About this guidance

This guidance tells you how, from 9 November 2022, to consider applications made under the EU Settlement Scheme (EUSS), contained in Appendix EU to the Immigration Rules.

You must consider applications in line with the Immigration Rules and guidance in force at the date of decision on the application, subject to any transitional provisions made in respect of the rules and referred to in the guidance.

The EU Settlement Scheme provides a basis, consistent with the Withdrawal Agreement with the European Union reached on 17 October 2019 and with the citizens’ rights agreements reached with the other European Economic Area (EEA) countries and Switzerland, for EEA and Swiss citizens resident in the UK by the end of the transition period at 11pm on 31 December 2020, and their family members, to apply for the UK immigration status which they require in order to remain here after 30 June 2021. Those agreements now have effect in UK law through the European Union (Withdrawal) Act 2018, as amended by the European Union (Withdrawal Agreement) Act 2020.

The immigration status granted under the EU Settlement Scheme is either indefinite leave to enter (ILE) (where the application is made outside the UK) or indefinite leave to remain (ILR) (where the application is made within the UK) – also referred to for the purposes of the scheme as ‘settled status’ – or 5 years’ limited leave to enter (LTE) (where the application is made outside the UK) or 5 years’ limited leave to remain (LTR) (were the application is made within the UK) – also referred to as ‘pre-settled status’.

Paragraph 1.15 of the Statement of Intent on the EU Settlement Scheme published on 21 June 2018 states:

The Home Office will work with applicants to help them avoid any errors or omissions that may impact on the application decision. Caseworkers will have scope to engage with applicants and give them a reasonable opportunity to submit supplementary evidence or remedy any deficiencies where it appears a simple omission has taken place. A principle of evidential flexibility will apply, enabling caseworkers to exercise discretion in favour of the applicant where appropriate, to minimise administrative burdens. User-friendly guidance will be available online to guide applicants through each stage of the application process.

This guidance for caseworkers has been developed to support that approach. The EU Settlement Scheme will be referred to as ‘the scheme’ for the purposes of this guidance.

Where this guidance refers to the ‘specified date’, this means 11pm Greenwich Mean Time (GMT) on 31 December 2020 (except where the applicant is a family member of a qualifying British citizen, or a relevant EEA family permit case, as a different date applies in respect of those groups).
The EU Settlement Scheme also provides a basis for certain family members of qualifying British citizens who have returned with them to the UK after living together in an EEA country or Switzerland to apply for the UK immigration status which the family member requires in order to remain here. For guidance on applications from the family member of a qualifying British citizen, including on the meaning in that context of ‘specified date’ and ‘required date’, see EU Settlement Scheme: Family member of qualifying British citizen.

In the case of a relevant EEA family permit case, ‘specified date’ means, for the purposes specified in that definition, 1159pm GMT on the date they arrived in the UK.

Where this guidance refers to the ‘EEA Regulations’, it means (as defined in Annex 1 to Appendix EU):

- (where relevant to something done before the specified date) the Immigration (European Economic Area) Regulations 2016 (as they had effect immediately before that date)
- (where relevant to something done after the specified date and before 1 July 2021) the Immigration (European Economic Area) Regulations 2016 (as, despite the revocation of those Regulations, they continued to have effect, with specified modifications, by virtue of the Citizens’ Rights (Application Deadline and Temporary Protection) (EU Exit) Regulations 2020
- (where relevant to something done on or after 1 July 2021) the Immigration (European Economic Area) Regulations 2016 (as they had effect immediately before they were revoked and, where the context requires it, on the basis that those Regulations had not been revoked)

Where this guidance refers to ‘immigration status in the UK or the Islands’, this means (as defined in Annex 1 to Appendix EU):

- indefinite or limited leave to enter or remain in the UK or the Islands under or outside the relevant Immigration Rules
- exemption from immigration control
- the entitlement to reside in the UK or the right of permanent residence in the UK under regulations 13 to 15 of the EEA Regulations
- the entitlement to reside in the Islands or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man

Application process

Applicants must apply by using the required application process.

Other than for proof of their identity and nationality or entitlement to apply from outside the UK, applicants may submit a photocopy, photograph or scanned digital
image of any required evidence. You can require that they submit the original
document or documents where you have reasonable doubt as to the authenticity of
the copy submitted.

Guidance for EUSS applicants in or outside the UK affected by restrictions
associated with the coronavirus (COVID-19) pandemic is available at:

Please also consult operational instructions on any measures in place as a result of
COVID-19, in conjunction with this guidance.

Cost of application

There is no fee for an application under the EU Settlement Scheme.

Applicants under the scheme are not required to pay the Immigration Health
Surcharge.

Where the application is made within the UK, a non-EEA citizen applicant required to
enrol their biometrics may be required to pay a fee to a commercial partner to do so,
depending on the location of the centre they choose to use (several across the UK
are free to use).

The best interests of a child

The duty in section 55 of the Borders, Citizenship and Immigration Act 2009 to have
regard to the need to safeguard and promote the welfare of a child under the age of
18 in the UK, together with Article 3 of the UN Convention on the Rights of the Child,
means that consideration of the child’s best interests must be a primary
consideration in immigration decisions affecting them. This guidance and the
Immigration Rules it covers form part of the arrangements for ensuring that we give
practical effect to these obligations.

Where a child or children in the UK will be affected by the decision, you must have
regard to their best interests in making the decision. You must carefully consider all
the information and evidence provided concerning the best interests of a child in the
UK and the impact the decision may have on the child.

Although the duty in section 55 only applies to children in the UK, the statutory
guidance – Every Child Matters – Change for Children – provides guidance on the
extent to which the spirit of the duty should be applied to children overseas. You
must adhere to the spirit of the duty and make enquiries when you have reason to
suspect that a child may be in need of protection or safeguarding, or presents
welfare needs that require attention. In some instances, international or local
agreements are in place that permit or require children to be referred to the
authorities of other countries and you are to abide by these and work with local
agencies in order to develop arrangements that protect children and reduce the risk
of trafficking and exploitation.
Further guidance can be found in paragraphs 2.34 to 2.36 of the statutory guidance.

For further guidance on how to deal with applications concerning children see: Applications in respect of children.

Who can apply

The EU Settlement Scheme was launched at 7.00am on 30 March 2019, after several test phases.

Applications from outside the UK under the EU Settlement Scheme have been possible since 7:00am on 9 April 2019.

Applications under the EU Settlement Scheme by a ‘person with a Zambrano right to reside’ as defined in Annex 1 to Appendix EU have been possible since 1 May 2019.

Applications under the EU Settlement Scheme by family members of a relevant person of Northern Ireland as defined in Annex 1 to Appendix EU have been possible since 24 August 2020.

Applications under the EU Settlement Scheme by joining family members of a relevant sponsor as defined in Annex 1 to Appendix EU have been possible since 11:00pm on 31 December 2020.

Applications under the EU Settlement Scheme by a dependent relative of a relevant EEA citizen, and joining family members of a relevant sponsor, where the relevant EEA citizen or relevant sponsor is a specified relevant person of Northern Ireland, have been possible since 1 July 2021.

Where eligible, a person who is exempt from immigration control (for example, foreign diplomats, consular staff, posted members of foreign armed forces, members of staff of certain international organisations and certain family members of theirs) can apply for and be granted pre-settled or settled status under the EU Settlement Scheme whilst they remain a person exempt from immigration control. You must not treat an application to the EU Settlement Scheme from a person exempt from immigration control as void because the person is exempt. If a person applies whilst they are exempt from immigration control, you must treat them as if they were not exempt. This means you must consider the application in the same way as for other relevant EEA citizens or their family members. A person exempt from immigration control can also apply to the scheme, by the ‘required date’, once they cease to be exempt from immigration control, and in the meantime their non-exempt family members are able to apply.

A person who is a British citizen, including a British citizen with dual nationality, has the right of abode in the UK, cannot be granted leave to enter or remain under the Immigration Act 1971 and therefore, if they make an application under the EU Settlement Scheme, this must be treated as void.

Certain current Commonwealth citizens also have the right of abode in the UK and cannot be granted leave to enter or remain under the Immigration Act 1971. Therefore, if they make an application under the EU Settlement Scheme, this must be treated as void. Further information on the right of abode in the UK can be found at right of abode guidance.
A person who holds valid indefinite leave to enter or indefinite leave to remain granted under Appendix EU may not be granted indefinite leave to enter or indefinite leave to remain again under Appendix EU. Therefore, if they make an application under the EU Settlement Scheme, this must be treated as void.

**EEA citizen**

An ‘EEA citizen’ is defined in Annex 1 to Appendix EU as a person who is (and, throughout any continuous qualifying period relied upon, was) either:

- under sub-paragraph (a)(i), a national of Austria, Belgium, Bulgaria, Croatia, Republic of Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden or Switzerland, and who, under sub-paragraph (a)(ii), is not also a British citizen
- under sub-paragraph (b), a relevant naturalised British citizen (see Relevant naturalised British citizen)
- under sub-paragraph (c), a national of a country listed in sub-paragraph (a)(i) and (where the applicant meets the criteria in paragraph 9 of Schedule 6 to the EEA Regulations as the family member (“F”) to whom that paragraph refers) a British citizen within the meaning of the person (P) to whom that paragraph refers (see Family member of a dual British and EEA citizen (McCarthy cases))
- under sub-paragraph (d), a relevant person of Northern Ireland (see Family members of the people of Northern Ireland)

**Relevant EEA citizen**

Annex 1 to Appendix EU contains 2 definitions of ‘relevant EEA citizen’, depending on the date of the application under consideration.

**Applications made before 1 July 2021**

Where, in respect of the application under consideration, the date of application by a relevant EEA citizen or their family member is before 1 July 2021, a ‘relevant EEA citizen’ is defined in Annex 1 to Appendix EU as either:

- under sub-paragraph (a), an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) resident in the UK and Islands for a continuous qualifying period which began before the specified date
- under sub-paragraph (b), an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) who, having been resident in the UK and Islands as described above, either:
  - has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands)
would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- under sub-paragraph (c), where the applicant is a family member of a relevant naturalised British citizen, an EEA citizen in accordance with sub-paragraph (b) of the definition of EEA citizen in Annex 1 to Appendix EU

- under sub-paragraph (d), where the applicant is the family member (“F”) to whom paragraph 9 of Schedule 6 to the EEA Regulations refers and meets the criteria as F in that paragraph, an EEA citizen in accordance with sub-paragraph (c) of the definition in Annex 1 to Appendix EU, and either:
  - resident in the UK and Islands for a continuous qualifying period which began before the specified date
  - who, having been resident in the UK and Islands as described above and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- under sub-paragraph (e), where the applicant is a family member of a relevant person of Northern Ireland, an EEA citizen in accordance with sub-paragraph (d) of the definition in Annex 1 to Appendix EU and either:
  - resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date
  - who, having been resident in the UK and Islands as described above, and where they are a relevant person of Northern Ireland in accordance with sub-paragraph (a)(ii) of the definition in Annex 1 to Appendix EU (such as an Irish citizen), either has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands), or would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  - who, having been resident in the UK and Islands as described above and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact (where they are a relevant person of Northern Ireland in accordance with sub-paragraph (a)(i) or (a)(iii) of the definition in Annex 1 to Appendix EU, such as a British citizen or a British citizen and an Irish citizen) that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- under sub paragraph (f), where the applicant is the family member of a person exempt from immigration control, that person is either:
resident in the UK and Islands for a continuous qualifying period which began before the specified date

- a person who, having been resident in the UK and Islands as described above and if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- under sub-paragraph (g), where the applicant is their family member, a frontier worker

Applications made on or after 1 July 2021

Where, in respect of the application under consideration, the date of application by a relevant EEA citizen or their family member is on or after 1 July 2021, a ‘relevant EEA citizen’ is defined in Annex 1 to Appendix EU as either:

- under sub-paragraph (a), an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) resident in the UK and Islands for a continuous qualifying period which began before the specified date; and, where the applicant is their family member, the EEA citizen, having been resident in the UK and Islands as described above, has been granted either:
  - indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated
  - limited leave to enter or remain under paragraph EU3 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, curtailed or invalidated

- under sub-paragraph (b), an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) resident in the UK and Islands for a continuous qualifying period which began before the specified date; and, where the applicant is their family member, the EEA citizen, having been resident in the UK and Islands as described above, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted:
o indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
o limited leave to enter or remain under paragraph EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

- under sub-paragraph (c), where the applicant is a family member of a person who falls within sub-paragraphs (a), (c) and (d) of the entry for 'relevant naturalised British citizen' in Annex 1 to Appendix EU, that relevant naturalised British citizen would, if they had made a valid application under Appendix EU before 1 July 2021, have, but for the fact that they are a British citizen, been granted:
o indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
o limited leave to enter or remain under paragraph EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

- under sub-paragraph (d), where the applicant is the family member ("F") to whom paragraph 9 of Schedule 6 to the EEA Regulations refers and meets the criteria as F in that paragraph, an EEA citizen (in accordance with sub-paragraph (c) of that definition in Annex 1 to Appendix EU) resident in the UK and Islands for a continuous qualifying period which began before the specified date; and the EEA citizen, having been resident in the UK and Islands as described above and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted:
o indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
o limited leave to enter or remain under paragraph EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

- under sub-paragraph (e)(i), where the applicant is a family member of a relevant person of Northern Ireland, an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU) who is a relevant person of Northern Ireland in accordance with sub-paragraph (a)(ii) of the definition in Annex 1 to Appendix EU (such as an Irish citizen); and the EEA citizen, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, either:
o has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated
o would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (if had they made a valid application under Appendix EU before 1 July 2021), which would not have lapsed or been cancelled, revoked or invalidated before the date of application
• has been granted limited leave to enter or remain under paragraph EU3 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, curtailed or invalidated

• would have been granted limited leave to enter or remain under paragraph EU3 of Appendix EU (if had they made a valid application under Appendix EU before 1 July 2021), which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

• under sub-paragraph (e)(ii), where the applicant is a family member of a relevant person of Northern Ireland, an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU) who is a relevant person of Northern Ireland in accordance with sub-paragraph (a)(i) or (a)(iii) of the definition in Annex 1 to Appendix EU (such as a British citizen or a British citizen and an Irish citizen); and the EEA citizen, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date, and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted either:

• indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• limited leave to enter or remain under paragraph EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

• under sub-paragraph (f), where the applicant is the family member of a person exempt from immigration control, that person was resident in the UK and Islands for a continuous qualifying period which began before the specified date; and the person, having been resident in the UK and Islands as described above and if they had made a valid application under Appendix EU before 1 July 2021, would have been granted either:

• indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• limited leave to enter or remain under paragraph EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

• under sub-paragraph (g) where the applicant is their family member, a frontier worker

In addition, in relation to sub-paragraphs (a) to (f), as described above, of the definition of ‘relevant EEA citizen’ where, in respect of the application under consideration, the date of application is on or after 1 July 2021, it will suffice that the relevant EEA citizen is (or, as the case may be, for the relevant period was) resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date where the applicant either:
• is (or, as the case may be, for the relevant period was) a family member of a relevant EEA citizen or a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen; and has completed a continuous qualifying period of 5 years under condition 3 in rule EU11 of Appendix EU
• is a family member of a relevant EEA citizen or a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen; and otherwise meets the eligibility requirements for limited leave to enter or remain under condition 1 in rule EU14 of Appendix EU
• relies on meeting condition 1, 2 or 6 in rule EU11 of Appendix EU

Islands

‘The Islands’ are defined in Annex 1 to Appendix EU as:

• the Bailiwick of Guernsey, the Bailiwick of Jersey or the Isle of Man

‘The UK and Islands’ is defined in Annex 1 to Appendix EU as:

• the UK and the Islands taken together

Irish citizen

An ‘Irish citizen’ is defined in Annex 1 to Appendix EU as a person who is an Irish citizen as a matter of Irish law.

Irish citizens enjoy a right of residence in the UK that is not reliant on the UK’s membership of the EU.

This means that Irish citizens do not need to apply for status under the scheme. Nonetheless, Irish citizens can make an application under the scheme, should they wish to do so.
Their family members (who are not Irish citizens or British citizens and who do not have leave to enter or remain in the UK) will need to make an application for status under the EU Settlement Scheme, and they can do so whether or not the Irish citizen has done so.

**Non-EEA citizen**

A non-EEA citizen is defined in Annex 1 to Appendix EU as a person who is not an EEA citizen and is not a British citizen. To apply from outside the UK, they will need to provide the ‘required proof of entitlement to apply from outside the UK’.

**Family member of a relevant EEA citizen**

As set out in the definition in Annex 1 to Appendix EU of ‘family member of a relevant EEA citizen’, the categories of family member of a relevant EEA citizen who can apply are:

- **spouse**
- **civil partner**
- **durable partner** (unmarried partnership akin to marriage or civil partnership)
- **child, grandchild or great-grandchild** (including of the spouse or civil partner)
- **dependent parent, grandparent or great-grandparent** (including of the spouse or civil partner)
- **dependent relative** (including, in some cases, of the spouse or civil partner)

A person can also apply:

- on the basis of retaining the right of residence: see [a family member who has retained the right of residence](#)
- as a person with a derivative right to reside
- as a person with a Zambrano right to reside
- as a family member of a qualifying British citizen

To apply under the family member of a relevant EEA citizen provisions (save as a dependent relative of a specified relevant person of Northern Ireland or as a relevant EEA family permit case), an applicant must have been resident in the UK by the end of the transition period at 11pm GMT on 31 December 2020 on a basis which met the definition of ‘family member of a relevant EEA citizen’ in Annex 1 to Appendix EU and thereafter not have broken the continuity of their residence.

**Relevant EEA family permit case**

The requirement that a person applying as a family member of a relevant EEA citizen must have been resident in the UK by the end of the transition period at 11pm GMT on 31 December 2020 on a basis which met the definition of ‘family member of a relevant EEA citizen’ in Annex 1 to Appendix EU, does not apply where the applicant is a ‘relevant EEA family permit case’ as defined in Annex 1 to Appendix EU.
Under that definition, a ‘relevant EEA family permit case’ is either:

- a family member of a relevant EEA citizen who is a dependent relative or a durable partner who (in either case) arrived in the UK after 11pm GMT on 31 December 2020 and by 30 June 2021 with a valid EEA family permit issued under the EEA Regulations on the basis of a valid application made under the EEA Regulations before 11pm GMT on 31 December 2020
- a family member of a relevant EEA citizen who is a dependent relative or (on the basis of a valid application made under the EEA Regulations before 11pm GMT on 31 December 2020) a durable partner who (in either case) arrived in the UK after 11pm GMT on 31 December 2020 with an entry clearance in the form of an EU Settlement Scheme family permit granted under Appendix EU (Family Permit) on the basis they met the definition in Annex 1 to that Appendix of ‘specified EEA family permit case’
- a person with a derivative right to reside or a person with a Zambrano right to reside who (in either case) arrived in the UK after 11pm GMT on 31 December 2020 and by 30 June 2021 with a valid EEA family permit issued under the EEA Regulations on the basis of a valid application made under the EEA Regulations before 11pm GMT on 31 December 2020
- a person with a derivative right to reside or a person with a Zambrano right to reside who (in either case) arrived in the UK after 11pm GMT on 31 December 2020 with an entry clearance in the form of an EU Settlement Scheme family permit granted under Appendix EU (Family Permit) on the basis they met the definition in Annex 1 to that Appendix of ‘specified EEA family permit case’

See the EU Settlement Scheme Family Permit and Travel Permit guidance for further information.

