aircraft, components for military aero-engines, components

		for military training aircraft, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military communications equipment, military containers, military electronic equipment, military guidance/navigation equipment, military radars, software for combat aircraft, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military communications equipment, software for military electronic equipment, software for military guidance/navigation equipment, software for military radars, software for military training aircraft, technology for combat aircraft, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military radars, technology for military training aircraft [See footnote 13]
67	T	components for launching/handling/control equipment for bombs [See footnote 14]
68	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
69	T	military support aircraft [See footnote 15]

#### OITCLs

Source	Issued	Refused	Revoked
Australia, Austria, Canada, Denmark, France, Germany, Italy, Netherlands, New Zealand, Saudi Arabia, South Africa, Spain, Sweden, Switzerland, United Arab Emirates, United States of America	0	1	0
Australia, Austria, Canada, France, Germany, Italy, Saudi Arabia, Spain, United States of America	0	1	0
Australia, Austria, France, Germany, Italy, Spain, United States of America	0	1	0

#### Rejected

aircraft cannon ammunition.  
 attack alerting/warning equipment.  
 components for attack alerting/warning equipment.  
 components for electronic countermeasure equipment.  
 components for fire location equipment.  
 components for military radars.  
 components for rangefinding equipment.  
 components for recognition/identification equipment.  
 components for sensor integration equipment.  
 components for targeting equipment.  
 components for weapon control equipment.  
 components for weapon night sights.  
 components for weapon sights.  
 electronic countermeasure equipment.  
 equipment for the use of attack alerting/warning equipment.  
 equipment for the use of military radars.  
 equipment for the use of recognition/identification equipment.  
 equipment for the use of sensor integration equipment.  
 equipment for the use of targeting equipment.  
 fire location equipment.  
 fuze setting devices.

military radars.  
 rangefinding equipment.  
 recognition/identification equipment.  
 sensor integration equipment.  
 targeting equipment.  
 weapon control equipment.  
 weapon night sights.  
 weapon sights.

## Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for accessories / spare parts. Civilian / commercial end use.
3. Licence granted for accessories / spare parts. End use by the Air Force.
4. Licence granted for accessories / spare parts. End use by the Air Force.
5. Licence granted for accessories / spare parts. Armed forces end use.
6. Licence granted for accessories / spare parts. Armed forces end use.
7. Licence granted for accessories / spare parts. Armed forces end use.
8. Licence granted for accessories / spare parts. End use by the Air Force.
9. Licence granted for accessories / spare parts. End use by the Air Force.
10. Licence granted for accessories / spare parts. End use by the Air Force.
11. Licence granted for accessories / spare parts. End use by the Air Force.
12. Licence granted for accessories / spare parts. End use by the Air Force.
13. Licence granted for accessories / spare parts. End use by the Air Force.
14. Licence granted for goods which will be returned to the UK. Civilian / commercial end use.
15. Licence granted for accessories / spare parts. Civilian / commercial end use.
16. Licence granted for accessories / spare parts. End use by the Air Force.
17. Licence granted for accessories / spare parts. End use by the Air Force.
18. Licence granted for accessories / spare parts. End use by the Air Force.
19. Licence granted for accessories / spare parts. End use by the Navy.
20. Licence granted for marketing and promotional use. Civilian / commercial end use.

## French Overseas Territory

### Processing Statistics (excluding amendments)

Median processing time SIELs	12 days
% and number of SIELs completed in 20 working days	100% (13)
% and number of SIELs completed in 60 working days	100% (13)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	61 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	43% (3)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	9	£229,872
Non-military	4	£32,793
Total	13	£262,665

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once

per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	8	£223,211
ML10	1	£2,162
PL5017	1	£4,500

components for military support aircraft.  
 components for rifles.  
 components for sniper rifles (2 licences).  
 components for sporting guns (3 licences).  
 gun mountings.  
 weapon sight mounts.  
 weapon sights (4 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£15,930
2B350	1	£9,824
5A002	2	£7,039

civil explosive detection/identification equipment.  
 corrosion resistant chemical manufacturing equipment.  
 information security equipment (2 licences).

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
2	P	military aero-engines
3	T	towed hydrophone arrays
4	P	weapon sights
5	T	military support aircraft
6	T	military support aircraft

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.

## Gabon

### Processing Statistics (excluding amendments)

Median processing time SIELs	13 days
% and number of SIELs completed in 20 working days	100% (8)
% and number of SIELs completed in 60 working days	100% (8)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	65 days
% and number of OIELs completed in 20 working days	14% (1)
% and number of OIELs completed in 60 working days	29% (2)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

Median processing time OITCLs	30 days
% and number of OITCLs completed in 20 working days	0% (0)
% and number of OITCLs completed in 60 working days	100% (1)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£5,564
Non-military	6	£360,672
Total	7	£366,237

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£5,564

body armour.  
components for body armour.  
military helmets.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value

5A002	4	£82,712
5D002	3	£17,960
6A003	1	£50,000
7A003	1	£210,000

T imaging cameras.  
T inertial equipment.  
information security equipment (4 licences).  
information security software (3 licences).

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	towed hydrophone arrays
2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
3	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 3]
5	T	military support aircraft [See footnote 2]

#### Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for accessories / spare parts. Civilian / commercial end use.
3. Licence granted for accessories / spare parts. End use by the Navy.

## Gambia

#### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

##### Issued

Types of goods on licence	No. of licences	Value
Military	5	£690,621

Non-military	5	£54,599
Total	10	£745,220

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	5	£690,400
PL5017	1	£221

components for sniper rifles [See footnote 3].  
equipment for the use of sniper rifles [See footnote 3].  
flash suppressers [See footnote 4].  
gun silencers [See footnote 4].  
sporting guns (1) (3 licences) [See footnotes 1, 5].  
sporting shotguns (2).  
weapon sights (2 licences) [See footnotes 1, 5].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£32,000
1C354	1	£225
5A002	1	£294
5D002	1	£7,154
6A003	1	£14,926

civil NBC detection systems.  
imaging cameras [See footnote 6].  
information security equipment.  
information security software.  
plant pathogens.

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 2]
2	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, military communications equipment, NBC protective/defensive equipment, rebreathing swimming equipment
3	T	military support aircraft

#### Case & goods Footnotes

1. Licence granted for sporting / hunting purposes for personal end use.
2. Licence granted for cryptographic equipment for civilian / commercial end use.
3. Licence granted for accessories / spare parts. Government end use.
4. Licence granted for accessories / spare parts. Government end use.
5. Licence granted for sporting / hunting purposes. Personal end use.
6. Licence granted for accessories / spare parts. Civilian / commercial end use.

## Germany

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days
% and number of SIELs completed in 20 working days	77% (431)
% and number of SIELs completed in 60 working days	99% (554)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (1)

Median processing time SITCLs	7 days
% and number of SITCLs completed in 20 working days	100% (2)
% and number of SITCLs completed in 60 working days	100% (2)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	66 days
% and number of OIELs completed in 20 working days	15% (9)
% and number of OIELs completed in 60 working days	37% (23)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

Median processing time OITCLs	117 days
% and number of OITCLs completed in 20 working days	0% (0)
% and number of OITCLs completed in 60 working days	0% (0)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	100% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	259	£102,707,525
Non-military	27	£18,656,591
Both Military and Non-military	1	£213,000
Total	287	£121,577,117

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value

ML1	52	£2,872,484
ML2	2	£2,256
ML3	5	£52,034
ML4	25	£6,597,633
ML5	13	£1,178,447
ML6	18	£214,652
ML7	16	£333,854

PL5017	7	£16,574

	accessories for bomb suits [See footnote 4].
	armoured plate (2 licences).
	artillery ammunition.
	assault rifles (1) (2 licences).
	assault rifles (23).
T	blank/inert ammunition.
	body armour (2 licences).
	bomb suits [See footnote 4].
	chemical agent detection equipment (2 licences).
T	chemical agent detection equipment.
	command communications control and intelligence software.
	components for air-to-air missiles.
	components for air-to-surface missiles (2 licences).
	components for artillery ammunition.
T	components for artillery ammunition.
	components for assault rifles (3 licences).
T	components for assault rifles.
	components for attack alerting/warning equipment.
	components for body armour (3 licences) [See footnote 4].
	components for chemical agent detection equipment.
	components for combat aircraft (24 licences).
	components for combat helicopters (2 licences).
	components for decoying/countermeasure equipment (4 licences).
	components for electronic warfare equipment.
T	components for electronic warfare equipment.
	components for ground vehicle military communications equipment.
T	components for launching/handling/control equipment for man portable air defence system missiles.
	components for machine guns (4 licences).
	components for military auxiliary/support vessels.
	components for military bridges.
	components for military cameras/photographic equipment (2 licences).
	components for military combat vehicles (4 licences).
	components for military communications equipment (3 licences).
	components for military electronic equipment.
	components for military equipment for initiating explosives (2 licences).
	components for military guidance/navigation equipment (5 licences).
	components for military helicopters (2 licences).
	components for military helmets.
	components for military improvised explosive device decoying/detection/disposal/jamming equipment.
	components for military infrared/thermal imaging equipment.
	components for military radars (6 licences).

	components for military support aircraft (13 licences).
	components for military support vehicles.
	components for military training aircraft (2 licences).
	components for munitions/ordnance detection/disposal equipment (2 licences).
T	components for munitions/ordnance detection/disposal equipment.
	components for naval communications equipment.
	components for naval electrical/electronic equipment.
	components for NBC detection equipment (3 licences).
T	components for NBC detection equipment.
	components for NBC protective/defensive equipment (2 licences).
T	components for NBC protective/defensive equipment.
	components for pistols (2 licences).
T	components for pistols.
T	components for rifles.
	components for small arms ammunition.
	components for sniper rifles.
	components for sporting guns.
T	components for sporting guns (2 licences).
	components for submarines (2 licences).
	components for surface-to-surface missiles.
	components for tanks (2 licences).
	components for targeting equipment.
	components for torpedoes.
	components for unmanned air vehicles (2 licences).
	components for weapon control equipment (2 licences).
	constructions for ballistic protection of military systems.
	decoying/countermeasure equipment (5 licences).
	energetic materials additives (3 licences).
	equipment for the operation of military aircraft in confined areas.
T	equipment for the production of combat naval vessels.
	equipment for the use of assault rifles.
	equipment for the use of attack alerting/warning equipment.
	equipment for the use of launching/handling/control equipment for missiles.
	equipment for the use of machine guns.
	equipment for the use of military auxiliary/support vessels.
T	equipment for the use of munitions/ordnance detection/disposal equipment.
	flash suppressers.
	general military aircraft components (9 licences).
	general military vehicle components (4 licences).
	general naval vessel components (11 licences).
	grenade launchers (2 licences).
T	ground vehicle military communications equipment.
	gun mountings.
	gun silencers (4 licences).
T	gun silencers.
T	high power RF weapon systems (2 licences).
	machine guns (20).
	machine guns (35).
	military aircraft head-up/down displays.
	military auxiliary/support vessels.
T	military communications equipment (3 licences) [See footnote 4].
	military communications equipment.
	military electronic equipment (3 licences).
T	military electronic equipment.
	military guidance/navigation equipment.
T	military guidance/navigation equipment (2 licences).
T	military helicopters.
	military helmets (4 licences) [See footnote 4].
T	military image intensifier equipment (4 licences).
	military infrared/thermal imaging equipment (2 licences).
T	military infrared/thermal imaging equipment (4 licences).
T	military laser protection equipment.
	military radars.
	military support aircraft.
	military support vehicles (5 licences).
	munitions/ordnance detection/disposal equipment (4 licences).
T	munitions/ordnance detection/disposal equipment.
	naval electrical/electronic equipment.
T	NBC detection equipment (6 licences).
	NBC protective/defensive equipment.

T	NBC protective/defensive equipment.
T	pistols (1) (2 licences).
T	pistols (5).
T	pistols (6) (3 licences).
	precursors for energetic materials (2 licences).
	propellants (3 licences).
	pyrotechnics/fuels and related substances.
T	rangefinding equipment.
	rifles (1).
T	rifles (2).
T	rifles (31).
	sniper rifles (1) (2 licences).
	sniper rifles (24).
T	software enabling equipment to function as military communications equipment.
	software enabling equipment to function as military improvised explosive device
	decoying/detection/disposal/jamming equipment (2 licences).
	software enabling equipment to function as munitions/ordnance detection/disposal equipment.
T	software for determining the effects of weapons.
	software for military auxiliary/support vessels.
	software for military training equipment.
	Software for modelling/simulating/evaluating weapon systems.
	software for munitions/ordnance detection/disposal equipment (3 licences).
	software for test equipment for military guidance/navigation equipment.
	sporting guns (1) (2 licences).
T	sporting guns (1) (4 licences).
T	sporting guns (3).
	sporting shotguns (2).
T	sporting shotguns (3).
T	targeting equipment.
	tear gas/riot control agents.
	technology for assault rifles.
	technology for decoying/countermeasure equipment (2 licences).
	technology for grenade launchers.
	technology for machine guns.
	technology for naval gun installations/mountings.
	technology for naval guns.
	technology for sniper rifles.
	technology for Software for modelling/simulating/evaluating military operation scenarios.
	technology for unmanned air vehicles (2 licences).
	technology for weapon control equipment.
T	test equipment for NBC detection equipment.
	training small arms ammunition.
	unfinished products for military aero-engines.
T	unfinished products for sporting guns.
T	unmanned air vehicles.
	weapon cleaning equipment (3 licences).
T	weapon cleaning equipment.
	weapon night sights (2 licences).
T	weapon night sights (4 licences).
	weapon sights (8 licences).
T	weapon sights (7 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C002	1	£50
0C004	1	£1,100,000
0D001	1	£1
0E001	8	£14,100,605
1A004	1	£6,700
1A007	6	£58,473
1C001	1	£600

3A101	2	£3,200,000
3D101	2	£10,000

3E101	2	£130,000
6A001	4	£36,927
PL9010	1	£500

T civil explosive detection/identification equipment.  
 devices containing enriched lithium.  
 devices containing enriched lithium manufactures.  
 electromagnetic wave absorbing materials.  
 hydrophones (4 licences).  
 materials containing enriched uranium.  
 non-military detonators (3 licences).  
 non-military firing sets (3 licences).  
 nuclear grade graphite.  
 software for nuclear reactors.  
 software for X-ray generators (2 licences).  
 sporting shotguns (1).  
 technology for enriched uranium.  
 technology for materials containing enriched uranium.  
 technology for materials containing plutonium-239.  
 technology for materials containing uranium-233.  
 technology for nuclear grade graphite.  
 technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation.  
 technology for nuclear reactor fuel element fabrication equipment.  
 technology for nuclear reactors (6 licences).  
 technology for plutonium-239.  
 technology for products containing enriched uranium.  
 technology for products containing plutonium-239.  
 technology for products containing uranium-233.  
 technology for uranium-233.  
 technology for X-ray accelerators.  
 technology for X-ray generators (2 licences).  
 X-ray accelerators (2 licences).  
 X-ray generators.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£52,000
PL9010	1	£161,000

T components for sporting guns.  
 T sporting guns (6).  
 T sporting shotguns (8).

#### SIELs - Incorporation

##### Issued

Types of goods on licence	No. of licences	Value
Military	215	£32,104,762
Non-military	1	£2,217,310
Total	216	£34,322,072

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

##### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	1	£1,000,000
ML4	27	£4,846,391
ML5	28	£388,834
ML6	26	£830,440
ML9	37	£4,594,148
ML10	75	£2,573,927
ML11	9	£16,322,063
ML14	2	£43,600
ML15	1	£90,000
ML16	4	£499,876
ML17	4	£98,261
ML18	1	£11,500
ML21	6	£782,933
PL5017	2	£22,789

components for air-to-air missiles.  
 components for air-to-surface missiles (4 licences).  
 components for all-wheel drive vehicles with ballistic protection.  
 components for attack alerting/warning equipment (2 licences).  
 components for combat aircraft (25 licences).  
 components for combat helicopters (8 licences).  
 components for combat naval vessels (2 licences).  
 components for decoying/countermeasure equipment (12 licences).  
 components for electronic warfare equipment.  
 components for fire control equipment.  
 components for ground based radars.  
 components for ground vehicle military communications equipment (2 licences).  
 components for launching/handling/control equipment for missiles (4 licences).  
 components for military aero-engines (11 licences).  
 components for military combat vehicles (4 licences).  
 components for military containers (2 licences).  
 components for military electronic equipment.  
 components for military guidance/navigation equipment (3 licences).  
 components for military helicopters (10 licences).  
 components for military patrol/assault craft.  
 components for military radars (14 licences) [See footnote 3].  
 components for military support aircraft (10 licences).  
 components for military support vehicles (3 licences).  
 components for military training aircraft (9 licences) [See footnote 1].  
 components for naval communications equipment.  
 components for naval electrical/electronic equipment (4 licences) [See footnote 6].  
 components for naval engines.  
 components for naval gun installations/mountings (2 licences).  
 components for periscopes (5 licences).  
 components for submarines (20 licences).  
 components for surface-to-surface missiles (4 licences).  
 components for tanks (4 licences).  
 components for turrets (7 licences).  
 components for weapon control equipment (5 licences).  
 decoying/countermeasure equipment.  
 electronic warfare equipment.  
 equipment for the development of weapon control equipment.  
 equipment for the operation of military aircraft in confined areas (2 licences).  
 equipment for the production of combat naval vessels.  
 equipment for the use of naval gun installations/mountings.  
 equipment for the use of naval guns.  
 equipment for the use of submarines.  
 general military aircraft components.  
 general military vehicle components (4 licences).  
 general naval vessel components (5 licences).  
 ground vehicle military communications equipment (2 licences).

launching/handling/control equipment for missiles.  
 military cameras/photographic equipment.  
 military communications equipment (2 licences).  
 military electronic equipment.  
 military guidance/navigation equipment.  
 military infrared/thermal imaging equipment.  
 naval electrical/electronic equipment.  
 naval gun installations/mountings.  
 naval guns.  
 signature suppression fittings/coatings/treatments for military use (2 licences).  
 simulators for periscopes (2 licences).  
 software enabling equipment to function as military improvised explosive device  
 decoying/detection/disposal/jamming equipment (6 licences) [See footnote 5].  
 unfinished products for military aero-engines (4 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A008	1	£2,216,000
6D002	1	£810
6E101	1	£500

components for radar equipment.  
 radar equipment.  
 software for radar equipment.  
 technology for radar equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military training aircraft
2	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military helicopters, devices containing military pyrotechnic materials, equipment for the use of military helicopters, military aero-engines, military aircraft ground equipment, military guidance/navigation equipment, military parachutes and equipment, signalling devices, software for aircraft military communications equipment, software for military aero-engines, software for military guidance/navigation equipment, software for military helicopters, technology for aircraft military communications equipment, technology for devices containing military pyrotechnic materials, technology for equipment for the use of military helicopters, technology for military aircraft ground equipment, technology for military helicopters, technology for military parachutes and equipment, technology for signalling devices, technology for software for military aero-engines, technology for software for military guidance/navigation equipment, technology for software for military helicopters, unfinished products for military helicopters
3	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, equipment for the production of military aero-engines, equipment for the use of military aero-engines, general military aircraft components, military aero-engines, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
4	P	body armour, civil body armour, components for body armour
5	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
6	P	electromagnetic wave absorbing materials

7	P	components for combat aircraft
8	P	technology for military support aircraft
9	P	technology for nuclear reactors
10	P	unfinished products for combat aircraft, unfinished products for military aero-engines
11	P	components for combat aircraft
12	P	components for military guidance/navigation equipment, components for military radars
13	P	components for military aero-engines, software for military aero-engines
14	P	body armour, components for body armour, components for military helmets, military helmets
15	T	components for combat aircraft
16	P	components for ground vehicle military communications equipment, ground vehicle military communications equipment
17	P	components for air-to-surface missiles
18	P	components for aircraft military communications equipment, components for combat aircraft, components for military guidance/navigation equipment
19	P	military aero-engines
20	P	components for combat aircraft
21	P	weapon sights
22	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
23	P	military parachutes and equipment
24	P	weapon sights
25	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
26	P	components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, military communications equipment, military guidance/navigation equipment, software for military communications equipment, software for military guidance/navigation equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for software for military communications equipment, technology for software for military guidance/navigation equipment
27	T	military support aircraft
28	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
29	P	components for weapon sights, equipment for the use of weapon sights, technology for equipment for the use of weapon sights, technology for weapon sights, weapon sights
30	P	anti-armour ammunition, assault rifles, components for assault rifles, components for flash suppressers, components for grenade launchers, components for gun mountings, components for gun silencers, components for machine guns, components for pistols, components for projectile launchers, components for sniper rifles, components for weapon mountings, components for weapon night sights, components for weapon sights, exploding grenade ammunition, flash suppressers, grenade launchers, gun mountings, gun silencers, machine guns, pistols, projectile launchers, small arms ammunition, smoke/pyrotechnic ammunition, sniper rifles, tear gas/irritant ammunition, weapon mountings, weapon night sights, weapon sights
31	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets

32	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
33	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
34	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment
35	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets
36	P	components for equipment for the use of NBC detection equipment, components for military electronic equipment, components for NBC detection equipment, equipment for the use of NBC detection equipment, military electronic equipment, NBC detection equipment, software for NBC detection equipment, technology for equipment for the use of NBC detection equipment, technology for military electronic equipment, technology for NBC detection equipment
37	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing natural uranium, technology for materials containing thorium, technology for natural uranium, technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium processing equipment, technology for products containing depleted uranium, technology for products containing natural uranium, technology for products containing thorium, technology for thorium, technology for tritium production equipment, technology for uranium isotope separation equipment
38	P	components for NBC detection equipment, NBC detection equipment, technology for NBC detection equipment
39	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
40	P	components for environmental test facilities for military aero-engines, components for equipment for the production of military aero-engines, components for military aero-engines, components for military containers, environmental test facilities for military aero-engines, equipment for the development of military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, technology for military aero-engines, technology for production installations for military aero-engines, unfinished products for military aero-engines
41	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 7]
42	P	weapon sights
43	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 8]
44	T	military support aircraft
45	T	components for launching/handling/control equipment for bombs [See footnote 2]
46	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	4	£410,915
Non-military	16	£8,587,251
Total	20	£8,998,166

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£10,000
ML4	1	£110,960
ML11	1	£10,355
ML13	1	£279,600

T body armour.  
components for body armour.  
hand grenades [See footnote 2].  
military electronic equipment.  
military helmets.  
small arms ammunition [See footnote 6].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£20,000
5A001	1	£1,592,040
5A002	10	£225,460
5D002	2	£330
6A001	1	£607,060
6A003	1	£12,000
7A003	2	£962,199
7A103	1	£10,955
8A001	1	£5,157,207

T civil explosive detection/identification equipment [See footnote 3].  
cryptographic software.  
guidance/navigation equipment.  
imaging cameras.  
improvised explosive device activation/jamming equipment.  
inertial equipment.  
T inertial equipment.  
information security equipment (8 licences).  
T information security equipment (2 licences).  
information security software.  
marine position fixing equipment.  
submersible vehicles.

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	towed hydrophone arrays
2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
3	P	military aero-engines
4	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
5	P	inertial equipment
6	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 5]
7	T	military support aircraft [See footnote 4]

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	34	£1,668,111
Non-military	81	£10,269,504
Both Military and Non-military	1	£1,355,013
Total	116	£13,292,628

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value

ML1	9	£357,669
ML3	1	£160
ML4	6	£105,315
ML5	1	£12,000
ML7	5	£361,307
ML10	1	£11,262
ML11	7	£56,626
ML13	1	£480

 components for bomb suits.  
 components for rifles.  
 components for sporting guns.  
 military helmets (2 licences).  
 rifles.  
 small arms ammunition.  
 sporting guns.  
 weapon night sights.  
 weapon sights.

