Subject: Berden Hall Farm (Pelham Solar)

Application number on S62A/22/0006 (and UTT/22/2046/PINS)

I am writing to object to the proposal by Statera to construct a solar farm on 177 acres of land at Berden Hall Farm.

My name is [Peter Sylvester [REDACTED]].

The reason for my objection is as follows:

- 1, We really need to keep our farm land especially in the light of the current climate and help to become less reliant on import's
- 2, The proposed development would totally spoil the rural countryside making it more industrial.
- 3, In the event of a battery fire or explosion these battery storage site take a considerable effort to extinguish and the resulting toxic smoke needs to be considered.
- 4 These solar sites could easily become terrorist targets.