In a ‘relevant EEA family permit case’, you may consider there are reasonable grounds for the person’s delay in making their application (where they do so after the 30 June 2021 deadline applicable to them) where they apply to the EU Settlement Scheme as soon as they reasonably can (and generally within 3 months) following their arrival in the UK.

**Joining family member of a relevant sponsor**

As set out in the definition in Annex 1 to Appendix EU of ‘joining family member of a relevant sponsor’, the categories of joining family member of a relevant sponsor who can apply are:

- **spouse**
- **civil partner**
- **specified spouse or civil partner of a Swiss citizen**
- **durable partner** (unmarried partnership akin to marriage or civil partnership)
- **child, grandchild or great-grandchild** (including of the spouse or civil partner)
- **dependent parent, grandparent or great-grandparent** (including of the spouse or civil partner)
An applicant needs to meet particular criteria to qualify under the joining family member of a relevant sponsor provisions. See Who can apply as a joining family member of a relevant sponsor for further detail. Their relationship with the relevant sponsor needs to have existed by the end of the transition period at 11pm GMT on 31 December 2020, unless they are a child, in certain circumstances, of the relevant sponsor (or of the relevant sponsor’s spouse or civil partner) or the specified spouse or civil partner of a Swiss citizen.

**Relevant naturalised British citizen**

A family member of a relevant EEA citizen (or a joining family member of a relevant sponsor) can also apply where the relevant EEA citizen (or relevant sponsor) is a dual British and EEA citizen who exercised free movement rights in the UK prior to the acquisition of British citizenship and who retained their EEA nationality of origin after acquiring British citizenship. This reflects the Court of Justice of the European Union (CJEU) judgment in *Lounes*.

Such a ‘relevant naturalised British citizen’ is defined in Annex 1 to Appendix EU as either:

- under sub-paragraph (a), an EEA citizen (in accordance with sub-paragraph (a)(i) of the definition of ‘EEA citizen’ in Annex 1 to Appendix EU) resident in the UK and Islands for a continuous qualifying period which began before the specified date
- under sub-paragraph (b), an EEA citizen (in accordance with sub-paragraph (a)(i) of the definition of ‘EEA citizen’ in Annex 1 to Appendix EU) who, having been resident in the UK and Islands as described above and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

And, in addition, in either case the person also both:

- under sub-paragraph (c), comes within paragraph (b) of the definition of “EEA national” in regulation 2(1) of the EEA Regulations
- under sub-paragraph (d), meets the criteria contained in regulation 9A(2) or 9A(3) as the dual national (“DN”) to whom those provisions refer (save for the requirement in regulation 4(1)(c)(ii) and (d)(ii) of the EEA Regulations for comprehensive sickness insurance cover in the UK and regardless of whether, save in conditions 5 and 6 in the table in paragraph EU11 of Appendix EU and in conditions 2 and 3 in the table in paragraph EU11A, they otherwise remained a qualified person under regulation 6 of the EEA Regulations after they acquired British citizenship)

To make a valid application, a family member of a relevant naturalised British citizen must apply using the relevant paper application form.
In considering such an application, before assessing the family relationship, you must first be satisfied that the person on whom the applicant is relying as being a relevant EEA citizen is a relevant naturalised British citizen in accordance with the definition in Annex 1 to Appendix EU.

You must be satisfied that that person:

- has acquired British citizenship, for example, by the provision of a valid UK passport or naturalisation certificate
- was an EEA citizen prior to also becoming a British citizen, for example, by the provision of an EEA passport or national identity card issued before they naturalised as a British citizen
- has retained their EEA nationality, for example, by the provision of a valid EEA passport or national identity card

And, in respect of the criteria in regulation 9A(2) or 9A(3) of the EEA Regulations, you must be satisfied that the person either:

- was a ‘qualified person’ under regulation 6(1) of the EEA Regulations at the time they acquired British citizenship and, where the applicant relies on meeting condition 5 or 6 in rule EU11 of Appendix EU or condition 2 or 3 in rule EU11A, has not lost the status of qualified person since they acquired British citizenship (see EEA Nationals: Qualified Persons)
- had acquired a right of permanent residence in the UK at the time they acquired British citizenship (see ‘Right to permanent residence for qualified persons section’ in EEA Nationals: Qualified Persons)

If the applicant does not provide sufficient evidence that the person is a naturalised British citizen, you must check other information available, for example, information or a scanned copy of the person’s British passport held on Home Office records, before you contact the applicant to request they provide further evidence.

Where you are satisfied that the person is a relevant naturalised British citizen, you must then consider the application as if it were from the family member of a relevant EEA citizen. See: Assessing family relationship.

**Family member of a dual British and EEA citizen (McCarthy cases)**

The CJEU judgment in McCarthy in 2011 found that a person who holds the nationality of the host EEA Member State (regardless of whether or not they hold dual nationality with another EEA Member State) and has never exercised their right of free movement does not benefit, and nor do their family members, from rights of residence under the Free Movement Directive. Transitional provisions were made in 2012 – which are now reflected in paragraph 9 of Schedule 6 to the EEA Regulations – to enable certain family members affected by the judgment to retain or obtain a residence document enabling them to remain in the UK.
They will be either:

- a person who on 16 July 2012 had the right of permanent residence in the UK under the EEA Regulations 2006
- a person residing in the UK on 16 July 2012 as the family member of a dual British and EEA citizen, and who held a valid registration certificate or residence card confirming this right on 16 October 2012 - they continue to be treated under the EEA Regulations as the family member of an EEA citizen for as long as they continue to be the family member of that dual national - this also applies where a person had a right of residence on this basis on 16 July 2012 and had submitted an application for a document confirming this right on or before 16 October 2012 which had not been determined by that date (or which had been refused and was then successfully appealed): they continue to have such a right where a document was subsequently issued on the basis of that application (or that appeal)
- a person who submitted an application for an EEA family permit as the family member of a dual British and EEA citizen before 16 July 2012, where the application resulted in an EEA family permit being issued (including where this document was issued following a successful appeal) and the person travelled to the UK within the 6 month validity period of that EEA family permit - they continue to be treated under the EEA Regulations as the family member of an EEA citizen for as long as they continue to be the family member of that dual national - they do not need to have applied for further confirmation of a right of residence in the UK

By virtue of sub-paragraph (d) of the applicable definition of ‘relevant EEA citizen’ in Annex 1 to Appendix EU (and of sub-paragraph (c)(ii) of the definition there of ‘EEA citizen’), such a person may be eligible for settled status or pre-settled status under Appendix EU as the family member of a relevant EEA citizen, where the other relevant requirements of that category are met.

**Relevant person of Northern Ireland**

A family member of a relevant EEA citizen (or a joining family member of a relevant sponsor) can also apply where the relevant EEA citizen (or relevant sponsor) is a relevant person of Northern Ireland (as defined in Annex 1 to Appendix EU).

A ‘relevant person of Northern Ireland’ is a person who both:

- is either:
  - a British citizen
  - an Irish citizen
  - a British citizen and an Irish citizen
- was born in Northern Ireland and, at the time of the person’s birth, at least one of their parents was either:
  - a British citizen
  - an Irish citizen
Specified relevant person of Northern Ireland

From 1 July 2021, there is provision under Appendix EU for a dependent relative of a relevant EEA citizen, or for a joining family member of a relevant sponsor, to apply under the scheme where the relevant EEA citizen (or relevant sponsor) is a ‘specified relevant person of Northern Ireland’ (as defined in Annex 1 to Appendix EU). This is a person who is a relevant person of Northern Ireland in accordance with sub-paragraph (a)(i) or (a)(iii) of that definition in Annex 1 (such as they are a British citizen or a dual British and Irish citizen) and both:

- the applicant is a non-EEA citizen
- the applicant is either:
  - a joining family member of a relevant sponsor, where the person is their relevant sponsor and the applicant has satisfied you by relevant information or evidence provided with the application that, due to compelling practical or compassionate reasons, it was not possible for the person to return to the UK before the specified date while the applicant remained outside the UK
  - a dependent relative and the person is their sponsoring person (in the definition of ‘dependent relative’ in Annex 1 to Appendix EU) and the applicant relies, as their relevant document as the dependent relative of their sponsoring person (as described in sub-paragraph (a)(iv) of the definition of ‘relevant document’ in Annex 1 to Appendix EU), on an EU Settlement Scheme Family Permit granted to them under Appendix EU (Family Permit) as a ‘dependent relative of a specified relevant person of Northern Ireland’, as defined in Annex 1 to that Appendix

Person exempt from immigration control

A ‘person exempt from immigration control’ is defined in Annex 1 to Appendix EU as a person who is:

- a national of an EEA country or Switzerland
- not a British citizen
- exempt from immigration control in accordance with section 8(2), (3) or (4) of the Immigration Act 1971

Where eligible, a person who is exempt from immigration control (for example, foreign diplomats, consular staff, posted members of foreign armed forces, members of staff of certain international organisations and certain family members of theirs) can apply for and be granted pre-settled or settled status under the EU Settlement Scheme whilst they remain a person exempt from immigration control.

Their exemption from immigration control will continue to operate for the purposes of entry to and residence in the UK. However, a grant of pre-settled or settled status
under the EUSS will enable them to access their rights under the Citizens’ Rights Agreements from the date status is granted.

You must not treat an application to the EU Settlement Scheme from a person exempt from immigration control as void because the person is exempt. If a person applies whilst they are exempt from immigration control, you must treat them as if they were not exempt. This means you must consider the application in the same way as for other relevant EEA citizens or their family members.

A person exempt from immigration control can apply to the EU Settlement Scheme whilst they are exempt, or they can wait and apply within 90 days of the date on which they cease to be exempt (or later if they have reasonable grounds for missing that deadline).

The relevant family members of a person exempt from immigration control are able to apply, regardless of whether the person exempt from immigration control has obtained EU Settlement Scheme status and regardless of whether that family member is also exempt. They can apply under the family member of a relevant EEA citizen provisions (if they were resident by 11pm GMT on 31 December 2020 on a basis which met the definition of ‘family member of a relevant EEA citizen’ in Annex 1 to Appendix EU and thereafter have not broken the continuity of their residence) or where eligible as a joining family member.

See Persons exempt from control for further guidance.

**Frontier worker**

A family member of a relevant EEA citizen (or a joining family member of a relevant sponsor) can also apply where the relevant EEA citizen (or relevant sponsor) is a frontier worker (as defined in Annex 1 to Appendix EU).

A frontier worker is a person who:

- is a national of an EEA country or Switzerland
- is not a British citizen
- satisfies the Secretary of State by relevant evidence of this that they fulfil the relevant conditions of being a frontier worker set out in the [Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020](https://www.legislation.gov.uk/uksi/2020/1459), and that they have done so continuously since the specified date
- has not been (and is not to be) refused admission to, or removed from, the UK by virtue of the Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020, and is not subject to a relevant restriction decision as defined by regulation 2 of those Regulations

See Frontier worker permit scheme for guidance about how to consider whether a person qualifies for a frontier worker permit issued under the [Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020](https://www.legislation.gov.uk/uksi/2020/1459).
Relevant document

Where this guidance makes reference to a ‘relevant document’ it means (as defined in Annex 1 to Appendix EU) either:

- under sub-paragraph (a)(i)(aa), a family permit, registration certificate, residence card, document certifying permanent residence, permanent residence card or derivative residence card issued by the UK under the EEA Regulations on the basis of an application made under the EEA Regulations before the specified date or, in the case of a family permit (where the applicant is not a dependent relative), before 1 July 2021 (or, in any case, a letter from the Secretary of State, issued after 30 June 2021, confirming their qualification for such a document, had the route not closed after 30 June 2021)
- under sub-paragraph (a)(i)(bb) (where the applicant is a family member of a relevant person of Northern Ireland and is a dependent relative or durable partner), other evidence which satisfies the Secretary of State of the same matters under Appendix EU concerning the relationship and (where relevant) dependency as a document listed in sub-paragraph (a)(i)(aa); for the purposes of this provision, where the Secretary of State is so satisfied, such evidence is deemed to be the equivalent of a document to which sub-paragraph (a)(i)(aa) refers
- under sub-paragraph (a)(ii), a document or other evidence equivalent to a document to which sub-paragraph (a)(i)(aa) refers, and issued by the Islands under the relevant legislation there evidencing the entitlement to enter or reside in the Islands or the right of permanent residence in the Islands, through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man
- under sub-paragraph (a)(iii), a biometric residence card issued by virtue of having been granted limited leave to enter or remain under Appendix EU
- under sub-paragraph (a)(iv), an entry clearance in the form of an EU Settlement Scheme Family Permit granted under or outside Appendix EU (Family Permit)

And, in addition, the document:

- under sub-paragraph (b), was not subsequently revoked, or fell to be so, because the relationship or dependency had never existed or the relationship or (where relevant) dependency had ceased
- under sub-paragraph (c) (subject to sub-paragraphs (d) and (e)), has not expired or otherwise ceased to be effective, or which remained valid for the period of residence relied upon
- under sub-paragraph (d), for the purposes of the reference to ‘relevant document’ in the first sub-paragraph (b) of the definition of ‘dependent relative’ in Annex 1 to Appendix EU, in sub-paragraph (b)(i) of the definition there of ‘durable partner’, and in sub-paragraphs (e) and (f) of the definition there of ‘required evidence of family relationship’, the relevant document may have expired, where both of the following apply:
before it expired, the applicant applied for a further relevant document (as described above in relation to sub-paragraph (a)(i)(aa) or (a)(iii)) on the basis of the same family relationship as that on which that earlier relevant document was issued

that further relevant document was issued by the date of decision on the application under Appendix EU

- under sub-paragraph (e), the relevant document may have expired where all of the following apply:
  - it is a family permit (as described under sub-paragraph (a)(i)(aa) summarised above) or an equivalent document or other evidence issued by the Islands (as described under sub-paragraph (a)(ii) summarised above)
  - it expired after the specified date and before the required date
  - the applicant arrived in the UK before 1 July 2021 and (unless they are a durable partner or dependent relative) after the specified date

Under transitional provisions in the EEA Regulations, a document issued under the 2000 or 2006 Regulations is to be treated as though issued under the EEA Regulations 2016.

Where Appendix EU requires that a document, card or other evidence is valid (or remained valid for the period of residence relied upon), or has not been cancelled or invalidated or has not ceased to be effective, it does not matter that the person concerned no longer has the right to enter or reside under the EEA Regulations (or under the equivalent provision in the Islands), on which basis the document, card or other evidence was issued, by virtue of the revocation of those Regulations (or equivalent provision in the Islands).

**Letter from the Secretary of State**

The requirement that a person applying as a family member of a relevant EEA citizen hold a relevant document can be met by way of a letter from the Secretary of State, issued after 30 June 2021, confirming their qualification for a document under the EEA Regulations, had the route not closed after 30 June 2021. For example, where an extended family member (a *durable partner* or *dependent relative*, as defined in Annex 1 to Appendix EU) in the UK, who applied before the end of the transition period at 11pm on 31 December 2020 for a residence card under the EEA Regulations, would have been issued with one (including on appeal) but for the closure of that route after 30 June 2021.

The applicant must continue to meet all other relevant requirements under Appendix EU to qualify for status under the EU Settlement Scheme.

In the case of an applicant relying on such a letter, you may consider there are reasonable grounds for the person’s delay in making their application (where they do so after the 30 June 2021 deadline applicable to them) where they apply to the EU Settlement Scheme as soon as they reasonably can (and generally within 3 months) of receiving the letter.
Specified relevant document

Where this guidance makes reference to a ‘specified relevant document’, it means, as defined in Annex 1 to Appendix EU, either:

- within the meaning of sub-paragraph (a)(i)(aa) of the definition of ‘relevant document’, a residence card, permanent residence card or derivative residence card issued by the UK under the EEA Regulations on the basis of an application made on or after 6 April 2015, which means that it is a biometric residence card
- a biometric residence card (as described in sub-paragraph (a)(iii) of the definition of ‘relevant document’) issued by virtue of having been granted limited leave to enter or remain under Appendix EU

Family member of a qualifying British citizen

Making an application: deadline

An application for indefinite leave to enter or remain or limited leave to enter or remain under Appendix EU must be made by the required date.

Required date

Where this guidance refers to the ‘required date’, this means the deadline to apply to the EU Settlement Scheme, as follows (as defined in Annex 1 to Appendix EU).

Where the applicant has limited leave to enter or remain granted under Appendix EU: the deadline is before the date of expiry of that leave, unless you are satisfied by information provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application.

Where the applicant does not have limited leave to enter or remain or indefinite leave to enter or remain granted under Appendix EU:

- in the case of a joining family member of a relevant sponsor (where the joining family member is not a specified spouse or civil partner of a Swiss citizen, does not have other limited leave to enter or remain and is not exempt from immigration control) and that joining family member arrived in the UK on or after 1 April 2021: the deadline is within 3 months of the date they arrived in the UK, unless that deadline was not met and you are satisfied by information provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application
- in the case of a specified spouse or civil partner of a Swiss citizen who arrived in the UK on or after 1 April 2021 (and does not have other limited leave to enter or remain and is not exempt from immigration control): the deadline is within 3 months of the date on which they arrived in the UK, and before 1 January 2026, unless that deadline was not met and you are satisfied by information provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application
- in the case of a joining family member of a relevant sponsor and the joining family member is a child who is born or adopted in the UK on or after 1 April 2021 (or who, on or after that date, becomes subject in the UK to one of the guardianship orders or equivalent in sub-paragraphs (a)(iii) to (a)(xi) of the definition of ‘child’ in Annex 1 to Appendix EU): the deadline is within 3 months of the date on which they were born or adopted in the UK (or became subject in the UK to such an order), unless that deadline was not met and you are satisfied by information provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application
- in all other cases (save where a joining family member of a relevant sponsor is applying from outside the UK, is not caught by any of the other deadline provisions and may therefore apply at any time): the deadline is before 1 July 2021, unless that deadline was not met and you are satisfied by information
provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application.

Where the applicant is a joining family member of a relevant sponsor who arrives in the UK on or after 1 April 2021, the deadline of 3 months from the date they arrived in the UK for making an application starts afresh from the date of their return to the UK if they leave the UK during that 3-month period and then return.

Reasonable grounds for missing the 30 June 2021 deadline (where it applies) are deemed by Appendix EU to exist in the case of an applicant who either:

- has **limited leave to enter or remain** granted under another part of, or outside, the Immigration Rules, which has not lapsed or been cancelled, curtailed or invalidated, and the date of expiry of that leave is on or after 1 July 2021 – where this occurs, the deadline is before the date of expiry of their leave, unless that deadline was not met and you are satisfied by information provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application.

- ceases to be **exempt from immigration control** on or after 1 July 2021 – where this occurs, the deadline is within 90 days beginning on the day on which they ceased to be exempt from immigration control, unless that deadline was not met and you are satisfied by information provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application.

In all cases, as indicated above and set out in more detail below, a person may make a late application to the EU Settlement Scheme where you are satisfied by information provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application.

