Subject: Berden Hall Farm (Pelham Solar)

Application number on S62A/22/0006 (and UTT/22/2046/PINS)

I am writing to object to the proposal by Statera to construct a solar farm on 177 acres of land at Berden Hall Farm.

It is appalling to cover agricultural land with outdated inefficient panels whilst men like Putin breathe as there are other better alternatives We need this land for food The harm to fauna & flora is a disgrace and unacceptable Every new build should by law should have solar panels & the newer methods of generating electricity should be used to stop this & other applications My name is Sylvia Rochford [REDACTED]

I strongly disapprove of this proposal
