

The declaration you need to provide when submitting a National Security and Investment (NSI) Act notification

This document contains the declaration you will need to sign and upload to accompany a NSI notification. It confirms that you understand the information you are submitting in the notification form to be correct and that it is a criminal offence to submit incorrect information knowingly or recklessly. You can also read [NSI Act guidance](#) if you need information about the declaration.

There are two declarations available, Declaration A and Declaration B.

- If you are the notifying party in an acquisition, submitting the notification without an authorised representative acting on your behalf, you will sign and upload only Declaration A along with the notification.
- If you are acting as the authorised representative of the notifying party, submitting the notification on their behalf, you will need to sign and upload both Declaration A and Declaration B along with the notification. Declaration A will be signed by the nominated person within the notifying party and Declaration B will be signed by you, as the authorised representative of the notifying party.

Once you've completed the declaration, you'll need to enter it into the [National Security and Investment notification](#) service.

You will not be able to submit this declaration by post or email without prior permission from the Investment Security Unit (ISU).

To request permission, you can contact the ISU at investment.screening@beis.gov.uk.