#### Country Footnotes

1. Following its meeting in Madrid of 26 and 27 June 1989, the European Council agreed a Declaration that it was necessary for Member States to adopt an arms embargo on China. The embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. Since 2000 the UK has applied this embargo to Macao and since July 2020 it has been applied to Hong Kong.

All licences for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for use by a law enforcement agency.
2. Licence granted for government end use.
3. Licence granted for civilian / commercial end use.
4. Licence granted for sporting / hunting purposes for civilian / commercial end use.
5. Licence granted for sporting / hunting purposes. Personal end use.
6. Licence granted for goods returned after repair in the UK. Law enforcement agency end use.
7. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
8. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
9. Licence granted for accessories / spare parts. Civilian / commercial end use.
10. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
11. Licence granted for end use by a law enforcement agency.
12. Licence granted for civilian / commercial end use.
13. Licence granted for academic research purposes. Academic end users.
14. Licence granted for accessories / spare parts. Civilian / commercial end use.
15. Licence granted for accessories / spare parts. Civilian / commercial end use.
16. Licence granted for accessories / spare parts. Civilian / commercial end use.
17. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
18. Licence granted for accessories / spare parts. Civilian / commercial end use.
19. Licence granted for temporary / exhibition purposes. Government end use.
20. Licence granted for accessories / spare parts. Civilian / commercial end use.
21. Licence granted for accessories / spare parts. Civilian / commercial end use.
22. Licence granted for accessories / spare parts. Civilian / commercial end use.
23. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
24. Licence granted for medical research purposes. Civilian / commercial end use.
25. Licence granted for civilian / commercial end use.
26. Licence granted for temporary / exhibition purposes. Armed forces end use.

	components for attack alerting/warning equipment (21 licences).
	components for body armour (2 licences).
	components for combat aircraft (92 licences).
T	components for combat aircraft (4 licences).
	components for combat helicopters (10 licences).
T	components for combat helicopters.
	components for combat naval vessels (6 licences).
	components for decoying/countermeasure equipment.
	components for electronic warfare equipment (20 licences) [See footnote 12].
T	components for equipment for the use of attack alerting/warning equipment.
	components for ground based radars (2 licences).
T	components for launching/handling/control equipment for air-to-air missiles.
	components for launching/handling/control equipment for missiles (2 licences).
T	components for launching/handling/control equipment for missiles.
	components for launching/handling/control equipment for munitions (4 licences).
T	components for launching/handling/control equipment for munitions.
	components for military aero-engines (14 licences).
	components for military aircraft head-up/down displays.
T	components for military aircraft head-up/down displays.
	components for military aircraft navigation equipment (2 licences).
	components for military aircrew life support equipment.
	components for military bridges/pontoons/ferries.
	components for military combat vehicles (8 licences).
	components for military communications equipment (3 licences).
	components for military electronic equipment (4 licences).
T	components for military electronic equipment.
T	components for military equipment for initiating explosives (3 licences).
	components for military guidance/navigation equipment (9 licences) [See footnotes 15, 16].
T	components for military guidance/navigation equipment (2 licences).
	components for military helicopters (35 licences).
	components for military improvised explosive device decoying/detection/disposal/jamming equipment (3 licences).
T	components for military improvised explosive device decoying/detection/disposal/jamming equipment (3 licences).
T	components for military improvised explosive device disposal equipment (2 licences).
	components for military infrared/thermal imaging equipment (3 licences).
T	components for military infrared/thermal imaging equipment.
	components for military patrol/assault craft (2 licences).
	components for military radars (68 licences) [See footnotes 13, 18, 5].
T	components for military radars (2 licences).
	components for military sonars.
	components for military support aircraft (6 licences).
T	components for military support aircraft.
	components for military support vehicles (3 licences).
	components for military training aircraft (45 licences) [See footnote 25].
T	components for military training aircraft.

	components for military training equipment (3 licences).
	components for military utility helicopters.
	components for naval communications equipment (2 licences).
	components for naval electrical/electronic equipment (6 licences).
	components for naval engines (3 licences).
	components for naval radars (2 licences).
	components for NBC detection equipment (2 licences).
	components for pistols.
T	components for rangefinding equipment.
	components for recognition/identification equipment (5 licences) [See footnote 17].
	components for sensor integration equipment.
	components for submarines (7 licences).
T	components for surface-to-surface missiles.
	components for targeting equipment (4 licences) [See footnote 26].
T	components for targeting equipment (2 licences).
	components for turrets.
	components for unmanned air vehicles.
T	components for weapon cleaning equipment.
	components for weapon control equipment (2 licences).
T	components for weapon control equipment.
T	components for weapon sights.
	electronic warfare equipment.
	energetic materials additives.
	equipment for the production of airborne refuelling equipment (6 licences).
	equipment for the production of artillery (2 licences).
	equipment for the production of combat helicopters.
	equipment for the production of military aero-engines (2 licences).
	equipment for the production of military support aircraft.
	equipment for the use of electronic warfare equipment (2 licences).
	equipment for the use of general naval vessel components.
	equipment for the use of military communications equipment.
	equipment for the use of military electronic equipment.
T	equipment for the use of military electronic equipment.
T	equipment for the use of military radars.
	equipment for the use of military training aircraft.
	equipment for the use of submarines.
	equipment for the use of unmanned air vehicles.
T	equipment for the use of weapon cleaning equipment.
	general military aircraft components (41 licences) [See footnote 14].
T	general military aircraft components.
	general military vehicle components.
	general naval vessel components (17 licences).
	goods treated for signature suppression for military use.
T	ground vehicle military communications equipment.
	gun mountings.
	launching/handling/control equipment for munitions.
	launching/handling/control equipment for rockets.
	military aero-engines (3 licences).
	military aircraft ground equipment (3 licences).
T	military aircraft ground equipment.
T	military aircraft head-up/down displays.
	military aircrew breathing equipment.
	military aircrew life support equipment (2 licences).
	military auxiliary/support vessels.
	military cameras/photographic equipment (3 licences).
T	military cameras/photographic equipment.
	military communications equipment.
	military electronic equipment (4 licences).
T	military electronic equipment (4 licences).
T	military equipment for initiating explosives (3 licences).
	military guidance/navigation equipment (5 licences) [See footnote 15].
T	military guidance/navigation equipment.
	military helmets.
	military image intensifier equipment.
	military image recording/processing equipment (2 licences).
T	military improvised explosive device decoying/detection/disposal/jamming equipment (3 licences).
T	military improvised explosive device disposal equipment (2 licences).
	military radars.
	munitions/ordnance detection/disposal equipment.
T	munitions/ordnance detection/disposal equipment (3 licences).

	naval communications equipment (3 licences).
	naval electrical/electronic equipment (3 licences).
	NBC detection equipment (2 licences).
T	NBC protective/defensive equipment.
	pyrotechnics/fuels and related substances.
	small arms ammunition (18 licences) [See footnote 4].
	small arms training equipment (3 licences) [See footnote 1].
	software for military auxiliary/support vessels.
	software for military communications equipment.
T	Software for modelling/simulating military operation scenarios.
	software for small arms training equipment (2 licences) [See footnote 1].
T	targeting equipment.
	technology for combat aircraft (2 licences).
	technology for man portable air defence system missiles.
	technology for military aero-engines (3 licences).
	technology for military combat vehicles.
	technology for military guidance/navigation equipment (2 licences).
	technology for military radars.
	technology for small arms training equipment (2 licences) [See footnote 1].
	training small arms ammunition.
T	unmanned air vehicles (2 licences).
T	weapon cleaning equipment (3 licences).
	weapon sights (4 licences) [See footnote 3].

### Non-military

accelerometers.  
 accessories for instrumentation cameras.  
 aircraft seals.  
 beryllium compounds.  
 biotechnology equipment (4 licences).  
 bismuth (6 licences).  
 calcium (4 licences).  
 chemicals used for chemical/materials production (2 licences).  
 chemicals used for industrial/commercial processes (2 licences).  
 civil explosive detection/identification equipment (7 licences).  
 T civil explosive detection/identification equipment.  
 civil NBC detection systems (2 licences).  
 civil NBC protection clothing (3 licences) [See footnote 11].  
 civil unmanned air vehicles (2 licences).  
 T civil unmanned air vehicles [See footnote 19].  
 components for civil explosive detection/identification equipment (6 licences).  
 components for corrosion resistant chemical manufacturing equipment.  
 components for general laboratory equipment.  
 components for liquid rocket propulsion systems.  
 components for materials testing equipment.  
 components for metal powder production equipment.  
 components for optical equipment.  
 components for surface coating equipment.  
 components for telecommunications interception equipment (5 licences).  
 computer analogue to digital equipment.  
 computer analogue-to-digital equipment (6 licences).  
 constituents of propellants (8 licences).  
 controlled atmosphere furnaces.  
 corrosion resistant chemical manufacturing equipment (6 licences).  
 T counter-improvised explosive device equipment.  
 deuterium solutions.  
 devices containing helium-3.  
 T diver location sonars.  
 electronics cooling fluids (4 licences).  
 equipment employing cryptography (3 licences).  
 extended temperature range integrated circuits (6 licences).  
 fibrous/filamentary materials.  
 frequency changers.

T general laboratory equipment.  
 guidance equipment for civil unmanned air vehicles.  
 hafnium (3 licences).  
 helium-3 (2 licences).  
 imaging cameras (15 licences) [See footnote 28].  
 T imaging cameras (6 licences).  
 inertial equipment (6 licences) [See footnote 8].  
 T inertial equipment (2 licences) [See footnote 7].  
 information security equipment (42 licences) [See footnote 29].  
 T information security equipment.  
 information security software (4 licences).  
 T information security software (3 licences).  
 instrumentation cameras (4 licences).  
 lasers (2 licences).  
 magnesium (2 licences).  
 maraging steels.  
 metal alloy cylindrical forms (42 licences) [See footnotes 21, 23, 27, 6, 9].  
 metal alloy materials.  
 metal alloy tubes.  
 metal alloys in particulate form.  
 metal alloys in powder form.  
 T millimetric wave components.  
 nickel powders (12 licences) [See footnotes 20, 22].  
 optical sensor materials (4 licences).  
 optical sensors.  
 rotary position encoders.  
 software for aero gas turbine engines.  
 software for aero-engine assemblies.  
 T software for diver location sonars.  
 software for equipment employing cryptography.  
 software for FADEC systems.  
 software for information security equipment (13 licences).  
 T software for information security equipment.  
 software for non-certified aero-engines.  
 software for technology for gas turbine engines.  
 software for telecommunications interception equipment (5 licences).  
 software for testing aero gas turbine engines.  
 space qualified focal plane arrays.  
 spacecraft (2 licences).  
 sporting shotguns (1).  
 technology for aero-engine assemblies.  
 technology for composite laminates (4 licences).  
 technology for composite structures (4 licences).  
 technology for composite tubes.  
 technology for FADEC.  
 technology for fibre preforms (3 licences).  
 technology for fibre prepregs (3 licences).  
 technology for fibrous/filamentary materials (2 licences).  
 technology for gas turbine engines (4 licences).  
 technology for information security equipment.  
 technology for liquid rocket propulsion systems.  
 technology for metal alloy materials.  
 technology for non-certified aero-engines.  
 technology for nuclear reactors.  
 technology for semiconductor process equipment (2 licences).  
 technology for software for aero gas turbine engines.  
 technology for space qualified focal plane arrays.  
 technology for telecommunications interception equipment (5 licences).  
 telecommunications interception equipment (3 licences).  
 T telecommunications interception equipment [See footnote 30].  
 towed hydrophone arrays.  
 toxic gas detectors (2 licences).  
 toxic gas monitoring equipment (2 licences).  
 toxins (5 licences).  
 triggered spark gaps (2 licences).  
 turbojet engines.  
 X-ray accelerators.  
 X-ray generators (2 licences).  
 zirconium compounds (15 licences).  
 zirconium manufactures.

## Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£1,470
1C111	1	£89

T	civil NBC protection equipment [See footnote 10].
T	civil riot control agent protection equipment [See footnote 10].
T	components for civil NBC protection equipment [See footnote 10].
T	components for NBC protective/defensive equipment [See footnote 10].
	constituents of propellants.
	energetic materials additives.
	imaging cameras.
T	imaging cameras [See footnote 10].
T	information security equipment.
T	military communications equipment [See footnote 10].
T	military electronic equipment.
T	military laser protection equipment [See footnote 10].
T	NBC protective/defensive equipment [See footnote 10].
T	rebreathing swimming equipment [See footnote 10].
	software for FADEC systems.
	software for military aero-engines.
	technology for FADEC.
	technology for military aero-engines.
	weapon night sights.

## Refused

	Count
Military	1
Non-military	10
Total	11

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry
ML9	1

components for submarines.

## Non-military

Control Entry	No. of licences with goods rated using Control Entry
6A003	3
6A203	4
End Use	4

accessories for instrumentation cameras.  
electrical connectors.  
electronic components.  
electronic measurement/test equipment.  
imaging cameras (2 licences).  
instrumentation cameras (6 licences).  
optical equipment.  
optical fibre communication cables.  
power supplies.  
semiconductor process equipment.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used

7	7

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	12	£955,295
Non-military	12	£1,288,870
Total	24	£2,244,165

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML9	1	£843,944
ML10	10	£109,744
ML16	1	£1,607

components for combat aircraft (6 licences).  
components for combat helicopters (2 licences).  
components for military helicopters.  
components for military patrol/assault craft.  
general military aircraft components.

unfinished products for combat aircraft.

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C202	11	£88,870
9A004	1	£1,200,000

metal alloy cylindrical forms (11 licences).  
spacecraft.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Germany  
Italy  
Philippines  
Spain  
Sri Lanka  
United States of America

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, equipment for the production of military aero-engines, equipment for the use of military aero-engines, general military aircraft components, military aero-engines, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
2	P	software for FADEC systems, software for military aero-engines, technology for FADEC, technology for military aero-engines
3	P	components for combat aircraft, components for military training aircraft, unfinished products for combat aircraft, unfinished products for military training aircraft
4	P	technology for military support aircraft
5	P	body armour, bomb suits, components for body armour, components for bomb suits [See footnote 2]
6	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
7	P	components for military guidance/navigation equipment, components for military radars
8	P	components for military aero-engines, software for military aero-engines
9	P	components for airborne refuelling equipment, components for combat aircraft, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
10	P	metal alloy cylindrical forms
11	P	metal alloy cylindrical forms
12	P	metal alloy cylindrical forms

13	P	software for aero gas turbine engines, software for FADEC systems, software for modelling engine flow, software for technology for engine flow path systems, software for technology for FADEC, software for technology for gas turbine engines, software for technology for propeller blades, software for technology for wind tunnel models, software for turbofan engines, software for turbojet engines, technology for engine flow path systems, technology for FADEC, technology for gas turbine engines, technology for metal alloy cylindrical forms, technology for metal alloy materials, technology for metal alloy tubes, technology for metal alloys in particulate form, technology for metal alloys in powder form, technology for metal-working manufacturing processes, technology for propeller blades, technology for turbofan engines, technology for turbojet engines, technology for wind tunnel models
14	P	software for aero gas turbine engines, software for modelling engine flow, software for technology for engine flow path systems, software for technology for FADEC, software for technology for gas turbine engines, software for technology for propeller blades, software for technology for wind tunnel models, software for turbofan engines, software for turbojet engines, technology for engine flow path systems, technology for FADEC, technology for gas turbine engines, technology for metal alloy cylindrical forms, technology for metal alloy materials, technology for metal alloy tubes, technology for metal alloys in particulate form, technology for metal alloys in powder form, technology for metal-working manufacturing processes, technology for propeller blades, technology for turbofan engines, technology for turbojet engines, technology for wind tunnel models
15	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
16	P	components for submarines
17	P	imaging cameras
18	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
19	P	technology for information security equipment
20	P	military aero-engines
21	P	technology for information security equipment
22	P	technology for information security equipment
23	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
24	T	military support aircraft
25	P	inertial equipment
26	T	imaging cameras
27	P	toxins
28	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
29	P	components for military support aircraft
30	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
31	P	components for military helicopters, technology for military helicopters
32	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets

33	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
34	P	components for aircraft carriers, components for combat naval vessels, components for equipment for the operation of military aircraft in confined areas, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
35	P	technology for information security equipment
36	P	biotechnology equipment, components for biotechnology equipment
37	P	components for military helicopters, technology for military helicopters
38	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 32]
39	P	technology for military aero-engines
40	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military support aircraft, components for military training aircraft, equipment for the production of combat aircraft, equipment for the production of combat helicopters, equipment for the production of military aero-engines, equipment for the production of military support aircraft, equipment for the production of military training aircraft, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military support aircraft, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for equipment for the production of combat aircraft, technology for equipment for the production of combat helicopters, technology for equipment for the production of military aero-engines, technology for equipment for the production of military support aircraft, technology for equipment for the production of military training aircraft, technology for equipment for the use of combat aircraft, technology for equipment for the use of combat helicopters, technology for equipment for the use of military aero-engines, technology for equipment for the use of military support aircraft, technology for general military aircraft components, technology for military aero-engines, technology for military aircraft ground equipment, technology for military support aircraft, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft
41	P	aircraft military communications equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military communications equipment, components for military guidance/navigation equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components, military aero-engines, military communications equipment, military guidance/navigation equipment
42	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 31]

43	P	equipment for the development of information security equipment, equipment for the production of information security equipment, information security equipment, software for advanced telecommunication equipment, software for information security equipment, technology for advanced telecommunications equipment, technology for digital cellular radio system, technology for electronic devices, technology for general purpose integrated circuits, technology for information security equipment, technology for phased array antennas, technology for radio equipment
44	P	weapon sights
45	P	information security equipment, software for information security equipment, software for information security software
46	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, military communications equipment, NBC protective/defensive equipment, rebreathing swimming equipment
47	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 33]
48	T	military support aircraft
49	P	military parametric technical databases, software for military aero-engines, technology for equipment for the production of military aero-engines, technology for equipment for the use of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, technology for military containers, technology for military parametric technical databases, technology for military support aircraft, technology for unfinished products for military aero-engines
50	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	software for aero gas turbine engines, software for technology for FADEC, software for technology for gas turbine engines, software for testing aero gas turbine engines, technology for equipment for the development of gas turbines, technology for equipment for the production of gas turbines, technology for FADEC, technology for gas turbine engines, technology for isostatic presses, technology for machine tools, technology for metal alloy materials, technology for metal alloys in particulate form, technology for metal alloys in powder form, technology for metal-working manufacturing processes, technology for military aero-engines, technology for naval engines, technology for software for technology for FADEC, technology for software for technology for gas turbine engines, technology for software for technology for propeller blades, technology for software for technology for wind tunnel models, technology for turbofan engines, technology for turbojet engines

## **SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	161	£69,228,368
Non-military	53	£3,986,964
Both Military and Non-military	7	£3,988,664
Total	221	£77,203,996

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	14	£2,498,552
ML3	3	£87,515
ML4	2	£45,148,972
ML5	12	£5,855,050
ML6	6	£2,035,263
ML7	2	£361,295
ML8	1	£263,607
ML9	5	£252,273
ML10	93	£6,303,386
ML11	19	£3,451,679
ML13	6	£58,791
ML14	1	£379,088
ML15	10	£2,022,912
ML18	2	£4,000
ML21	4	£5,243
ML22	13	£176,004
PL5001	1	£227,173
PL5017	10	£97,565

air defence systems.  
 aircraft military communications equipment (3 licences).  
 anti-riot/ballistic shields.  
 ballistic test equipment.  
 body armour (2 licences).  
 components for airborne refuelling equipment.  
 components for aircraft military communications equipment (6 licences).  
 components for assault rifles (3 licences) [See footnote 5].  
 components for body armour (4 licences).  
 components for combat aircraft (7 licences).  
 components for combat naval vessels (3 licences).  
 components for ground vehicle military communications equipment.  
 components for machine guns (3 licences) [See footnote 5].  
 components for military aero-engines (5 licences).  
 components for military combat vehicles (3 licences).  
 components for military communications equipment (10 licences).  
 components for military electronic equipment (2 licences).  
 components for military guidance/navigation equipment (2 licences).  
 components for military helicopters (7 licences).  
 components for military helmets.  
 components for military radars (4 licences).  
 components for military support aircraft (19 licences).  
 components for military training aircraft (46 licences).  
 components for NBC detection equipment (2 licences).  
 components for pistols (2 licences).  
 components for sniper rifles (5 licences) [See footnotes 1, 12].  
 components for submarines (2 licences).  
 components for weapon control equipment.  
 equipment for the operation of military aircraft in confined areas.  
 equipment for the production of military communications equipment (2 licences).  
 equipment for the use of ground vehicle military communications equipment.  
 equipment for the use of machine guns (3 licences) [See footnote 5].  
 equipment for the use of military communications equipment.  
 equipment for the use of military training equipment.  
 equipment for the use of sniper rifles (2 licences) [See footnote 12].  
 explosives.  
 general military aircraft components (3 licences).  
 ground vehicle military communications equipment.  
 gun mountings (3 licences) [See footnote 12].  
 gun silencers (2 licences) [See footnote 12].  
 man portable air defence systems.  
 man portable air defence systems training equipment.  
 military aircraft ground equipment.  
 military cameras/photographic equipment.  
 military combat vehicles (2 licences).  
 military communications equipment (3 licences).  
 military electronic equipment.  
 military guidance/navigation equipment.  
 T military guidance/navigation equipment (3 licences) [See footnote 10].  
 military helmets (4 licences).  
 T military image intensifier equipment (4 licences).  
 military image intensifier equipment (5 licences) [See footnote 10].  
 T military infrared/thermal imaging equipment.  
 military infrared/thermal imaging equipment (3 licences) [See footnote 10].  
 military training equipment.  
 NBC detection equipment (2 licences).  
 periscopes.  
 rangefinding equipment.  
 T rangefinding equipment [See footnote 10].  
 small arms ammunition.  
 sniper rifles (20).  
 sniper rifles (47) (2 licences) [See footnote 12].  
 sniper rifles (71).  
 software for ballistic test equipment.  
 software for ground vehicle military communications equipment.  
 software for military communications equipment (3 licences).  
 surface-to-air missiles.  
 targeting equipment.  
 T targeting equipment (2 licences).  
 technology for air defence systems.

	technology for body armour.
	technology for ground vehicle military communications equipment.
	technology for man portable air defence systems (2 licences).
	technology for man portable air defence systems training equipment.
	technology for military communications equipment (5 licences).
	technology for military guidance/navigation equipment.
	technology for military training aircraft (2 licences).
	technology for military training equipment.
	technology for sniper rifles (3 licences) [See footnote 12].
	training small arms ammunition (2 licences).
	training surface-to-air missiles.
	weapon cleaning equipment (4 licences) [See footnote 12].
	weapon control equipment.
T	weapon night sights (4 licences) [See footnote 10].
	weapon sight mounts (3 licences) [See footnote 12].
T	weapon sight mounts (2 licences).
	weapon sights (6 licences) [See footnote 12].
T	weapon sights (3 licences) [See footnote 10].