### Reasonable grounds for delay in making an application

In line with the Citizens’ Rights Agreements, there remains scope, indefinitely, for a person eligible for status under the EU Settlement Scheme to make a late application to the scheme where, in light of all the circumstances and reasons, there are reasonable grounds for their delay in making their application.

Where a person who has failed to meet the deadline applicable to them wishes to apply to the EU Settlement Scheme, they must make a valid application under Appendix EU – online or on the relevant paper application form – and provide information with the application setting out their grounds for their delay in making their application.

If an applicant submits an application which is missing any of the components required under rule EU9 of Appendix EU for it to be valid, they must be prompted or contacted and given a reasonable opportunity to provide what is needed to validate the application (unless the applicant has submitted a fraudulent identity document).
Should the validity requirements of rule EU9 not be met after the applicant has been prompted or contacted and given a reasonable opportunity to provide what is needed to validate the application, the application must be rejected as invalid under rule EU10(1) of Appendix EU. For further details see **Validity consideration**.

Where the application under Appendix EU is valid and you are satisfied that there are reasonable grounds for the person’s delay in making their application under the EU Settlement Scheme, you must then consider the application under the other eligibility requirements and the suitability requirements of Appendix EU and in line with this guidance on the scheme.

In line with the general approach under the EU Settlement Scheme of looking to grant status, rather than for reasons to refuse, you must take a flexible and pragmatic approach to considering, in light of the circumstances of each case, whether there are reasonable grounds for the person’s delay in making their application.

The guidance below describes some circumstances in which you may be satisfied that a person has reasonable grounds for their delay in making their application, but it is not exhaustive and every case must be considered in light of its particular circumstances.

In all cases, the relevant test is whether there are reasonable grounds for the person’s delay in making their application under the EU Settlement Scheme. In general, the more time which has elapsed since the deadline applicable to the person under the scheme, the harder it will be for them to satisfy you that, at the date of application, there are reasonable grounds for their delay in making their application. However, there will be exceptions to this, such as where a person establishes, when they first apply to work or study in the UK, that an application to the scheme was not made on their behalf years earlier when they were a child by a parent, guardian or local authority.

30 June 2021 was the end of the grace period, during which an EEA citizen lawfully resident in the UK by virtue of the EEA Regulations at the end of the transition period at 11pm on 31 December 2020 (or with the right of permanent residence by virtue of them) and their family members could continue to rely on those EU law rights pending the final outcome of an application (and of any appeal) to the EU Settlement Scheme made by them by 30 June 2021. For the time being, you will give late applicants the benefit of any doubt in considering whether, in light of information provided with the application, there are, at the date of application, reasonable grounds for their delay in making their application under the EU Settlement Scheme, unless this would not be reasonable in light of the particular circumstances of the case. Any change in approach will be reflected in a revision of this guidance.

Where a person has pre-settled status under the EU Settlement Scheme (5 years’ limited leave to enter or remain granted under Appendix EU), they can apply for settled status (indefinite leave to enter or remain granted under Appendix EU) as soon as they qualify for this. As mentioned above, the deadline for an application by them for settled status is before the date of expiry of their pre-settled status, unless...
that deadline was not met and you are satisfied by information provided with the application that, at the date of application, there are reasonable grounds for the person’s delay in making their application. The first grants of pre-settled status, under the initial test phase of the EU Settlement Scheme which began on 28 August 2018, will expire in Autumn 2023. This guidance will be updated before then and we will send a reminder to those granted pre-settled status to apply for settled status before their pre-settled status expires.

We will also ensure that, where, before the date of expiry of their pre-settled status, a person becomes exempt from immigration control, they are given a reasonable opportunity to apply for settled status once they cease to be exempt from immigration control (where they choose not to apply whilst they are exempt).

Where a person who has applied late to the EU Settlement Scheme has not provided sufficient information as to the reasonable grounds for their delay in making their application, you must attempt, as with other applications under the scheme, to engage with the applicant and give them a reasonable opportunity to submit this, and you will exercise discretion in favour of the applicant where appropriate, to minimise administrative burdens. See Consideration of applications: eligibility.

Where you are satisfied that there are reasonable grounds for the applicant’s delay in making their application, then, in line with the Citizens’ Rights Agreements, you must, as with other applications to the EU Settlement Scheme, work with the applicant to help them avoid any errors or omissions that may impact on the application decision. Where necessary, you must attempt, as with other applications under the scheme, to engage with the applicant and give them a reasonable opportunity to submit supplementary evidence or remedy any deficiencies where it appears a simple omission has taken place, and you will exercise discretion in favour of the applicant where appropriate, to minimise administrative burdens. See Consideration of applications: eligibility.

Where a person has already made an in-time application to the EU Settlement Scheme, and this application has been refused, they will not normally be able to make a late application to the scheme based on there being reasonable grounds for their delay in making their application, as they previously met the deadline applicable to them. Consistent with the Citizens’ Rights Agreements, the decision on their in-time application will have considered whether they qualify for status under the EU Settlement Scheme, subject to any application for administrative review or appeal.

They will not normally therefore be able, after the deadline applicable to them, to make a further, successful application to the scheme. However, there may be occasional circumstances in which there may be reasonable grounds for a refused, in-time applicant to make a late, further application to the scheme, such as, for example, where a deficient in-time application was made on their behalf by a third party or there is a good reason why they did not engage with our attempts to contact them following an earlier in-time application to obtain further information or evidence as to their eligibility for status under the scheme. Whether there are such reasonable grounds will depend on the particular circumstances of the case.
A person may make a further application to the EU Settlement Scheme where an application resulted in a grant of status as a joining family member of a relevant sponsor and where, despite being given a reasonable opportunity to do so before that application was decided, the person now wishes to provide evidence that they are in fact a relevant EEA citizen or the family member of a relevant EEA citizen (such as that they were resident in the UK by the end of the transition period). In those circumstances, and in the absence of a right to administrative review of, or to appeal against, that decision, they may make a further application to the scheme after the deadline applicable to them and are encouraged to make any such further application as soon as practicable.

Where a person granted pre-settled status under the EU Settlement Scheme as a joining family member of a relevant sponsor later applies for settled status and at that stage it is established by the evidence provided or otherwise available to you that they meet the requirements for settled status as a relevant EEA citizen or family member of a relevant EEA citizen (including that they were resident in the UK by the end of the transition period and maintained the required continuity of residence thereafter), they may be granted settled status on that basis instead.

Where a person has already made a late application to the EU Settlement Scheme, with reasonable grounds for their delay in making their application, and this application has been refused, then they will not normally be able to establish that there are reasonable grounds for them to make a further late application to the scheme. Whether they can establish such reasonable grounds will, however, depend on the particular circumstances of the case.

Where a person who applies for support under the Voluntary Returns Scheme may be within the scope of the EU Settlement Scheme, their attention will be drawn to it. Where they decide not to apply to the EU Settlement Scheme and decide instead to accept support under the Voluntary Returns Scheme, they will be required to confirm in writing that they have been made aware of the EU Settlement Scheme and they accept that, in taking up publicly funded support to leave the UK, they will not normally have reasonable grounds for making a late application under it. Whether they can establish such reasonable grounds will, however, depend on the particular circumstances of the case.

Where you are not satisfied that there are reasonable grounds for the applicant’s delay in making their application under the EU Settlement Scheme, the application will fall to be refused on eligibility grounds under paragraph EU6 of Appendix EU. The refusal letter must explain why you are not satisfied that any grounds given by the applicant for their delay in making their application are reasonable, including by reference to any information provided by them. You must also consider whether the application meets the other eligibility requirements under Appendix EU, and the refusal letter must also explain, where this is so, why you are not satisfied that other such requirements are met.

Where an application under Appendix EU is refused on eligibility grounds, including on the basis that there are not reasonable grounds for the applicant’s delay in
making their application, the applicant may seek an administrative review of that decision, or appeal against it. See Administrative reviews and appeals.

Service of 28-day notice by Immigration Enforcement

Where a person without status under the EU Settlement Scheme is encountered by Immigration Enforcement (or referred to them, for example, by a local authority), the officer will consider, on the basis of the information and evidence available to them, whether the person is either:

- an EEA citizen and appears to have been resident in the UK before the end of the transition period at 11pm on 31 December 2020
- the family member of such an EEA citizen and appears to have been resident in the UK as such before the end of the transition period

and may therefore be eligible for status under the EU Settlement Scheme, as an EEA citizen or as their family member, where the 30 June 2021 deadline was not met and there are reasonable grounds for their delay in making an application under Appendix EU.

Alternatively, where the person does not appear to have been resident in the UK before the end of the transition period, they may still be eligible for status under the EU Settlement Scheme as the joining family member of an EEA citizen who was resident in the UK by then. The deadline for such an application is either:

- 30 June 2021 – if they arrived in the UK before 1 April 2021
- within 3 months of their arrival in the UK – if they arrived in the UK on or after 1 April 2021

However, an application will still be considered where that deadline was not met and there are reasonable grounds for the person’s delay in making their application.

In either case, the officer may issue the person with a notice for the EU Settlement Scheme which will give them the opportunity to make an application, normally within 28 calendar days (or 35 days if issued by post). For more information on the use of the 28-day notice for the EU Settlement Scheme, including scenarios of when such a notice may be issued, see EU, other EEA, Swiss citizens, and their family members: consideration of administrative removal action.

The officer will not consider whether, if the person is in scope of the EU Settlement Scheme, there are reasonable grounds for their delay in making an application. You will consider this is if the person then makes an application. Where the person makes a valid application under the EU Settlement Scheme and there are reasonable grounds for the person’s delay in making an application, you must consider the application under the other eligibility requirements and the suitability requirements of Appendix EU and in line with this guidance.
The notice must be recorded on the relevant Home Office IT systems and, during the period given by it for an application to be made by the person to the EU Settlement Scheme, no immigration enforcement action for being in the UK without leave will normally be taken in respect of them.

Where the person then makes an application under Appendix EU which is missing any of the components required under rule EU9 for it to be valid, they must be prompted or contacted and given a reasonable opportunity to provide what is needed to validate the application. Should the validity requirements of rule EU9 not be met after the applicant has been prompted or contacted and given a reasonable opportunity to provide what is needed to validate the application, the application must be rejected as invalid under rule EU10(1) of Appendix EU. See Validity consideration.

Examples of reasonable grounds

The section describes some circumstances in which you may be satisfied that a person has reasonable grounds for their delay in making an application under the EU Settlement Scheme, but it is not exhaustive and every case must be considered in light of its particular circumstances.

Children (including children in care and care leavers)

Where a parent, guardian or local authority has failed by the relevant deadline to apply to the EU Settlement Scheme on behalf of a child under the age of 18, or where a local authority has failed by the relevant deadline to support a care leaver in applying to the scheme, that will constitute reasonable grounds for the person – including where they are now an adult – to make a late application to the scheme. It may be some months or even years after the deadline has passed before a person who was a child at the time realises – perhaps when they first need to evidence their immigration status in order to work or study in the UK – that an application to the scheme should have been made on their behalf and was not.

There may be a range of circumstances in which an application to the EU Settlement Scheme by the relevant deadline has not been made for or by the child. For example:

- the child’s parent or parents made an application to the scheme for themselves and did not realise that a separate application had to be made for the child, or did realise this but did not get around to making the application
- the child’s parent or parents ignored the need to apply to the scheme themselves and took no action where the child was concerned
- the child is in or has left local authority care and the local authority has or had legal parental responsibility for them but did not make an application to the scheme on their behalf (or the child’s parent or parents retained legal parental responsibility for them but did not make an application to the scheme on their behalf)
• the EEA citizen parents, resident in the UK before the end of the transition period, of a non-British citizen child born or adopted (or becoming subject to a relevant guardianship order) in the UK after that point were not aware that they needed to make an application to the scheme for the child within 3 months of the birth, adoption or order (or by 30 June 2021 where this occurred before 1 April 2021)
• the child was at school in the UK (while their parents worked overseas) and the child, school and parents were unaware of the need for the child to apply to the scheme

You do not need to consider the reasons why a parent, guardian or local authority failed to apply to the scheme on behalf of the child by the relevant deadline, or why the child did not make an application on their own behalf by that deadline. You also do not need to consider the reasons why a local authority failed to support a care leaver in applying to the scheme by the relevant deadline.

A late application to the EU Settlement Scheme may be made by the person themselves, whether or not they are now an adult, or (where they are not an adult) by a parent, guardian or (where they remain a ‘looked after’ child) local authority on their behalf or (where they are now an adult) by an appropriate third party on their behalf.

You do not need to consider the detailed basis on which a child was in local authority care or a person is or was a care leaver, but more information about such cases is available in EU Settlement Scheme – looked after children and care leavers: local authority and health and social care trust guidance.

Example 1

The EEA citizen parents of A, also an EEA citizen, have been resident with her in the UK since September 2015. They made an application to the EU Settlement Scheme in December 2020 and were granted settled status, but mistakenly assumed that their daughter would be automatically granted this status in line with theirs without having to apply. This did not come to light until A applied to university in the UK in 2022 and was required to provide evidence of her immigration status in the UK. These are reasonable grounds for A’s delay in making her application to the scheme.

Example 2

B is an EEA citizen aged 17 who has lived in the UK since 2014 with his EEA citizen parents. He applies to the EU Settlement Scheme in August 2021, stating that he forgot to apply by 30 June 2021 and that he does not know whether his parents have obtained status under the scheme. You do not need to consider the reasons why B’s parents failed to apply to the scheme on his behalf by the relevant deadline. These are reasonable grounds for B’s delay in making his application to the scheme.

Example 3
C is aged 19 and is a care leaver, having left local authority care after 6 years in care. From the information available to them, the local authority thought that C was a British citizen, but recent action to complete an application for a UK passport for him has established that he is an EEA citizen and not a British citizen. These are reasonable grounds for C’s delay in making his application to the scheme.

Example 4

D is an EEA citizen, now aged 21, and was a care leaver, having left local authority care in March 2021 aged 18 after 4 years in care. The local authority helped him find employment when he left care and he started work in May 2021, showing his passport as an EEA citizen as proof of his status in the UK – 3 years on, he has now applied for a new job and needs to evidence his UK immigration status. He had not previously heard of the EU Settlement Scheme. These are reasonable grounds for D’s delay in making his application to the scheme.

Physical or mental capacity and/or care or support needs

Where a person lacks the physical or mental capacity to apply to the EU Settlement Scheme (or for example did so in the months before the deadline applicable to them), that will normally constitute reasonable grounds for the person to make a late application to the scheme or for an appropriate third party to apply to the scheme on their behalf.

Where a person has care or support needs (or for example did so in the months before the deadline applicable to them), that will also normally constitute reasonable grounds for the person to make a late application to the scheme or for an appropriate third party to apply to the scheme on their behalf. This may include many adults with physical or mental capacity issues, but will also include adults with broader care or support needs, such as those who may be residing in a residential care home, or receiving care and support services in their own home, with long-term physical or mental health needs or a disability.

Evidence that may satisfy you that a person lacks the physical or mental capacity to apply to the EU Settlement Scheme (or did so) or has relevant care or support needs (or did so) may include:

- evidence that a formal arrangement, such as a Power of Attorney, is or was in place in respect of the person
- a letter from a doctor, health professional, social services department or solicitor confirming the circumstances
- a letter from the applicant themselves explaining the circumstances and authorising an appropriate third party to act on their behalf
- evidence of a carer relationship where an appropriate third party is providing for the person’s care needs, for example a Department for Work and Pensions letter confirming the eligibility of the third party for Carer’s Allowance
For further guidance, see Applications in respect of adults with mental capacity issues and/or care or support needs.

Example 1

E is an EEA citizen, aged 75, who lives alone. His dementia means that he often struggles to complete everyday tasks and he receives local authority care and support services in his own home. A friend points out to E that he needs to make an application to the EU Settlement Scheme and offers to complete the application for him. E agrees and the friend makes an application to the scheme for him in October 2021, uploading a letter signed by E explaining the circumstances and authorising the friend to act on his behalf. These are reasonable grounds for E’s delay in making his application to the scheme.

Example 2

F is an EEA citizen, aged 80, and lives in a care home. She was unaware of the EU Settlement Scheme until a member of staff at the care home mentioned it to her. The member of staff helps F to complete an application herself to the EU Settlement Scheme in October 2021. These are reasonable grounds for F’s delay in making her application to the scheme.

Serious medical condition or significant medical treatment

Where a person had a serious medical condition (or was undergoing significant medical treatment) in the months before, or around the time of, the deadline applicable to them, that will normally constitute reasonable grounds for the person to make a late application to the EU Settlement Scheme as soon as they reasonably can.

A serious medical condition could include for example:

- an illness (including COVID-19) or accident which meant that the person was hospitalised or bedbound in the months before, or around the time of, the deadline applicable to them
- an illness (including COVID-19) or accident which otherwise meant that the person was unable to perform day-to-day tasks in the months before, or around the time of, the deadline applicable to them

Pregnancy or maternity may be a reason why a person needs to make a late application to the EU Settlement Scheme, for example where a woman has a difficult childbirth or where a new-born child is in need of medical treatment.

Evidence that a person had a serious medical condition (or was undergoing significant medical treatment) in the months before, or around the time of, the deadline applicable to them may include:

- a letter from a doctor or other health professional confirming the circumstances
• a letter from a carer, legal representative or other appropriate third party confirming the circumstances

Where a person had a serious medical condition (or was undergoing significant medical treatment) in the months before, or around the time of, the deadline applicable to them, that will also normally constitute reasonable grounds for a late application to the EU Settlement Scheme to be made as soon as reasonably possible in respect of a child or other dependent family member who was reliant on the person to make an application to the scheme on their behalf.

Example 1

G is an EEA citizen who has been resident in the UK since 2018. G makes an application to the EU Settlement Scheme in July 2021 and provides a letter from his GP explaining that he was hospitalised in February and March 2021 due to COVID-19 and was then recovering at home for several weeks. These are reasonable grounds for G’s delay in making his application to the scheme.

Example 2

H is an EEA citizen who has been resident in the UK since 2014. In February 2021, she had an accident while rock-climbing and suffered a broken leg and hip. She was hospitalised for several weeks and then recovered at home, but she continued to have mobility problems which affected her ability to perform day-to-day tasks. H makes an application to the EU Settlement Scheme in August 2021 and provides a letter from her GP explaining the circumstances. These are reasonable grounds for H’s delay in making her application to the scheme.

Victim of modern slavery

Where a person was prevented from applying to the EU Settlement Scheme before the deadline applicable to them because they may be a victim of modern slavery (which includes trafficking), that will normally constitute reasonable grounds for the person to make a late application to the scheme.

Where the person is a potential or confirmed victim of modern slavery – that is they have been the subject of a positive reasonable grounds or conclusive grounds decision made by the Single Competent Authority under the National Referral Mechanism – you will not need further information or evidence concerning that aspect.

Otherwise, where the person provides information with their application which suggests that they may be a victim of modern slavery, you must discuss this with a senior caseworker who must, in all circumstances, refer the application to your local safeguarding team for further advice. If this results in a referral (or in a duty to notify referral) to the National Referral Mechanism, you do not need to wait for the outcome of that if you are satisfied that there are other reasonable grounds (beyond whether the person is a potential or confirmed victim of modern slavery) for them to make a
late application to the EU Settlement Scheme. You must, however, discuss this with a senior caseworker and your local safeguarding lead.

