

Authorise an importer

This form allows you to apply to import live fish and shellfish.
You must complete all sections of the form before it will be accepted.

Section 1 - Import reason

- A site inspection may be required for imports of susceptible (coldwater) species for the ornamental trade, and for human consumption.
- You must contact the Food Standards Agency for advice on the public health aspects of imports for human consumption. <https://www.gov.uk/government/organisations/food-standards-agency>
- A CITIES permit may be required for endangered species. <https://www.gov.uk/guidance/apply-for-cities-permits-and-certificates-to-trade-endangered-species>

Please select the purpose of your import

- Ornamental trade - susceptible species (coldwater)
- Ornamental trade - non-susceptible species (tropical)
- Pets and purchases for your collection
- Scientific research or public aquaria
- Human consumption

Add the activity of importing to an existing farm APB authorisation already held. The BMP must be updated to include the activity of importing and source site details. Please submit with this application.*