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A001	1	£7,279
1A004	4	£137,447

body armour.  
bomb suits.  
civil explosive detection/identification equipment.  
components for civil explosive detection/identification equipment.  
components for improvised explosive device disposal remotely operated vehicles.  
components for military improvised explosive device decoying/detection/disposal/jamming equipment.  
counter-improvised explosive device equipment.  
T direct view imaging equipment (2 licences) [See footnote 9].  
T equipment for the use of weapon sights [See footnote 9].  
T goods treated for signature suppression for military use [See footnote 9].  
imaging cameras (2 licences).  
T imaging cameras (2 licences) [See footnote 9].  
improvised explosive device disposal remotely operated vehicles.  
T information security equipment (2 licences).  
T military electronic equipment (2 licences).  
military equipment for initiating explosives.  
military helmets.  
military improvised explosive device decoying/detection/disposal/jamming equipment.  
munitions/ordnance detection/disposal equipment.  
T targeting equipment.  
weapon night sights (2 licences).  
T weapon night sights [See footnote 9].  
T weapon sight mounts [See footnote 9].  
weapon sights (3 licences).  
T weapon sights [See footnote 9].

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£224,126
Total	2	£224,126

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	2	£224,126

components for military support aircraft (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Philippines  
Senegal  
Thailand

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for equipment employing cryptography, cryptographic software, equipment employing cryptography, software for equipment employing cryptography, technology for cryptographic software, technology for equipment employing cryptography, technology for software for equipment employing cryptography
2	P	technology for military support aircraft
3	P	body armour, bomb suits, components for body armour, components for bomb suits [See footnote 2]
4	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
5	P	components for military aero-engines, components for military training aircraft, general military aircraft components
6	P	inertial equipment
7	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
8	P	military aero-engines
9	P	weapon sights
10	P	inertial equipment
11	T	imaging cameras
12	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
13	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
14	P	equipment for intrusion software, software for intrusion software, technology for equipment for intrusion software
15	P	guidance/navigation equipment, inertial equipment

16	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 11]
17	T	military support aircraft

## Rejected

Applications to this destination refused in full.

## OIELs (excluding Other OIELs)

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment [See footnote 1]

### Country Footnotes

1. On 12 April 2011, the EU adopted additional sanctions on Iran in response to the deterioration of the human rights situation. Council Decision 2011/235/CFSP, as amended, includes restrictions on the supply of equipment which might be used for internal repression, as well as of monitoring and interception equipment.

All exports for this destination were approved in accordance with the sanctions in place.

2. The adoption of UN Security Council Resolution (UNSCR) 1929 on 9 June 2010 established a UN embargo on the supply of conventional weapons to Iran, in addition to restrictions introduced under the original UNSCR 1737 of 23 December 2006, which restricted any equipment that could contribute to the nuclear capability of Iran. EU Council Decision 2010/413/CFSP of 26 July 2010 (as amended) and EU Council Regulation 267/2012 (as amended) includes additional measures that, inter-alia, an embargo on imports of Iranian crude oil, natural gas, and petroleum products, trade in precious and raw metals, diamonds, Iranian banknotes and coinage to the Central Bank of Iran, naval equipment and technology for ship-building, and on certain software for integrating industrial processes. There is currently one exemption to the arms embargo, for the export of non-combat vehicles with ballistic protection intended solely for protective use of EU and Member States personnel.

EU counter-proliferation sanctions currently in force are set out in Council Decision 2010/413/CFSP, as amended. This Decision embargoes the supply of arms and equipment that could contribute to the nuclear capability of Iran, nearly all Dual-Use equipment and equipment for certain sectors of the oil and natural gas industries.

All exports for this destination were approved in accordance with the sanctions in place.

3. Following the implementation of the Joint Comprehensive Plan of Action, the flow of certain goods and services to Iran that were previously prohibited are now permitted. The restrictions currently in force with respect to Iran (counter proliferation) are set out in Council Decision 2010/413/CFSP (as amended) and EU Council Regulation 267/2012 (as amended). Measures include an arms embargo, which has one exemption for the export of non-combat vehicles with ballistic protection intended solely for protective use of EU and Member States personnel.

All exports for this destination were approved in accordance with the sanctions in place.

promoting the supply of machine guns (7).  
 promoting the supply of machine guns (18).  
 promoting the supply of machine guns (26).  
 promoting the supply of machine guns (1200).  
 promoting the supply of machine guns (2 licences).  
 promoting the supply of military aero-engines (2 licences).  
 promoting the supply of military aircraft ground equipment (2 licences).  
 promoting the supply of military aircrew life support equipment.  
 promoting the supply of military aircrew safety equipment.  
 promoting the supply of military combat vehicles (7 licences).  
 promoting the supply of military equipment for initiating explosives.  
 promoting the supply of military guidance/navigation equipment.  
 promoting the supply of military helmets (2 licences).  
 promoting the supply of military image intensifier equipment.  
 promoting the supply of military image recording/processing equipment.  
 promoting the supply of military infrared/thermal imaging equipment.  
 promoting the supply of military support vehicles (4 licences).  
 promoting the supply of military training aircraft.  
 promoting the supply of military training equipment.  
 promoting the supply of mortar bombs (4 licences).  
 promoting the supply of munitions/ordnance detection/disposal equipment.  
 promoting the supply of NBC protective/defensive equipment (2 licences).  
 promoting the supply of pistols (2 licences).  
 promoting the supply of rangefinding equipment.  
 promoting the supply of signalling devices (3 licences).  
 promoting the supply of small arms ammunition (8 licences).  
 promoting the supply of smoke/pyrotechnic ammunition (2 licences).  
 promoting the supply of sniper rifles (1000).  
 promoting the supply of surface launched rockets (4 licences).  
 promoting the supply of surface-to-surface missiles (2 licences).  
 promoting the supply of tanks (2 licences).  
 promoting the supply of targeting equipment (2 licences).  
 promoting the supply of training air launched rockets.  
 promoting the supply of training hand grenades.  
 promoting the supply of weapon cleaning equipment.  
 promoting the supply of weapon night sights.  
 promoting the supply of weapon sight mounts.  
 promoting the supply of weapon sights.  
 sniper rifles (1).  
 surface launched rockets.

## Country Footnotes

1. General trade sanctions against Iraq, except prohibitions related to the sale or supply of arms and related materiel, were revoked by the UN Security Council resolution 1483 (22 May 2003), implemented in UK legislation on 14 June 2003 by the Iraq (United Nations Sanctions) Order 2003 [S.I. 2003/1519]. UNSCR 1546 (2004) continues the embargo on arms and related materiel against Iraq, but provides exemptions for equipment required by the Government of Iraq to serve the purposes of UNSCR 1546 (2004).

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for naval end use.
2. Licence granted for armed forces end use.
3. Licence granted for government end use.
4. Licence granted for civilian / commercial end use.
5. Licence granted for Diplomatic missions.
6. Licence granted for explosive detection / disposal purposes. For Government end use.
7. Licence granted for accessories / spare parts for Navy end use.
8. Licence granted for explosive detection / disposal purposes. For civilian / commercial end use.
9. Licence granted for end use by a International Organisation.
10. Licence granted for cryptographic equipment for civilian / commercial end use.
11. 11/B
12. Licence granted for demonstration to potential customers. Civilian / commercial end use.
13. Licence granted for diplomatic missions.
14. Licence granted for testing and evaluation purposes. Civilian / commercial end use.

15. Licence granted for explosive detection / disposal purposes. International Organisation end use.
16. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.
17. Licence granted for end use by a international organisation.
18. Licence granted for government end use.
19. Licence granted for government end use.
20. Licence granted for government end use.
21. Licence granted for government end use.
22. Licence granted for government end use.
23. Licence granted for civilian / commercial end use.
24. Licence granted for civilian / commercial end use.
25. Licence granted for civilian / commercial end use.
26. Licence granted for civilian / commercial end use.
27. Licence granted for explosive detection / disposal purposes. International Organisation end use.
28. Licence granted for accessories / spare parts. Government end use.
29. Licence granted for goods returned after repair in the UK. Armed forces end use.
30. Licence granted for accessories / spare parts. End use by the Air Force.
31. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
32. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
33. Licence granted for accessories / spare parts. Academic end users.
34. Licence granted for end use by a international organisation.
35. Licence granted for armed forces end use.
36. Licence granted for armed forces end use.

T	weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A007	1	£4,050,821
5A002	2	£27,586

PL9010	2	£9,000
--------	---	--------

components for non-military firing sets.  
information security equipment (2 licences).  
non-military detonators.  
non-military firing sets.  
sporting shotguns (1) (2 licences).

## Refused

	Count
Non-military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Non-military

Control Entry	No. of licences with goods rated using Control Entry
End Use	1

civil construction equipment.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	1

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£9,967
Total	1	£9,967

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£9,967

components for military combat vehicles.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Singapore

## **SIELs - Transshipment**

### **Issued**

Types of goods on licence	No. of licences	Value
Non-military	1	£36,927
Total	1	£36,927

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry')As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### **Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9002	1	£36,927

non-military energetic materials.

## **OIELs (excluding Other OIELs)**

### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, civil body armour, components for body armour
2	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
3	P	technology for military support aircraft
4	P	components for ground vehicle military communications equipment, ground vehicle military communications equipment
5	P	military aero-engines
6	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
7	P	weapon sights
8	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
9	T	military support aircraft

10	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
11	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
12	P	components for weapon sights, equipment for the use of weapon sights, technology for equipment for the use of weapon sights, technology for weapon sights, weapon sights

T	aerial target equipment.
T(P)	aerial target equipment. assault rifles (2) [See footnote 7]. ballistic test equipment [See footnote 53]. blank/inert ammunition [See footnote 60]. body armour (5 licences) [See footnotes 13, 5, 55, 78, 80].
T	components for aerial target equipment.
T(P)	components for aerial target equipment. components for assault rifles [See footnote 7]. components for attack alerting/warning equipment [See footnote 5]. components for body armour [See footnote 78]. components for combat aircraft (2 licences) [See footnotes 63, 64]. components for combat helicopters [See footnote 33]. components for combat naval vessels [See footnote 21]. components for command/control equipment for unmanned air vehicles [See footnote 5].

	components for decoying/countermeasure equipment (2 licences) [See footnote 5].
	components for electronic warfare equipment (6 licences) [See footnotes 1, 15, 45, 5, 59].
	components for launching/handling/control equipment for munitions [See footnote 38].
	components for military aero-engines [See footnote 2].
	components for military combat vehicles (2 licences) [See footnotes 56, 57].
T	components for military combat vehicles.
	components for military communications equipment (2 licences) [See footnotes 35, 98].
	components for military electronic equipment (3 licences) [See footnotes 29, 97].
	components for military guidance/navigation equipment (2 licences) [See footnotes 44, 90].
	components for military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 95].
	components for military infrared/thermal imaging equipment [See footnote 17].
	components for military radars (8 licences) [See footnotes 103, 48, 5, 8].
	components for military spacecraft [See footnote 79].
	components for military support aircraft (3 licences) [See footnotes 40, 5].
	components for military training aircraft [See footnote 3].
	components for sniper rifles [See footnote 37].
	components for submarines (11 licences) [See footnotes 23, 58, 84, 85].
	components for surface-to-air missiles [See footnote 5].
	components for tanks [See footnote 50].
	components for targeting equipment (10 licences) [See footnotes 100, 17, 51, 61, 66, 67, 68, 69].
	components for unmanned air vehicles (2 licences) [See footnotes 62, 9].
	components for weapon control equipment [See footnote 49].
T	components for weapon night sights [See footnote 75].
	decoying/countermeasure equipment [See footnote 5].
	equipment for the development of military infrared/thermal imaging equipment [See footnote 54].
	equipment for the production of military support aircraft [See footnote 105].
	equipment for the use of electronic warfare equipment [See footnote 104].
T	equipment for the use of military guidance/navigation equipment.
	equipment for the use of military radars [See footnote 52].
	general military vehicle components [See footnote 106].
	general naval vessel components (8 licences) [See footnotes 22, 24, 25, 26, 31, 91].
	goods treated for signature suppression for military use [See footnote 46].
	ground vehicle military communications equipment [See footnote 5].
	launching/handling/control equipment for missiles [See footnote 54].
T	launching/handling/control equipment for missiles (2 licences) [See footnote 88].
	military communications equipment [See footnote 74].
T	military communications equipment.
	military electronic equipment (2 licences) [See footnote 54].
	military equipment for initiating explosives [See footnote 6].
	military guidance/navigation equipment [See footnote 92].
T	military guidance/navigation equipment.
	military helmets (2 licences) [See footnotes 34, 78].
	military software [See footnote 39].
	military support vehicles [See footnote 99].
	military training equipment [See footnote 36].
	naval electrical/electronic equipment.
	rangefinding equipment [See footnote 42].
	small arms ammunition [See footnote 93].
	sniper rifles (2) [See footnote 37].
	software for military electronic equipment [See footnote 54].
	technology for command/control equipment for unmanned air vehicles [See footnote 5].
	technology for military electronic equipment (3 licences) [See footnotes 43, 47, 54].
	technology for military radars [See footnote 5].
	technology for unmanned air vehicles (2 licences) [See footnotes 101, 62].
	training small arms ammunition [See footnote 32].
	unfinished products for military support aircraft [See footnote 5].
	unfinished products for tanks [See footnote 41].
	weapon sights (2 licences) [See footnotes 28, 96].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value

	beryllium compounds.
	civil explosive detection/identification equipment (3 licences) [See footnotes 10, 30, 94].
T	civil explosive detection/identification equipment (2 licences).
	civil NBC protection clothing.
	civil NBC protection equipment (2 licences).
	components for corrosion resistant chemical manufacturing equipment.
	components for global positioning satellite receivers.
	constituents of propellants.
	corrosion resistant chemical manufacturing equipment (11 licences).
	counter-improvised explosive device equipment [See footnote 27].
	dimensional measuring equipment (3 licences).
	direct view imaging equipment.
T	direct view imaging equipment.
	equipment employing cryptography (2 licences).
	equipment for the production of gas turbines (4 licences).
	fibrous/filamentary materials.
	frequency changers.
	global positioning satellite receivers.
	human pathogens (2 licences).
	imaging cameras (11 licences) [See footnotes 73, 81, 87].
T	imaging cameras (5 licences).
	inertial equipment.
	information security equipment (19 licences) [See footnotes 76, 77].
	information security software (7 licences).
	instrumentation cameras (2 licences).
T	laser acoustic detection equipment.
	lasers.
	machine tools.
	magnetometers.
	metal alloys in powder form (2 licences).
T	millimetric wave components.
T	network analysers.

	nickel powders.
	nuclear grade graphite (2 licences) [See footnote 5].
	pathogenic genetic elements.
	pressure transducers (4 licences).
T	real-time oscilloscopes (2 licences).
T	rebreathing swimming equipment.
	RF direction finding equipment (2 licences) [See footnote 4].
T	RF direction finding equipment.
	rocket structures [See footnote 82].
	semiconductor wafers with epitaxial layers.
T	signal analysers (5 licences).
	signal generators.
T	signal generators (5 licences) [See footnote 89].
	software for information security equipment (3 licences) [See footnote 83].
	software for radar equipment [See footnote 102].
	software for telecommunications interception equipment.
T	software for telecommunications interception equipment.
	technology for equipment for the production of gas turbines (2 licences).
	technology for information security equipment (3 licences).
	technology for magnetometers.
	technology for radar equipment [See footnote 102].
	telecommunications interception equipment (2 licences) [See footnote 20].
	viruses (2 licences) [See footnote 86].
	zirconium compounds (3 licences).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£1,420
6A002	1	£6,550
6A003	2	£65,725
8A002	1	£15,000
ML1	1	£100,609
ML5	1	£19,800
ML7	1	£10,550
ML11	1	£6,000
ML17	1	£100

T	civil NBC protection equipment.
T	civil riot control agent protection equipment.
T	components for civil NBC protection equipment.
T	components for civil riot control agent protection equipment.
T	components for NBC protective/defensive equipment.
	direct view imaging equipment [See footnote 71].
	imaging cameras (2 licences) [See footnotes 5, 71].
T	military communications equipment.
T	military laser protection equipment.
T	NBC protective/defensive equipment.
T	rebreathing swimming equipment.
	targeting equipment [See footnote 71].
	weapon night sights [See footnote 5].
	weapon sights [See footnote 5].

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	62	£3,432,685
Non-military	11	£123,488
Total	73	£3,556,173

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where

the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£36,381
ML5	23	£1,489,666
ML6	7	£853,671
ML10	16	£384,701
ML11	14	£668,265
ML22	6	£2

aircraft military communications equipment (2 licences) [See footnote 15].  
 components for airborne electronic warfare equipment [See footnote 15].  
 components for aircraft military communications equipment.  
 components for combat aircraft [See footnote 5].  
 components for decoying/countermeasure equipment.  
 components for electronic countermeasure equipment.  
 components for electronic warfare equipment (9 licences) [See footnotes 15, 17, 5, 72].  
 components for ground vehicle military communications equipment.  
 components for launching/handling/control equipment for missiles.  
 components for military aircraft head-up/down displays (2 licences) [See footnote 15].  
 components for military combat vehicles (4 licences) [See footnotes 18, 5].  
 components for military communications equipment.  
 components for military radars (11 licences) [See footnotes 15, 16, 17, 5, 65].  
 components for military support aircraft (2 licences).  
 components for targeting equipment (10 licences) [See footnotes 17, 5].  
 components for unmanned air vehicles (7 licences) [See footnotes 14, 5].  
 electronic warfare equipment (2 licences) [See footnote 5].  
 equipment for the use of military radars.  
 general military vehicle components (2 licences) [See footnote 5].  
 military aero-engines.  
 rangefinding equipment [See footnote 19].  
 targeting equipment [See footnote 5].  
 technology for command/control equipment for unmanned air vehicles [See footnote 14].  
 technology for unmanned air vehicles (5 licences) [See footnote 5].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C202	3	£100,072
2B350	8	£23,416

components for corrosion resistant chemical manufacturing equipment (2 licences).  
 corrosion resistant chemical manufacturing equipment (6 licences).  
 metal alloy cylindrical forms (3 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Angola  
 Australia  
 Brazil  
 Cameroon  
 Canada

Central African Republic  
Chile  
Colombia  
Denmark  
El Salvador  
Finland  
India  
Indonesia  
Iraq  
Italy  
Japan  
Luxembourg  
New Zealand  
North Macedonia  
Norway  
Philippines  
Poland  
Portugal  
Romania  
Singapore  
South Korea  
Spain  
Sweden  
Turkey  
United Arab Emirates  
United States of America

## **SIELs - Transhipment**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	2	£182,707
Total	2	£182,707

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£180,135
PL5017	1	£2,572

assault rifles (136) [See footnote 11].  
components for machine guns [See footnote 11].  
equipment for the use of machine guns [See footnote 11].

machine guns (2) [See footnote 11].

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military aero-engines, software for military aero-engines
2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 12]
3	P	technology for information security equipment
4	P	aerial target equipment, components for aerial target equipment, components for aircraft missile protection systems, signalling devices, software for aerial target equipment, technology for aerial target equipment [See footnote 5]
5	P	technology for information security equipment
6	P	technology for information security equipment
7	T	military support aircraft
8	P	components for military support aircraft
9	P	technology for information security equipment
10	P	biotechnology equipment, components for biotechnology equipment
11	P	inertial equipment
12	P	equipment for the development of information security equipment, equipment for the production of information security equipment, information security equipment, software for advanced telecommunication equipment, software for information security equipment, technology for advanced telecommunications equipment, technology for digital cellular radio system, technology for electronic devices, technology for general purpose integrated circuits, technology for information security equipment, technology for phased array antennas, technology for radio equipment
13	T	military support aircraft [See footnote 70]

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	T	military support aircraft [See footnote 70]

### SITCLs

Source	Issued	Refused	Revoked
Jordan	1	0	0

### Issued

all-wheel drive vehicles with ballistic protection.

### OITCLs

Source	Issued	Refused	Revoked
South Africa	1	0	0

### Issued

bomb suits.  
components for bomb suits.  
military helmets.

## Case & goods Footnotes

1. Licence granted for naval end use.
2. Licence granted for end use by the Air Force.
3. Licence granted for armed forces end use.
4. Licence granted for government end use.
5. Licence granted for civilian / commercial end use.
6. Licence granted for explosive detection / disposal purposes. For Government end use.
7. Licence granted for testing and evaluation purposes. For civilian / commercial end use.
8. Licence granted for demonstration to potential customers. Civilian / commercial end use.
9. Licence granted for accessories / spare parts for civilian / commercial end use.
10. Licence granted for explosive detection / disposal purposes. For civilian / commercial end use.
11. Licence granted for end use by a International Organisation.
12. Licence granted for cryptographic equipment for civilian / commercial end use.
13. Licence granted for testing and evaluation purposes. For Government end use.
14. Licence granted for civilian / commercial / Government / International Organisation end use.
15. Licence granted for civilian /commercial end use. Ultimate end use is for Air Force end use.
16. Licence granted for civilian /commercial end use. Ultimate end use is for Naval end use.
17. Licence granted for civilian /commercial end use. Ultimate end use is for government / defence end use.
18. Licence granted for civilian /commercial end use. Ultimate end use is for law enforcement.
19. Licence granted for civilian /commercial end use. Ultimate end user is an International Organisation.
20. Licence granted for accessories / spare parts. Government end use.
21. Licence granted for accessories / spare parts. End use by the Navy.
22. Licence granted for accessories / spare parts. End use by the Navy.
23. Licence granted for accessories / spare parts. End use by the Navy.
24. Licence granted for accessories / spare parts. End use by the Navy.
25. Licence granted for accessories / spare parts. End use by the Navy.
26. Licence granted for accessories / spare parts. End use by the Navy.
27. Licence granted for explosive detection / disposal purposes. Government end use.
28. Licence granted for goods returned after repair in the UK. Personal end use.
29. Licence granted for testing and evaluation purposes. Civilian / commercial end use.
30. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.
31. Licence granted for End use by the Navy.
32. Licence granted for end use by a law enforcement agency.
33. Licence granted for end use by the Air Force.
34. Licence granted for armed forces end use.
35. Licence granted for government end use.
36. Licence granted for government end use.
37. Licence granted for government end use.
38. Licence granted for government end use.
39. Licence granted for government end use.
40. Licence granted for government end use.
41. Licence granted for civilian / commercial end use.
42. Licence granted for civilian / commercial end use.
43. Licence granted for civilian / commercial end use.
44. Licence granted for civilian / commercial end use.
45. Licence granted for civilian / commercial end use.
46. Licence granted for civilian / commercial end use.
47. Licence granted for civilian / commercial end use.
48. Licence granted for civilian / commercial end use.
49. Licence granted for civilian / commercial end use.
50. Licence granted for civilian / commercial end use.
51. Licence granted for civilian / commercial end use.
52. Licence granted for civilian / commercial end use.
53. Licence granted for civilian / commercial end use.
54. Licence granted for civilian / commercial end use.
55. Licence granted for civilian / commercial end use.
56. Licence granted for civilian / commercial end use.
57. Licence granted for civilian / commercial end use.
58. Licence granted for civilian / commercial end use.
59. Licence granted for civilian / commercial end use.
60. Licence granted for civilian / commercial end use.