Factors to be taken into account when assessing whether there are reasonable grounds for the person to make a late application to the EU Settlement Scheme because they may be a victim of modern slavery include:

- the length of time since the alleged incident or incidents and any reasons given for this - for example, the person’s employer or trafficker may have retained their passport or other identity documents or failed to tell them about their immigration status
- the person may not have realised that they were a victim of modern slavery or may not have known how or where to get support
- previous immigration history, particularly where there is evidence that the applicant has made a number of unsuccessful attempts to secure leave to remain in the UK on different grounds
- other evidence available from Home Office records

For guidance on identifying victims of modern slavery and information on how to refer potential victims to the National Referral Mechanism, please see Victims of modern slavery.

Example

J is an EEA citizen who has been resident in the UK since 2015. After he lost his job in 2019 J was rough sleeping for a period. J began working in 2020 for a firm which offered board and lodging in lieu of pay rates at the National Living Wage; he had to surrender his passport to his employer. It was some months before, due to the harsh conditions and long hours of his employment, J recognised that he was being exploited. He handed in his notice but his employer threatened violence to make him stay. After several weeks J managed to escape and he then sought help from a community organisation that supports nationals of his country of nationality. The organisation referred his case to the National Referral Mechanism, which resulted in a positive conclusive grounds decision that J was a victim of modern slavery. They also advised J that he needed to apply to the EU Settlement Scheme and he did so in September 2021. These are reasonable grounds for J’s delay in making his application to the scheme.

Abusive or controlling relationship or situation

Where a person was prevented from applying to the EU Settlement Scheme before the deadline applicable to them because they are or were a victim of domestic violence or abuse (or the family member of such a victim), or are or were otherwise in a controlling relationship or situation which prevented them from applying, that will normally constitute reasonable grounds for the person to make a late application to the scheme. The nature of that abusive or controlling relationship or situation may take one of several forms; you must take a flexible and pragmatic approach in considering each case in light of its particular circumstances.
Neither Appendix EU, nor any other parts of the Immigration Rules, specify any mandatory evidence to be submitted with an application to demonstrate the applicant has been a victim of domestic violence or abuse, or otherwise in a controlling relationship or situation. All the information and evidence given by the person must be considered and a conclusion drawn as to whether there is sufficient evidence to demonstrate that this is the case.

Factors to be taken into account when assessing the evidence include:

- the length of time since the alleged incident or incidents of domestic violence or abuse, or of other controlling behaviour, and any reasons given for this – for example, a family member may have retained the person’s passport or other documents or failed to tell them about their immigration status
- the person may not have realised that they were experiencing domestic abuse or may not have known how or where to get support
- the fact that the applicant and the perpetrator may still be living at the same address may not necessarily be taken as an indicator that the relationship has not broken down permanently as a result of abuse, as this could be due to a number of reasons - for example, the applicant’s lack of knowledge of or access to safety and support, their fear of losing custody of any children, their fear for their or their children’s safety, a lack of means to support themselves or their children financially, or religious or cultural beliefs or practices
- previous immigration history, particularly where there is evidence that the applicant has made a number of unsuccessful attempts to secure leave to remain in the UK on different grounds
- other evidence available from Home Office records

For guidance on the type of evidence which may be produced and factors which are to be taken into account when considering whether the evidence is sufficient to demonstrate that the applicant is a victim of domestic violence or abuse, see the table of evidence for this in Victims of domestic violence and abuse.

This is not exhaustive and all the information and evidence must be considered in the round. You must take a flexible and pragmatic approach. Each case must be considered in light of its particular circumstances and in consultation with your senior caseworker.

**Example**

K is the non-EEA citizen spouse of an EEA citizen. K and her husband have lived together in the UK since 2018. Her husband regularly perpetrates physical and psychological abuse against K and keeps possession of her passport. A friend of K puts her in contact with a community organisation which assists victims of domestic abuse. In August 2021, that organisation helps K make an application to the EU Settlement Scheme, using such alternative evidence of her and her husband’s identity and nationality and such evidence of their UK residence as is available to
her. These are reasonable grounds for K’s delay in making her application to the scheme.

**Other compelling practical or compassionate reasons**

There may be other compelling practical or compassionate reasons as to why there has been a delay in making an application, which constitute reasonable grounds for them to make a late application to the scheme.

For example, a person may have been unaware of the requirement to apply to the EU Settlement Scheme by the relevant deadline or they may have failed to make an application by that deadline because for example they had no internet access, had limited computer literacy or limited English language skills or had been living overseas. Relevant evidence of this could include:

- evidence – such as a letter from a relative, carer or care home – that the person’s personal circumstances and their digital or language skills meant that they were unable to make an application by the deadline applicable to them
- evidence that the person was outside the UK in the months before the deadline applicable to them

Or a person may have made more than one application to the EU Settlement Scheme where the first application was made in-time but is invalid, and has then been varied by a valid application made after the deadline applicable to them.

Or a person may have been unaware of the requirement to apply to the EU Settlement Scheme by the relevant deadline or they may have failed to make an application by that deadline because for example:

- of a lack of permanent accommodation which meant that they did not have access to a computer or to the documents required to make an application
- they have complex needs and were not aware of the support available to help them apply
- they were hampered in accessing the support available to help them apply by restrictions associated with the COVID-19 pandemic
- they overlooked the need to apply, or they overlooked the deadline, or they failed to get round to applying by the deadline, in light of their personal circumstances
- they have lived in the UK for a significant period of time and having done so did not realise they must still secure status under the EU Settlement Scheme
- they need to apply on a paper application form and did not request this from the EU Settlement Resolution Centre until shortly before the relevant deadline

Relevant evidence of this could include:

- a letter from a charity or homeless shelter confirming the person’s circumstances
- information from the Department for Work and Pensions
• information from the person, such as about their attempts to access support in making an application

Or a person may have been unable for compelling practical or compassionate reasons – including in light of the COVID-19 pandemic – to obtain the evidence of identity and nationality or residence required to make an application. You may accept alternative evidence of identity and nationality where the applicant cannot obtain or produce the required document due to circumstances beyond their control or due to compelling practical or compassionate reasons: see Alternative evidence of identity and nationality or of entitlement to apply from outside the UK. You may also accept a very wide range of evidence of residence: see Evidence of residence. In either case, you can do so in an application made before the applicable deadline, but the person may not have been aware of that or of the support available to help them apply or they may have been hampered by restrictions associated with the COVID-19 pandemic and the impact it may have had on consular services. Relevant evidence of this could include a letter from a local authority, charity or homeless shelter confirming the person’s circumstances or information from the person about their attempts to obtain the required document.

An EEA citizen or their family member resident in the UK before the end of the transition period who either acquired a right of permanent residence in the UK under EU law, or resided in the UK for a continuous qualifying period of 5 years, before serving a sentence of imprisonment may be eligible for settled status under the EU Settlement Scheme. They can apply from prison (on a paper application form obtained from the EU Settlement Resolution Centre) or an appropriate third party can apply on their behalf, though any status granted will be invalidated if they are subsequently deported.

Where the person is released from prison after the deadline applicable to them to apply to the scheme, there may be reasonable grounds for them to make a late application to the scheme. This will normally be the case where, for example, in light of information from HM Prison and Probation Service (or the equivalent in Scotland or Northern Ireland) or other information, you are satisfied that in prison they either:

• lacked ready access to immigration advice
• had reduced access to relevant documents required in order to make an application
• were awaiting a decision on whether they were to be deported

and they made their application within a reasonable period of being released.

Example 1

L is an EEA citizen who has been resident in the UK since 2019. He applies to the EU Settlement Scheme in September 2021 and provides a letter from a homelessness charity confirming that he was sleeping rough during 2021. These are reasonable grounds for L’s delay in making his application to the scheme.
Example 2

M is an EEA citizen who has been claiming benefits since 2016 with the support of his appointee as he cannot read or write, but due to COVID-19, M’s appointee is currently unable to support him. He cannot rely on anyone else to support him meaning that he fails to apply to the EU Settlement Scheme. This is picked up through a routine Department for Work and Pensions review of his case in October 2021. These are reasonable grounds for M’s delay in making his application to the scheme.

Example 3

N is an EEA citizen who has been resident in the UK since 2014. He was sentenced to imprisonment in October 2020 and released in July 2021. N makes an application to the EU Settlement Scheme in August 2021 and provides a letter from the resettlement officer at the prison explaining that there had been practical difficulties in facilitating and assisting prisoners with resettlement-related applications during his incarceration. These are reasonable grounds for N’s delay in making his application to the scheme.

Exempt from immigration control

Where an EEA citizen or their family member resident in the UK by the end of the transition period does not cease to be exempt from immigration control until after the 30 June 2021 deadline, Appendix EU deems this in itself to be reasonable grounds for them to make a late application to the EU Settlement Scheme.

Eligible persons exempt from immigration control can apply for and be granted status under the EU Settlement Scheme whilst they remain a person exempt from immigration control. Where an EEA citizen or their family member resident in the UK by the end of the transition period applies to the EU Settlement Scheme after the 30 June 2021 deadline while they remain exempt from immigration control, being exempt will be considered reasonable grounds for missing the deadline.

Alternatively, a person exempt from immigration control can apply to the EU Settlement Scheme by the required date once they cease to be exempt from immigration control. In the meantime, their non-exempt family members are able to apply.

Where an EEA citizen or their family member resident in the UK by the end of the transition period ceases to be exempt from immigration control on or after 1 July 2021, they will have a period of 90 days from the date on which they cease to be exempt to apply to the scheme. This is consistent with the period of 90 days during which, under section 8A of the Immigration Act 1971, a person ceasing to be exempt is treated as having leave to remain in the UK, during which they can apply for the immigration status required to continue living in the UK if they wish to do so.
Beyond that 90-day period, they can make a late application to the scheme where you are satisfied, in line with this guidance, that, at the date of application, there are reasonable grounds for their delay in making their application.

Where a person resident in the UK by the end of the transition period ceased to be exempt from immigration control in the period of 3 months preceding the 30 June 2021 deadline, this will, if they miss that deadline, normally constitute reasonable grounds for a late application within a reasonable period thereafter.

Where a joining family member of a relevant sponsor does not cease to be exempt from immigration control until after the 3-month deadline from their arrival in the UK, or their birth or adoption (or the making of a relevant guardianship order) here, Appendix EU deems this in itself to be reasonable grounds for them to make a late application to the EU Settlement Scheme. They will have a period of 90 days from the date on which they cease to be exempt to apply to the scheme. Beyond that 90-day period, they can make a late application to the scheme where you are satisfied, in line with this guidance, that, at the date of application, there are reasonable grounds for their delay in making their application.

In all late applications based on exemption from immigration control, you will need to see official evidence from the applicant or other information available to you which confirms that exemption and, if applicable, the date on which it ceased. Relevant evidence of this could include an exempt vignette, a letter from the Foreign, Commonwealth & Development Office confirming the period of exempt status or a letter from the relevant embassy, high commission or international organisation confirming the period of the person’s relevant employment and residence in the UK.

For more information on exemption from immigration control, see guidance on exempt persons.

Example

O is an EEA citizen who has been resident in the UK since 2017 and who was working as an employee of an international organisation based in the UK and was exempt from immigration control while employed in that capacity. In March 2022, she changes employment and ceases to be exempt from immigration control as a result. In May 2022, O makes an application to the EU Settlement Scheme and provides a letter from her former employer setting out the period of her employment with them and official evidence of her exemption from immigration control while in that employment. These are reasonable grounds for O’s delay in making her application to the scheme.

Existing limited leave to enter or remain

Where an EEA citizen or their family member resident in the UK by the end of the transition period has limited leave to enter or remain granted under another part of the Immigration Rules (or outside the rules, for example, Discretionary Leave) which does not expire until after the 30 June 2021 deadline, Appendix EU deems this in
itself to be reasonable grounds for them to make a late application to the EU Settlement Scheme.

They can apply before the date of expiry of their existing leave and, where they are granted indefinite or limited leave to enter or remain under Appendix EU before that expiry date, this will replace that leave.

Where a person has Discretionary Leave (or other limited leave to enter or remain granted outside, or under another part of, the Immigration Rules) which does not expire until after 30 June 2021, and they apply, before its expiry date, for further such leave and that leave is granted, this will normally constitute reasonable grounds for them to make a late application to the EU Settlement Scheme before, or within a reasonable period after, the expiry date of that further grant of Discretionary Leave (or other limited leave). A person is not required to cut short the period of their existing Discretionary Leave (or other limited leave) – on which, for example, their current access to public funds is based – by applying to the scheme before the date of expiry of that leave.

They can make a late application to the scheme after the date of expiry of their existing leave where you are satisfied, in line with this guidance, that, at the date of application, there are reasonable grounds for their delay in making their application.

Where the date of expiry of the limited leave to enter or remain of a person resident in the UK by the end of the transition period was in the period of 3 months preceding the 30 June 2021 deadline, this will, if they miss that deadline, normally constitute reasonable grounds for a late application within a reasonable period thereafter.

In all late applications based on previous limited leave to enter or remain, you will need to see official evidence from the applicant or other information available to you which confirms that period of leave and the date on which it expired.

Example

P is now an EEA citizen who, when he was previously a non-EEA citizen, was granted limited leave to remain as a skilled worker under the Immigration Rules in 2018, which expired in July 2021. He was not aware that he was eligible to apply to the EU Settlement Scheme before the expiry of that leave. P makes an application to the scheme in September 2021 after a friend alerted him to this. These are reasonable grounds for P’s delay in making his application to the scheme.

Existing indefinite leave to enter or remain

Where an EEA citizen or their family member resident in the UK by the end of the transition period has indefinite leave to enter or remain granted another part of the Immigration Rules (or outside the rules), there is no requirement for them to apply to the EU Settlement Scheme.
They may do so if they wish, because for example indefinite leave to enter or remain granted under the scheme (settled status) to an EEA citizen or their family member does not lapse if the person is absent from the UK and Islands for up to 5 years (rather than 2 years as for other forms of such leave). It also provides the person with secure, digital evidence of their immigration status.

They can make a late application to the scheme where you are satisfied, in line with this guidance, that, at the date of application, there are reasonable grounds for their delay in making their application because, for example, they were not aware that they were eligible for the EU Settlement Scheme.

Example

Q is an EEA citizen who has been continuously resident in the UK since 1965. He was automatically granted indefinite leave to remain under the Immigration Act 1971. Q lives alone and has no internet access. He makes an application to the EU Settlement Scheme in October 2021 after his daughter points out him to that he is eligible for the scheme. These are reasonable grounds for Q’s delay in making his application to the scheme.

Document or status under the EEA Regulations

Where a person subject to the 30 June 2021 application deadline for EEA citizens and their family members resident in the UK by the end of the transition period has a biometric residence card or other residence document issued under the EEA Regulations which remains valid at that date, they may not realise that, with the end of the grace period, they can no longer rely on an EU law right of residence in the UK and need to obtain UK immigration status under the EU Settlement Scheme.

They can make a late application to the scheme where you are satisfied, in line with this guidance, that, at the date of application, there are reasonable grounds for their delay in making their application because, for example, they were not aware that they needed to apply to the EU Settlement Scheme.

By virtue of the Citizens’ Rights (Application Deadline and Temporary Protection) (EU Exit) Regulations 2020, an EEA citizen who was lawfully resident in the UK by virtue of the EEA Regulations at the end of the transition period or their family members could, during the grace period from 1 January to 30 June 2021, still acquire the right of permanent residence in the UK under regulation 15 of the EEA Regulations. Where a person waited until they (or their EEA citizen family member) had done so before applying to the EU Settlement Scheme, this will normally constitute reasonable grounds for their delay in making their application.

Example

R is the non-EEA citizen spouse of an EEA citizen who has been working in the UK since 2013. R and her husband have lived together in the UK since 2013. In 2019, R applied for and was issued a biometric residence card under the EEA Regulations,
valid until 2029, as she had acquired the right of permanent residence in the UK as the family member of an EEA citizen. R was not aware that she needed to apply for status under the EU Settlement Scheme. R makes an application to the scheme in September 2021 after a friend alerted her to this. These are reasonable grounds for R’s delay in making her application to the scheme.
Making an application: validity

This section tells you how to check an application is valid under rule EU9 of Appendix EU. You must check all of the following:

- it has been made using the required application process
- the required proof of identity and nationality has been provided, where the application is made within the UK
- the required proof of entitlement to apply from outside the UK has been provided, where the application is made outside the UK
- the required biometrics have been provided

Required application process: applications made online

Applicants must apply by using the relevant online application form, unless they are required or have been permitted to use a paper application form, and must follow the relevant process set out in that online application form for:

- providing the required proof of identity and nationality or (as the case may be) the required proof of entitlement to apply from outside the UK
- providing the required biometrics

Required application process: applications made on paper application form

Applicants must apply using either:

- the required paper application form where this is mandated on GOV.UK
- a paper application form where this has been issued individually to the applicant by the Secretary of State, via the relevant process for this set out on GOV.UK

In both cases, the applicant must follow the relevant process set out in that form for:

- providing the required proof of identity and nationality or (as the case may be) the required proof of entitlement to apply from outside the UK
- providing the required biometrics

Where the applicant applies using a paper application form, it must be sent by pre-paid post or courier to the Home Office address specified on the form (where one is specified), or by email to the Home Office e-mail address specified on the form (where one is specified).
Required proof of identity and nationality

For a European Economic Area (EEA) citizen making an application within the UK, this will be their valid passport or valid national identity card.

For a non-EEA citizen making an application within the UK, this will be their valid passport, valid specified relevant document (their biometric residence card) or valid biometric immigration document (as defined in section 5 of the UK Borders Act 2007 and known as a biometric residence permit).

Unless, in either case, you agree to accept alternative evidence of identity and nationality where the applicant is unable to obtain or produce the required document due to circumstances beyond their control or due to compelling or compassionate reasons. For further guidance, see Alternative evidence of identity and nationality or of entitlement to apply from outside the UK.

‘Valid’ here means that the document is genuine and has not expired or been cancelled or invalidated at the point it is provided. If, by the date the application is submitted (in accordance with the ‘date of application’ as defined in Annex 1 to Appendix EU) or considered, the document is no longer valid, the application remains a valid application for the purposes of rule EU9 of Appendix EU.

France has confirmed that the validity of the secure French national identity card (laminated), issued to people aged 18 or over from 1 January 2004 to 31 December 2013, has been increased from 10 years to 15 years. Therefore, any such card is to be treated as having a validity period of 15 years, regardless of the expiry date printed on the card.

Some countries have extended the validity period of their identity documents, generally in response to the COVID-19 situation. The table below sets out which countries have made changes, which documents they apply to, and the impact on the expiry date.

Evidence of the EEA citizen having been granted status under the scheme will constitute sufficient evidence of that person's identity, nationality and continuity of residence (for the period on the basis of which they were granted status) in any subsequent application under the scheme by a person relying on their family relationship to that EEA citizen.

**Required proof of entitlement to apply from outside the UK**

For an EEA citizen making an application from outside the UK, this will be their valid passport or valid national identity card. The valid national identity card must contain an interoperable biometric chip.

Unless you agree to accept alternative evidence of entitlement to apply from outside the UK where the applicant is unable to obtain or produce the required document due to circumstances beyond their control or due to compelling or compassionate reasons. For further guidance, see Alternative evidence of identity and nationality or of entitlement to apply from outside the UK.

