I am writing to object to the proposal by Statera to construct a solar farm on 177 acres of land at Berden Hall Farm.

My name is Emily McMullen
[REDACTED]

The reason for my objection is as follows:

I believe that installing solar farms will destroy the natural beauty of area around us and subsequently make the area a less pleasant place to live plus giving up valuable land for crops and wildlife.

This is not a short term decision this is a decision that will last generations and affects many - particularly grade 2 arable land.

Kind regards

Emily