61. Licence granted for civilian / commercial end use.  
62. Licence granted for civilian / commercial end use.  
63. Licence granted for civilian / commercial end use.  
64. Licence granted for civilian / commercial end use.  
65. Licence granted for civilian / commercial end use.  
66. Licence granted for civilian / commercial end use.  
67. Licence granted for civilian / commercial end use.  
68. Licence granted for civilian / commercial end use.  
69. Licence granted for civilian / commercial end use.  
70. Licence granted for goods which will be returned to the UK. Civilian / commercial end use.  
71. Licence granted for accessories / spare parts. Civilian / commercial end use.  
72. Licence granted for accessories / spare parts. Civilian / commercial end use.  
73. Licence granted for accessories / spare parts. Civilian / commercial end use.  
74. Licence granted for accessories / spare parts. Civilian / commercial end use.  
75. Licence granted for goods which will be returned to the UK. Civilian / commercial end use.  
76. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.  
77. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.  
78. Licence granted for protective equipment for crowd control use. International Organisation end use.  
79. Licence granted for accessories / spare parts. Civilian / commercial end use.  
80. Licence granted for accessories / spare parts. Civilian / commercial end use.  
81. Licence granted for demonstration to potential customers. Civilian / commercial end use.  
82. Licence granted for civilian / commercial end use.  
83. Licence granted for accessories / spare parts. Law enforcement agency end use.  
84. Licence granted for accessories / spare parts. End use by the Navy.  
85. Licence granted for accessories / spare parts. End use by the Navy.  
86. Licence granted for accessories / spare parts. Academic end users.  
87. Licence granted for civilian / commercial end use.  
88. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.  
89. Licence granted for civilian / commercial end use.  
90. Licence granted for accessories / spare parts. Government end use.  
91. Licence granted for accessories / spare parts. Government end use.  
92. Licence granted for accessories / spare parts. Government end use.  
93. Licence granted for use by athletes in training and competition. Civilian / commercial end use.  
94. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.  
95. Licence granted for end use by a law enforcement agency.  
96. Licence granted for sporting / hunting purposes. Personal end use.  
97. Licence granted for government end use.  
98. Licence granted for government end use.  
99. Licence granted for End use by the Navy.  
100Licence granted for civilian / commercial end use.  
101Licence granted for civilian / commercial end use.  
102Licence granted for civilian / commercial end use.  
103Licence granted for civilian / commercial end use.  
104Licence granted for civilian / commercial end use.  
105Licence granted for civilian / commercial end use.  
106Licence granted for civilian / commercial end use.

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	components for combat aircraft, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
2	P	general military aircraft components, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for surface-to-air missiles, technology for unfinished products for combat aircraft, technology for unfinished products for combat helicopters, technology for unfinished products for military aero-engines, technology for unfinished products for military helicopters, technology for unfinished products for military support aircraft, technology for unfinished products for military training aircraft, technology for unfinished products for surface-to-air missiles, unfinished products for combat aircraft, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, unfinished products for military support aircraft, unfinished products for military training aircraft, unfinished products for surface-to-air missiles
3	P	body armour, civil body armour, components for body armour
4	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
5	P	electromagnetic wave absorbing materials
6	P	components for combat aircraft
7	P	unfinished products for combat aircraft, unfinished products for military aero-engines
8	P	components for combat aircraft
9	P	components for military guidance/navigation equipment, components for military radars
10	P	components for military aero-engines, software for military aero-engines
11	P	components for combat aircraft, technology for combat aircraft
12	P	components for aircraft military communications equipment, components for combat aircraft, components for military guidance/navigation equipment
13	P	components for combat aircraft, components for military training aircraft, general military aircraft components
14	P	components for military support aircraft, general military aircraft components
15	P	military aero-engines
16	P	weapon sights
17	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
18	P	weapon sights
19	T	aircraft military communications equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for decoying/countermeasure equipment, components for military aero-engines, components for military helicopters, decoying/countermeasure equipment, equipment for the production of military aero-engines, equipment for the production of military helicopters, equipment for the use of military aero-engines, equipment for the use of military helicopters, general military aircraft components, military aircraft ground equipment, military aircraft head-up/down displays, military guidance/navigation equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for decoying/countermeasure equipment, technology for equipment for the production of military aero-engines, technology for equipment for the production of military helicopters, technology for equipment for the use of military aero-engines, technology for equipment for the use of military helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircraft head-up/down displays, technology for military guidance/navigation equipment, technology for military helicopters, unfinished products for military aero-engines, unfinished products for military helicopters
20	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
21	T	military support aircraft

22	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
23	P	components for military support aircraft
24	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
25	P	components for military aero-engines, components for military helicopters
26	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
27	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
28	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment
29	P	explosives, non-military detonators, non-military firing sets
30	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing natural uranium, technology for materials containing thorium, technology for natural uranium, technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium processing equipment, technology for products containing depleted uranium, technology for products containing natural uranium, technology for products containing thorium, technology for thorium, technology for tritium production equipment, technology for uranium isotope separation equipment
31	P	general military vehicle components
32	P	components for NBC detection equipment, NBC detection equipment, technology for NBC detection equipment
33	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 12]
34	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 11]
35	P	weapon sights
36	T	military support aircraft
37	P	components for combat aircraft, components for military aero-engines, components for military training aircraft, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military communications equipment, military containers, military electronic equipment, military guidance/navigation equipment, military radars, software for combat aircraft, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military communications equipment, software for military electronic equipment, software for military guidance/navigation equipment, software for military radars, software for military training aircraft, technology for combat aircraft, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology

		for military aircrew safety equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military radars, technology for military training aircraft [See footnote 5]
38	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

## **SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	1	£76,278
Non-military	12	£5,461,525
Total	13	£5,537,803

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£76,278

components for military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 2].  
military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 2].

### **Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A007	1	£2,187
5A002	2	£7,357
6A001	4	£2,063,141
6A006	1	£12,000
7A003	4	£1,859,500
7A103	3	£1,516,940
7E101	2	£400

T guidance/navigation equipment.  
inertial equipment (3 licences).  
T inertial equipment (3 licences).  
information security equipment (2 licences).  
T magnetometers.  
marine position fixing equipment (4 licences).  
non-military firing sets.  
sonar log equipment (2 licences).  
T technology for inertial equipment (2 licences).

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
2	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
3	P	inertial equipment

### Country Footnotes

1. UN Security Council resolution 1572 of 15 November 2004 established an embargo on the supply of arms and related material to the Ivory Coast. The embargo was amended by Resolutions 1946 (2010) and 2045 (2012), and was most recently renewed through UNSCR 2101 (2013).

EU Restrictions currently in force with respect to the Ivory Coast are set out in Council Decision 2010/656/CFSP, as amended; these include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression.

All exports for this destination were approved in accordance with the sanctions in place.

2. UN Security Council resolution 1572 of 15 November 2004 established an embargo on the supply of arms and related material to the Ivory Coast. The embargo was amended by Resolutions 1946 (2010) and 2045 (2012), and was most recently renewed through UNSCR 2219 (2015) for a period until 30 April 2016.

EU Restrictions currently in force with respect to the Ivory Coast are set out in Council Decision 2010/656/CFSP, as amended; these include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for explosive detection / disposal purposes. International Organisation end use.

## Jamaica

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	direct view imaging equipment, image intensifier tubes

2	P	electromagnetic wave absorbing materials
3	P	components for military guidance/navigation equipment, components for military radars
4	P	body armour, components for body armour, components for military helmets, military helmets
5	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
6	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
7	P	military aero-engines
8	P	weapon sights
9	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
10	P	toxins
11	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
12	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
13	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
14	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment
15	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 3]
16	P	weapon sights
17	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, military communications equipment, NBC protective/defensive equipment, rebreathing swimming equipment
18	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 4]
19	T	military support aircraft
20	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary

1	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment
---	---	--

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for accessories / spare parts. Civilian / commercial end use.
2. Licence granted for temporary / exhibition purposes. Armed forces end use.
3. Licence granted for accessories / spare parts. End use by the Navy.
4. Licence granted for marketing and promotional use. Civilian / commercial end use.
5. Licence granted for testing and evaluation purposes. Law enforcement agency end use.

## Jordan

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	99	£17,093,671
Non-military	45	£2,973,388
Both Military and Non-military	5	£819,029
Total	149	£20,886,088

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where

the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	37	£4,038,149
ML2	1	£9,800
ML3	3	£157,341
ML4	3	£27,042

5A002	23	£605,055
5D002	9	£420,969
6A002	1	£2,600
6A003	2	£14,150
7A103	1	£1,750,000
PL9010	1	£3,000

	civil NBC detection systems (2 licences) [See footnote 17].
	civil NBC protection clothing.
T	civil NBC protection equipment.
	components for civil NBC detection systems [See footnote 17].
	corrosion resistant chemical manufacturing equipment (5 licences).
T	direct view imaging equipment.

T imaging cameras (2 licences).  
improvised explosive device activation/jamming equipment.  
inertial equipment.  
information security equipment (23 licences) [See footnotes 14, 18].  
information security software (7 licences) [See footnotes 12, 6].  
magnesium.  
software for information security equipment.  
software for information security software.  
sporting shotgun ammunition.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	4	£60,348
5D002	1	£635,000
6A003	1	£12,000
8A002	2	£20,000
ML7	3	£21,391
ML11	2	£12,000
ML17	2	£200
ML21	1	£0
PL5001	1	£58,091

anti-riot/ballistic shields [See footnote 8].  
civil NBC protection equipment [See footnote 8].  
civil NBC protection equipment (3 licences).  
civil riot control agent protection equipment.  
components for civil NBC protection equipment.  
components for civil riot control agent protection equipment (2 licences).  
components for NBC protective/defensive equipment (2 licences).  
imaging cameras.  
information security software.  
military communications equipment (2 licences).  
military laser protection equipment (2 licences).  
NBC protective/defensive equipment (3 licences).  
rebreathing swimming equipment (2 licences).  
software enabling equipment to function as military guidance/navigation equipment.

#### SIELs - Incorporation

##### Issued

Types of goods on licence	No. of licences	Value
Military	1	£8,066
Non-military	1	£2,420
Total	2	£10,486

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

##### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£8,066

components for military support aircraft.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£2,420

information security equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Somalia

Yemen

### SIELs - Transhipment

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£35,781
Total	1	£35,781

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry') As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£35,781

smoke/pyrotechnic ammunition.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	aircraft cannons, components for aircraft cannons, components for combat aircraft, components for launching/handling/control equipment for munitions, components for military aero-engines, components for military training aircraft, launching/handling/control equipment for munitions, military aero-engines, military aircraft ground equipment, technology for aircraft cannons, technology for combat aircraft, technology for launching/handling/control equipment for munitions, technology for military aero-engines, technology for military aircraft ground equipment, technology for military training aircraft

2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 5]
3	P	military aero-engines
4	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
5	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
6	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
7	P	equipment for intrusion software, software for intrusion software, technology for equipment for intrusion software
8	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 19]
9	T	military support aircraft [See footnote 9]
10	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft
11	P	information security software

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
2	P	components for equipment employing cryptography, cryptographic software, equipment employing cryptography, software for equipment employing cryptography

% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£79,643
Non-military	1	£254,975
Total	4	£334,618

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once

per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£8,923
ML13	1	£15,000
PL5001	1	£55,100
PL5017	1	£620

anti-riot/ballistic shields [See footnote 1].  
 bomb suits.  
 components for bomb suits.  
 components for gun silencers [See footnote 3].  
 components for sniper rifles [See footnote 3].  
 equipment for the use of gun silencers [See footnote 3].  
 equipment for the use of sniper rifles [See footnote 3].  
 gun mountings [See footnote 3].  
 gun silencers [See footnote 3].  
 military helmets.  
 sniper rifles (1) [See footnote 3].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
8A002	1	£254,975

rebreathing swimming equipment.

### OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 2]
2	T	military support aircraft

### Case & goods Footnotes

1. Licence granted for protective equipment for crowd control use. For Government end use.
2. Licence granted for cryptographic equipment for civilian / commercial end use.
3. Licence granted for sporting / hunting purposes. Personal end use.

## Laos

### Processing Statistics (excluding amendments)

Median processing time SIELs	17 days

## Country Footnotes

1. UNSCR 2128 (2013) currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in Liberia. There are exemptions to the embargo for supply of non-lethal equipment intended solely for humanitarian or protective end uses, as well as for equipment for support of or use by the UN peacekeeping mission in Liberia (UNMIL). The EU implement the UN resolutions through Council Decision 2010/129/CFSP and Council Regulation (EU) No 234/2004, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

## Country Footnotes

1. UN Security Council Resolution 1970 of 26 February 2011 established an embargo on the supply of arms and related material to Libya. The embargo was amended by Resolutions 2009 (2011) and 2095 (2013). Exemptions exist, with approval from the UN Sanctions Committee, for supplies of non-lethal military equipment and protective clothing for use by United Nations personnel, representatives of the media and humanitarian and development workers. Arms and related material intended solely for security or disarmament assistance to the Libyan government are also subject to exemption criteria.

EU Council Decision 2011/137/CFSP, as amended, restricts the provision of arms and related material; as well as of equipment that might be used for internal repression. Exemptions are in place for internal repression equipment intended solely for humanitarian or protective use, and for temporary export of protective clothing for use by United Nations and EU personnel, representatives of the media and humanitarian and development workers.

All exports for this destination must be in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for accessories / spare parts for civilian / commercial end use.
3. Licence granted for cryptographic equipment for civilian / commercial end use.
4. Licence granted for academic end users.

military helmets.

## Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. This embargo also extends to arms exports to Macao. The UK interpretation of the embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for training purposes. Armed forces end use.

 components for pistols [See footnote 2].  
 components for projectile launchers [See footnote 2].  
 components for sniper rifles (2 licences) [See footnotes 2, 6].  
 components for submarines (3 licences).  
 components for surface-to-air missiles.  
 components for targeting equipment.  
 crowd control ammunition [See footnote 2].  
 decoying/countermeasure equipment (2 licences).  
 demolition charges/devices (2 licences).  
 equipment for the use of assault rifles.  
 equipment for the use of grenade launchers.  
 equipment for the use of launching/handling/control equipment for munitions.  
 equipment for the use of machine guns (3 licences) [See footnotes 10, 2].  
 equipment for the use of military communications equipment.  
 equipment for the use of military infrared/thermal imaging equipment (2 licences).  
 T equipment for the use of military radars (2 licences).  
 equipment for the use of NBC detection equipment.  
 equipment for the use of sniper rifles (2 licences) [See footnotes 2, 6].  
 equipment for the use of submarines (2 licences).  
 equipment for the use of targeting equipment.  
 equipment for the use of weapon sight mounts.  
 equipment for the use of weapon sights.  
 general military aircraft components (8 licences).  
 general naval vessel components (2 licences).  
 goods treated for signature suppression for military use.  
 grenade launchers (2 licences) [See footnote 2].  
 gun mountings (2 licences) [See footnote 6].  
 gun silencers (4 licences) [See footnotes 10, 2, 6].  
 machine guns (10) [See footnote 2].  
 machine guns (11).  
 machine guns (20) [See footnote 10].  
 man portable air defence systems.  
 military aircraft ground equipment.  
 military communications equipment (4 licences).  
 military diving apparatus.  
 military electronic equipment.  
 military equipment for initiating explosives (2 licences).  
 T military equipment for initiating explosives.  
 military field engineer equipment.  
 military guidance/navigation equipment (2 licences).  
 military helmets.  
 T military helmets.  
 military image intensifier equipment.  
 T military improvised explosive device decoying/detection/disposal/jamming equipment.  
 military infrared/thermal imaging equipment.  
 military training equipment.  
 naval communications equipment.  
 naval electrical/electronic equipment.

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£45
Non-military	2	£8,198
Total	3	£8,243

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once

per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£45

components for military helicopters.

#### **Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
3A001	1	£3,335
6A001	1	£2,934
8A002	1	£1,929

extended temperature range integrated circuits.  
hydrophones.  
submersible equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Azerbaijan  
Canada  
France  
Kazakhstan  
Marshall Islands  
Russia  
Turkmenistan

#### **OIELs (excluding Other OIELs)**

#### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military training aircraft, unfinished products for military training aircraft
2	P	direct view imaging equipment, image intensifier tubes
3	P	components for equipment employing cryptography, cryptographic software, equipment employing cryptography, software for equipment employing cryptography, technology for cryptographic software, technology for equipment employing cryptography, technology for software for equipment employing cryptography
4	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
5	P	components for airborne refuelling equipment, components for combat aircraft, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
6	P	metal alloy cylindrical forms
7	P	inertial equipment

8	P	metal alloy cylindrical forms
9	P	metal alloy cylindrical forms
10	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
11	P	components for submarines
12	P	imaging cameras
13	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
14	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
15	P	military aero-engines
16	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
17	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
18	P	inertial equipment
19	P	components for military guidance/navigation equipment, components for military radars, military guidance/navigation equipment, military radars, technology for military guidance/navigation equipment, technology for military radars
20	P	civil NBC protection equipment, components for civil NBC protection equipment
21	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
22	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
23	P	assault rifles, body armour, components for assault rifles, components for body armour, components for pistols, components for sporting guns, direct view imaging equipment, military helmets, pistols, small arms ammunition, sporting guns, weapon sights
24	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
25	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
26	P	equipment for intrusion software, software for intrusion software, technology for equipment for intrusion software
27	P	acoustic devices for riot control, assault rifles, body armour, combat shotguns, components for assault rifles, components for body armour, components for combat shotguns, components for pistols, components for rifles, components for sniper rifles, components for sporting shotguns, military helmets, pistols, rifles, small arms ammunition, sniper rifles, sporting shotgun ammunition, sporting shotguns, weapon sights

28	P	components for aircraft carriers, components for combat naval vessels, components for equipment for the operation of military aircraft in confined areas, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
29	T	hydrophones
30	P	technology for composite laminates, technology for composite structures, technology for stretch-forming equipment
31	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 8]
32	P	guidance/navigation equipment, inertial equipment
33	P	weapon sights
34	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, military communications equipment, NBC protective/defensive equipment, rebreathing swimming equipment
35	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 9]
36	P	components for military radars, equipment for the use of military radars, military electronic equipment, software for military radars, technology for military radars
37	T	military support aircraft
38	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft

military helmets.

## Country Footnotes

1. United Nations Security Council Resolution 2374 (2017) was adopted in September 2017 establishing a sanctions regime on Mali which imposes travel bans and assets freezes on individuals and entities engaged in activities that threaten the peace, security or stability of the country.

The EU implements this sanctions regime via Council Decision (CFSP) 2017/1775 and Council Regulation (EU) 2017/1770.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for accessories / spare parts. Civilian / commercial end use.
2. Licence granted for explosive detection / disposal purposes. International Organisation end use.

# Malta

## Processing Statistics (excluding amendments)

9E003	5	£120,008

T	accelerometers. aromatic polyimide sheets. civil explosive detection/identification equipment (3 licences). civil NBC protection equipment. components for inertial equipment (2 licences). corrosion resistant chemical manufacturing equipment (4 licences).
T	direct view imaging equipment. frequency changers. gyroscopes. hydrophones. imaging cameras (5 licences).
T	imaging cameras. inertial equipment (2 licences). information security equipment (6 licences). machine tools (3 licences). magnetometers. metal alloy cylindrical forms. numerical control software (2 licences). pressure transducers. software for machine tools (3 licences). software for X-ray generators. submersible equipment. technology for gas turbine engines (5 licences). technology for machine tools (3 licences). technology for X-ray generators. towed hydrophone arrays (2 licences).
T	towed hydrophone arrays. toxins (2 licences). X-ray accelerators. X-ray generators.

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	2	£1,358,017
Total	2	£1,358,017

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value

ML6	1	£19,950
ML16	1	£1,338,067

general military vehicle components.  
unfinished products for military aero-engines.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Czech Republic  
France  
Israel  
Italy  
Poland  
Taiwan  
United States of America

#### **SIELs for goods covered by the torture regulation**

##### **Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£356
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£356

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£356

barbiturate anaesthetic agents for injection.

#### **OIELs (excluding Other OIELs)**

##### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, bomb suits, components for body armour, components for bomb suits [See footnote 2]
2	P	technology for military support aircraft
3	P	components for military aero-engines, software for military aero-engines

4	P	components for corrosion resistant chemical manufacturing equipment, corrosion resistant chemical manufacturing equipment
5	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 4]
6	P	military aero-engines
7	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
8	T	military support aircraft
9	P	inertial equipment
10	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
11	P	components for information security equipment, information security equipment
12	T	hydrophones
13	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 6]
14	T	military support aircraft

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
2	P	body armour, civil body armour, components for body armour
3	P	information security equipment

high performance air traffic control software [See footnote 1].  
information security equipment (3 licences) [See footnotes 1, 7, 8].  
information security software (6 licences) [See footnotes 2, 3, 4, 5, 6, 9].  
software for information security equipment [See footnote 7].

### Refused

	Count
Military	4
Non-military	3
Total	7

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry
ML1	1
ML11	1
ML13	1
ML22	1
PL5017	1

	body armour.
	components for body armour.
T	components for military communications equipment.
T	equipment for the use of weapon sights.
T	military communications equipment.
	military helmets.
	technology for military patrol/assault craft.
T	weapon night sights.
T	weapon sight mounts.
T	weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry
6A002	1
6A003	1
MEND	2

	components for military support aircraft.
T	direct view imaging equipment.
	electronic measurement equipment.
	imaging cameras.
T	imaging cameras.
	mechanical measurement equipment.
	software for electronic measurement equipment.
	software for imaging cameras.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used

#### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
2	P	inertial equipment

## Country Footnotes

1. Restrictions currently in force with respect to Myanmar are set out in Council Decision 2013/184/CFSP; these include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression as specified in Annex I to Council Regulation (EU) No 401/2013. All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for government end use.
2. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
3. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
4. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
5. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
6. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
7. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
8. Licence granted for civilian / commercial end use.
9. Licence granted for civilian / commercial end use.

## Namibia

 machine guns (10).  
 machine guns (12) (2 licences) [See footnote 3].  
 machine guns (26).  
 machine guns.  
 military helmets.  
 NBC protective/defensive equipment (2 licences) [See footnote 2].  
 pistols (1) (4 licences).  
 pistols (2).  
 pistols (4).  
 pistols (6).  
 pistols (7).  
 projectile launchers.  
 rifles (1).  
 sniper rifles (1) (4 licences).  
 sniper rifles (15).  
 sporting guns (2).  
 sporting guns (6).  
 sporting guns (15).  
 sporting shotguns (1).  
 sporting shotguns (3).  
 technology for military auxiliary/support vessels.  
 weapon cleaning equipment (2 licences).  
 weapon sight mounts.  
 weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C001	1	£610
1C351	1	£169
5A002	1	£28
PL9010	4	£8,130

information security equipment.  
 products containing depleted uranium [See footnote 1].  
 products containing thorium [See footnote 1].  
 sporting shotguns (1).  
 sporting shotguns (2).  
 sporting shotguns (2).  
 sporting shotguns (4).  
 toxins.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£310
ML1	1	£2,379
ML7	1	£314
PL9010	1	£6,850

civil NBC protection clothing.  
 NBC protective/defensive equipment.  
 sporting guns (4).  
 sporting shotguns (3).

weapon sights.

## **SIELs for goods covered by the torture regulation**

### **Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	2	£35,008
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	2	£35,008

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	2	£35,008

handcuffs.  
tear gas/riot control agents.