For a non-EEA citizen making an application from outside the UK, this will be their valid specified relevant document.

Unless you agree to accept alternative evidence of entitlement to apply from outside the UK where the applicant is unable to produce the required document due to outside circumstances beyond their control or due to compelling or compassionate reasons. For further guidance, see Alternative evidence of identity and nationality or of entitlement to apply from outside the UK.

‘Valid’ here means that the document is genuine and has not expired or been cancelled or invalidated at the point it is provided. **Required biometrics**

Under the Immigration (Provision of Physical Data) Regulations 2006 (as amended), all applicants are required to provide a passport-style facial photograph of themselves (within the meaning of “biometric information” in section 15 of the UK Borders Act 2007) as part of the required application process.

In addition, in the case of a non-EEA citizen making an application from within the UK without a specified relevant document, they will also be required to provide their fingerprints (also within the meaning of “biometric information”) as part of the required application process, unless the published guidance in force at the date of application states that they are not required to provide these. See the published biometric guidance for more details.

**Validity consideration**

If an applicant submits an application which is missing any of the components required at rule EU9(a), (b), (c) and (d) of Appendix EU for it to be valid, they must be prompted or contacted and given a reasonable opportunity to provide what is needed to validate the application, unless they have submitted a fraudulent identity document (see below).

The relevant validity requirements in those sub-paragraphs of rule EU9 are:

- under sub-paragraph (a), it has been made using the required application process
• under sub-paragraph (b), the required proof of identity and nationality has been provided, where the application is made within the UK
• under sub-paragraph (c), the required proof of entitlement to apply from outside the UK has been provided, where the application is made outside the UK
• under sub-paragraph (d), the required biometrics have been provided

Should the validity requirements at sub-paragraph (a), (b), (c) or (d) of rule EU9 not be met after the applicant has been prompted or contacted and given a reasonable opportunity to provide what is needed to validate the application, the application must be rejected as invalid under rule EU10(1) of Appendix EU.

Where the validity requirement at sub-paragraph (b) or (c) of rule EU9 is not met because the applicant has submitted a fraudulent identity document (or fraudulent alternative evidence of identity and nationality or of entitlement to apply from outside the UK), the application must be rejected as invalid under rule EU10(1) of Appendix EU. In such cases, there is no requirement to contact the applicant as in the previous paragraphs.

Void applications

Under rules 34KA and 34KB of Part 1 of the Immigration Rules, an application is void where it would not be possible to grant the applicant the permission for which they applied and, if an application is void, it will not be considered.

Examples of where an application to the EU Settlement Scheme is void include where:

• the applicant is a British citizen (including a dual British citizen) or otherwise has the right of abode in the UK
• the applicant has been granted settled status under the EU Settlement Scheme and this status remains valid
• the applicant dies before their application is decided

Certificate of application

A certificate of application under the EU Settlement Scheme is issued by the Home Office to confirm that the applicant has submitted a valid application under the scheme. It does not confirm that the person has immigration status in the UK, but it does confirm the temporary protection of their rights in the UK pending the outcome of their application and any administrative review or appeal. A certificate of application will be issued to the applicant on receipt of a valid application by them under the scheme.

Multiple applications

There may be occasions where an applicant has made more than one application to the scheme at the same time. For example, they may have submitted an online application (with a view to submitting the required proof of identity and nationality by
post) but subsequently opted to apply via the ‘EU Exit: ID Document Check’ app (which enables them to provide that proof via the app).

Where this is the case, you must take the action set out below depending on the particular circumstances:

• where 2 or more invalid applications to the scheme are submitted because, for example, the required proof of identity and nationality has not yet been provided, you must contact the applicant and give them a reasonable opportunity to provide what is needed to validate one of the applications and to withdraw the other or others:
  o if they validate one application but fail to withdraw the other or others, you must reject any invalid application or applications under rule EU10(1) of Appendix EU - the valid application must be considered in the normal way
  o if for example they provide the required proof of identity and nationality but fail to specify which application they would like it to validate and fail to withdraw the others, you must validate their most recent application (where the other requirements of a valid application are met) and reject the other applications as invalid under rule EU10(1) of Appendix EU
  o if they do not validate any of the applications after being given a reasonable opportunity to do so, you must reject all the applications received as invalid under rule EU10(1) of Appendix EU

• where 2 or more applications to the scheme are made, where one is valid and the other or others invalid, and it is identifiable at the validity consideration stage that the valid application would result in a grant of settled status, or where the valid application is the most recent application (and the invalid application or applications are earlier applications), you must decide the valid application and reject the other application or applications as invalid under rule EU10(1) of Appendix EU - where it is not possible to identify at the validity consideration stage whether an application will result in a grant of settled status, or where an invalid application is the latest application and where the earlier valid application would not result in a grant of settled status or has been made on a different basis under the scheme (for example one of the applications is made as a person with a derivative right to reside and the other is not), you must contact the applicant inviting them to withdraw the invalid application or applications, giving a deadline of 10 working days, after which (if the applicant has not agreed to withdraw) you must reject any invalid application or applications under rule EU10(1) of Appendix EU and the valid application must be considered in the normal way - if the applicant validates the second application, this will then vary the first valid application and you should proceed as per the bullet point below

• where 2 or more applications to the scheme are made, on different days or on the same day, and all are valid but not yet decided, the latest application must be treated as an application to vary the earlier application or applications and only the latest application will be considered, in line with rule EU10(2) of Appendix EU

• where 2 applications are made, on different days or on the same day, and where one is under the scheme and the other under another part of, or outside,
the Immigration Rules and both are valid but not yet decided, both applications must be considered - see Variation of applications

Further applications

An applicant can only have one grant of limited or indefinite leave to enter or remain under the Immigration Rules at any one time. This means that, where a further valid application under the EU Settlement Scheme has been made after an earlier application under it has been decided:

- if the earlier application resulted in refusal, rejection, withdrawal, treatment as void or in any outcome other than a grant of leave under the scheme, then the latest application must be considered in the normal way (including, where the further application is made after the applicable deadline, whether there are reasonable grounds for a late application: see Making an application: deadline)
- if the earlier application resulted in settled status being granted, the further application must be treated as void
- if the earlier application resulted in pre-settled status being granted, the further application must be considered in the normal way

If you grant settled status where the applicant has pre-settled status, then it will vary (replace) the earlier grant of pre-settled status.

If you grant pre-settled status where the applicant has pre-settled status, then it will vary (replace) the earlier grant of pre-settled status. The date of the first grant of pre-settled status will remain the start date of their pre-settled status. The expiry date of their pre-settled status will be 5 years from the date of decision on the further application for pre-settled status.

Alternative evidence of identity and nationality or of entitlement to apply from outside the UK

There may be reasons why an applicant in the UK cannot provide the required proof of identity and nationality in the form of (for a European Economic Area (EEA) or non-EEA citizen) a valid passport, (for an EEA citizen) a valid national identity card, or (for a non-EEA citizen) a valid biometric residence card or a valid biometric residence permit. You may accept alternative evidence of identity and nationality where the applicant cannot obtain or produce the required document due to circumstances beyond their control or due to compelling practical or compassionate reasons.

There may also be reasons why an applicant outside the UK cannot provide the required proof of their entitlement to apply from outside the UK in the form of (for an EEA citizen) a valid passport or a valid national identity card, where this contains an interoperable biometric chip; or (for a non-EEA citizen) a valid biometric residence card. You may accept alternative evidence of identity and nationality where the applicant (if they are an EEA citizen) cannot obtain or (if they are an EEA or non-EEA citizen) cannot produce the required document due to circumstances beyond their control or due to compelling practical or compassionate reasons.

Likewise, there may be reasons why a non-EEA citizen applicant without a documented right of permanent residence cannot provide the required evidence of the identity and nationality of their EEA citizen (or qualifying British citizen) family member in the form (which can be a copy and not the original document, unless you have reasonable doubt as to the authenticity of the copy submitted) of a valid passport or (for an EEA citizen) a valid national identity card. You may accept alternative evidence of identity and nationality where the applicant cannot obtain or produce the required document due to circumstances beyond their control or due to compelling practical or compassionate reasons.

If the applicant provides a valid passport or national identity card from a country that is not recognised by the UK, such as the Turkish Republic of Northern Cyprus, you may accept this as evidence of their identity and nationality providing there are no indications to the contrary. In these circumstances you must discuss the case with a senior caseworker who may refer to the EEA Citizens’ Rights & Hong Kong Unit for further advice.

Each case must be considered on its individual merits and you must refer to a senior caseworker in all instances where the applicant seeks to rely on alternative evidence of identity and nationality or of entitlement to apply from outside the UK.
Circumstances where alternative evidence may be accepted

The following lists are not exhaustive and there may be other circumstances beyond the control of the applicant, or other compelling practical or compassionate reasons, why they cannot obtain or produce the required document. Each case must be considered on its individual merits and you must refer to a senior caseworker in all instances where this guidance is engaged.

Document unobtainable from national authority

This section lists some circumstances where an applicant may be unable to obtain the required document due to circumstances beyond their control:

- the applicant’s passport has expired or has been permanently lost or stolen and there is no functioning national government to issue a replacement
- there is a national authority to apply to for a document, but they have run out of documents

In these circumstances the applicant is to be requested to provide as much information as possible, including details of any applications for documentation they may have made to their national authority (if applicable), and provide alternative evidence of their identity and nationality (see Other supporting information or evidence).

Document exists but cannot be produced

If the Home Office or another government department is holding the required document, you must contact the relevant section or department to confirm the details. If you are satisfied that this establishes the applicant’s identity and nationality, no further supporting evidence is required.

If the applicant states that the required document has been retained by a person in circumstances which have led to the applicant being the subject of a positive conclusive grounds decision made by a competent authority under the National Referral Mechanism (they are a victim of trafficking), you must discuss this with a senior caseworker who must refer to your local safeguarding lead for further advice.

If the applicant is not the subject of a positive conclusive grounds decision under the National Referral Mechanism but states that the required document is being withheld from them by a third party, such as an employer or a family member, you must discuss this with a senior caseworker and your local safeguarding lead. This also applies if the applicant states that they are a victim of domestic violence or abuse and they are unable to produce the required document as a result. Domestic violence or abuse victims are to be asked to produce supporting evidence of their circumstances from a third party, such as the police or social services.
In both of the scenarios immediately above, and after referring to a senior caseworker and your local safeguarding lead, you must make a decision on whether to accept alternative evidence of identity and nationality of the applicant (and, where applicable, of the relevant EEA citizen or qualifying British citizen of whom the applicant is, or for the relevant period was, a family member) based on all the information and evidence available, taking into account the sensitivities of the case.

In all circumstances where you have agreed to consider alternative evidence of identity and nationality, the applicant is to be requested to provide as much information and evidence as possible, including details of any applications for documentation made to their national authority (see Other supporting information or evidence).

**Refugee status or humanitarian protection**

There is a lower standard of proof for establishing identity and nationality in protection claims (asylum and humanitarian protection) than for the EU Settlement Scheme. Nonetheless, if the applicant is a person in the UK with refugee status or humanitarian protection, no further evidence of identity and nationality is required provided there is no evidence:

- this identity or nationality was confirmed in error
- the identity or nationality was fraudulently claimed or accepted
- the identity or nationality has materially changed
- the applicant has ceased to be a refugee or a person in need of humanitarian protection, which would mean they are now in a position to obtain and produce the required document

The applicant must be asked to produce alternative evidence of their identity and nationality (see Other supporting information or evidence), where you accept that they cannot obtain or produce the required document due to circumstances beyond their control or due to compelling practical or compassionate reasons, and where either:

- the applicant does not have, or no longer requires, refugee status or humanitarian protection
- there is reason to doubt their previously accepted identity or nationality

**Other reasons document cannot be obtained or produced**

There may be other reasons why the applicant cannot obtain or produce the required document due to circumstances beyond their control or due to compelling practical or compassionate reasons. Each case must be considered on its individual merits and you must refer to a senior caseworker in all instances where this guidance is engaged.

Those other reasons may arise from the impact of the COVID-19 pandemic or the war in Ukraine. For example, the closure of, or inability to travel to, an embassy or
high commission may have prevented an applicant from renewing their passport or national identity card, or may have meant they could not finalise an application for a new document. These may be acceptable reasons to provide alternative evidence of identity and nationality or of entitlement to apply from outside the UK.

If the applicant claims that it would be impossible or unreasonable for them to obtain or produce the required document due to a serious medical condition or due to their mental capacity, they or the person acting for them must be requested to provide confirmation of their condition or capacity, and why it prevents them from obtaining or producing the required document, from their GP or other appropriately qualified medical professional.

There may also be occasions where other factors that are not in and of themselves considered a serious medical condition, such as an applicant’s age, that may still be a barrier to them being able to travel to their home country’s embassy or consulate as required in order to obtain the required document. In these circumstances, you may request a letter from their GP or other appropriately qualified medical professional confirming the barrier or barriers to travel, but you must discuss the circumstances with a senior caseworker before doing so.

If you are satisfied that it would be impossible or unreasonable for the applicant to obtain or produce the required document, for example because their mental capacity falls under the Mental Capacity Act 2005 (for England and Wales), the Adults with Incapacity (Scotland) Act 2000 or common law in Northern Ireland, and there is no one reasonably able to do so on their behalf, then the applicant is to be asked to produce alternative evidence of their identity and nationality (see Other supporting information or evidence).

The applicant is to be asked to produce alternative evidence of their identity and nationality (see Other supporting information or evidence), where the applicant is a child under the age of 18 in local authority care and both:

- the required document has been lost or destroyed, or was never obtained or provided
- either:
  - there is satisfactory evidence that it is not in the best interests of the child for the local authority to obtain the required document on their behalf, such as where doing so may risk the child, contrary to their own best interests, leaving local authority care
  - there are significant practical barriers to obtaining the required document, such as the national authority requiring the consent of both parents, but the parents are absent or un-cooperative

Official – sensitive: start of section

The information in this section has been removed as it is restricted for internal Home Office use.
Other supporting information or evidence

This section lists examples of other supporting information or evidence of identity and nationality, or of entitlement to apply from outside the UK, that an applicant may provide, alongside any other information or evidence you have gathered, where you have accepted that the applicant cannot obtain or produce the required document due to circumstances beyond their control or due to compelling practical or compassionate reasons.

Each case must be considered on its own merits and you must work flexibly with the applicant to try to obtain sufficient supporting information or evidence to satisfy you of their identity and nationality or of their entitlement to apply from outside the UK. There may be cases where an applicant will need to produce more than one piece of evidence from the list below in order to satisfy you of this, for example, alongside other information you may be satisfied that a UK-issued driving licence confirms an applicant’s identity but not their nationality.

This list is not exhaustive: more than one piece of evidence can be requested on a case by case basis and each case must be considered on its own merits to help you build a picture of the applicant’s identity and nationality or of their entitlement to apply from outside the UK:

- documents previously issued by the Home Office (such as a document issued for emergency travel purposes) provided there is no evidence that this identity or nationality was confirmed in error, fraudulently, or has significantly changed
- an expired passport or other required document, bearing the applicant’s name and photograph
- an official document issued by the authorities of the applicant’s country of origin which confirms their identity and nationality, including birth certificate, marriage certificate, driving licence, tax / social security statement, national service document, or emergency travel document or similar – this is not an exhaustive list and other similar documents may be considered
- an official document issued by the UK authorities which confirms the applicant’s identity and, if possible, nationality – and this can include a UK driving licence, National Insurance number card, or tax or pension statement – this is not an exhaustive list and other similar documents may be considered
- an official document issued by the authorities of an EEA country which confirms the applicant’s identity and nationality, including a document confirming permanent residence in that state or registration as the family member of an EEA citizen exercising Treaty rights in that state
• the applicant’s biometrics (facial photograph and, in the case of a non-EEA citizen, fingerprints) which match an existing government record confirming their identity and nationality

Where you have followed this guidance and all other steps to ascertain an applicant’s identity and nationality have been exhausted, you may refer to the embassy, consulate or high commission in the UK of the applicant’s claimed country of origin seeking confirmation as to any records held about the claimed identity and nationality. You must use the cover letter and proforma available to you to do so, to ensure that the General Data Protection Regulation is followed. You must be satisfied that such an approach would not put the applicant or their family at risk and must consult your senior caseworker in all cases before proceeding.

You may also invite the applicant to an interview to assess their ties to their claimed country of origin, including knowledge of its geography, culture and language. Such an interview can be held in person, by telephone, by videolink or over the internet as long as you are satisfied that the person to whom you are speaking is the applicant.

Should the validity requirement at sub-paragraph (b) or (c) of rule EU9 not be met after the applicant’s inability to obtain or produce the required document has been considered in accordance with this guidance (including that the applicant has been prompted or contacted and given a reasonable opportunity to provide what is needed to validate the application), the application must be rejected as invalid under rule EU10(1) of Appendix EU.

Irish citizens

In the case of an Irish citizen, where there are circumstances beyond their control or compelling practical or compassionate reasons why they cannot provide the required document, alternative evidence may include their full Irish birth certificate or an Irish certificate of naturalisation. This can be accompanied by a photographic identity document (such as a driving licence or Irish Public Service Card) as evidence of identity. Other documentation (see Other supporting information and evidence) may also be considered if necessary.
Withdrawing an application

An applicant may request to withdraw their application at any time after it has been submitted but before, where it is a valid application, a decision has been made on the application and this decision has been recorded on the caseworking system.

Requesting to withdraw an application

An applicant can withdraw their application by written request online or by post. This applies to applications made in the UK and from overseas. If the request is ambiguous, you must confirm the withdrawal request with the applicant.

A request for withdrawal must generally be made by the applicant named on the application form. Where the applicant is aged under 18 or was unable to submit their application themselves, you may accept a request for withdrawal from the person or organisation named on the application form as having provided assistance to them or as having completed the application on their behalf.

Requesting to withdraw online

The applicant must request to withdraw an application in writing. To do this online, they must use the online ‘ask a question about applying for settled status’ form found at https://eu-settled-status-enquiries.service.gov.uk/start, selecting the option for asking a question about ‘An application submitted and in progress’. The date of withdrawal is the date the request is received by the Home Office, calculated in line with the information set out in ‘Date of application: original application’.

Requesting to withdraw by post

The applicant must request to withdraw an application in writing. To do this by post, they must send a withdrawal request to:

EU Settlement Scheme
PO BOX 2075
Liverpool
L69 3YG

The date of withdrawal is the date the request is received by the Home Office, calculated in line with the information set out in ‘Date of application: original application’.

Withdrawn applications

The case of Qadeer v SSHD clarified that the Secretary of State does not have to agree to withdraw an application and may still consider and decide the application even where that might lead to a refusal.
For example, where there is a suspicion that deception has been used by the applicant if they have submitted fraudulent documents in support of their application.

If you do not think that it is appropriate to agree to a request to withdraw an application, you must discuss this with your senior caseworker.

