## THE DEPARTMENT FOR BUSINESS, ENERGY & INDUSTRIAL STRATEGY NOTICE OF PUBLICATION 0060/22 of 6 August 2022

### of references to standards for machinery in support of the Supply of Machinery (Safety) Regulations 2008 (S.I. 2008/1597)

This notice confirms that:

- (a) The references to standards listed in Part 1 of Annex I to this notice are published for the purposes of regulation 2A of S.I. 2008/1597 and accordingly are designated pursuant to that regulation in relation to England and Wales and Scotland. The list of published standards set out in Part 2 of Annex I to notice 0054/22 is amended in accordance with Annex I from the date of this notice. For clarity, Part 2 of Annex I to this notice sets out the complete list of references of standards which have been published and accordingly are designated for the purposes of S.I. 2008/1597 as at the date of this notice.
- (b) Following objections made in respect of the standards EN 16486:2014 'Machines for compacting waste materials or recyclable fractions Compactors Safety requirements' and EN ISO 18217:2015 'Safety of woodworking machines Edge-banding machines fed by chain(s)', these standards do not ensure full compliance with certain of the essential health and safety requirements as defined in S.I. 2008/1597 (and set out in Part 1 of Schedule 2 to that S.I.). The references to standards EN 16486:2014, EN 16486:2014+A1:2020 and EN ISO 18217:2015 should therefore be published with restriction, and conformity with the specific parts of the standards covered by the restrictions would not give presumption of conformity with those specified essential health and safety requirements.
- (c) The references to standards listed in Annex II to this notice (which have previously been published for the purposes of regulation 2A of S.I. 2008/1597), will be removed from publication from the date set out in that Annex. Accordingly, each of these standards will not be designated, or give rise to any presumption of conformity, on or after the date set out in respect of it. The list of references to be removed from publication, set out in Annex II to notice 0054/22, is amended in accordance with Annex II to this notice from the date of this notice. For clarity, Part 2 of Annex II to this notice sets out the complete list of references to standards which, as at the date of this notice, are due to be removed from publication.

#### ANNEX I

#### Part 1

The list of published standards as set out in Part 2 of Annex I to notice 0054/22 is amended as follows:

(1) the following row 52a is inserted after row 52:

# 52a. EN ISO 11202:2010 Acoustics – Noise emitted by machinery and equipment – Determination of emission sound pressure levels at a work station and at other specified positions applying approximate environmental corrections (ISO 11202:2010) EN ISO 11202:2010/A1:2021

(2) the following row 108a is inserted after row 108:

## 108a. EN 303-5:2021 Heating boilers – Part 5: Heating boilers for solid fuels, manually and automatically stoked, nominal heat output of up to 500 kW – Terminology, requirements, testing and marking

(3) the following row 121a is inserted after row 121:

#### 121a. EN 474-1:2006+A6:2019

Earth-moving machinery – Safety – Part 1: General requirements

Restriction 1: This publication does not concern clause 5.8.1 Visibility – Operator's field of view of this standard, but only in relation with EN 474-5:2006+A3:2013 requirements for hydraulic excavators, the application of which does not confer a presumption of conformity to the essential health and safety requirements 1.2.2 and 3.2.1 of Schedule 2, Part 1 (Annex I) to S.I. 2008/1597.

Restriction 2: With regards to Annex B.2 – Quick couplers, the designated standard EN 474-1:2006 +A6:2019 does not confer a presumption of conformity to the essential health and safety requirements 1.1.2 b), 1.1.2 c) and 1.3.3 of Schedule 2, Part 1 (Annex I) to S.I. 2008/1597 when applied in combination with EN 474-4:2006+A2:2012 requirements for backhoe loaders and EN 474-5:2006+A3:2013 requirements for hydraulic excavators.

(4) the following row 232a is inserted after row 232:

#### 232a. EN 1501-1:2021

Refuse collection vehicles – General requirements and safety requirements – Part 1: Rear loaded refuse collection vehicles

Restriction: The application of clauses 3.26 and 5.10 does not confer a presumption of conformity to the essential health and safety requirement 3.2.3 of Schedule 2, Part 1 (Annex I) to S.I. 2008/1597.

(5) the following row 233a is inserted after row 233:
