Application number on S62A/22/0006 (and UTT/22/2046/PINS)

I am writing to object to the proposal by Statera to construct a solar farm on 177 acres of land at Berden Hall Farm.

My name is Felicity Mark  
[REDACTED]

The reason for my objection is as follows:

We need to preserve agricultural land for food security. The war in Ukraine has demonstrated the need for the UK to grow more of our own crops.

Every new build house and commercial building should have solar panels there is absolutely no reason for destroying precious agricultural land for a solar park.

As a keen walker my mental well-being will be seriously compromised by allowing the destruction of a beautiful landscape enjoyed and valued by local people.