**Date of application: original application**

The date of application, as defined in Annex 1 to Appendix EU, is the date on which the application is submitted under the required application process, which means:

- for on-line applications: the date on which the form is submitted on-line
- for paper applications, either:
  - the date of posting to the Home Office address specified on the form (where one is specified), as shown on the tracking information provided by Royal Mail or, if not tracked, by the postmark date on the envelope
  - where the paper application form is sent by courier, or other postal services provider, the date on which it is delivered to the Home Office address specified on the form (where one is specified)
  - where the paper application form is sent by email, the date on which it is recorded by Home Office email software as received at the Home Office email address specified on the form (where one is specified)

If the envelope in which the application was posted is missing, or if the postmark is illegible, you must take the date of posting to be at least one working day before it is received by the Home Office. If there is also accompanying correspondence with the application that matches the likely date of posting, and that date is earlier than the date of posting calculated using the above method, you must take this earlier date as the application date.

If you withdraw a decision to treat an application as invalid and instead accept it as valid, the date of application is the date the application was originally made.

If an application, or variation, was previously rejected as invalid and the applicant then submits a valid application, the date of application, or variation, is the date the valid application is submitted.

**Confirmation of withdrawal**

Once a request to withdraw an application has been actioned, you must use the relevant information provided by the applicant as their correspondence address to confirm to them that their application has been withdrawn and note on the caseworking system that this has been done.
Travel outside the Common Travel Area

An application made under Appendix EU will not be treated as automatically withdrawn if the applicant travels outside the Common Travel Area before the application has been decided.

Variation of applications

This section tells you how to deal with variation of an application in accordance with sub-paragraphs (2), (3) and (4) of rule EU10 of Appendix EU. Paragraph 34BB of the Immigration Rules does not apply to applications made under Appendix EU.

Where 2 or more applications to the scheme are made, and all are valid but not yet decided, the latest application must be treated as an application to vary the earlier application(s) and only the latest application will be considered, in line with rule EU10(2) of Appendix EU.

You must check Home Office systems to ensure that any other pending application, other than the latest scheme application, is identified. Where it is, you must contact the relevant casework team to ensure that the other application is also dealt with in accordance with sub-paragraphs (3) and (4) of rule EU10 and this guidance. Generally, the casework team identifying the second application will be responsible for ensuring it, and the first application, are dealt with in accordance with this guidance.

Where an applicant has a valid application pending under the scheme and then makes a subsequent valid application for leave under another part of, or outside, the Immigration Rules (or vice versa), both applications will be considered and then dealt with as follows:

- where one application falls to be refused, this can be done without having to wait for the outcome of the consideration of the other application - otherwise, one application must not be granted before the other application has reached the point of decision
- where both applications fall to be granted, the applicant must be informed in writing that they satisfy the relevant criteria in respect of both applications and asked to confirm in writing within 14 days (or longer where, following consultation with your senior caseworker, you are satisfied there is good reason for this in the particular circumstances of the case) which application they want to be decided and which they want to be treated as withdrawn - if the applicant does not so confirm by then, or contact you by then to advise that they need more time to respond (for example where they wish to seek immigration advice), the latest application will be decided and the other treated as withdrawn

Making an application: eligibility

This section tells you the requirements for eligibility of an applicant for indefinite leave which is also referred to for the purposes of the scheme as ‘settled status’, or 5 years’ limited leave which is also referred to as ‘pre-settled status’.

Where they meet the relevant criteria, applicants who make an application within the UK will be granted either indefinite leave to remain (ILR) or limited leave to remain (LTR), and applicants who make an application outside the UK (from 7.00am on 9 April 2019) will be granted either indefinite leave to enter (ILE) or limited leave to enter (LTE).

Where the applicant is a European Economic Area (EEA) citizen resident in the UK before the specified date as a family member of an EEA citizen resident here, the applicant will be able to rely on their own continuity of residence as a relevant EEA citizen to apply for status under the scheme, or they can apply as a family member if they prefer: see family members.

Where a person granted LTE or LTR under the EU Settlement Scheme as a Joining family member of a relevant sponsor later applies for ILE or ILR and at that stage it is established by the evidence provided or otherwise available to you that they meet the requirements for ILE or ILR as a relevant EEA citizen or family member of a relevant EEA citizen (including that they were resident in the UK by the end of the transition period on 31 December 2020 and maintained the required continuity of residence thereafter), they may be granted ILE or ILR on that basis instead.

EEA citizens

Documented right of permanent residence

An EEA citizen will be eligible for ILE or ILR under the scheme, as a relevant EEA citizen under condition 1 in rule EU11, where, at the date of application and in an application made by the required date, they have a documented right of permanent residence, and since they did, no supervening event has occurred in respect of the applicant.

This means that you are satisfied from the information available to you that the applicant has been issued with either:

- a document certifying permanent residence under regulation 19 of the EEA Regulations
- a residence permit or residence document under the Immigration (European Economic Area) Order 1994 endorsed to show permission to remain in the UK indefinitely

And in addition:
• this document is not invalid under regulation 19(4)(c)
• this document has not been revoked, and its renewal has not been refused, under regulation 24 (except where the revocation or refusal occurred because the person had been absent from the UK for a period of more than 2, and no more than 5, consecutive years)
• the person’s right to reside has not been cancelled under regulation 25

Or, as regards the Islands, this means that you are satisfied from the information available to you that the applicant has either been:

• given notice in writing under paragraphs 256 to 257A of the Immigration Rules of the Bailiwick of Guernsey showing that they may remain indefinitely, and this notice has not been revoked or otherwise ceased to be effective
• issued by the relevant Minister with a document in accordance with paragraphs 255 to 258 of the Immigration Rules of the Bailiwick of Jersey in an appropriate form certifying permanent residence, and this document has not been revoked or otherwise ceased to be effective
• issued with a letter certifying permanent residence, or their passport has been stamped to that effect, under the Immigration (European Economic Area) Regulations of the Isle of Man, and this has not been revoked, invalidated or cancelled

It also means both that:

• the applicant has not been absent from the UK and Islands for a period of more than 5 consecutive years, at any point since they last acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations (or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the EEA Regulations of the Isle of Man) or since they last completed a continuous qualifying period of 5 years
• none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
  o any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  o a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
  o an exclusion decision
  o a deportation order, other than by virtue of the EEA Regulations
  o an Islands deportation order
  o an Islands exclusion decision
Existing indefinite leave to enter or remain

An EEA citizen will be eligible for ILE or ILR under the scheme, as a relevant EEA citizen under condition 2 in rule EU11, where, at the date of application and in an application made by the required date, there is valid evidence of their indefinite leave to enter or remain in the UK or the Islands.

This means either:

- a valid biometric immigration document (as defined in section 5 of the UK Borders Act 2007, and known as a biometric residence permit), a valid stamp or endorsement in a passport (whether or not the passport has expired) or other valid document issued by the Home Office, confirming that the applicant has indefinite leave to enter or remain in the UK, which has not lapsed or been revoked or invalidated
- you are otherwise satisfied from the evidence or information available to you (including from Home Office records) that the applicant has indefinite leave to enter or remain in the UK or the Islands, and this status both:
  - has not lapsed through absence from the UK and Islands for a period of more than 2 consecutive years
  - has not been revoked or invalidated

Continuous qualifying period of 5 years

An EEA citizen will be eligible for ILE or ILR under the scheme, as a relevant EEA citizen under condition 3 in rule EU11, where, at the date of application and in an application made by the required date, they have completed a continuous qualifying period of residence in the UK and Islands of 5 years which began before the specified date – as a relevant EEA citizen, a family member of a relevant EEA citizen, a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, a person with a derivative right to reside, a person with a Zambrano right to reside, or a person who had a derivative or Zambrano right to reside, or in any combination of those categories.

Where an applicant relies on more than one of those categories in order to complete their continuous qualifying period of 5 years, there can be no gap between the periods of qualification under each category relied upon. This does not affect the absences from the UK and Islands which are permitted during a continuous qualifying period.

And where no supervening event has occurred in respect of the applicant, which means both that since completing that 5 year period:

- they have not been absent from the UK and Islands for a period of more than 5 consecutive years
- none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
• any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
• a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
• an exclusion decision
• a deportation order, other than by virtue of the EEA Regulations
• an Islands deportation order
• an Islands exclusion decision

Ceased activity

An EEA citizen will be eligible for ILE or ILR under the scheme, as a relevant EEA citizen under condition 4 in rule EU11, having completed a continuous qualifying period of residence in the UK and Islands of less than 5 years which began before the specified date, where, at the date of application and in an application made by the required date, they either:

• were a worker or self-employed person in the UK (within the meaning of the EEA Regulations) and then terminated that activity, having reached the age of entitlement to a state pension or, in the case of a worker, having taken early retirement and immediately before that they had both:
  o been a worker or self-employed person in the UK for at least the preceding 12 months
  o resided in the UK and Islands for a continuous qualifying period of more than 3 years which began before the specified date
• stopped being a worker or self-employed person in the UK owing to permanent incapacity to work and either:
  o had resided in the UK and Islands for a continuous qualifying period of more than the preceding 2 years which began before the specified date
  o the incapacity resulted from an accident at work or an occupational disease that entitles the person to a pension payable in full or in part by an institution in the UK
• resided in the UK for a continuous qualifying period of at least 3 years as a worker or self-employed person which began before the specified date, immediately before becoming a worker or self-employed person in an EEA country or Switzerland (see: the countries listed in sub-paragraph (a)(i) of the definition of ‘EEA citizen’ in Annex 1 to Appendix EU), while retaining a place of residence in the UK to which they return, as a rule, at least once a week

The conditions as to length of residence and length of employment in the first 2 provisions above do not apply where you are satisfied (including by the required evidence of family relationship) that the relevant EEA citizen is the spouse or civil partner of a British citizen.
And, in any case, no supervening event has occurred, which means both that since the relevant EEA citizen ceased activity:

- they have not been absent from the UK and Islands for a period of more than 5 consecutive years
- none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
  - any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  - a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
  - an exclusion decision
  - a deportation order, other than by virtue of the EEA Regulations
  - an Islands deportation order
  - an Islands exclusion decision

For further information on how to consider an application that meets these requirements please see consideration of applications for indefinite leave to enter (ILE) or indefinite leave to remain (ILR).

**Child under the age of 21**

An EEA citizen will be eligible for ILE or ILR under the scheme as a child under the age of 21 under condition 7 in rule EU11, including where they have a continuous qualifying period of residence in the UK and Islands of less than 5 years which began before the specified date, where, at the date of application and in an application made by the required date:

- you are satisfied, including by the required evidence of family relationship, that they are a family member of a relevant EEA citizen and a child under the age of 21 of a relevant EEA citizen or of their spouse or civil partner (see assessing family relationship) and either:
  - the marriage was contracted or the civil partnership was formed before the specified date
  - the person who is now the spouse or civil partner of the relevant EEA citizen was their durable partner before the specified date and the partnership remained durable at the specified date

In addition, where the date of application by the child is before 1 July 2021, either the relevant EEA citizen (or, as the case may be, their spouse or civil partner):

- has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or
been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands)

• is an Irish citizen who, if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• (where the applicant is the family member (“F”) to whom paragraph 9 of Schedule 6 to the EEA Regulations refers and meets the criteria as F in that paragraph) is an EEA citizen in accordance with sub-paragraph (c) of the definition in Annex 1 to Appendix EU, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• is a relevant person of Northern Ireland and either:
  o an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands), or would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  o a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• is a person exempt from immigration control, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• is a relevant naturalised British citizen (in accordance with sub-paragraphs (b), (c) and (d) of the relevant definition in Annex 1 to Appendix EU)

Or, in addition, where the date of application by the child is on or after 1 July 2021, either the relevant EEA citizen (or, as the case may be, their spouse or civil partner):
• having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated.

• is an Irish citizen who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application.

• is a relevant naturalised British citizen (in accordance with sub-paragraphs (a), (c) and (d) of the relevant definition in Annex 1 to Appendix EU) who, if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application.

  o a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application.

Eligibility: family members of a relevant EEA citizen

Who can apply as a family member of a relevant EEA citizen?

To apply under the family member of a relevant EEA citizen provisions (save as a dependent relative of a specified relevant person of Northern Ireland), an applicant must have been resident by 11pm GMT on 31 December 2020 on a basis which met the definition of ‘family member of a relevant EEA citizen’ in Annex 1 to Appendix EU and thereafter not have broken the continuity of their residence.

The following EEA citizen or non-EEA citizen family members of an EEA citizen who do not meet the definition of ‘joining family member of a relevant sponsor’ may be eligible to apply:

- **spouse**, where either:
  - the marriage was contracted before the specified date
  - the applicant was the durable partner of the relevant EEA citizen before the specified date (the definition of ‘durable partner’ in Annex 1 to Appendix EU being met before that date rather than at the date of application) and the partnership remained durable at the specified date
- **civil partner**, where either:
  - the civil partnership was formed before the specified date
  - the applicant was the durable partner of the relevant EEA citizen before the specified date (the definition of ‘durable partner’ in Annex 1 to Appendix EU being met before that date rather than at the date of application) and the partnership remained durable at the specified date
- **durable partner** (unmarried partner whose relationship is akin to marriage or civil partnership, and the applicant holds a relevant document in this capacity, where they rely on residence in the UK in that capacity before the specified date), where both:
  - the partnership was formed and was durable before the specified date
  - the partnership remains durable at the date of application (or did so for the relevant period or immediately before the death of the relevant EEA citizen)
- **child under 21 of the EEA citizen or of the spouse or civil partner** and the family relationship existed before the specified date
- **dependent child over 21 of the EEA citizen or of the spouse or civil partner** and the family relationship existed before the specified date
- **dependent parent of the EEA citizen or of the spouse or civil partner** and the family relationship existed before the specified date
- **dependent relative of the EEA citizen** or of the spouse or civil partner (in either case) before the specified date, and both:
  - the applicant holds a relevant document in this capacity
  - the dependency (or, as the case may be, their membership of the household or their strict need for personal care on serious health grounds) continues to
exist at the date of application (or did so for the period of residence relied upon)

In addition, where the applicant does not rely on meeting condition 1, 3 or 6 in rule EU11, or on being a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, the family relationship continues to exist at the date of application.

Documented right of permanent residence

A family member will be eligible for ILE or ILR under the scheme, under condition 1 in rule EU11, as the family member of a relevant EEA citizen (or as a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen), where, at the date of application and in an application made by the required date, they have a documented right of permanent residence, and since they did, no supervening event has occurred in respect of the applicant.

This means that you are satisfied from the information available to you that the applicant has been issued with either:

- a document certifying permanent residence under regulation 19 of the EEA Regulations
- a permanent residence card (issued or renewed within the last 10 years) under regulation 19 of the EEA Regulations
- a residence permit or residence document under the Immigration (European Economic Area) Order 1994 endorsed to show permission to remain in the UK indefinitely

And in addition:

- this document or card is not invalid under regulation 19(4)(c)
- this document or card has not been revoked, and its renewal has not been refused, under regulation 24 (except where the revocation or refusal occurred because the person had been absent from the UK for a period of more than 2, and no more than 5, consecutive years)
- the person’s right to reside has not been cancelled under regulation 25

Or, as regards the Islands, this means that you are satisfied from the information available to you that the applicant has either been:

- given notice in writing under paragraphs 256 to 257A of the Immigration Rules of the Bailiwick of Guernsey showing that they may remain indefinitely, and this notice has not been revoked or otherwise ceased to be effective
- issued by the relevant Minister with a document in accordance with paragraphs 255 to 258 of the Immigration Rules of the Bailiwick of Jersey in an appropriate form certifying permanent residence or a permanent residence card, and this document or card has not been revoked or otherwise ceased to be effective
• issued with a letter certifying permanent residence, or their passport has been stamped to that effect, under the Immigration (European Economic Area) Regulations of the Isle of Man, and this has not been revoked, invalidated or cancelled

It also means both that:

• the applicant has not been absent from the UK and Islands for a period of more than 5 consecutive years, at any point since they last acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations (or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the EEA Regulations of the Isle of Man) or since they last completed a continuous qualifying period of 5 years

• none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
  o any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  o a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
  o an exclusion decision
  o a deportation order, other than by virtue of the EEA Regulations
  o an Islands deportation order
  o an Islands exclusion decision

Where the applicant has a documented right of permanent residence, their family relationship with a relevant EEA citizen, or the period in which they retained a right of residence by virtue of that relationship, may be in the past; it does not need to remain extant at the date of application. They do not therefore need to provide the required evidence of family relationship as this will have been confirmed when their right of permanent residence was documented under the EEA Regulations.

Existing indefinite leave to enter or remain

A family member will be eligible for ILE or ILR under the scheme, under condition 2 in rule EU11, as a family member of a relevant EEA citizen (or as a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen), where, at the date of application and in an application made by the required date, there is valid evidence of their indefinite leave to enter or remain in the UK.

This means either:
• a valid biometric immigration document (as defined in section 5 of the UK Borders Act 2007), a valid stamp or endorsement in a passport (whether or not the passport has expired) or other valid document issued by the Home Office, confirming that the applicant has indefinite leave to enter or remain in the UK, which has not lapsed or been revoked or invalidated

• you are otherwise satisfied from the evidence and information available to you (including from Home Office records) that the applicant has indefinite leave to enter or remain in the UK or Islands, and this status both:
  o has not lapsed through absence from the UK and Islands for a period of more than 2 consecutive years
  o has not been revoked or invalidated

It also means that you must be satisfied, including by the required evidence of family relationship, that, at the date of application, the applicant is the family member of a relevant EEA citizen (see assessing family relationship).

Continuous qualifying period of 5 years

A family member will be eligible for ILE or ILR under the scheme, as the family member of a relevant EEA citizen (or as a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen) under condition 3 in rule EU11, where, at the date application and in an application made by the required date:

• you are satisfied, including by the required evidence of family relationship, that the applicant is the family member of a relevant EEA citizen (see assessing family relationship)

• they have completed a continuous qualifying period of residence in the UK and Islands of 5 years which (unless they are the dependent relative of a specified relevant person of Northern Ireland) began before the specified date as such a family member (or as a relevant EEA citizen, as a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, as a person with a derivative right to reside, as a person with a Zambrano right to reside, or as a person who had a derivative or Zambrano right to reside, or in any combination of those categories)

• since completing that 5 year period, they have not been absent from the UK and Islands for a period of more than 5 consecutive years

• since completing that 5 year period, none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
  o any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  o a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
  o an exclusion decision
Where the applicant has completed a continuous qualifying period of residence in the UK and Islands of 5 years which (unless they are the dependent relative of a specified relevant person of Northern Ireland) began before the specified date, as the family member of a relevant EEA citizen (or as a family member who has retained the right of residence by virtue of their relationship with a relevant EEA citizen), the family relationship or the period in which they retained a right of residence by virtue of that relationship, may be in the past; it does not need to remain extant at the date of application.