## **OIELs (excluding Other OIELs)**

### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, civil body armour, components for body armour
2	P	towed hydrophone arrays
3	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
4	P	components for ground vehicle military communications equipment, ground vehicle military communications equipment
5	P	military aero-engines
6	P	weapon sights
7	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
8	P	weapon sights
9	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays

10	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
11	P	general naval vessel components, software for general naval vessel components, technology for general naval vessel components
12	P	components for weapon sights, equipment for the use of weapon sights, technology for equipment for the use of weapon sights, technology for weapon sights, weapon sights
13	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
14	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
15	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
16	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
17	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
18	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 5]
19	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 4]
20	P	weapon sights
21	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, military communications equipment, NBC protective/defensive equipment, rebreathing swimming equipment
22	T	military support aircraft
23	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

## Rejected

attack alerting/warning equipment.  
 electronic countermeasure equipment.  
 equipment for the use of attack alerting/warning equipment.  
 equipment for the use of military radars.  
 equipment for the use of recognition/identification equipment.  
 equipment for the use of sensor integration equipment.  
 equipment for the use of targeting equipment.  
 military radars.  
 recognition/identification equipment.  
 sensor integration equipment.  
 targeting equipment.

## Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Case & goods Footnotes

1. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.
2. Licence granted for accessories / spare parts. Armed forces end use.
3. Licence granted for temporary / exhibition purposes. Personal end use.
4. Licence granted for accessories / spare parts. End use by the Navy.
5. Licence granted for armed forces end use.

	equipment for the production of surface-to-surface missiles.
	equipment for the use of military electronic equipment (2 licences).
	equipment for the use of military improvised explosive device decoying/detection/disposal/jamming equipment.
	equipment for the use of munitions/ordnance detection/disposal equipment.
	equipment for the use of weapon control equipment.
T	equipment for the use of weapon night sights (2 licences).
	general military vehicle components.
	gun mountings (3 licences).
	gun silencers (2 licences).
T	gun silencers.
	military aircraft ground equipment.
	military cameras/photographic equipment.
T	military electronic equipment.
	military equipment for initiating explosives (3 licences).
T	military guidance/navigation equipment (2 licences).
T	military image intensifier equipment (2 licences).
	military improvised explosive device decoying/detection/disposal/jamming equipment (2 licences).
T	military infrared/thermal imaging equipment (3 licences).
T	military training equipment.
T	NBC protective/defensive equipment.
	pyrotechnics/fuels and related substances.
	small arms ammunition (2 licences).
	smoke/pyrotechnic ammunition.
T	sniper rifles (1).
	sniper rifles (2).
	sniper rifles (6).
	software for test equipment for military guidance/navigation equipment.
	sporting guns (1) (2 licences).
	sporting shotgun ammunition.
	sporting shotguns (1).
T	targeting equipment (2 licences).
	technology for command/control equipment for unmanned air vehicles.

T	technology for decoying/countermeasure equipment (2 licences). technology for military electronic equipment. technology for multi-role missiles. technology for sniper rifles. training tear gas/irritant ammunition. wall/door breaching projectiles/ammunition. weapon cleaning equipment. weapon night sights.
T	weapon night sights (4 licences). weapon sight mounts. weapon sights (2 licences).
T	weapon sights (3 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C001	1	£455
0C002	1	£0
0C003	1	£402
1A007	1	£340
1C351	2	£2,539
2B350	5	£706,742
5A002	2	£28,810
6A001	2	£1,425,500
PL9010	2	£1,302

corrosion resistant chemical manufacturing equipment (5 licences).  
deuterium compounds.  
human pathogens.  
information security equipment (2 licences).  
marine object detection/location systems.  
materials containing enriched uranium.  
materials containing plutonium-239.  
non-military detonators.  
sporting shotguns (1) (2 licences).  
towed hydrophone arrays.  
toxins.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£93,892
ML7	1	£3,354
ML8	1	£20
ML11	1	£750
PL5017	1	£26
PL9002	1	£15

T	civil explosive detection/identification equipment.
T	civil NBC detection systems.
T	components for NBC detection equipment.
T	equipment for the use of NBC detection equipment. explosives.
T	NBC detection equipment. non-military energetic materials.

#### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	21	£850,372
Total	21	£850,372

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	16	£545,361
ML5	2	£20,594
ML10	1	£1,698
ML11	1	£279,021
PL5017	1	£3,698

components for anti-ship missiles.  
 components for combat aircraft.  
 components for launching/handling/control equipment for missiles (13 licences).  
 components for multi-role missiles.  
 components for recognition/identification equipment.  
 components for surface-to-surface missiles.  
 components for weapon control equipment.  
 equipment for the use of military communications equipment.  
 equipment for the use of military electronic equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Brazil  
 Hungary  
 India  
 Kuwait  
 Oman  
 Poland  
 Spain  
 United States of America

### **SIELs for goods covered by the torture regulation**

#### **Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	0	£0
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	1	£261
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£261

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once

per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£220
HR AIII	1	£40

barbiturate anaesthetic agents for injection.  
deuterium compounds.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, equipment for the production of military aero-engines, equipment for the use of military aero-engines, general military aircraft components, military aero-engines, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
2	P	body armour, civil body armour, components for body armour
3	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
4	P	electromagnetic wave absorbing materials
5	P	components for combat aircraft
6	P	components for military guidance/navigation equipment, components for military radars
7	P	components for military aero-engines, software for military aero-engines
8	P	body armour, components for body armour, components for military helmets, military helmets
9	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
10	P	components for ground vehicle military communications equipment, ground vehicle military communications equipment
11	P	military aero-engines
12	P	weapon sights
13	P	weapon sights
14	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
15	T	military support aircraft
16	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
17	P	components for weapon sights, equipment for the use of weapon sights, technology for equipment for the use of weapon sights, technology for weapon sights, weapon sights

18	P	components for military support aircraft
19	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
20	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
21	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
22	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
23	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
24	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets
25	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 2]
26	P	weapon sights
27	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 3]
28	T	military support aircraft
29	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment

#### SITCLs

Source	Issued	Refused	Revoked
Canada	1	0	0

#### Issued

components for military helmets.  
military helmets.

## Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for accessories / spare parts. End use by the Navy.
3. Licence granted for marketing and promotional use. Civilian / commercial end use.

## Oman

### Processing Statistics (excluding amendments)

Median processing time SIELs	18 days

	small arms ammunition [See footnote 7].
	sporting guns (100) [See footnote 7].
T	targeting equipment [See footnote 14].
	weapon sights [See footnote 7].

#### SIELs - Transshipment

##### Issued

Types of goods on licence	No. of licences	Value
Military	1	£32,519
Total	1	£32,519

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

##### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£32,519

assault rifles (50) [See footnote 4].  
flash suppressors [See footnote 4].

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for combat aircraft
2	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
3	P	components for military combat vehicles, components for military support vehicles, components for tanks, general military vehicle components, ground vehicle military communications equipment
4	P	components for combat aircraft
5	P	components for military aero-engines, software for military aero-engines
6	P	components for airborne refuelling equipment, components for combat aircraft, components for military aero-engines, components for military training aircraft
7	P	components for military combat vehicles
8	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 9]
9	P	components for aircraft military communications equipment, components for combat aircraft, components for military guidance/navigation equipment
10	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
11	P	military aero-engines
12	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
13	P	components for military guidance/navigation equipment, components for military radars, military guidance/navigation equipment, military radars, technology for military guidance/navigation equipment, technology for military radars
14	T	imaging cameras
15	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
16	P	components for military support aircraft
17	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
18	P	assault rifles, body armour, components for assault rifles, components for body armour, components for pistols, components for sporting guns, direct view imaging equipment, military helmets, pistols, small arms ammunition, sporting guns, weapon sights

19	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
20	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines

### **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Military	141	£7,164,189
Non-military	58	£3,350,159
Both Military and Non-military	1	£25,000
Total	200	£10,539,348

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	14	£157,063
ML3	7	£2,162,951
ML4	1	£27,013
ML5	4	£112,896
ML6	2	£466,000
ML8	1	£88,200
ML9	21	£281,700
ML10	66	£1,198,707
ML11	8	£318,742
ML13	7	£1,276,423

ML14	3	£14,681
ML15	1	£1,450
ML17	1	£682,000
ML18	6	£185,256
ML21	1	£3,000
ML22	4	£5,010
PL5001	2	£181,048
PL5017	9	£2,049

	anti-riot/ballistic shields (2 licences) [See footnotes 62, 72].
	assault rifles (40) [See footnote 58].
	body armour [See footnote 80].
	components for aerial target equipment (3 licences) [See footnotes 13, 25, 83].
	components for aircraft military communications equipment.
	components for all-wheel drive vehicles with ballistic protection.
	components for attack alerting/warning equipment [See footnote 11].
	components for body armour [See footnote 80].
	components for combat aircraft (6 licences) [See footnotes 39, 41, 5, 70].
	components for combat helicopters (7 licences) [See footnotes 1, 17, 18, 27, 84].
	components for combat naval vessels (5 licences) [See footnotes 19, 28, 7, 87].
	components for decoying/countermeasure equipment [See footnote 57].
	components for electronic warfare equipment [See footnote 11].
	components for equipment for the production of artillery ammunition (2 licences) [See footnotes 14, 61].
	components for general naval vessel components (2 licences) [See footnote 85].
	components for military aero-engines (5 licences) [See footnotes 2, 23, 45, 74, 79].
	components for military aircraft ground equipment [See footnote 21].
	components for military aircraft head-up/down displays (3 licences) [See footnotes 34, 67].
	components for military aircrew life support equipment.
	components for military auxiliary/support vessels (2 licences) [See footnotes 22, 69].
	components for military electronic equipment [See footnote 3].
	components for military guidance/navigation equipment (4 licences) [See footnotes 29, 30, 53, 81].
	components for military helicopters (15 licences) [See footnotes 1, 15, 2, 3, 43, 59, 6, 73, 74, 82].
	components for military radars (3 licences) [See footnotes 26, 36, 55].
	components for military support aircraft (12 licences) [See footnotes 1, 2, 35, 37, 75].
	components for mortar bombs [See footnote 88].
	components for naval engines [See footnote 77].
	components for naval gun installations/mountings [See footnote 16].
	components for rifles (2 licences) [See footnotes 47, 63].
	components for small arms ammunition.
	components for sniper rifles (4 licences) [See footnotes 3, 46, 48, 60].
T	components for sniper rifles.
	equipment for the production of artillery ammunition [See footnote 4].
	equipment for the production of rifles (3 licences) [See footnotes 4, 90].
	equipment for the use of military image recording/processing equipment.
T	equipment for the use of sniper rifles.
T	flash suppressers.
	general military aircraft components (7 licences) [See footnotes 38, 40, 41, 42, 44, 5].
	general naval vessel components (8 licences) [See footnotes 20, 24, 7, 78, 86].
	gun mountings (6 licences) [See footnotes 3, 46, 47, 48, 60, 63].
	military aero-engines (8 licences) [See footnotes 91, 92, 93, 94].
	military aircrew life support equipment (3 licences) [See footnote 33].
	military aircrew safety equipment.
	military guidance/navigation equipment.
	military helmets (7 licences) [See footnotes 12, 2, 56, 72, 76, 80, 89].
	military image intensifier equipment.
	military mobile repair shops and related equipment [See footnote 2].
	military support vehicles [See footnote 5].
	naval communications equipment.
	naval electrical/electronic equipment [See footnote 54].
	pyrotechnics/fuels and related substances.
	rifles (1) (2 licences) [See footnotes 47, 63].
	small arms ammunition (5 licences) [See footnotes 10, 3, 71, 9].
T	small arms ammunition.

## SIELs - Transshipment

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£11,138
Total	1	£11,138

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£11,138

components for pistols.  
pistols (28).

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, equipment for the production of military aero-engines, equipment for the use of military aero-engines, general military aircraft components, military aero-engines, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
2	P	components for combat helicopters, devices containing military pyrotechnic materials, equipment for the use of combat helicopters, military aircraft ground equipment, signalling devices, software for combat helicopters, software for equipment for the use of combat helicopters, technology for combat helicopters, technology for devices containing military pyrotechnic materials, technology for military aircraft ground equipment, technology for signalling devices
3	P	technology for military support aircraft
4	P	components for combat naval vessels, components for naval communications equipment, components for naval electrical/electronic equipment, components for naval engines, general naval vessel components
5	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
6	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
7	P	military aero-engines
8	P	components for military guidance/navigation equipment, components for military radars, military guidance/navigation equipment, military radars, technology for military guidance/navigation equipment, technology for military radars
9	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
10	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
11	T	military support aircraft

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	9	£1,301,249
ML2	1	£939
ML3	1	£115
ML4	2	£3,952
ML5	3	£28,803
ML6	13	£206,538
ML7	1	£1,136

ML9	1	£56,419
ML10	4	£1,599,952
ML11	6	£28,485
ML14	2	£180,980
ML15	3	£42,452
ML17	2	£41,845
ML22	2	£300
PL5017	2	£23,193

	components for assault rifles.
	components for civil NBC protection equipment.
	components for ground vehicle military communications equipment.
	components for military combat vehicles (2 licences).
	components for military guidance/navigation equipment.
	components for military helicopters.
	components for military improvised explosive device decoying/detection/disposal/jamming equipment.
	components for military infrared/thermal imaging equipment (3 licences).
	components for military radars (2 licences).
	components for military support vehicles.
	components for naval guns.
	components for NBC protective/defensive equipment.
	components for sniper rifles.
	components for turrets (2 licences).
T	components for weapon cleaning equipment.
	components for weapon sights.
	equipment for the operation of military aircraft in confined areas.
	general military vehicle components (8 licences).
	general naval vessel components.
	hand grenades.
	military aero-engines.
	military combat vehicles.
	military communications equipment (3 licences).
T	military communications equipment.
	military guidance/navigation equipment.
	military improvised explosive device decoying/detection/disposal/jamming equipment.
T	military training equipment (2 licences).
	NBC protective/defensive equipment.
	signature suppression fittings/coatings/treatments for military use (2 licences).
	small arms ammunition.
	sporting guns (1) (3 licences).
	sporting shotguns (1).
	technology for military communications equipment.
	technology for military guidance/navigation equipment.
T	unmanned air vehicles.
	weapon cleaning equipment.
	weapon night sights (3 licences).
	weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A001	1	£120,000
6A003	1	£5,000
PL9010	3	£111,435

	components for sporting shotguns.
	imaging cameras.
	sporting shotguns (1) (2 licences).
T	towed hydrophone arrays.

#### SIELs - Incorporation

**Issued**

Types of goods on licence	No. of licences	Value
Military	18	£6,044,960
Total	18	£6,044,960

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	2	£13,100
ML6	7	£3,791,864
ML10	8	£2,055,120
ML15	1	£182,000
ML18	1	£2,876
ML22	1	£0

components for all-wheel drive vehicles with ballistic protection (2 licences).  
 components for ground vehicle military communications equipment.  
 components for large calibre artillery.  
 components for military aero-engines (4 licences).  
 components for military combat vehicles (2 licences) [See footnotes 1, 2].  
 components for military support aircraft (3 licences).  
 components for military support vehicles.  
 components for military training aircraft.  
 components for naval guns (2 licences).  
 equipment for the production of military aero-engines.  
 general military vehicle components (2 licences).  
 military infrared/thermal imaging equipment.  
 technology for military aero-engines.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria  
 Brazil  
 Canada  
 China  
 Japan  
 Netherlands  
 Sweden  
 Uganda  
 United Arab Emirates  
 United States of America

**OIELs (excluding Other OIELs)****Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.

## SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£610,004
Non-military	8	£1,276,112
Both Military and Non-military	1	£12,940
Total	10	£1,899,056

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£454,034
PL5017	1	£155,970

components for combat helicopters [See footnote 1].  
 components for military helicopters [See footnote 1].  
 equipment for the use of combat helicopters [See footnote 1].  
 equipment for the use of military helicopters [See footnote 1].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	3	£10,804
6A001	2	£69,308
7A003	1	£210,000
7A008	1	£636,000
7A103	1	£350,000

T inertial equipment.  
inertial equipment.  
information security equipment (3 licences).  
T marine position fixing equipment (2 licences).  
underwater sonar navigation systems.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£3,490
ML11	1	£9,450

information security equipment.  
military communications equipment.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	towed hydrophone arrays
2	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
3	P	inertial equipment
4	T	military support aircraft [See footnote 2]

#### Case & goods Footnotes

1. Licence granted for accessories / spare parts. Civilian / commercial end use.
2. Licence granted for accessories / spare parts. Civilian / commercial end use.

### **Issued**

Types of goods on licence	No. of licences	Value
Non-military	1	£12,721
Total	1	£12,721

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£12,721

information security equipment.

### **Country Footnotes**

1. Restrictions currently in force with respect to Guinea (Conakry) are set out in Council Decision 2010/638/CFSP, as amended; these include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression as specified in Annex I to Council Regulation (EU) No 1284/2009, with exemptions for certain humanitarian, protective and UN or EU end uses. Amendments to Council Decision 2010/638/CFSP in 2011 and 2012 introduces further exemptions for the supply of non-lethal equipment to be used for maintaining public order by the police and gendarmerie in Guinea, for the return of non-combat helicopters to Guinea, and for the provision of explosives and related equipment intended solely for civilian use in mining and infrastructure investments. In April 2014, Council Decision 2014/213/CFSP lifted the arms embargo though measures against individuals remain in place.

All exports for this destination were approved in accordance with the sanctions in place.

## **Republic of Moldova**

oil and gas industry equipment/materials.

#### Country Footnotes

1. On 31 July 2014, the EU Council adopted further sanctions against Russia. Council Decision 2014/512/CFSP provides for restrictions on the supply of arms and military equipment; on dual use items for military use; on certain technologies for the oil industries; and on access to capital markets for certain financial institutions. Restrictive measures currently in force are set out in Council Decision 2014/659/CFSP and Regulation 960/2014 of 8 September 2014, as amended by Council Regulation 1290/2014 of 4 December 2014.
2. Decision 2014/512/CFSP, as amended, imposes a number of sectoral sanctions against Russian entities. These include restrictions on the supply of arms and military equipment, on dual use items for military use, ban on the supply of equipment and services to Russian deep water, Arctic and shale oil exploration and production projects, and a ban on Russian access to certain EU financial instruments and services.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for accessories / spare parts for end use by the Air Force.
3. Licence granted for demonstration to potential customers. Civilian / commercial end use.
4. Licence granted for sporting / hunting purposes for civilian / commercial end use.
5. End use country is a State Party to the CWC. Civilian / commercial end use.
6. Licence granted for cryptographic equipment for civilian / commercial end use.
7. Licence granted for medical research purposes for civilian / commercial end use.
8. Licence granted for accessories / spare parts. Civilian / commercial end use.
9. Licence granted for accessories / spare parts. Academic end users.
10. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.
11. Licence granted for sporting / hunting purposes. Civilian / commercial end use.
12. Licence granted for civilian / commercial end use.
13. Licence granted for accessories / spare parts. Civilian / commercial end use.
14. Licence granted for accessories / spare parts. Civilian / commercial end use.
15. Licence granted for accessories / spare parts. Civilian / commercial end use.
16. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.

	information security equipment (2 licences) [See footnotes 13, 52].
T	information security equipment (2 licences).
	linear shaped cutting charges [See footnote 81].
	military communications equipment (3 licences) [See footnotes 6, 8, 81].
	military electronic equipment [See footnote 52].
T	military electronic equipment (2 licences).
	military equipment for initiating explosives [See footnote 81].
	military image recording/processing equipment [See footnote 52].
	military improvised explosive device decoying/detection/disposal/jamming equipment (2 licences) [See footnotes 6, 81].
T	military infrared/thermal imaging equipment.
	military scenario simulation equipment [See footnote 13].
	military training equipment [See footnote 81].
	munitions/ordnance detection/disposal equipment (2 licences) [See footnotes 106, 81].
	NBC detection equipment [See footnote 81].
	NBC protective/defensive equipment (3 licences) [See footnotes 81, 97].

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for combat aircraft, components for military aero-engines
2	P	components for combat aircraft
3	P	technology for military support aircraft
4	P	components for combat aircraft
5	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 15]
6	P	components for aircraft military communications equipment, components for combat aircraft, components for military guidance/navigation equipment
7	P	counter-improvised explosive device equipment [See footnote 12]
8	P	military aero-engines
9	P	components for military communications equipment, equipment for the use of military communications equipment, military communications equipment, software for equipment for the use of military communications equipment, software for military communications equipment, technology for equipment for the use of military communications equipment, technology for military communications equipment [See footnote 3]
10	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
11	P	counter-improvised explosive device equipment
12	T	imaging cameras
13	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
14	P	components for military support aircraft
15	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
16	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
17	P	equipment for intrusion software, software for intrusion software, technology for equipment for intrusion software
18	P	components for decoying/countermeasure equipment, components for demolition charges/devices, components for depth charges, components for devices containing military pyrotechnic materials, components for launching/handling/control equipment for munitions, components for military equipment for initiating explosives, components for munitions/ordnance detection/disposal equipment, decoying/countermeasure equipment, demolition charges/devices, depth charges, devices containing military pyrotechnic materials, launching/handling/control equipment for munitions, military equipment for initiating explosives, munitions/ordnance detection/disposal equipment, training demolition charges/devices, training depth charges, training devices containing military pyrotechnic materials

19	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
20	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment
21	P	components for combat aircraft, components for military aircraft ground equipment, equipment for the use of combat aircraft, military aircraft ground equipment, technology for combat aircraft
22	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 94]
23	P	technology for remote sensing imaging sensors
24	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 95]
25	T	military support aircraft [See footnote 73]
26	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft
27	P	components for combat aircraft, components for military aero-engines, components for military training aircraft, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military communications equipment, military containers, military electronic equipment, military guidance/navigation equipment, military radars, software for combat aircraft, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military communications equipment, software for military electronic equipment, software for military guidance/navigation equipment, software for military radars, software for military training aircraft, technology for combat aircraft, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military radars, technology for military training aircraft [See footnote 75]
28	P	information security software

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	direct view imaging equipment, image intensifier tubes
2	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
3	P	components for ground vehicle military communications equipment, ground vehicle military communications equipment

4	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
5	P	ballistic test equipment, components for ballistic test equipment, components for equipment for the production of small arms ammunition, equipment for the production of small arms ammunition, equipment for the use of ballistic test equipment, software for ballistic test equipment, software for equipment for the production of small arms ammunition, technology for ballistic test equipment, technology for equipment for the production of small arms ammunition

#### SITCLs

Source	Issued	Refused	Revoked
Malaysia	1	0	0

#### Issued

munitions/ordnance detection/disposal equipment.

#### Issued

bomb suits.  
 components for bomb suits.  
 military helmets.  
 promoting the supply of assault rifles.  
 promoting the supply of flash suppressers.  
 promoting the supply of gun silencers.  
 promoting the supply of machine guns.  
 promoting the supply of pistols.  
 promoting the supply of small arms ammunition.  
 promoting the supply of weapon sights.

#### Rejected

attack alerting/warning equipment.  
 components for attack alerting/warning equipment.  
 components for electronic countermeasure equipment.  
 components for fire location equipment.  
 components for military radars.  
 components for rangefinding equipment.  
 components for recognition/identification equipment.

components for sensor integration equipment.  
 components for targeting equipment.  
 components for weapon control equipment.  
 components for weapon night sights.  
 components for weapon sights.  
 electronic countermeasure equipment.  
 equipment for the use of attack alerting/warning equipment.  
 equipment for the use of military radars.  
 equipment for the use of recognition/identification equipment.  
 equipment for the use of sensor integration equipment.  
 equipment for the use of targeting equipment.  
 fire location equipment.  
 military radars.  
 rangefinding equipment.  
 recognition/identification equipment.  
 sensor integration equipment.  
 targeting equipment.  
 weapon control equipment.  
 weapon night sights.  
 weapon sights.

### Case & goods Footnotes

1. Licence granted for naval end use.
2. Licence granted for end use by the Air Force.
3. Licence granted for armed forces end use.
4. Licence granted for government end use.
5. Licence granted for civilian / commercial end use.
6. Licence granted for accessories / spare parts for armed forces end use.
7. Licence granted for demonstration to potential customers. Civilian / commercial end use.
8. Licence granted for accessories / spare parts for Government end use.
9. Licence granted for accessories / spare parts for Navy end use.
10. Licence granted for accessories / spare parts for civilian / commercial end use.
11. Licence granted for sporting / hunting purposes for personal end use.
12. Licence granted for explosive detection / disposal purposes. For Armed Forces end use.
13. Licence granted for training purposes. For Air Force end use.
14. End use country is a State Party to the CWC. Civilian / commercial end use.
15. Licence granted for cryptographic equipment for civilian / commercial end use.
16. Licence granted for testing and evaluation purposes. For Government end use.
17. Licence granted for training purposes. For end use by the Navy.
18. Licence granted for explosive detection / disposal purposes. For Air Force end use.
19. Licence granted for civilian / commercial end use. Ultimate end use is for government / defence end use.
20. Licence granted for accessories / spare parts. Civilian / commercial end use.
21. Licence granted for demonstration to potential customers. Civilian / commercial end use.
22. Licence granted for accessories / spare parts. Armed forces end use.
23. Licence granted for accessories / spare parts. End use by the Navy.
24. Licence granted for accessories / spare parts. Civilian / commercial end use.
25. Licence granted for accessories / spare parts. End use by the Navy.
26. Licence granted for accessories / spare parts. End use by the Navy.
27. Licence granted for accessories / spare parts. End use by the Navy.
28. Licence granted for accessories / spare parts. End use by the Navy.
29. Licence granted for accessories / spare parts. End use by the Navy.
30. Licence granted for accessories / spare parts. End use by the Navy.
31. Licence granted for explosive detection / disposal purposes. End use by the Navy.
32. Licence granted for explosive detection / disposal purposes. End use by the Navy.
33. Licence granted for goods returned after repair in the UK. Armed forces end use.
34. Licence granted for goods returned after repair in the UK. End use by the Air Force.
35. Licence granted for testing and evaluation purposes. Government end use.
36. Licence granted for marketing and promotional use. Civilian / commercial end use.
37. Licence granted for training purposes. Government end use.
38. Licence granted for training purposes. End use by the Navy.
39. Licence granted for training purposes. End use by the Air Force.
40. Licence granted for training purposes. Civilian / commercial end use.
41. Licence granted for accessories / spare parts. Civilian / commercial end use.
42. Licence granted for accessories / spare parts. End use by the Air Force.
43. Licence granted for sporting / hunting purposes. Civilian / commercial end use.
44. Licence granted for End use by the Navy.
45. Licence granted for End use by the Navy.

## Senegal

### Processing Statistics (excluding amendments)

Median processing time SIELs	13 days
% and number of SIELs completed in 20 working days	71% (5)
% and number of SIELs completed in 60 working days	100% (7)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	65 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	25% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£7,980
Non-military	5	£1,342,931
Total	6	£1,350,911

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£7,980

body armour.  
 components for body armour.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value

3A231	1	£876,366
5A002	1	£22,350
6A003	1	£31,758
7A003	1	£12,987
8A001	1	£399,470

imaging cameras.  
inertial equipment.  
information security equipment [See footnote 2].  
neutron generators.  
submersible vehicles.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	towed hydrophone arrays
2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
3	T	military support aircraft [See footnote 3]

#### Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for accessories / spare parts. Civilian / commercial end use.
3. Licence granted for accessories / spare parts. Civilian / commercial end use.

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

#### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

##### Issued

Types of goods on licence	No. of licences	Value
Military	46	£4,319,282
Non-military	13	£884,061
Both Military and Non-military	2	£5,705
Total	61	£5,209,048

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	2	£88,433
ML6	1	£10,359
ML10	18	£2,312,125
ML11	15	£1,480,000
ML18	10	£417,430
ML22	36	£10,935

airborne refuelling equipment (2 licences).  
 blank/inert ammunition.  
 components for combat aircraft.  
 components for military aircraft ground equipment (3 licences).  
 components for military aircrew life support equipment (2 licences).  
 components for military combat vehicles.  
 components for unmanned air vehicles.  
 equipment for the production of combat aircraft.  
 equipment for the production of military aircraft ground equipment (5 licences).  
 equipment for the production of military helicopters (3 licences).  
 equipment for the production of naval communications equipment.  
 equipment for the use of military aircrew life support equipment.  
 equipment for the use of military communications equipment.  
 military aero-engines.  
 military aircraft ground equipment (7 licences).  
 military aircrew life support equipment (2 licences).  
 military communications equipment (13 licences).  
 small arms ammunition.  
 technology for equipment for the production of combat aircraft.  
 technology for equipment for the production of military aircraft ground equipment.  
 technology for equipment for the production of military helicopters (2 licences).  
 technology for equipment for the production of naval communications equipment.  
 technology for military aircraft ground equipment (12 licences).  
 technology for military aircrew life support equipment (5 licences).  
 technology for military communications equipment (14 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£16,286
1C351	2	£145
3A001	1	£5,475
5A001	1	£140,500
5A002	6	£608,005
5D001	1	£34,500

6A003	1	£3,750
6A008	1	£75,400
6D002	1	£0

civil explosive detection/identification equipment.  
 components for telecommunications jamming equipment.  
 general purpose integrated circuits.  
 imaging cameras.  
 information security equipment (6 licences).  
 radar equipment [See footnote 1].  
 software for radar equipment [See footnote 1].  
 software for telecommunications jamming equipment.  
 telecommunications jamming equipment.  
 toxins.  
 viruses [See footnote 2].

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£580
ML1	1	£1,440
ML7	1	£440
PL9010	1	£3,245

T civil NBC protection equipment.  
 T civil riot control agent protection equipment.  
 T components for civil riot control agent protection equipment.  
 T components for NBC protective/defensive equipment.  
 T NBC protective/defensive equipment.  
 sporting shotguns (110).  
 weapon sights.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment for the use of military aircraft ground equipment, military aircraft ground equipment, technology for military aircraft ground equipment
2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 3]
3	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
4	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, military communications equipment, NBC protective/defensive equipment, rebreathing swimming equipment
5	P	inertial equipment
6	T	military support aircraft

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. End use country is a State Party to the CWC. Civilian / commercial end use.
3. Licence granted for cryptographic equipment for civilian / commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£1,933,470
Non-military	3	£121,570
Both Military and Non-military	1	£164,000
Total	7	£2,219,040

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£1,557,000
ML3	2	£252,000

ML13	2	£124,470
------	---	----------

assault rifles (600) [See footnote 1].  
 body armour (2 licences) [See footnotes 1, 3].  
 combat shotguns (150) [See footnote 1].  
 components for assault rifles [See footnote 1].  
 components for body armour (2 licences) [See footnotes 1, 3].  
 components for machine guns [See footnote 1].  
 components for pistols [See footnote 1].  
 components for rifles [See footnote 1].  
 machine guns (4) [See footnote 1].  
 machine guns (30) [See footnote 1].  
 military helmets (2 licences) [See footnotes 1, 3].  
 pistols (30) [See footnote 1].  
 rifles (200) [See footnote 1].  
 small arms ammunition (2 licences) [See footnote 1].  
 weapon sights [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£53,130
6A002	1	£68,440

direct view imaging equipment.  
 information security equipment (2 licences).

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	1	£13,000
ML1	1	£107,000
ML3	1	£26,000
ML13	1	£18,000

assault rifles (32) [See footnote 1].  
 body armour [See footnote 1].  
 components for assault rifles [See footnote 1].  
 components for body armour [See footnote 1].  
 components for machine guns [See footnote 1].  
 direct view imaging equipment [See footnote 1].  
 machine guns (14) [See footnote 1].  
 military helmets [See footnote 1].  
 small arms ammunition [See footnote 1].  
 weapon sights [See footnote 1].

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 2]

2	P	assault rifles, body armour, components for assault rifles, components for body armour, components for pistols, components for sporting guns, direct view imaging equipment, military helmets, pistols, small arms ammunition, sporting guns, weapon sights
3	P	acoustic devices for riot control, assault rifles, body armour, combat shotguns, components for assault rifles, components for body armour, components for combat shotguns, components for pistols, components for rifles, components for sniper rifles, components for sporting shotguns, military helmets, pistols, rifles, small arms ammunition, sniper rifles, sporting shotgun ammunition, sporting shotguns, weapon sights
4	T	military support aircraft [See footnote 4]

#### OITCLs

Source	Issued	Refused	Revoked
Brazil, Brunei, Egypt, Hong Kong Special Administrative Region, India, Madagascar, Malaysia, Maldives, Mauritius, Mexico, Oman, Philippines, Qatar, Seychelles, Singapore, South Africa, Sri Lanka, Tanzania, Thailand	1	0	0

Comoros, Egypt, Jordan, Madagascar, Maldives, Malta, Mauritius, Oman, Seychelles, South Africa, Sri Lanka, Vessel and/or Platform in International Waters	1	0	0

#### Issued

- A assault rifles (4 licences).
- A body armour (4 licences).
- bomb suits.
- A combat shotguns.
- components for assault rifles (3 licences).
- A components for body armour (3 licences).
- components for rifles (2 licences).
- components for sporting guns (2 licences).
- A military helmets (4 licences).
- pistols.
- A rifles (3 licences).
- A small arms ammunition (4 licences).
- A sporting guns (3 licences).
- weapon night sights.

weapon sights (2 licences).

A - Some or all of which were issued on appeal.

### Case & goods Footnotes

1. Licence granted for anti-piracy operations. For civilian / commercial end use.
2. Licence granted for cryptographic equipment for civilian / commercial end use.
3. Licence granted for armed forces end use.
4. Licence granted for accessories / spare parts. Civilian / commercial end use.

## Sierra Leone

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	towed hydrophone arrays
2	P	information security software
3	T	military support aircraft [See footnote 2]

### SITCLs

Source	Issued	Refused	Revoked
Ghana	1	0	0

### Issued

military support vehicles.

## Country Footnotes

1. The United Nations imposed embargo on Sierra Leone was lifted on 29 September 2010 with the adoption of UN Security Council resolution 1940. The European Union also lifted EU-imposed sanctions in November 2010. The national implementing legislation on Sierra Leone is however still in force.

All licences for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for accessories / spare parts. Civilian / commercial end use.

South Africa	1	0	0

## Issued

assault rifles (2 licences).  
 body armour.  
 bomb suits (2 licences).  
 components for assault rifles.  
 components for bomb suits.  
 components for rifles.  
 components for sporting guns.  
 military helmets (2 licences).  
 rifles (2 licences).  
 small arms ammunition (2 licences).  
 sporting guns (2 licences).  
 weapon night sights.  
 weapon sights.

## Case & goods Footnotes

1. Licence granted for government end use.
2. Licence granted for accessories / spare parts for end use by a law enforcement agency.
3. Licence granted for cryptographic equipment for civilian / commercial end use.
4. Licence granted for accessories / spare parts. Academic end users.
5. Licence granted for anti-piracy operations. Civilian / commercial end use.
6. Licence granted for accessories / spare parts. Government end use.
7. Licence granted for accessories / spare parts. Civilian / commercial end use.
8. Licence granted for accessories / spare parts. Civilian / commercial end use.
9. Licence granted for accessories / spare parts. Civilian / commercial end use.
10. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.
11. Licence granted for accessories / spare parts. Civilian / commercial end use.
12. Licence granted for temporary / exhibition purposes. Civilian / commercial end use.
13. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.
14. Licence granted for accessories / spare parts. Government end use.
15. Licence granted for accessories / spare parts. Law enforcement agency end use.
16. Licence granted for accessories / spare parts. Civilian / commercial end use.
17. Licence granted for accessories / spare parts. Civilian / commercial end use.
18. Licence granted for accessories / spare parts. Civilian / commercial end use.
19. Licence granted for accessories / spare parts. Civilian / commercial end use.
20. Licence granted for accessories / spare parts. Civilian / commercial end use.
21. Licence granted for academic research purposes. Academic end users.

22. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.  
 23. Licence granted for civilian / commercial end use.  
 24. Licence granted for temporary / exhibition purposes. Armed forces end use.  
 25. Licence granted for demonstration to potential customers. Armed forces end use.  
 26. Licence granted for testing and evaluation purposes. Civilian / commercial end use.  
 27. Licence granted for accessories / spare parts. End use by the Navy.  
 28. Licence granted for marketing and promotional use. Civilian / commercial end use.

## Slovakia

### Processing Statistics (excluding amendments)

Median processing time SIELs	20 days
% and number of SIELs completed in 20 working days	53% (8)
% and number of SIELs completed in 60 working days	100% (15)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	52 days

% and number of OIELs completed in 60 working days	57% (12)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	9	£2,077,453
Total	9	£2,077,453

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£86,551
ML6	2	£1,926,239
ML10	1	£800
ML11	2	£9,262
ML13	1	£54,600

body armour.  
 components for body armour.  
 components for military combat vehicles.  
 components for military communications equipment.  
 components for military guidance/navigation equipment.  
 components for sporting guns.  
 general military aircraft components.  
 military helmets.  
 military support vehicles.

T pistols (50).  
weapon sights.

## **SIELs - Incorporation**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	5	£1,622,946
Total	5	£1,622,946

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML7	2	£816,354
ML11	1	£511,500
ML16	1	£173,329
ML17	1	£121,763

components for military communications equipment.  
components for military containers.  
NBC protective/defensive equipment (2 licences).  
unfinished products for general military vehicle components.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
Canada  
New Zealand  
Sweden  
Turkey  
United States of America

## **OIELs (excluding Other OIELs)**

### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military aero-engines, software for military aero-engines
2	P	military aero-engines
3	P	weapon sights
4	T	military support aircraft

5	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
6	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets

### Issued

all-wheel drive vehicles with ballistic protection (3 licences).  
military combat vehicles.  
promoting the supply of military support aircraft.

### OITCLs

Source	Issued	Refused	Revoked
South Africa	0	1	0

### Rejected

bomb suits.  
components for bomb suits.  
military helmets.

## Country Footnotes

1. UN Security Council Resolution 2142 (2014) continues the embargo on the supply of arms and related material. The embargo no longer applies to military equipment intended solely for the development of the Security Forces of the Federal Government of Somalia, providing the UN Sanctions Committee is notified in advance.

Exemptions to the embargo authorise supplies of non-lethal military equipment intended solely for humanitarian or protective use, weapons and military equipment for the support or use by UN personnel or strategic partners of AMISOM, supplies for use by UN member states to combat piracy and supplies intended for the development of Somali security sector institutions.

From 11 July 2014 the EU implements this UN sanction regime via Council Decision 2010/231/CFSP and Council Regulation (EU) No 356/2010, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for humanitarian end use.
3. Licence granted for explosive detection / disposal purposes. For end use by an International Organisation.
4. Licence granted for explosive detection / disposal purposes. For humanitarian end use.
5. Licence granted for training purposes. For end use by an International Organisation.
6. Licence granted for end use by a International Organisation.
7. Licence granted for International Organisation end use.
8. Licence granted for end use by a international organisation.
9. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
10. Licence granted for end use by a international organisation.
11. Licence granted for end use by a international organisation.

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	63	£13,151,450
Total	63	£13,151,450

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	20	£5,310,710
ML5	4	£700,747
ML6	13	£3,383,278
ML9	2	£134,469
ML10	9	£89,134
ML11	16	£3,421,112
ML13	1	£112,000

components for air-to-air missiles.  
 components for air-to-surface missiles (3 licences).  
 components for aircraft missile protection systems.  
 components for attack alerting/warning equipment.  
 components for body armour.  
 components for bombs (7 licences).  
 components for combat aircraft (6 licences).  
 components for combat helicopters.  
 components for combat naval vessels (2 licences).  
 components for decoying/countermeasure equipment (3 licences).  
 components for electronic warfare equipment (12 licences).  
 components for launching/handling/control equipment for missiles.  
 components for military combat vehicles (8 licences) [See footnotes 23, 9].  
 components for military communications equipment (3 licences) [See footnote 14].  
 components for military helicopters (2 licences) [See footnote 16].  
 components for military support vehicles.  
 components for military training aircraft [See footnote 16].  
 components for surface-to-air missiles (3 licences).  
 components for targeting equipment (2 licences).  
 components for weapon sights.  
 general military vehicle components (3 licences) [See footnote 21].  
 military equipment for initiating explosives [See footnote 8].  
 military guidance/navigation equipment.  
 turrets [See footnote 12].

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria  
 Brazil  
 Ecuador  
 Egypt  
 France  
 Gabon  
 India  
 Indonesia  
 Jordan  
 Kazakhstan  
 Malaysia  
 New Zealand  
 Saudi Arabia  
 Singapore  
 South Korea  
 Sweden  
 United Arab Emirates  
 United States of America  
 Vietnam

#### **SIELs - Transshipment**

##### **Issued**

Types of goods on licence	No. of licences	Value
Military	1	£100,193
Total	1	£100,193

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

##### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£100,193

small arms ammunition.

#### **OIELs (excluding Other OIELs)**

##### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	components for decoying/countermeasure equipment, components for electronic warfare equipment, components for military electronic equipment, components for military video recording equipment
2	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
3	P	metal alloy cylindrical forms
4	P	metal alloy cylindrical forms
5	P	metal alloy cylindrical forms
6	P	weapon sights
7	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 7]
8	P	components for launching/handling/control equipment for munitions, components for military aircraft navigation equipment, components for military communications equipment, components for military electronic equipment, general military aircraft components
9	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military infrared/thermal imaging equipment, accessories for training equipment for military training aircraft, aircraft cannons, aircraft military communications equipment, attack alerting/warning equipment, components for aircraft cannons, components for aircraft military communications equipment, components for attack alerting/warning equipment, components for electronic countermeasure equipment, components for fire location equipment, components for military cameras/photographic equipment, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for training equipment for military training aircraft, components for weapon control equipment, components for weapon night sights, electronic countermeasure equipment, equipment for the development of military training aircraft, equipment for the production of military training aircraft, fire location equipment, launching/handling/control equipment for missiles, launching/handling/control equipment for munitions, launching/handling/control equipment for rockets, military cameras/photographic equipment, military communications equipment, military electronic equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military infrared/thermal imaging equipment, military radars, rangefinding equipment, recognition/identification equipment, software for aircraft military communications equipment, software for attack alerting/warning equipment, software for electronic countermeasure equipment, software for equipment for the production of military training aircraft, software for fire location equipment, software for military cameras/photographic equipment, software for military communications equipment, software for military electronic equipment, software for military guidance/navigation equipment, software for military image intensifier equipment, software for military image recording/processing equipment, software for military infrared/thermal imaging equipment, software for military radars, software for military training aircraft, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for training equipment for military training aircraft, software for weapon control equipment, targeting equipment, technology for aircraft cannons, technology for aircraft military communications equipment, technology for attack alerting/warning equipment, technology for electronic countermeasure equipment, technology for equipment for the production of military training aircraft, technology for fire location equipment, technology for launching/handling/control equipment for missiles, technology for launching/handling/control equipment for munitions, technology for launching/handling/control equipment for rockets, technology for military cameras/photographic equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military infrared/thermal imaging equipment, technology for military radars, technology for military training aircraft, technology for rangefinding equipment, technology for recognition/identification equipment, technology for software for aircraft military communications equipment, technology for software for attack alerting/warning equipment, technology for software for electronic countermeasure equipment, technology for software for fire location equipment, technology for

		software for military cameras/photographic equipment, technology for software for military communications equipment, technology for software for military electronic equipment, technology for software for military guidance/navigation equipment, technology for software for military image intensifier equipment, technology for software for military image recording/processing equipment, technology for software for military infrared/thermal imaging equipment, technology for software for military radars, technology for software for rangefinding equipment, technology for software for recognition/identification equipment, technology for software for training equipment for military training aircraft, technology for software for weapon control equipment, technology for targeting equipment, technology for training equipment for military training aircraft, technology for weapon control equipment, technology for weapon night sights, training equipment for military training aircraft, weapon control equipment, weapon night sights
10	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
11	P	military aero-engines
12	P	weapon sights
13	P	weapon sights
14	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
15	P	inertial equipment
16	P	components for decoying/countermeasure equipment, components for military image recording/processing equipment
17	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
18	P	assault rifles, body armour, components for assault rifles, components for body armour, components for pistols, components for sporting guns, direct view imaging equipment, military helmets, pistols, small arms ammunition, sporting guns, weapon sights
19	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
20	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
21	P	acoustic devices for riot control, assault rifles, body armour, combat shotguns, components for assault rifles, components for body armour, components for combat shotguns, components for pistols, components for rifles, components for sniper rifles, components for sporting shotguns, military helmets, pistols, rifles, small arms ammunition, sniper rifles, sporting shotgun ammunition, sporting shotguns, weapon sights
22	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment
23	P	components for aircraft carriers, components for combat naval vessels, components for equipment for the operation of military aircraft in confined areas, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines

24	T	hydrophones
25	P	components for corrosion resistant chemical manufacturing equipment, corrosion resistant chemical manufacturing equipment
26	P	airborne refuelling equipment, components for airborne refuelling equipment, components for military aero-engines, components for military training aircraft, general military aircraft components, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military parachutes and equipment, software for airborne refuelling equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military parachutes and equipment, software for military training aircraft, technology for airborne refuelling equipment, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military parachutes and equipment, technology for military training aircraft
27	P	weapon sights
28	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 26]
29	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft
30	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
31	T	military support aircraft [See footnote 19]

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
2	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition
3	P	weapon sights

### **SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Military	296	£204,137,762
Non-military	217	£291,251,848
Both Military and Non-military	6	£1,565,472
Total	519	£496,955,082

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	12	£763,818
ML3	3	£17,488
ML4	13	£997,057
ML5	39	£3,478,582

 components for fire location equipment.  
 components for ground vehicle military communications equipment.  
 components for launching/ground support equipment for unmanned air vehicles (2 licences).  
 components for launching/handling/control equipment for missiles (2 licences).  
 components for launching/handling/control equipment for rockets.  
 components for machine guns.  
 components for military aero-engines (3 licences).  
 components for military auxiliary/support vessels (4 licences).  
 components for military bridges/pontoons/ferries.  
 components for military combat vehicles (9 licences).  
 components for military communications equipment (13 licences).  
 components for military diving apparatus (2 licences).  
 components for military electronic equipment (2 licences).  
 components for military guidance/navigation equipment (16 licences).  
 components for military helicopters (20 licences).  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment.  
 components for military infrared/thermal imaging equipment.  
 components for military radars (25 licences).  
 components for military support aircraft (3 licences).  
 components for military training aircraft (5 licences).  
 components for military training equipment.  
 components for munitions/ordnance detection/disposal equipment.  
 components for naval communications equipment (3 licences).  
 components for naval electrical/electronic equipment (3 licences).  
 components for naval engines (4 licences).  
 components for NBC detection equipment.  
 components for NBC protective/defensive equipment (2 licences) [See footnote 7].  
 components for periscopes.  
 components for pistols (2 licences).  
 components for recognition/identification equipment (2 licences).  
 components for small arms ammunition.  
 components for submarines (11 licences).  
 components for surface-to-air missiles (2 licences).  
 components for surface-to-surface missiles (2 licences).  
 components for tanks (5 licences).  
 components for targeting equipment.  
 components for unmanned air vehicles (11 licences).  
 components for weapon control equipment (2 licences).  
 equipment for the operation of military aircraft in confined areas (2 licences).  
 equipment for the production of unmanned air vehicles (3 licences).  
 equipment for the use of machine guns.  
 equipment for the use of military aircraft ground equipment.  
 equipment for the use of military bridges/pontoons/ferries.  
 equipment for the use of military diving apparatus (2 licences).  
 equipment for the use of NBC protective/defensive equipment.  
 equipment for the use of surface-to-surface missiles (2 licences).  
 equipment for the use of surface-to-surface missiles.  
 equipment for the use of weapon control equipment.  
 general military aircraft components (4 licences).  
 general military vehicle components.  
 general naval vessel components (22 licences).  
 gun mountings.  
 military aero-engines.  
 military aircraft ground equipment.  
 military aircrew safety equipment.

