The information contained within this document is updated every two months. However, for the most accurate current information on veterinary medicines, including those products containing a controlled drug can be found on the Product Information Database (PID).

Search www.gov.uk for the Product Information Database (PID).

To conduct a search, use the following: Go to the PID Home page → Product Search Facility → click search → go to Predefined Searches → click on ↓ select Controlled Drugs → click run search. This brings up a list of all currently authorised veterinary medicinal products containing CDs.
