207-00	DCMS/ GC	Gambling Licensing Authority Returns		Collection was changed from quarterly to annual, reduced from 35 fields to 20 fields, and is now collected through an online system rather than through a paper return.
075-00	DEFRA	Annual statistical survey for local authorities' statutory Local Authority Pollution Control function (LPCSS)		Five sections of the survey are being dropped. These relate to the recording of substantial changes to permits, the undertaking of periodic reviews by local authorities, and the provision of certain information broken down by industry sector.
082-00	DEFRA	WasteDataFlow - LA waste management statistics		Questions relating to home composting and waste collection infrastructure removed. Reporting frequency for some other collections reduced.

245-00	DEFRA/EA	Strategic Overview of Flood and Coastal Erosion risk		Number of properties estimated to be at risk from local flooding sources - This data line was included to help understand the scale of the problem especially from surface water. However, this information is not currently collected by the EA as since the publication of the surface water maps in December 2013 it no longer serves a purpose.
159-00	DfE	Percentage of schools providing access to extended services	NI 88	Module that collected this data removed from the School Census.
104-00	DfE	Parental Responsibility (Attendance)		Behaviour element has been removed
113-00	DfE	Section 251 financial return		A significant change was made to the 2011-12 collection with a new cut-down data-entry-only excel workbook issued. This would reduce the amount of data entry LAs need to make. The collection also moved to using the Department's centralised data collection and management system for education (COLLECT). The COLLECT system then generates the reports that LAs have used to publish Budget data in previous years, they are able to collate this information into a workbook for publication. This system negates the need for around 40% of the fields previously collected in the workbooks
087-00	DfE	Children in Need Census		Some data items and modules no longer required from 2011/12 (e.g. Service Provision module, Open Case, LAC adopted flag, Asylum-Seeking Child)
159-00	DfE	School Census		The number of pupil-level items has been reduced by about a third with the removal of the ContactPoint module. Other data items no longer required include: Gifted and Talented Indicator, Usual mode of travel, Gender of Pupils (Entry to School and Entry to Sixth Form), Class Activity for Secondary schools.
127-00	DfT	Blue Badge Parking Survey		The number of questions for 2013/14 were reduced by over two-thirds, from around 60 data items to under 20. This is because much of the data needed can be obtained from the new Blue Badge Improvement Service (BBIS) database which local authorities can download and return to DfT Further changes in 2015/16 means that the number of questions has been reduced to 4 questions.
125-00	DfT	Taxi Survey		The number of data items were reduced by half in 2011/12.
121-00	DfT	Concessionary Travel Survey		A number of significant changes were made to reduce the burden on authorities for the 2013/14 survey. These included removing the requirement for local authorities to supply forecasts, and removing one detailed question.  The cumulative impact of these

				changes was to reduce the size and complexity of the return by approximately 50 per cent.
125-00	DfT	Taxi Survey		Following a review by the CLIP-TS group in June 2013 it was decided that that this survey will be commissioned only "as required" with data not collected any more frequently than once every other year.
140-00	DH/HSCIS	Carers Survey		There was a significant reduction between the pilot survey and actual survey.
154-00	DWP/ HSE	Health & Safety Enforcement Data (LAE1)		Number of data items reduced from 160 to 20 in 2010/11.
183-00	HMT (DCLG)	Whole of Government Accounts (WGA)		Additional workbook pages required for the 2010-11 return to accommodate changes in accounting practices will not be required for the 2011-12 and subsequent returns.
190-00	FSA	Food Hygiene (LAEMS)		Since April 2014 the FSA has removed the need to complete some fields. Although the LAEMS system may not be immediately updated to remove these fields, these are not part of the LAEMS validation and sign-off process. This means that LAs do not have to provide the information but, at this stage, they do not need to devote any resource (time/ expenditure) to removing these fields from their xml report.
191-00	FSA	Food Standards (LAEMS)		Since April 2014 the FSA has removed the need to complete some fields. Although the LAEMS system may not be immediately updated to remove these fields, these are not part of the LAEMS validation and sign-off process. This means that LAs do not have to provide the information but, at this stage, they do not need to devote any resource (time/ expenditure) to removing these fields from their xml report.
193-00	FSA	Central List of Feed Business Establishments		During 2014/15 the FSA is continuing to develop an improved system for the collation, publication and maintenance of the lists of establishments. This is expected to reduce burdens on Local Authorities, using exception reporting where possible and with the future possibility of linking to the Animal Feed Data returns.
194-00	FSA	Approved Food Premises		During 2014/15, the FSA will continue to develop an improved system for the collation, publication and maintenance of the lists of establishments. This is expected to reduce burdens on Local Authorities, using exception reporting where possible.
195-00	FSA	Imported Food Safeguard Measures		Since July 2014 the FSA now obtains most of this information on a quarterly basis directly from the Commissions web based electronic pre- notification system TRACES.
196-00	FSA	Animal Feed Data returns		During 2014/15 the FSA is continuing to develop an improved system for the collation, publication and maintenance of the lists of establishments with the future possibility of linking to the Central List of Feed Business Establishments.

180-00	MoJ/ YJB	Youth Justice Management Information System (YJMIS)		<p>The number of summary tables was reduced from 32 to 9 from 1st April 2011 (i.e. removed National Indicator tables NI 43, 44, 45, 46, 19, 111, Prevention programme, tables P1a, P1b, P3 &amp; P4. ISSP Q4a &amp; Q4b, Deter Cohort, D1,D2, D3,D4, D5 &amp; D6, IRS, I1, I2, I3, I4 and I5).</p> <p>The 9 summary tables were reduced by a further five in 2014 (removed Prevention Tables P1, P2 and Knife Crime tables K1a, K1b and K2).</p>
