How to register Basic Material on the online FRM system
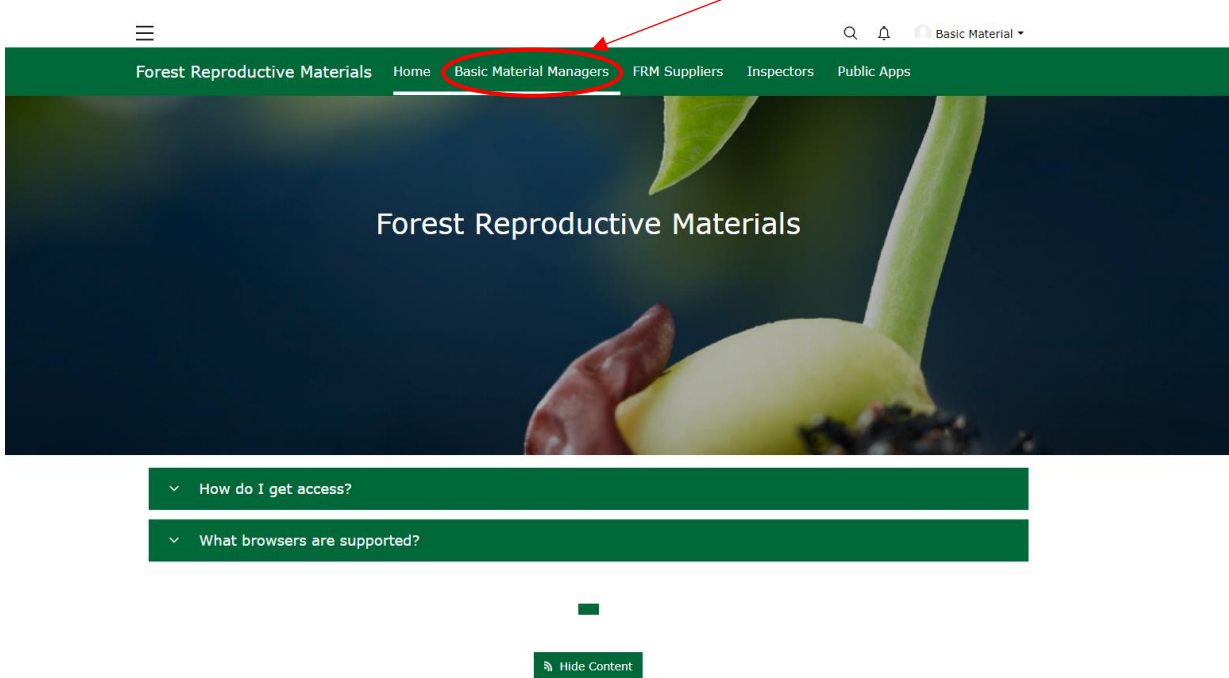

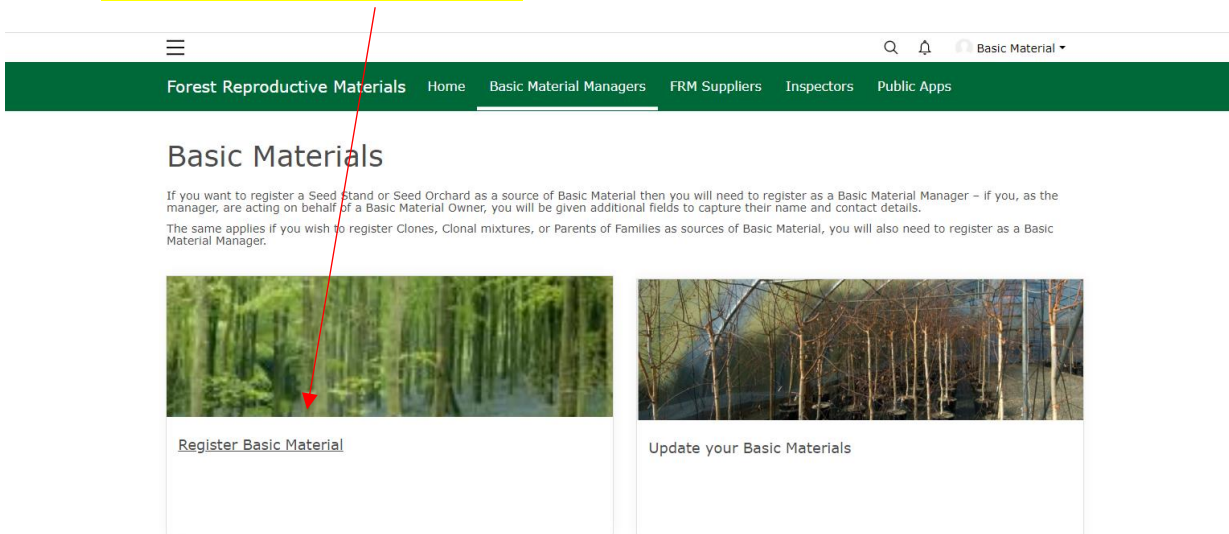

1. Sign in to your account, and click on the 'Basic Material Managers' tab

2. Click on 'Register Basic Material'

3. The system will load an application form to fill in. If you are both the owner and manager of the Basic Material, choose 'Yes'. If you are only the manager but not the owner, choose 'No' and fill in the details of the owner. Then click 'Next'.

4. ==The second page of the application form will appear (you can go back at any time by clicking 'Back' at the bottom of the form). All the fields marked with a * are mandatory. Choose the type of Basic Material you wish to register.==

Basic Material

Information

Basic Material ID

Type*

Clone, Clonal Mixture and Parents of Families do not require location information. Seed Orchard and Stand will require location information to be captured.

○ Clone

○ Clonal Mixture

○ Parents of Families

○ Seed Orchard

○ Stand

Species*

Search and select the species code from the drop down list. The species code will be presented below.

8. Choose the species name from the drop-down list

Species*

Search and select the species code from the drop down list. The species code will be presented below.

▼

- Abies alba
- Abies ambalis
- Abies cephalonica
- Abies grandis
- Abies pinsapo
- Abies procera
- Acer campestre
- Acer platanoides
- Acer pseudoplatanus
- Alnus glutinosa
- Alnus incana
- Alnus rubra
- Betula nana
- Betula pendula
- Betula pubescens
- Buxus sempervirens
- Carpinus betulus
- Castanea sativa
- Cedrus atlantica

9. If the species is native, choose the seed zone. If you are unsure, see the map below.

Seed Zone*

Because the species is native, please provide the Seed Zone.