**Child under the age of 21**

A child under the age of 21 will be eligible for ILE or ILR under the scheme under condition 7 in rule EU11, including where they have completed a continuous qualifying period of residence in the UK and Islands of less than 5 years which began before the specified date, where, at the date of application and in an application made by the required date:

- you are satisfied, including by the required evidence of family relationship, that they are a family member of a relevant EEA citizen and a child under the age of 21 of a relevant EEA citizen or of their spouse or civil partner (see assessing family relationship) and either:
  - the marriage was contracted or the civil partnership was formed before the specified date
  - the person who is now the spouse or civil partner of the relevant EEA citizen, was their durable partner before the specified date and the partnership remained durable at the specified date

In addition, where the date of application by the child is before 1 July 2021, either the relevant EEA citizen (or, as the case may be, their spouse or civil partner):

- has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands)
- is an Irish citizen who, if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
- (where the applicant is the family member (“F”) to whom paragraph 9 of Schedule 6 to the EEA Regulations refers and meets the criteria as F in that paragraph) is an EEA citizen in accordance with sub-paragraph (c) of the definition in Annex 1 to Appendix EU, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July...
2021, would, but for the fact that they are a British citizen, have been granted
indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which
would not have lapsed or been cancelled, revoked or invalidated before the
date of application
• is a relevant person of Northern Ireland and either:
  o an Irish citizen, who, having been resident in the UK and Islands for a
    continuous qualifying period which began before the specified date, has
    been granted indefinite leave to enter or remain under paragraph EU2 of
    Appendix EU (or its equivalent in the Islands), which has not lapsed or been

    paragraph of Appendix EU or under its equivalent in the Islands), or would,
    if they had made a valid application under Appendix EU before 1 July 2021,
    have been granted indefinite leave to enter or remain under paragraph EU2
    of Appendix EU, which would not have lapsed or been cancelled, revoked or
    invalidated before the date of application
  o a British citizen, or a British citizen and an Irish citizen, who, having been
    resident in the UK and Islands for a continuous qualifying period which,
    unless they are a specified relevant person of Northern Ireland, began
    before the specified date and if they had made a valid application under

    British citizen, have been granted indefinite leave to enter or remain under
    paragraph EU2 of Appendix EU, which would not have lapsed or been
    cancelled, revoked or invalidated before the date of application
• is a person exempt from immigration control, who, having been resident in the
  UK and Islands for a continuous qualifying period which began before the
  specified date, would, if they had made a valid application under Appendix EU

either the relevant EEA citizen (or, as the case may be, their spouse or civil partner):

• having been resident in the UK and Islands for a continuous qualifying period

The relevant EEA citizen has ceased activity

A family member will be eligible for ILE or ILR under the scheme – as the family member of a relevant EEA citizen who has ceased activity, under condition 5 in rule EU11 – having completed a continuous qualifying period of residence in the UK and Islands of less than 5 years which began before the specified date, provided they apply by the required date and the relevant requirements set out below are met.
Where the date of application is before 1 July 2021, the relevant EEA citizen either:

- has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands), or would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- (where the applicant is the family member (“F”) to whom paragraph 9 of Schedule 6 to the EEA Regulations refers and meets the criteria as F in that paragraph) is an EEA citizen in accordance with sub-paragraph (c) of the definition in Annex 1 to Appendix EU, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a relevant person of Northern Ireland and either:
  - an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands), or would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  - a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a person exempt from immigration control, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a relevant naturalised British citizen in accordance with sub-paragraphs (b), (c) and (d) of that definition in Annex 1 to Appendix EU
Where the date of application is on or after 1 July 2021, the relevant EEA citizen either:

- having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated
- having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
- is a relevant naturalised British citizen in accordance with sub-paragraphs (a), (c) and (d) of that definition in Annex 1 to Appendix EU who, if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
- (where the applicant is the family member (“F”) to whom paragraph 9 of Schedule 6 to the EEA Regulations refers and meets the criteria as F in that paragraph) is an EEA citizen in accordance with sub-paragraph (c) of the definition in Annex 1 to Appendix EU, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
- is a relevant person of Northern Ireland and either:
  - an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated
  - an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  - a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under
paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• is a person exempt from immigration control, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

In addition, whatever the date of application:

• you are satisfied, including by the required evidence of family relationship, that the applicant was a family member of the relevant EEA citizen at the point at which the relevant EEA citizen became a person who has ceased activity (see assessing family relationship)
• the applicant was also resident in the UK and Islands for a continuous qualifying period which (unless they are the dependent relative of a specified relevant person of Northern Ireland) began before the specified date, immediately before the relevant EEA citizen became a person who has ceased activity

And you are also satisfied that the relevant EEA citizen is a person who has ceased activity because one of the following applies:

• the relevant EEA citizen was a worker or self-employed person in the UK (within the meaning of the EEA Regulations) and then terminated that activity, having reached the age of entitlement to a state pension or, in the case of a worker, having taken early retirement; and immediately before that they had both:
  o been a worker or self-employed person in the UK for at least the preceding 12 months
  o resided in the UK and Islands for a continuous qualifying period of more than 3 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date
• the relevant EEA citizen stopped being a worker or self-employed person owing to permanent incapacity to work and either:
  o had resided in the UK and Islands for a continuous qualifying period of more than the preceding 2 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date
  o the incapacity resulted from an accident at work or an occupational disease that entitles the person to a pension payable in full or in part by an institution in the UK
• the relevant EEA citizen resided in the UK for a continuous qualifying period of at least 3 years as a worker or self-employed person which, unless they are a specified relevant person of Northern Ireland, began before the specified date, immediately before becoming a worker or self-employed person in an EEA country or Switzerland (see: the countries listed in sub-paragraph (a)(i) of the
The definition of ‘EEA citizen’ in Annex 1 to Appendix EU), while retaining a place of residence in the UK to which they return, as a rule, at least once a week

The conditions as to length of residence and of employment in the first and second provisions above do not apply where you are satisfied that (including by the required evidence of family relationship) that the relevant EEA citizen is the spouse or civil partner of a British citizen.

And since the relevant EEA citizen became a person who has ceased activity, it is the case both that:

- the applicant has not been absent from the UK and Islands for a period of more than 5 consecutive years
- none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
  - any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  - a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
  - an exclusion decision
  - a deportation order, other than by virtue of the EEA Regulations
  - an Islands deportation order
  - an Islands exclusion decision

The relevant EEA citizen has died

A family member will be eligible for ILE or ILR under the scheme – as the family member of a relevant EEA citizen who has died, under condition 6 in rule EU11 – having completed a continuous qualifying period of residence in the UK and Islands of less than 5 years which (unless they were the dependent relative of a specified relevant person of Northern Ireland) began before the specified date, where, at the date of application and in an application made by the required date, the criteria in this section are met.

To be eligible for ILE or ILR as a family member of a relevant EEA citizen who has died, all the following must be met:

- you are satisfied, including by the required evidence of family relationship, that the applicant is a family member of a relevant EEA citizen (see assessing family relationship) and the relevant EEA citizen has died
- the relevant EEA citizen must have been resident in the UK as a worker or self-employed person (within the meaning of the EEA Regulations) at the time of their death
• the relevant EEA citizen must have been resident in the UK and Islands for a continuous qualifying period of at least 2 years which, unless they were a specified relevant person of Northern Ireland, began before the specified date, immediately before dying, or the death must have been the result of an accident at work or an occupational disease
• the applicant must have been resident in the UK with the relevant EEA citizen immediately before their death
• since the death of the relevant EEA citizen, the applicant must not have been absent from the UK and Islands for a period of more than 5 consecutive years
• since the death of the relevant EEA citizen, none of the following events must have occurred in respect of the applicant, unless it has been set aside or revoked:
  o any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  o a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
  o an exclusion decision
  o a deportation order, other than by virtue of the EEA Regulations
  o an Islands deportation order
  o an Islands exclusion decision

If the applicant does not meet these criteria, you must consider if they have retained a right of residence.

A family member who has retained the right of residence

Where the applicant is a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, they can qualify for ILE or ILR under condition 1 (documented right of permanent residence) or condition 2 (existing evidence of indefinite leave to enter or remain) in rule EU11, as set out above.

Otherwise, where the applicant is a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, they will be eligible for ILE or ILR, under condition 3 in rule EU11, on the basis of having completed a continuous qualifying period of residence in the UK and Islands of 5 years, which (unless they were the dependent relative of a specified relevant person of Northern Ireland) began before the specified date, as such a family member where the criteria in this section are met (or, prior to that, as a family member of a relevant EEA citizen, as a relevant EEA citizen, as a person with a derivative right to reside, as a person with a Zambrano right to reside or as a person who had a derivative or Zambrano right to reside, or in any prior combination of those categories).

You must also be satisfied that since satisfying those criteria, the ‘required continuity of residence’ has been maintained by the applicant. This means that, where the
applicant has not completed a continuous qualifying period of 5 years (and does not have valid evidence of their indefinite leave to enter or remain, and has not acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations, or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man, then, since the point at which (where they do so) they began to rely on being in the UK and Islands as a family member who has retained the right of residence and while they continued to do so, one of the events referred to in sub-paragraph (b)(i) or (b)(ii) in the definition of ‘continuous qualifying period’ in Annex 1 to Appendix EU has not occurred.

To be eligible to apply for ILE or ILR as a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, on the basis of having completed a continuous qualifying period of residence in the UK and Islands of 5 years which (unless they were the dependent relative of a specified relevant person of Northern Ireland) began before the specified date (as set out above), you must be satisfied, including by the required evidence of family relationship (see assessing family relationship), that, at the date of application and in an application made by the required date, the applicant both:

- is an EEA or non-EEA citizen who was the family member of a relevant EEA citizen and that person died
- was resident in the UK as the family member of that relevant EEA citizen for a continuous qualifying period of at least a year which (unless they were the dependent relative of a specified relevant person of Northern Ireland) began before the specified date, immediately before the death of that person

Or that the applicant is either:

- an EEA or non-EEA citizen who is the child of a relevant EEA citizen who has died, or of their spouse or civil partner immediately before their death
- an EEA or non-EEA citizen who is the child of a person who ceased to be a relevant EEA citizen on ceasing to reside in the UK, or of their spouse or civil partner at that point

And, in either of the 2 bullet points immediately above, the child must have been attending a general educational course, apprenticeship or vocational training course in the UK immediately before the relevant EEA citizen died or ceased to be a relevant EEA citizen on ceasing to reside in the UK, and the child must continue to attend such a course.

Or that the applicant is:

- an EEA or non-EEA citizen who is the parent with custody of such a child (meaning that the child normally lives with them or does so part of the time, and includes arrangements which have been agreed informally and those which are subject to a court order for determining with whom the child is to live and when)
Or that all the following are met:

- the applicant is an EEA or non-EEA citizen who has ceased to be a family member of a relevant EEA citizen on the termination of the marriage or civil partnership of that relevant EEA citizen – and, for these purposes, where, after the initiation of the proceedings for that termination, that relevant EEA citizen ceased to be a relevant EEA citizen, they will be deemed to have remained a relevant EEA citizen until that termination
- the applicant was resident in the UK at the date of the termination of the marriage or civil partnership
- the applicant meets one of the following:
  - prior to the initiation of the proceedings for the termination of the marriage or civil partnership, the marriage or civil partnership had lasted for at least 3 years and during its duration the parties to the marriage or civil partnership had been resident in the UK for a continuous qualifying period of at least one year which began before the specified date
  - the applicant has custody of a child of the relevant EEA citizen
  - the applicant has the right of access to a child of the relevant EEA citizen, where the child is under the age of 18 years and where a court has ordered that such access must take place in the UK
  - the continued right of residence in the UK of the applicant is warranted by particularly difficult circumstances, such as where the applicant or another family member has been a victim of domestic violence or abuse whilst the marriage or civil partnership was subsisting

Or that the applicant both:

- is an EEA or non-EEA citizen who provides evidence that a relevant family relationship with a relevant EEA citizen has broken down permanently as a result of domestic violence or abuse
- was resident in the UK when the relevant family relationship broke down permanently as a result of domestic violence or abuse, and the continued right of residence in the UK of the applicant is warranted where the applicant or another family member has been a victim of domestic violence or abuse before the relevant family relationship broke down permanently

‘Relevant family relationship’ means here a family relationship with a relevant EEA citizen such that the applicant is, or (immediately before the relevant family relationship broke down permanently as a result of domestic violence or abuse) was, a family member of a relevant EEA citizen. Where, following the permanent breakdown of the relevant family relationship as a result of domestic violence or abuse, the applicant remains a family member of a relevant EEA citizen, they will be deemed to have ceased to be such a family member for the purposes of Appendix EU once the permanent breakdown occurred.

Where the applicant is applying on the basis that their continued right of residence in the UK is warranted where they or another family member have been a victim of
domestic violence or abuse before the relevant family relationship broke down permanently, the applicant does not need to provide evidence which satisfies you that they remain dependent on the relevant EEA citizen or (where relevant) on the spouse or civil partner, if the applicant is either:

- a child aged 21 or over of a relevant EEA citizen (or of their spouse or civil partner) and was not previously granted limited leave to enter or remain under Appendix EU (or under its equivalent in the Islands) as a child under the age of 21
- the dependent parent of a relevant EEA citizen who is aged under 18

And, in any case, to be eligible for ILE or ILR on the basis of a continuous qualifying period of 5 years which (unless they were the dependent relative of a specified relevant person of Northern Ireland) began before the specified date, including as a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, then since completing that 5 year period both the following must apply:

- the applicant has not been absent from the UK and Islands for a period of more than 5 consecutive years
- none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
  - any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  - a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
  - an exclusion decision
  - a deportation order, other than by virtue of the EEA Regulations
  - an Islands deportation order
  - an Islands exclusion decision

For further information on how to consider an application that meets any of these requirements for ILE or ILR, please see consideration of applications for indefinite leave to enter (ILE) or indefinite leave to remain (ILR) below.

Continuous qualifying period of less than 5 years

A family member of a relevant EEA citizen, or a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, who, at the date of application and in an application made by the required date, has completed a continuous qualifying period of residence in the UK and Islands of less than 5 years which (unless they are the dependent relative of a specified relevant person of Northern Ireland) began before the specified date, and who does not qualify under one of the routes to ILR or ILE for those who have completed such a continuous
qualifying period of less than 5 years, will – in the case of a family member of a relevant EEA citizen, where there has been no supervening event in respect of the relevant EEA citizen – be eligible for 5 years’ limited leave to enter or limited leave to remain (LTE or LTR), under condition 1 in rule EU14.

For further information on how to consider an application that meets these requirements please see consideration of applications - limited leave to enter (LTE) or remain (LTR).

  - indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  - limited leave to enter or remain under paragraph EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

- a person exempt from immigration control who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would have been granted either:

- where the date of application by a joining family member of a relevant sponsor is on or after 1 July 2021, it will suffice that the relevant sponsor is or (as the case may be) was resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date where the applicant either:
  - on the basis of events which occurred during the period to which sub-paragraph (a)(ii)(aa) or (a)(iii)(aa) of the definition of ‘required date’ in Annex 1 to Appendix EU refers, relies on being a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, or has limited leave to enter or remain granted on that basis under rule EU3A
  - relies on meeting condition 3 in rule EU11A
  - has limited leave to enter or remain granted under rule EU3A and would have been eligible for indefinite leave to enter or remain under condition 1, 2 or 3 in rule EU11A, had they made a further valid application under Appendix
Not in the UK as a visitor

Where the application is made within the UK and was decided before 6 October 2021 (the date that relevant changes to Appendix EU made in Statement of Changes in Immigration Rules: HC 617 came into effect), then, to meet the eligibility requirements for indefinite leave to remain (under rule EU11A) or limited leave to remain (under rule EU14A) as a joining family member of a relevant sponsor, the applicant must not have been in the UK at the date of application as a ‘visitor’, in accordance with the relevant definition then in Annex 1 to Appendix EU.

This meant that, subject to limited exceptions, the applicant must not have been granted leave under paragraphs 40-56Z, 75A-M or 82-87 of the Immigration Rules in force before 24 April 2015 or Appendix V on or after 24 April 2015 or Appendix V: Visitor after 9am on 1 December 2020, and was not a person to whom article 4 or 6 of the Immigration (Control of Entry through Republic of Ireland) Order 1972 applied.

For applications decided from 6 October 2021, the requirement not to be in the UK as a visitor was removed from Appendix EU (by virtue of the changes made in Statement of Changes in Immigration Rules: HC 617). This means that applicants are no longer required not to be in the UK as a visitor to qualify for leave under Appendix EU as a joining family member of a relevant sponsor.

The requirement that, in an application decided before 6 October 2021 (the date that relevant changes to Appendix EU made in Statement of Changes in Immigration Rules: HC 617 came into effect), a person applying as a joining family of a relevant sponsor must not have been in the UK at the date of application as a ‘visitor’, in accordance with the relevant definition then in Annex 1 to Appendix EU, was disapplied, as a temporary concession outside Appendix EU, where the applicant entered the UK as a visitor on or after 1 January 2021.

Continuous qualifying period of 5 years

In an application made after the specified date and by the required date, an applicant will be eligible for indefinite leave to enter (ILE) or indefinite leave to remain (ILR) under the scheme, as the joining family member of a relevant sponsor (or as a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor) under condition 1 in rule EU11A, where at the date of application:

- you are satisfied, including by the required evidence of family relationship, that the applicant is the joining family member of a relevant sponsor (see assessing family relationship)
- they have completed a continuous qualifying period of residence in the UK and Islands of 5 years which began after the specified date as such a joining family
member (or as a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, or in any combination of those categories)

- since completing that 5 year period, they have not been absent from the UK and Islands for a period of more than 5 consecutive years
- since completing that 5 year period, none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
  - any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  - a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
  - an exclusion decision
  - a deportation order, other than by virtue of the EEA Regulations
  - an Islands deportation order
  - an Islands exclusion decision

Where the applicant has completed a continuous qualifying period of residence in the UK and Islands of 5 years as the joining family member of a relevant sponsor (or as a family member who has retained the right of residence by virtue of their relationship with a relevant sponsor), the family relationship or the period in which they retained a right of residence by virtue of that relationship, may be in the past; it does not need to remain extant at the date of application.

Where the applicant arrived in the UK as a joining family member and at that point had another form of immigration leave or was exempt from immigration control, their continuous qualifying period of residence in the UK as a joining family member (or as a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor) can include the period in which they held that other form of immigration leave or were exempt from immigration control.

Child under the age of 21

In an application made after the specified date and by the required date, a child under the age of 21 will be eligible for ILE or ILR under the scheme under condition 4 in rule EU11A, including where they have completed a continuous qualifying period of residence in the UK and Islands of less than 5 years which began after the specified date, where, at the date of application, you are satisfied, including by the required evidence of family relationship, that they are the joining family member of a relevant sponsor and the relevant requirements below are met.