## Issued

assault rifles (400).  
 bomb suits.  
 bombs.  
 components for assault rifles.  
 components for machine guns.  
 components for mortars.  
 machine guns (92).  
 military combat vehicles.  
 mortar bombs.  
 mortars.  
 projectile launchers.  
 promoting the supply of assault rifles (86).  
 promoting the supply of assault rifles (100).  
 promoting the supply of blank/inert ammunition.  
 promoting the supply of body armour.  
 promoting the supply of components for hand grenades.  
 promoting the supply of components for machine guns (2 licences).  
 promoting the supply of components for pistols.  
 promoting the supply of components for small arms ammunition.  
 promoting the supply of equipment for the use of machine guns.  
 promoting the supply of hand grenades.  
 promoting the supply of machine guns (8).  
 promoting the supply of machine guns (100).  
 promoting the supply of military helmets.  
 promoting the supply of pistols (18).  
 promoting the supply of pistols (30).  
 promoting the supply of rifle grenades.  
 promoting the supply of rifles (20).  
 promoting the supply of signalling devices.  
 promoting the supply of small arms ammunition (2 licences).  
 promoting the supply of weapon cleaning equipment.  
 promoting the supply of weapon sights.  
 small arms ammunition.  
 tear gas/irritant ammunition.

## Country Footnotes

1. EU Council Decision 2014/449/CFSP separated existing joint measures concerning Sudan and South Sudan into distinct legal acts.

The measures embargo the provision of arms and related materiel to South Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU, EU or IGAD personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, AU or IGAD personnel, and demining equipment.

The EU previously embargoed the provision of arms and related materiel to Sudan and South Sudan jointly in Council Decision 2011/423/CFSP.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for humanitarian end use.
3. Licence granted for explosive detection / disposal purposes. For civilian / commercial end use.
4. Licence granted for explosive detection / disposal purposes. For end use by an International Organisation.
5. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
6. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
7. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
8. Licence granted for end use by a international organisation.
9. Licence granted for end use by a international organisation.
10. Licence granted for end use by a international organisation.

11. Licence granted for end use by a international organisation.  
12. Licence granted for end use by a international organisation.

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	167	£161,196,132
Non-military	12	£549,656
Both Military and Non-military	1	£11,380
Total	180	£161,757,168

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	16	£694,045
ML2	4	£20,196
ML3	4	£271,270

ML4	11	£1,028,330
ML5	3	£83,002
ML6	7	£98,236
ML7	5	£2,948
ML9	5	£14,247

	general naval vessel components (4 licences).
	gun mountings (2 licences).
	gun silencers (2 licences).
	launching/ground support equipment for unmanned air vehicles.
T	machine guns (2).
	military combat vehicles (2 licences).
	military electronic equipment [See footnote 5].
T	military electronic equipment.
T	military guidance/navigation equipment.
	military helmets (3 licences).
T	military image intensifier equipment.

T	military infrared/thermal imaging equipment.
T	military support aircraft.
T	military support vehicles.
	military training equipment.
	NBC protective/defensive equipment (3 licences).
	pistols (1).
T	rangefinding equipment.
	rifles (1) (2 licences).
	signature suppression fittings/coatings/treatments for military use.
	small arms ammunition (2 licences).
	smoke canisters.
	sniper rifles (14).
	sporting guns (1) (3 licences).
	sporting guns (2).
	sporting shotguns (1) (2 licences).
	tear gas/irritant ammunition.
	technology for combat aircraft.
	technology for military training aircraft.
	technology for sniper rifles.
	technology for unmanned air vehicles.
	training tear gas/irritant ammunition.
	unfinished products for artillery.
	unfinished products for combat aircraft (2 licences).
	unfinished products for military combat vehicles (6 licences).
	unfinished products for training artillery ammunition.
	wall/door breaching projectiles/ammunition.
	weapon cleaning equipment (3 licences).
T	weapon cleaning equipment.
	weapon night sights (2 licences).
T	weapon night sights.
	weapon sight mounts (3 licences).
T	weapon sight mounts.
	weapon sights (5 licences).
T	weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0D001	1	£100,000
0E001	7	£401,005
1A007	2	£25,741
PL9010	3	£22,910

non-military detonators (2 licences).  
 software for nuclear reactors (2 licences).  
 sporting shotguns (1).  
 sporting shotguns (2).  
 sporting shotguns (8).  
 technology for enriched uranium (2 licences).  
 technology for materials containing plutonium-239.  
 technology for natural uranium (2 licences).  
 technology for nuclear fuel reprocessing equipment (3 licences).  
 technology for nuclear grade graphite (3 licences).  
 technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation (3 licences).  
 technology for nuclear reactor fuel element fabrication equipment (3 licences).  
 technology for nuclear reactors (4 licences).  
 technology for plutonium processing equipment (2 licences).  
 technology for plutonium-239 (3 licences).  
 technology for products containing plutonium-239.  
 technology for uranium conversion equipment (2 licences).  
 technology for uranium isotope separation equipment (2 licences).  
 technology for uranium-233 (2 licences).

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£8,000
ML7	1	£3,354
PL5017	1	£26

T civil explosive detection/identification equipment.  
T components for NBC detection equipment.  
T NBC detection equipment.  
T test equipment for NBC detection equipment.

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	85	£6,400,381
Non-military	2	£163,124
Both Military and Non-military	2	£1,865,268
Total	89	£8,428,773

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£9,323
ML5	5	£123,852
ML6	1	£30,008
ML9	3	£76,296
ML10	65	£3,646,510
ML11	6	£194,942
ML15	1	£1,640,300
ML16	2	£679,030
ML21	1	£120
ML22	2	£0

components for air-to-air missiles.  
components for aircraft military communications equipment (2 licences).  
components for attack alerting/warning equipment.  
components for combat aircraft (8 licences).  
components for military aero-engines (2 licences).  
components for military airborne equipment.  
components for military communications equipment (2 licences).  
components for military radars.  
components for military support aircraft (53 licences) [See footnotes 2, 3].  
components for submarines (3 licences).  
components for surface-to-surface missiles.  
components for targeting equipment (3 licences).  
electronic warfare equipment (4 licences).  
equipment for the use of military communications equipment.  
general military vehicle components.

military communications equipment.  
 military infrared/thermal imaging equipment.  
 software for military communications equipment.  
 technology for military communications equipment (2 licences).  
 unfinished products for military aero-engines.  
 unfinished products for training artillery ammunition.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A007	1	£49,068
5A001	1	£114,056

non-military detonators.  
 underwater telecommunications systems.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£62,018
ML11	2	£1,799,593
ML21	1	£2,877
ML22	2	£779

components for military communications equipment (2 licences).  
 equipment for the use of military communications equipment (2 licences).  
 information security equipment (2 licences).  
 military communications equipment.  
 software for military communications equipment.  
 technology for military communications equipment (2 licences).

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, components for body armour
2	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
3	P	electromagnetic wave absorbing materials
4	P	components for combat aircraft
5	P	technology for military support aircraft
6	P	unfinished products for combat aircraft, unfinished products for military aero-engines
7	P	components for combat aircraft
8	P	body armour, components for body armour, components for military helmets, military helmets
9	P	components for aircraft military communications equipment, components for combat aircraft, components for military guidance/navigation equipment
10	P	military aero-engines
11	P	components for military support aircraft
12	P	weapon sights
13	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
14	P	weapon sights
15	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
16	T	military support aircraft
17	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
18	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets

19	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
20	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
21	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
22	P	components for military support aircraft
23	P	explosives, non-military detonators, non-military firing sets
24	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing natural uranium, technology for materials containing thorium, technology for natural uranium, technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium processing equipment, technology for products containing depleted uranium, technology for products containing natural uranium, technology for products containing thorium, technology for thorium, technology for tritium production equipment, technology for uranium isotope separation equipment
25	P	components for NBC detection equipment, NBC detection equipment, technology for NBC detection equipment
26	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 4]
27	P	weapon sights
28	T	military support aircraft
29	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for ejector seats, components for military parachutes, components for military training aircraft, ejector seats, military aircraft ground equipment, military distress signalling equipment, military parachutes, technology for the development of ejector seats, technology for the development of military aircraft ground equipment, technology for the development of military distress signalling equipment, technology for the development of military parachutes, technology for the development of military training aircraft, technology for the production of ejector seats, technology for the production of military aircraft ground equipment, technology for the production of military distress signalling equipment, technology for the production of military parachutes, technology for the production of military training aircraft, technology for the use of ejector seats, technology for the use of military aircraft ground equipment, technology for the use of military distress signalling equipment, technology for the use of military parachutes, technology for the use of military training aircraft

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	13	£5,531,321
Non-military	13	£2,067,870
Both Military and Non-military	2	£2,250,000
Total	28	£9,849,191

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£4,417,000
ML3	4	£713,700
ML6	1	£2,836
ML10	4	£54,891
ML11	2	£5,148
ML13	4	£307,225
ML18	1	£30,000
ML22	2	£520

assault rifles (600) (3 licences) [See footnotes 3, 7, 8].  
body armour (3 licences) [See footnotes 3, 7, 8].  
bomb suits [See footnote 17].  
combat shotguns (150) (2 licences) [See footnotes 3, 7].  
combat shotguns (300) [See footnote 8].  
components for all-wheel drive vehicles with ballistic protection [See footnote 2].  
components for assault rifles (3 licences) [See footnotes 3, 7, 8].  
components for body armour (3 licences) [See footnotes 3, 7, 8].  
components for bomb suits [See footnote 17].  
components for military communications equipment [See footnote 16].  
T components for military communications equipment.  
components for military parachutes and equipment [See footnote 1].  
components for military support aircraft (3 licences) [See footnote 1].  
components for pistols (3 licences) [See footnotes 3, 7, 8].  
components for rifles [See footnote 8].  
components for sporting guns (2 licences) [See footnotes 3, 7].  
equipment for the production of constructions for ballistic protection of military systems [See footnote 1].  
general military aircraft components [See footnote 18].  
T military communications equipment.  
military helmets (4 licences) [See footnotes 17, 3, 7, 8].  
pistols (30) (3 licences) [See footnotes 3, 7, 8].  
rifles (200) [See footnote 8].  
small arms ammunition (4 licences) [See footnotes 3, 5, 7, 8].  
sporting guns (200) (2 licences) [See footnotes 3, 7].  
sporting shotgun ammunition (3 licences) [See footnotes 3, 7, 8].  
technology for equipment for the production of constructions for ballistic protection of military systems [See footnote 1].  
technology for military parachutes and equipment [See footnote 1].  
technology for military support aircraft [See footnote 1].

weapon sights (3 licences) [See footnotes 3, 7, 8].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£32,000
1C210	2	£525,000
1C350	4	£10,870

United Arab Emirates	1	0	0

## Issued

all-wheel drive vehicles with ballistic protection [See footnote 4].

## Country Footnotes

1. UN Security Council resolution 1556 (2004) established an embargo on the supply of arms and related material to non-governmental entities in the Darfur region of Sudan; this was extended to include all individuals and entities in Darfur through Resolution 1591 (2005).

EU Council Decision 2011/423/CFSP, as amended, embargoed the provision of arms and related material to Sudan and South Sudan. EU Council Decision 2014/450/CFSP repealed Decision 2011/423/CFSP and separated the restrictive measures imposed on Sudan into a distinct legal instrument.

The measures embargo the provision of arms and related materiel to Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU or EU personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, or AU, and demining equipment.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for academic research purposes. Academic end users.
2. Licence granted for academic research purposes. Academic end users.
3. Licence granted for equipment to improve broadband connectivity. International Organisation end use.
4. Licence granted for accessories / spare parts. Diplomatic missions.
5. Licence granted for diplomatic missions.

#### **OIELs (excluding Other OIELs)**

#### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, components for body armour

2	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
3	P	electromagnetic wave absorbing materials
4	P	components for combat aircraft
5	P	components for military guidance/navigation equipment, components for military radars
6	P	body armour, components for body armour, components for military helmets, military helmets
7	P	technology for nuclear reactors
8	P	military aero-engines
9	P	weapon sights
10	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
11	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
12	T	military support aircraft
13	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
14	P	components for weapon sights, equipment for the use of weapon sights, technology for equipment for the use of weapon sights, technology for weapon sights, weapon sights
15	P	software for nuclear reactors, technology for materials containing uranium-233, technology for nuclear reactors, technology for products containing uranium-233, technology for uranium-233
16	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
17	P	components for equipment for the use of attack alerting/warning equipment, components for rangefinding equipment, components for test equipment for equipment for the use of attack alerting/warning equipment, equipment for the use of attack alerting/warning equipment, rangefinding equipment, software for equipment for the use of attack alerting/warning equipment, technology for equipment for the use of attack alerting/warning equipment, technology for rangefinding equipment, technology for software for equipment for the use of attack alerting/warning equipment, technology for test equipment for equipment for the use of attack alerting/warning equipment, test equipment for attack alerting/warning equipment, test equipment for equipment for the use of attack alerting/warning equipment
18	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
19	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
20	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up displays, components for military aircraft head-up/down displays, components for military electronic equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, military aircraft head-up displays, military aircraft head-up/down displays, military electronic equipment, military guidance/navigation equipment

21	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing natural uranium, technology for materials containing thorium, technology for natural uranium, technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium processing equipment, technology for products containing depleted uranium, technology for products containing natural uranium, technology for products containing thorium, technology for thorium, technology for tritium production equipment, technology for uranium isotope separation equipment
22	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
23	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 2]
24	P	weapon sights
25	T	military support aircraft
26	P	components for small arms ammunition, components for sporting guns, components for weapon sights, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights

bomb suits.  
components for body armour.  
military helmets.

## Country Footnotes

1. On 31 May 2013, the EU adopted Council Decision 2013/255/CFSP, which lifted the embargoes on arms and related material, as well as on equipment which might be used for internal repression.

This Decision also renewed the remaining measures set out in repealed Decision 2012/739/CFSP, which include embargoes on further equipment that might be used for internal repression (chemical warfare precursors and related equipment), monitoring and interception equipment, key equipment and technology for certain sectors of the oil and natural gas industry in Syria, luxury goods, and Syrian denominated banknotes and coinage.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for humanitarian end use.

## **SIELs - Incorporation**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	2	£57,806
Non-military	3	£64,852
Total	5	£122,657

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£3,806
ML16	1	£54,000

components for military aero-engines.  
 unfinished products for military aero-engines.

### **Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1C202	2	£37,877
6A003	1	£26,975

imaging cameras.  
 metal alloy cylindrical forms (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

India  
 Poland  
 United States of America

## **OIELs (excluding Other OIELs)**

### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for military aero-engines, technology for unfinished products for military aero-engines, unfinished products for military aero-engines

2	P	body armour, bomb suits, components for body armour, components for bomb suits [See footnote 2]
3	P	metal alloy cylindrical forms
4	P	inertial equipment
5	P	metal alloy cylindrical forms
6	P	metal alloy cylindrical forms
7	P	imaging cameras
8	P	software for inertial equipment
9 (Rv)	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
10	P	technology for military aero-engines
11	P	technology for information security equipment
12	P	military aero-engines
13	P	technology for information security equipment
14	P	technology for information security equipment
15	P	weapon sights
16	P	civil NBC protection equipment, components for civil NBC protection equipment
17	P	general naval vessel components, technology for general naval vessel components
18	P	components for aircraft carriers, components for combat naval vessels, components for equipment for the operation of military aircraft in confined areas, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines
19	P	technology for information security equipment
20	P	accessories for military scenario simulation equipment, components for military scenario simulation equipment, equipment for the use of electronic warfare equipment, equipment for the use of military scenario simulation equipment, military scenario simulation equipment, software for equipment for the use of electronic warfare equipment, software for military scenario simulation equipment, technology for equipment for the use of electronic warfare equipment, technology for military scenario simulation equipment
21	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft [See footnote 27]
22	P	equipment for the development of information security equipment, equipment for the production of information security equipment, information security equipment, software for advanced telecommunication equipment, software for information security equipment, technology for advanced telecommunications equipment, technology for digital cellular radio system, technology for electronic devices, technology for general purpose integrated circuits, technology for information security equipment, technology for phased array antennas, technology for radio equipment
23	P	components for naval electrical/electronic equipment, equipment for the use of naval electrical/electronic equipment, military training equipment, naval electrical/electronic equipment, software for military training equipment, software for naval electrical/electronic equipment, technology for naval electrical/electronic equipment
24	T	military support aircraft
25	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft

Rv - Some or all of which have subsequently been revoked.

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	civil body armour
2	P	dimensional measuring equipment

## Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for ejector seats, components for military parachutes, components for military training aircraft, ejector seats, military aircraft ground equipment, military distress signalling equipment, military parachutes, technology for the development of ejector seats, technology for the development of military aircraft ground equipment, technology for the development of military distress signalling equipment, technology for the development of military parachutes, technology for the development of military training aircraft, technology for the production of ejector seats, technology for the production of military aircraft ground equipment, technology for the production of military distress signalling equipment, technology for the production of military parachutes, technology for the production of military training aircraft, technology for the use of ejector seats, technology for the use of military aircraft ground equipment, technology for the use of military distress signalling equipment, technology for the use of military parachutes, technology for the use of military training aircraft [See footnote 1]
2	P	components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, NBC protective/defensive equipment

## Issued

weapon night sights [See footnote 6].  
weapon sights [See footnote 6].

## Case & goods Footnotes

1. All exports under this open licence are initially exported to the US to support their FMS Programme and onward export to Taiwan.
2. Licence granted for explosive detection / disposal purposes. For Government end use.
3. Licence granted for sporting / hunting purposes for civilian / commercial end use.
4. Licence granted for academic research purposes. Academic end users.
5. Licence granted for accessories / spare parts. Armed forces end use.
6. 8F
7. Licence granted for academic research purposes. Academic end users.
8. Licence granted for accessories / spare parts. Government end use.
9. Licence granted for cryptographic equipment for commercial use. Civilian / commercial end use.
10. Licence granted for accessories / spare parts. Civilian / commercial end use.
11. Licence granted for civilian / commercial end use.
12. Licence granted for accessories / spare parts. Government end use.
13. Licence granted for accessories / spare parts. Government end use.
14. Licence granted for accessories / spare parts. Academic end users.
15. Licence granted for accessories / spare parts. Academic end users.
16. Licence granted for accessories / spare parts. Civilian / commercial end use.
17. Licence granted for academic end users.
18. Licence granted for academic end users.
19. Licence granted for academic end users.

20. Licence granted for academic end users.
21. Licence granted for sporting / hunting purposes. Civilian / commercial end use.
22. Licence granted for civilian / commercial end use.
23. Licence granted for civilian / commercial end use.
24. Licence granted for civilian / commercial end use.
25. Licence granted for civilian / commercial end use.
26. Licence granted for temporary / exhibition purposes. Armed forces end use.
27. Licence granted for armed forces end use.

chemicals used for general laboratory work/scientific research.  
cryptographic software.  
equipment employing cryptography.  
information security equipment (10 licences).  
T laser radar equipment (2 licences).  
rebreathing swimming equipment.  
software for information security equipment.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	1	£2,600
6A003	1	£3,000
ML15	1	£500

T direct view imaging equipment.  
T imaging cameras.  
T military image intensifier equipment.

#### SIELs - Transshipment

##### Issued

Types of goods on licence	No. of licences	Value
Military	1	£787
Total	1	£787

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry') As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£787

pistols (1).

#### Refused

	Count
Military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry
ML1	1

components for pistols.  
pistols (210).

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
7	1

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 2]
2	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
3	P	assault rifles, body armour, components for assault rifles, components for body armour, components for pistols, components for sporting guns, direct view imaging equipment, military helmets, pistols, small arms ammunition, sporting guns, weapon sights
4	P	acoustic devices for riot control, assault rifles, body armour, combat shotguns, components for assault rifles, components for body armour, components for combat shotguns, components for pistols, components for rifles, components for sniper rifles, components for sporting shotguns, military helmets, pistols, rifles, small arms ammunition, sniper rifles, sporting shotgun ammunition, sporting shotguns, weapon sights

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£1
Non-military	2	£203,528
Total	3	£203,529

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML18	1	£1

equipment for the production of military helicopters.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£3,528
7A103	1	£200,000

corrosion resistant chemical manufacturing equipment.  
inertial equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Ghana  
India

**OIELs (excluding Other OIELs)****Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for equipment employing cryptography, cryptographic software, equipment employing cryptography, software for equipment employing cryptography, technology for cryptographic software, technology for equipment employing cryptography, technology for software for equipment employing cryptography
2	P	body armour, bomb suits, components for body armour, components for bomb suits [See footnote 2]
3	P	inertial equipment
4	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
5	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
6	P	military aero-engines
7	T	towed hydrophone arrays
8	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
9	P	inertial equipment
10	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
11	P	equipment for the use of general naval vessel components, general naval vessel components, military electronic equipment, technology for equipment for the use of general naval vessel components, technology for general naval vessel components, technology for military electronic equipment
12	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
13	P	aircraft military communications equipment, components for military aero-engines, components for military helicopters, equipment for the use of military helicopters, general military aircraft components, military aircraft ground equipment, military guidance/navigation equipment
14	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, components for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for military auxiliary/support vessels, technology for military patrol/assault craft, technology for submarines [See footnote 13]
15	P	guidance/navigation equipment, inertial equipment
16	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 14]
17	T	military support aircraft

18	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£639,360
Non-military	7	£83,601
Total	10	£722,961

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£34,560
ML6	2	£604,800

all-wheel drive vehicles with ballistic protection.  
 decoying/countermeasure equipment.  
 military support vehicles.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£32,179
5A002	5	£51,422

civil explosive detection/identification equipment.  
civil NBC detection systems.  
equipment employing cryptography.  
information security equipment (4 licences).

