Dear Sir/Madam

**OBJECTION to Berden Hall Solar Farm**  
**Section 62A Planning Application: S62A/22/0006 and UTT/22/2046/PINS (Uttlesford)**

Further to my email earlier today, August 25<sup>th</sup>, please note that I have received a response from Essex County Council Highways regarding the application to move a footpath on the proposal site. A consultation is in progress, deadline August 26<sup>th</sup>, and apparently the next step will be a formal application and an opportunity for people to object.

I remain concerned by the facts that almost no one I have spoken to in Berden was aware of the proposal to move the footpath, and that moving it would clearly be of benefit to the developers if their application to build the solar farm is approved. I spoke to around a dozen residents tonight – many people are away on holiday – and every single one was concerned about the idea that any of our much-loved Public Rights of Way might be moved. I understand several have also expressed their concerns to Essex County Council or intend to do so before tomorrow.

Yours faithfully,

(Dr) Katherine Armstrong