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 1]
2	T	military support aircraft [See footnote 2]

#### Case & goods Footnotes

1. Licence granted for cryptographic equipment for civilian / commercial end use.
2. Licence granted for accessories / spare parts. Civilian / commercial end use.

	components for welding equipment.
	corrosion resistant chemical manufacturing equipment (27 licences) [See footnotes 31, 37, 9].
T	counter-improvised explosive device equipment.
	counter-improvised explosive device equipment (2 licences).
	cryptographic software.
T	deuterium compounds (4 licences) [See footnote 19].
	direct view imaging equipment (4 licences).
	display equipment.
T	diver location sonars.
T	diver location sonars (3 licences).
T	equipment employing cryptography.
	fibre prepregs.
	fibrous/filamentary materials [See footnote 38].
	frequency changers.
	gas detection equipment (2 licences).
	gas processing equipment.
	guidance/navigation equipment (2 licences).
T	imaging cameras (5 licences).
T	imaging cameras (6 licences).
	improvised explosive device activation/jamming equipment.
T	inertial equipment (25 licences) [See footnote 21].
	inertial equipment (2 licences).
T	information security equipment (59 licences) [See footnotes 26, 34].
	information security equipment (3 licences).
T	information security software (16 licences) [See footnotes 28, 34].
	information security software.
	internet protocol network communications surveillance equipment.
T	laser optical components.
	laser radar equipment (2 licences).
	levelling devices.
	marine position fixing equipment (2 licences).
	non-certified aero-engines.
	non-ferrous alloys.
	numerical control software.
	pressure transducers.
T	process control equipment (2 licences).
	radar equipment (4 licences).
T	RF direction finding equipment (2 licences).
	RF direction finding equipment.
	seals.
T	software for diver location sonars.
	software for diver location sonars (3 licences).

	software for information security equipment (7 licences) [See footnote 41].
	software for internet protocol network communications surveillance equipment.
	software for nuclear reactors.
	software for submersible equipment.
	software for telecommunications interception equipment (2 licences).
T	software for telecommunications interception equipment.
T	software for telecommunications jamming equipment.
	sonar log equipment.
	sporting shotgun ammunition [See footnote 45].
	sporting shotguns (1) [See footnote 45].
	submersible equipment (8 licences).
	submersible vehicles (2 licences).
	technology for civil unmanned air vehicles [See footnote 7].
	technology for counter-improvised explosive device equipment.
	technology for information security equipment (7 licences) [See footnotes 16, 39].
	technology for telecommunications interception equipment.
	telecommunications equipment.
	telecommunications interception equipment (2 licences).
T	telecommunications interception equipment (4 licences).
T	telecommunications jamming equipment (2 licences).
T	telecommunications software.
	temperature measurement equipment.
	towed hydrophone arrays.
	toxic gas detectors.
	toxins (2 licences).
	viruses (2 licences).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	4	£125,587
5A002	5	£457,911
5E002	1	£5,000

	weapon night sights.

## Refused

	Count
Non-military	7
Total	7

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Non-military

Control Entry	No. of licences with goods rated using Control Entry
End Use	7

components for corrosion resistant chemical manufacturing equipment.  
 components for gas detection equipment.  
 electric motors.  
 equipment for the use of gas detection equipment.  
 ferrous alloys.  
 ferrous metals.  
 gas detection equipment.  
 valves.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment employing cryptography, software for equipment employing cryptography
2	P	information security equipment, information security software
3	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
4	P	aircraft cannons, components for aircraft cannons, components for combat aircraft, components for launching/handling/control equipment for munitions, components for military aero-engines, components for military training aircraft, launching/handling/control equipment for munitions, military aero-engines, military aircraft ground equipment, technology for aircraft cannons, technology for combat aircraft, technology for launching/handling/control equipment for munitions, technology for military aero-engines, technology for military aircraft ground equipment, technology for military training aircraft
5	P	components for airborne refuelling equipment, components for combat aircraft, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
6	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 6]
7	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, non-cryptographic information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, software for non-cryptographic information security equipment, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for non-cryptographic information security equipment, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software, technology for software for non-cryptographic information security equipment

8	P	military aero-engines
9	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
10	P	accessories for military image intensifier equipment, command communications control and intelligence software, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for rangefinding equipment, components for targeting equipment, goods treated for signature suppression for military use, military communications equipment, military electronic equipment, military guidance/navigation equipment, military image intensifier equipment, rangefinding equipment, software for military communications equipment, software for military electronic equipment, software for military guidance/navigation equipment, software for military image intensifier equipment, software for rangefinding equipment, software for targeting equipment, targeting equipment, technology for command communications control and intelligence software, technology for goods treated for signature suppression for military use, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for software for military communications equipment, technology for targeting equipment
11	T	imaging cameras
12	P	components for devices for initiating explosives, components for military equipment for initiating explosives, components for military improvised explosive device decoying/detection/disposal/jamming equipment, equipment for the use of military equipment for initiating explosives, military equipment for initiating explosives, military improvised explosive device decoying/detection/disposal/jamming equipment, military training equipment
13	P	components for military helicopters, components for military support aircraft
14	P	assault rifles, body armour, components for assault rifles, components for body armour, components for pistols, components for sporting guns, direct view imaging equipment, military helmets, pistols, small arms ammunition, sporting guns, weapon sights
15	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
16	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
17	P	equipment for intrusion software, software for intrusion software, technology for equipment for intrusion software
18	P	components for electronic warfare equipment, equipment for the use of electronic warfare equipment, software for electronic warfare equipment, technology for electronic warfare equipment
19	P	acoustic devices for riot control, assault rifles, body armour, combat shotguns, components for assault rifles, components for body armour, components for combat shotguns, components for pistols, components for rifles, components for sniper rifles, components for sporting shotguns, military helmets, pistols, rifles, small arms ammunition, sniper rifles, sporting shotgun ammunition, sporting shotguns, weapon sights
20	T	hydrophones
21	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 43]
22	T	military support aircraft [See footnote 22]

23	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft
24	P	information security software

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	direct view imaging equipment, image intensifier tubes
2	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment
3	P	components for military image intensifier equipment, components for rangefinding equipment, components for weapon control equipment, components for weapon sight mounts, components for weapon sights, military image intensifier equipment, rangefinding equipment, software for military image intensifier equipment, software for rangefinding equipment, technology for military image intensifier equipment, technology for rangefinding equipment, technology for weapon control equipment, technology for weapon sight mounts, technology for weapon sights, weapon control equipment, weapon sight mounts, weapon sights
4	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
5	P	weapon sights
6	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
7	P	weapon sights

- T accelerometers.  
alpha-emitting radionuclide compounds.  
animal pathogens.  
bacteria (2 licences).  
chemicals used for industrial/commercial processes.  
civil explosive detection/identification equipment.
- T civil explosive detection/identification equipment (6 licences).  
civil NBC protection clothing.  
components for biotechnology equipment.  
components for instrumentation cameras.  
components for liquid rocket propulsion systems.
- T components for nuclear reactors.  
composite materials production equipment (2 licences).  
corrosion resistant chemical manufacturing equipment (2 licences).  
depleted uranium (3 licences).  
devices containing enriched lithium (7 licences).  
devices containing enriched lithium manufactures (3 licences).  
electromagnetic isotope separators.  
electromagnetic wave absorbing materials (3 licences).  
enriched uranium (3 licences).  
equipment employing cryptography.  
extended temperature range integrated circuits.  
general purpose integrated circuits.  
genetically modified microorganisms.  
hafnium.  
high speed pulse generators.  
imaging cameras.
- T imaging cameras.  
inertial equipment (2 licences).  
information security equipment (32 licences).  
information security software (3 licences).  
instrumentation cameras.
- T laser radar equipment.  
magnetometers.  
mass spectrometers.  
natural uranium (5 licences).  
nuclear grade graphite (5 licences).  
nuclear reactor fuel element fabrication equipment.  
numerical control software.  
products containing depleted uranium (5 licences).  
products containing enriched lithium.  
products containing natural uranium.  
products containing thorium (6 licences).  
semiconductor wafers with epitaxial layers.  
software for information security equipment.

software for nuclear fuel reprocessing equipment.  
 software for nuclear reactor fuel element fabrication equipment.  
 software for nuclear reactors (8 licences).  
 software for plutonium processing equipment.  
 software for uranium isotope separation equipment.  
 sporting shotguns (1) (7 licences).  
 sporting shotguns (2) (3 licences).  
 sporting shotguns (4).  
 sporting shotguns (5).  
 technology for advanced telecommunications equipment.  
 technology for civil explosive detection/identification equipment.  
 technology for enriched uranium (2 licences).  
 technology for information security software.  
 technology for materials containing enriched uranium (5 licences).  
 technology for materials containing plutonium-239 (6 licences).  
 technology for materials containing uranium-233.  
 technology for materials controlled by entry 0C of the Dual-Use Regulation (5 licences).  
 technology for natural uranium.  
 technology for nuclear fuel reprocessing equipment (7 licences).  
 technology for nuclear grade graphite (5 licences).  
 technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation (10 licences).  
 technology for nuclear plant/equipment/materials/software controlled by entries 0B/0C/0D of the Dual-Use Regulation.  
 technology for nuclear reactor fuel element fabrication equipment (8 licences).  
 technology for nuclear reactors (27 licences).  
 technology for plutonium processing equipment (3 licences).  
 technology for plutonium-239 (3 licences).  
 technology for products containing enriched uranium.  
 technology for products containing plutonium-239 (2 licences).  
 technology for products containing uranium-233.  
 technology for satellite telecommunications equipment (2 licences).  
 technology for software controlled by entry 0D of the Dual-Use Regulation (4 licences).  
 technology for software for nuclear reactors.  
 technology for uranium conversion equipment (4 licences).  
 technology for uranium isotope separation equipment (3 licences).  
 technology for uranium-233 (2 licences).  
 thorium (9 licences).  
 thyristors.  
 toxins (7 licences).  
 viruses.  
 X-ray generators (2 licences).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£1,530

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	175	£324,829,766
Non-military	4	£1,763,659
Total	179	£326,593,425

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£19,733
ML4	24	£151,101,487
ML5	15	£5,116,499
ML7	4	£28,594
ML9	4	£9,360,460
ML10	97	£125,615,011
ML11	18	£28,070,669
ML14	3	£312,779
ML15	5	£5,137,358
ML16	1	£15,290
ML21	8	£39,456
ML22	8	£12,428

accessories for military image intensifier equipment.  
airborne refuelling equipment.  
command communications control and intelligence software (3 licences).  
components for air-to-air missiles (5 licences) [See footnote 9].  
components for attack alerting/warning equipment.  
components for bombs (5 licences) [See footnotes 11, 12, 7].  
components for combat aircraft (20 licences).  
components for combat helicopters (19 licences) [See footnote 8].  
components for decoying/countermeasure equipment.  
components for electronic warfare equipment.  
components for launching/handling/control equipment for missiles.  
components for launching/handling/control equipment for munitions (2 licences).  
components for military aero-engines (22 licences) [See footnote 5].  
components for military aircraft head-up/down displays (6 licences).  
components for military cameras/photographic equipment [See footnote 3].  
components for military communications equipment (5 licences).  
components for military electronic equipment.  
components for military guidance/navigation equipment (2 licences).  
components for military helicopters (3 licences).  
components for military image intensifier equipment.  
components for military infrared/thermal imaging equipment.

components for military radars (4 licences) [See footnote 14].  
 components for military support aircraft (9 licences).  
 components for military training aircraft (11 licences).  
 components for military training equipment (2 licences).  
 components for military transport aircraft.  
 components for munitions/ordnance detection/disposal equipment.  
 components for naval engines.  
 components for NBC detection equipment (2 licences).  
 components for surface launched rockets (2 licences).  
 components for surface-to-surface missiles (3 licences).  
 components for targeting equipment (2 licences).  
 components for torpedoes (2 licences) [See footnote 2].  
 components for unmanned air vehicles.  
 components for weapon control equipment (2 licences).  
 components for weapon night sights.  
 electronic warfare equipment.  
 equipment for the use of NBC detection equipment.  
 general military aircraft components (3 licences).  
 general naval vessel components (3 licences).  
 launching/handling/control equipment for missiles.  
 launching/handling/control equipment for munitions.  
 military aero-engines.  
 military cameras/photographic equipment.  
 military communications equipment (7 licences).  
 military electronic equipment.  
 military guidance/navigation equipment (2 licences).  
 military training equipment.  
 naval electrical/electronic equipment.  
 NBC detection equipment (2 licences).  
 rangefinding equipment.  
 software for attack alerting/warning equipment.  
 software for military aero-engines.  
 software for military communications equipment (2 licences).  
 software for military guidance/navigation equipment [See footnote 6].  
 targeting equipment (4 licences).  
 technology for attack alerting/warning equipment.  
 technology for command communications control and intelligence software (3 licences).  
 technology for military communications equipment (2 licences).  
 technology for weapon control equipment.  
 unfinished products for general military vehicle components.  
 weapon control equipment.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
3C001	1	£650,000
5A002	1	£40,989
6A008	2	£1,018,194

The items being incorporated in this destination are ultimately destined for all or some of the following:

China

### SIELs for goods covered by the torture regulation

## Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£1
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£1

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£1

electric-shock devices.

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for combat aircraft, components for military aero-engines, equipment for the use of military aero-engines, military aero-engines, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
2	P	technology for combat aircraft, technology for military aero-engines, technology for military training aircraft, technology for unfinished products for combat aircraft, technology for unfinished products for military aero-engines, technology for unfinished products for military training aircraft, unfinished products for combat aircraft, unfinished products for military aero-engines, unfinished products for military training aircraft
3	P	body armour, civil body armour, components for body armour
4	P	anti-aircraft ammunition, anti-armour ammunition, components for anti-aircraft ammunition, components for anti-armour ammunition, components for small arms ammunition, small arms ammunition
5	P	electromagnetic wave absorbing materials
6	P	anti-riot/ballistic shields, bomb suits, components for body armour, military helmets
7	P	components for combat aircraft
8	P	equipment for the use of NBC protective/defensive equipment, military electronic equipment, military training equipment, NBC protective/defensive equipment, technology for equipment for the use of NBC protective/defensive equipment, technology for military training equipment, technology for NBC protective/defensive equipment
9	P	components for unmanned air vehicles
10	P	neutron generators
11	P	components for military guidance/navigation equipment, components for military radars

12	P	components for military aero-engines, software for military aero-engines
13	P	body armour, components for body armour, components for military helmets, military helmets
14	T	technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors
15	P	components for submarines
16	P	components for ground vehicle military communications equipment, ground vehicle military communications equipment
17	P	technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation
18	P	components for combat aircraft, components for military training aircraft, general military aircraft components
19	P	components for naval gun installations/mountings, components for naval guns, equipment for the use of naval gun installations/mountings, software for naval gun installations/mountings, technology for naval gun installations/mountings, technology for naval guns [See footnote 1]
20	P	bomb suits, components for bomb suits, equipment for the use of bomb suits, military communications equipment
21	P	military aero-engines
22	P	NBC detection equipment, technology for NBC detection equipment
23	P	weapon sights
24	P	equipment for the use of weapon sights, goods treated for signature suppression for military use, technology for equipment for the use of weapon sights, weapon night sights, weapon sight mounts
25	P	components for military training equipment, military training equipment, software for military training equipment, technology for military training equipment
26	P	weapon sights
27	P	components for military aircrew life support equipment, components for military aircrew safety equipment, components for military training aircraft, equipment for the production of military training aircraft, equipment for the use of military training aircraft, military aircraft ground equipment, military electronic equipment, signalling devices, software for military aircraft ground equipment, software for military training aircraft, technology for equipment for the use of military training aircraft, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military electronic equipment, technology for military training aircraft, technology for signalling devices, technology for test models for military training aircraft, test models for military training aircraft
28	P	components for nuclear reactors, technology for nuclear reactors
29	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
30	P	air-to-air missiles, bombs, components for air-to-air missiles, components for bombs, technology for air-to-air missiles, technology for bombs
31	P	components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, military communications equipment, military guidance/navigation equipment, software for military communications equipment, software for military guidance/navigation equipment, technology for military communications equipment, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for software for military communications equipment, technology for software for military guidance/navigation equipment
32	P	hydrophones
33	T	military support aircraft
34	P	components for devices containing military pyrotechnic materials, crowd control ammunition, CS hand grenades, demolition charges/devices, devices containing military pyrotechnic materials, hand grenades, illuminators, munitions/ordnance detection/disposal equipment, signalling devices, smoke canisters, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents, training hand grenades
35	P	components for artillery
36	P	devices containing enriched lithium

37	P	assault rifles, components for assault rifles, components for machine guns, components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, components for tactical shotguns, components for weapon sights, machine guns, military shotguns, pistols, rifles, smooth-bore weapons, sniper rifles, sporting guns, sporting shotguns, tactical shotguns, weapon sights
38	T	imaging cameras
39	P	software for nuclear reactors, technology for materials containing uranium-233, technology for nuclear reactors, technology for products containing uranium-233, technology for uranium-233
40	P	rangefinding equipment
41	P	components for military support aircraft
42	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
43	P	components for combat aircraft, components for military aero-engines, components for military support aircraft, components for military training aircraft, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military containers, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
44	P	constructions for ballistic protection of military systems, general military vehicle components, technology for constructions for ballistic protection of military systems
45	P	blank/inert ammunition, shotgun ammunition, training shotgun ammunition

### Processing Statistics (excluding amendments)

Median processing time SIELs	22 days
% and number of SIELs completed in 20 working days	43% (3)
% and number of SIELs completed in 60 working days	100% (7)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	16 days
% and number of SITCLs completed in 20 working days	100% (1)
% and number of SITCLs completed in 60 working days	100% (1)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	62 days
% and number of OIELs completed in 20 working days	13% (1)
% and number of OIELs completed in 60 working days	38% (3)
% [as a % of all OIELs cases processed] and number of OIELs refused	13% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£1,014
Non-military	3	£4,023,119
Both Military and Non-military	1	£177,737
Total	6	£4,201,870

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	2	£1,014

military helmets (2 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C354	1	£594
5A002	1	£3,119,000
5D002	1	£7,520
8A001	1	£896,005

information security equipment.  
plant pathogens.  
software for information security equipment.  
T submersible vehicles [See footnote 2].

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	1	£18,538
6A003	1	£35,651
ML1	1	£123,548

direct view imaging equipment.  
imaging cameras.  
weapon night sights.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, bomb suits, components for body armour, components for bomb suits [See footnote 1]
2	P	military aero-engines
3	P	heading sensors for hydrophone arrays, marine acoustic projectors, towed hydrophone arrays, underwater cable hydrophone arrays
4	T	hydrophones
5	T	military support aircraft

##### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment

No.	Type	Goods Summary
1 (Rv)	P	military aero-engines
2	P	inertial equipment
3 (Rv)	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
4 (Rv)	T	military support aircraft

Rv - Some or all of which have subsequently been revoked.

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military communications equipment, military laser protection equipment, NBC protective/defensive equipment, technology for civil NBC protection equipment, technology for NBC protective/defensive equipment

#### Country Footnotes

1. EU Council Decision (CSFP) 2017/2074 and Council Regulation (EU) 2017/2063 were introduced in November 2017. It includes an asset freeze, travel ban and arms embargo, embargo on equipment that could be used for repression, and restrictions on monitoring equipment. Targeted restrictions should be imposed against those responsible for serious human rights violations or abuses or the repression of civil society and democratic opposition; or those whose actions, policies or activities otherwise undermine democracy or the rule of law in Venezuela.

All exports for this destination were approved in accordance with the sanctions in place.

## SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	9	£145,008
Non-military	35	£737,763
Both Military and Non-military	1	£1,355,013
Total	45	£2,237,783

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£42,900
ML9	1	£425
ML10	1	£85,972
ML11	5	£13,911
ML22	1	£1,800

components for military communications equipment [See footnote 5].  
 components for military electronic equipment (3 licences) [See footnotes 10, 2, 9].  
 equipment for the operation of military aircraft in confined areas.  
 general naval vessel components.  
 military communications equipment [See footnote 5].  
 military electronic equipment [See footnote 6].  
 technology for military guidance/navigation equipment.  
 weapon night sights [See footnote 4].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	4	£2,364
1C210	1	£60,000
1E001	2	£2
1E201	2	£2
2B350	2	£5,131
2E003	1	£2
5A001	6	£208,900
5A002	5	£68,791
5D001	2	£4,000
5D002	1	£7,391
5E002	1	£8,604
6A001	1	£1,926
6A003	6	£266,119
6E201	1	£0
7A103	2	£38,718
7B103	1	£58,812
8A002	2	£4,951
PL8001	1	£2,050

calibration equipment for guidance/navigation equipment [See footnote 1].  
 civil NBC protection equipment (3 licences).  
 components for civil NBC detection systems.  
 components for submersible equipment.  
 corrosion resistant chemical manufacturing equipment (2 licences).  
 fibrous/filamentary materials.  
 imaging cameras (5 licences).  
 T imaging cameras.  
 inertial equipment (2 licences).  
 information security equipment (5 licences).  
 information security software.  
 marine position fixing equipment.  
 non-military firing sets [See footnote 3].  
 radio jamming equipment (2 licences).  
 T software enabling equipment to function as telecommunications interception equipment (2 licences).  
 submersible equipment.  
 technology for composite laminates (2 licences).  
 technology for composite structures (2 licences).  
 technology for fibre preforms.  
 technology for fibre prepreps.  
 technology for imaging cameras.  
 technology for information security equipment.  
 technology for stretch-forming equipment.  
 T telecommunications interception equipment (4 licences).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	1	£489,500
6A003	1	£248,420

ML1	1	£599,333
ML17	1	£16,000
PL5017	1	£1,760

T direct view imaging equipment [See footnote 7].  
T equipment for the use of weapon sights [See footnote 7].  
T goods treated for signature suppression for military use [See footnote 7].  
T imaging cameras [See footnote 7].  
T weapon night sights [See footnote 7].  
T weapon sight mounts [See footnote 7].  
T weapon sights [See footnote 7].

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£398,914
Total	1	£398,914

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£398,714
ML22	1	£200

equipment for the operation of military aircraft in confined areas.  
technology for equipment for the operation of military aircraft in confined areas.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for equipment employing cryptography, cryptographic software, equipment employing cryptography, software for equipment employing cryptography, technology for cryptographic software, technology for equipment employing cryptography, technology for software for equipment employing cryptography
2	P	inertial equipment
3	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles

4	P	military aero-engines
5	P	technology for information security equipment
6	P	inertial equipment
7	P	general naval vessel components, software for general naval vessel components, technology for general naval vessel components
8	P	guidance/navigation equipment, inertial equipment
9	T	command communications control and intelligence software, components for combat aircraft, components for military training aircraft, launching/handling/control equipment for munitions, military software, military training equipment, software for military communications equipment, software for military training aircraft, software for military training equipment, Software for modelling/simulating military operation scenarios [See footnote 8]
10	T	military support aircraft

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, components for civil NBC protection equipment
2	P	direct view imaging equipment, image intensifier tubes
3	P	civil NBC protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, military communications equipment, NBC protective/defensive equipment, rebreathing swimming equipment

## OITCLs

Source	Issued	Refused	Revoked

#### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	1	£27,222
Total	1	£27,222

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£27,222

components for military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 3].

## Revoked

	Count
Military	2
Total	2

The SIELs revoked were no longer granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry
ML10	1
ML13	1

body armour [See footnote 5].  
components for body armour [See footnote 5].  
components for military support aircraft [See footnote 2].

## SIELs - Transshipment

### Revoked

	Count
Military	1
Total	1

The SIELs revoked were no longer granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry
ML1	1
ML22	1
PL5017	1

assault rifles (400) [See footnote 1].  
 components for assault rifles [See footnote 1].  
 weapon cleaning equipment [See footnote 1].

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for guidance/navigation equipment, components for inertial equipment, components for marine position fixing equipment, guidance/navigation equipment, inertial equipment, marine position fixing equipment, submersible vehicles
2	P	components for information security equipment, information security equipment, information security software, software for information security equipment, technology for information security equipment, technology for information security software [See footnote 4]

##### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	T	towed hydrophone arrays
2	T	military support aircraft

##### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for military field engineer equipment, components for military support vehicles, components for munitions/ordnance detection/disposal equipment, military electronic equipment, military field engineer equipment, military support vehicles, munitions/ordnance detection/disposal equipment, technology for military electronic equipment, technology for military support vehicles, technology for munitions/ordnance detection/disposal equipment, technology for the use of military field engineer equipment