Where the date of application is before 1 July 2021, either:

- they are a child under the age of 21 of a relevant sponsor (see assessing family relationship), and the relevant sponsor is:
- an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands)

- an Irish citizen who is an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) who, having resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU): a relevant person of Northern Ireland, in accordance with that definition in Annex 1 to Appendix EU, who is an Irish citizen who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands), or would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU): a relevant person of Northern Ireland, in accordance with that definition in Annex 1 to Appendix EU, who is a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- a person exempt from immigration control who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- a relevant naturalised British citizen, in accordance with sub-paragraphs (b), (c) and (d), of that definition in Annex 1 to Appendix EU

- they are a child under the age of 21 of the spouse or civil partner of the relevant sponsor (see assessing family relationship) and the spouse or civil partner both:
meets the requirements of sub-paragraph (a) of the definition of ‘family member of a relevant EEA citizen’ in Annex 1 to Appendix EU, substituting ‘relevant sponsor’ for each reference in that sub-paragraph to ‘relevant EEA citizen’

has been or is being granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU

- they are a child under the age of 21 of the spouse or civil partner of the relevant sponsor (see assessing family relationship) and the spouse or civil partner both:
  - meets the requirements of the first sub-paragraph (a), together with either the second sub-paragraph (a) or sub-paragraph (b)(i) or (b)(ii), of the definition of ‘joining family member of a relevant sponsor’ in Annex 1 to Appendix EU
  - has been or is being granted indefinite leave to enter or remain under paragraph EU2A of Appendix EU

Where the date of application is on or after 1 July 2021, either:

- they are a child under the age of 21 of a relevant sponsor (see assessing family relationship), and the relevant sponsor is:
  - an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated
  - an Irish citizen who, having resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  - a relevant naturalised British citizen, in accordance with sub-paragraphs (a), (c) and (d), of that definition in Annex 1 to Appendix EU, who, if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  - an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU) who is a relevant person of Northern Ireland, in accordance with that definition in Annex 1 to Appendix EU, and who is an Irish citizen who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated; or, if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU,
which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU) who is a relevant person of Northern Ireland, in accordance with that definition in Annex 1 to Appendix EU, and who is a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- a person exempt from immigration control who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- they are a child under the age of 21 of the spouse or civil partner of the relevant sponsor (see assessing family relationship) and the spouse or civil partner both:
  - meets the requirements of sub-paragraph (a) of the definition of ‘family member of a relevant EEA citizen’ in Annex 1 to Appendix EU, substituting ‘relevant sponsor’ for each reference in that sub-paragraph to ‘relevant EEA citizen’
  - has been or is being granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU

- they are a child under the age of 21 of the spouse or civil partner of the relevant sponsor (see assessing family relationship) and the spouse or civil partner both:
  - meets the requirements of the first sub-paragraph (a), together with either the second sub-paragraph (a) or sub-paragraph (b)(i) or (b)(ii), of the definition of ‘joining family member of a relevant sponsor’ in Annex 1 to Appendix EU
  - has been or is being granted indefinite leave to enter or remain under paragraph EU2A of Appendix EU

The relevant sponsor has ceased activity

In an application made after the specified date and by the required date, an applicant will be eligible for ILE or ILR under the scheme – as the joining family member of a relevant sponsor who has ceased activity, under condition 2 in rule EU11A – having completed a continuous qualifying period of residence in the UK and Islands of less than 5 years which began after the specified date and the relevant requirements below are met.

Where the date of application is before 1 July 2021, the relevant sponsor is either:
• an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands), or would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU): a relevant person of Northern Ireland, in accordance with that definition in Annex 1 to Appendix EU, and either:
  o an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands), or would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  o a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• a person exempt from immigration control, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• a relevant naturalised British citizen, in accordance with sub-paragraphs (b), (c) and (d) of that definition in Annex 1 to Appendix EU

Where the date of application is on or after 1 July 2021, the relevant sponsor is either:

• an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1 to Appendix EU) who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been
granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated

- an Irish citizen who, having resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- a relevant naturalised British citizen, in accordance with sub-paragraphs (a), (c) and (d), of that definition in Annex 1 to Appendix EU, who, if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU) who is a relevant person of Northern Ireland, in accordance with that definition in Annex 1 to Appendix EU, and who is an Irish citizen who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, either:
  - has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated
  - if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- an EEA citizen (in accordance with sub-paragraph (d) of that definition in Annex 1 to Appendix EU) who is a relevant person of Northern Ireland, in accordance with that definition in Annex 1 to Appendix EU, and who is a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- a person exempt from immigration control who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

In addition, whatever the date of application, both:

- you are satisfied, including by the required evidence of family relationship, that the applicant was a joining family member of the relevant sponsor at the point
at which the relevant sponsor became a person who has ceased activity (see assessing family relationship)

- immediately before the relevant sponsor became a person who has ceased activity, the applicant was resident in the UK and Islands for a continuous qualifying period which began after the specified date

And you are also satisfied that the relevant sponsor is a person who has ceased activity because one of the following applies:

- the relevant sponsor was a worker or self-employed person in the UK (within the meaning of the EEA Regulations) and then terminated that activity, having reached the age of entitlement to a state pension or, in the case of a worker, having taken early retirement; and immediately before that they had both:
  o been a worker or self-employed person in the UK for at least the preceding 12 months
  o resided in the UK and Islands for a continuous qualifying period of more than 3 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date

- the relevant sponsor stopped being a worker or self-employed person owing to permanent incapacity to work and either:
  o had resided in the UK and Islands for a continuous qualifying period of more than 2 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date
  o the incapacity resulted from an accident at work or an occupational disease that entitles the person to a pension payable in full or in part by an institution in the UK

- the relevant sponsor resided in the UK for a continuous qualifying period of at least 3 years as a worker or self-employed person which, unless they are a specified relevant person of Northern Ireland, began before the specified date, immediately before becoming a worker or self-employed person in an EEA country or Switzerland (see: the countries listed in sub-paragraph (a)(i) of the definition of ‘EEA citizen’ in Annex 1 to Appendix EU), while retaining a place of residence in the UK to which they return, as a rule, at least once a week

The conditions as to length of residence and of employment in the first and second provisions above do not apply where you are satisfied that (including by the required evidence of family relationship) that the relevant sponsor is the spouse or civil partner of a British citizen.

And since the relevant sponsor became a person who has ceased activity, it is the case both that:

- the applicant has not been absent from the UK and Islands for a period of more than 5 consecutive years
- none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)

a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)

an exclusion decision
an deportation order, other than by virtue of the EEA Regulations
an Islands deportation order
an Islands exclusion decision

The relevant sponsor has died

In an application made after the specified date and by the required date, an applicant will be eligible for ILE or ILR under the scheme – as the joining family member of a relevant sponsor who has died, under condition 3 in rule EU11A – having completed a continuous qualifying period of residence in the UK and Islands of less than 5 years which began after the specified date, where the criteria in this section are met.

To be eligible for ILE or ILR as a joining family member of a relevant sponsor who has died, all the following must be met:

- you are satisfied, including by the required evidence of family relationship, that the applicant is a joining family member of a relevant sponsor (see assessing family relationship) and the relevant sponsor has died
- the relevant sponsor must have been resident in the UK as a worker or self-employed person (within the meaning of the EEA Regulations) at the time of their death
- the relevant sponsor must have been resident in the UK and Islands for a continuous qualifying period of at least 2 years which, unless they were a specified relevant person of Northern Ireland, began before the specified date, immediately before dying, or the death must have been the result of an accident at work or an occupational disease
- the applicant must have been resident in the UK with the relevant sponsor after the specified date and immediately before their death
- since the death of the relevant sponsor, the applicant must not have been absent from the UK and Islands for a period of more than 5 consecutive years
- since the death of the relevant sponsor, none of the following events must have occurred in respect of the applicant, unless it has been set aside or revoked:
  - any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  - a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the
equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man

- an exclusion decision
- a deportation order, other than by virtue of the EEA Regulations
- an Islands deportation order
- an Islands exclusion decision

If the applicant does not meet these criteria, you must consider if they have retained a right of residence.

**A family member who has retained the right of residence**

Where the applicant is a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, they will be eligible for ILE or ILR, under condition 1 in rule EU11A, on the basis of having completed a continuous qualifying period of residence in the UK and Islands of 5 years which began after the specified date, as such a family member where the criteria in this section are met (or, prior to that, as a joining family member of a relevant sponsor, or in any combination of those categories).

You must also be satisfied that since satisfying those criteria, the ‘required continuity of residence’ has been maintained by the applicant. This means that, where the applicant has not completed a continuous qualifying period of 5 years (and does not have valid evidence of their indefinite leave to enter or remain, and has not acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations, or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man), then, since the point at which (where they do so) they began to rely on being in the UK and Islands as a family member who has retained the right of residence and while they continued to do so, one of the events referred to in sub-paragraph (b)(i) or (b)(ii) in the definition of ‘continuous qualifying period’ in Annex 1 to Appendix EU has not occurred.

Where the date of application by a joining family member of a relevant sponsor is on or after 1 July 2021, it will suffice that the relevant sponsor is or (as the case may be) was resident in the UK and Islands for a continuous qualifying period which began before the specified date where the applicant – on the basis of events which occurred during the period to which sub-paragraph (a)(ii)(aa) or (a)(iii)(aa) of the definition of ‘required date’ in Annex 1 to Appendix EU refers – relies on being a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, or has limited leave to enter or remain granted on that basis under rule EU3A.

To be eligible to apply for ILE or ILR as a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, on the basis of having completed a continuous qualifying period of residence in the UK and Islands of 5 years which began after the specified date (as set out above), you must be satisfied, including by the required evidence of family relationship (see assessing...
family relationship), that, at the date of application and in an application made by the required date, the applicant both:

- is an EEA or non-EEA citizen who was the joining family member of a relevant sponsor and that person died
- was resident in the UK as the joining family member of that relevant sponsor for a continuous qualifying period of at least a year which began after the specified date, immediately before the death of that person

Or that the applicant is either:

- an EEA or non-EEA citizen who is the child of a relevant sponsor who has died, or of their spouse or civil partner immediately before their death
- an EEA or non-EEA citizen who is the child of a person who ceased to be a relevant sponsor on ceasing to reside in the UK, or of their spouse or civil partner at that point

And, in either of the 2 bullet points immediately above, the child must have been attending a general educational course, apprenticeship or vocational training course in the UK immediately before the relevant sponsor died or ceased to be a relevant sponsor on ceasing to reside in the UK, and the child must continue to attend such a course.

Or that all the following are met:

- the applicant is an EEA or non-EEA citizen who has ceased to be a joining family member of a relevant sponsor on the termination of the marriage or civil partnership of that relevant sponsor – and, for these purposes, where, after the initiation of the proceedings for that termination, that relevant sponsor ceased to be a relevant sponsor, they will be deemed to have remained a relevant sponsor until that termination
- the applicant was resident in the UK at the date of the termination of the marriage or civil partnership
- the applicant meets one of the following:
  o prior to the initiation of the proceedings for the termination of the marriage or civil partnership, the marriage or civil partnership had lasted for at least 3 years and during its duration the parties to the marriage or civil partnership had been resident in the UK for a continuous qualifying period of at least one year which, unless the relevant sponsor is a specified relevant person of Northern Ireland, began before the specified date
  o the applicant has custody of a child of the relevant sponsor
  o the applicant has the right of access to a child of the relevant sponsor, where the child is under the age of 18 years and where a court has ordered that such access must take place in the UK
  o the continued right of residence in the UK of the applicant is warranted by particularly difficult circumstances, such as where the applicant or another family member has been a victim of domestic violence or abuse whilst the marriage or civil partnership was subsisting
Or that the applicant both:

- is an EEA or non-EEA citizen who provides evidence that a relevant family relationship with a relevant sponsor has broken down permanently as a result of domestic violence or abuse
- was resident in the UK when the relevant family relationship broke down permanently as a result of domestic violence or abuse, and the continued right of residence in the UK of the applicant is warranted where the applicant or another family member has been a victim of domestic violence or abuse before the relevant family relationship broke down permanently

'Relevant family relationship' means here a family relationship with a relevant sponsor such that the applicant is, or (immediately before the relevant family relationship broke down permanently as a result of domestic violence or abuse) was, a joining family member of a relevant sponsor. Where, following the permanent breakdown of the relevant family relationship as a result of domestic violence or abuse, the applicant remains a joining family member of a relevant sponsor, they will be deemed to have ceased to be such a family member for the purposes of Appendix EU once the permanent breakdown occurred.

Where the applicant is applying on the basis that their continued right of residence in the UK is warranted where they or another family member have been a victim of domestic violence or abuse before the relevant family relationship broke down permanently, the applicant does not need to provide evidence which satisfies you that they remain dependent on the relevant sponsor or (where relevant) on the spouse or civil partner, if the applicant is either:

- a child aged 21 or over of a relevant sponsor (or of their spouse or civil partner) and was not previously granted limited leave to enter or remain under Appendix EU (or under its equivalent in the Islands) as a child under the age of 21
- the dependent parent of a relevant sponsor who is aged under 18

And, in any case, to be eligible for ILE or ILR on the basis of a continuous qualifying period of 5 years which began after the specified date, including as a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, then since completing that 5 year period both the following must apply:

- the applicant has not been absent from the UK and Islands for a period of more than 5 consecutive years
- none of the following events has occurred in respect of the applicant, unless it has been set aside or revoked:
  - any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
  - a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the
equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man
  o an exclusion decision
  o a deportation order, other than by virtue of the EEA Regulations
  o an Islands deportation order
  o an Islands exclusion decision

For further information on how to consider an application that meets any of these requirements for ILE or ILR, please see consideration of applications for indefinite leave to enter (ILE) or indefinite leave to remain (ILR).

Continuous qualifying period of less than 5 years

Where the application is made within the UK, and in an application made after the specified date and by the required date, a joining family member of a relevant sponsor, or a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, will – in the case of a joining family member of a relevant sponsor, where there has been no supervening event in respect of the relevant sponsor – be eligible for 5 years’ limited leave to remain (LTR) under the condition in rule EU14A if they are not eligible for ILR under rule EU11A solely because, at the date of application, they have completed a continuous qualifying period of residence in the UK and Islands, which began after the specified date, of less than 5 years.

Where the application is made outside the UK, and in an application made after the specified date and by the required date, a joining family member of a relevant sponsor, or a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, who, at the date of application, is not eligible for ILE under rule EU11A, will – in the case of a joining family member of a relevant sponsor, where there has been no supervening event in respect of the relevant sponsor – be eligible for 5 years’ limited leave to enter (LTE) under the condition in rule EU14A.

For further information on how to consider an application that meets these requirements please see consideration of applications - limited leave to enter (LTE) or remain (LTR).

Assessing family relationship

Where the applicant is a European Economic Area (EEA) citizen resident in the UK by 11pm GMT on 31 December 2020 as a family member of an EEA citizen also resident here by 11pm GMT on 31 December 2020, the applicant will be able to rely on their own continuity of residence as a relevant EEA citizen to apply for status. They will not need to provide evidence of their family relationship to that EEA citizen unless:

- they are relying on that relationship in one of the categories eligible for settled status having completed a continuous qualifying period of residence in the UK and Islands of less than 5 years
- they are applying as a child under the age of 21 of a relevant EEA citizen (or of their spouse or civil partner) under condition 7 in rule EU11
- they are applying as a family member of a relevant person of Northern Ireland
- they are relying on a retained right of residence by virtue of a relationship with a relevant EEA citizen after that relationship has ended
- they became an EEA citizen within a period of continuous residence in which they otherwise rely on having been a non-EEA citizen family member of an EEA citizen

Otherwise, the following family members of a relevant EEA citizen (or qualifying British citizen, under rules EU12 and EU14 of Appendix EU, or relevant sponsor under rules EU11A and EU14A) will be eligible to apply for status under the scheme on the basis of their relationship to that relevant EEA citizen (or qualifying British citizen or relevant sponsor). The following detailed criteria apply in respect of each of these categories of family member at the date the person applies under the scheme.

**Spouse**

The applicant is (or for the relevant period was) party to a marriage with the relevant EEA citizen (or qualifying British citizen or relevant sponsor) and the marriage is recognised under the law of England and Wales, Scotland or Northern Ireland or of the Islands; and it is (or for the relevant period was) not a marriage of convenience; and neither spouse has (or for the relevant period had) another spouse, a civil partner or a durable partner with immigration status in the UK or the Islands based on that person’s relationship with that spouse.

Where the applicant does not already hold a permanent residence document, a spouse must provide evidence of the family relationship for the relevant period, namely a relevant document as the spouse of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or a valid document of record of a marriage recognised under the law of England and Wales, Scotland or Northern Ireland or of the Islands.
Where the marriage to the relevant EEA citizen (or the relevant sponsor) was contracted after the specified date and the applicant is not the specified spouse or civil partner of a Swiss citizen, they must also provide either:

- a relevant document as the durable partner of the relevant EEA citizen
- where the applicant is the joining family member of a relevant sponsor or relies on the relevant EEA citizen being a relevant person of Northern Ireland, evidence which satisfies you that the durable partnership was formed and was durable before the specified date

Where the marriage to the qualifying British citizen was contracted after the date and time of withdrawal, they must also provide evidence which satisfies you that the durable partnership was formed and was durable before the date and time of withdrawal.

Civil partner

The applicant is (or for the relevant period was) in a valid civil partnership (which exists or existed under or by virtue of the Civil Partnership Act 2004 or under any equivalent legislation in the Islands) or in a relationship registered overseas (entitled to be treated as a civil partnership under that Act or under any equivalent legislation in the Islands) with the relevant EEA citizen (or qualifying British citizen or relevant sponsor); it is (or for the relevant period was) not a civil partnership of convenience; and neither civil partner has (or for the relevant period had) another civil partner, a spouse or a durable partner with immigration status in the UK or the Islands based on that person’s relationship with that civil partner.

Where the applicant does not already hold a permanent residence document, a civil partner must provide evidence of the family relationship for the relevant period, namely a relevant document as the civil partner of the relevant EEA citizen (or qualifying British citizen or relevant sponsor); a valid civil partnership certificate recognised under the law of England and Wales, Scotland or Northern Ireland or under any equivalent legislation in the Islands; or the valid overseas registration document for a relationship which is entitled to be treated as a civil partnership under the Civil Partnership Act 2004 or under any equivalent legislation in the Islands.

Where the civil partnership to the relevant EEA citizen (or the relevant sponsor) was formed after the specified date and the applicant is not the specified spouse or civil partner of a Swiss citizen, they must also provide either:

- a relevant document as the durable partner of the relevant EEA citizen
- where the applicant is the joining family member of a relevant sponsor or relies on the relevant EEA citizen being a relevant person of Northern Ireland, evidence which satisfies you that the durable partnership was formed and was durable before the specified date

Where the civil partnership to the qualifying British citizen was formed after the date and time of withdrawal, they must also provide evidence which satisfies you that the
durable partnership was formed and was durable before the date and time of withdrawal.

**Specified spouse or civil partner of a Swiss citizen**

The applicant meets the applicable requirements above as the spouse or civil partner of a relevant sponsor who is a national of Switzerland and not also a British citizen, and the marriage was contracted or the civil partnership was formed after the specified date and before 1 January 2026.

**Durable partner**

The applicant is (or for the relevant period was) in a durable relationship with the relevant EEA citizen (or qualifying British citizen or relevant sponsor), with the couple having lived together in a relationship akin to a marriage or civil partnership for 2 years or more, unless there is other significant evidence of the durable relationship.

The reference to the couple having lived together in a relationship akin to a marriage or civil partnership for at least 2 years is a rule of thumb, not a requirement. In circumstances where the couple have not lived together in a relationship akin to a marriage or civil partnership for at least for 2 years, you must consider whether there is other significant evidence of the durable relationship.

Other significant evidence of the durable relationship may include for example evidence of joint responsibility for a child (a birth certificate or a custody agreement showing they are cohabiting and sharing parental responsibility), evidence of shared financial responsibilities or business ventures, or evidence of regular communication and visits while living apart alongside definite plans concerning the practicalities of living together in the UK.

For a relationship to be akin to a marriage or civil partnership the couple must usually have lived together as a couple (not just as friends) and shown an ongoing commitment to one another. However, in some circumstances there may be evidence of a durable relationship akin to a marriage or civil partnership where the couple have not, or currently do not, live together.

An applicant can show cohabitation by evidence of shared living arrangements, such as mortgage agreements, tenancy arrangements or utility bills which show both partners living at the same address over the same period of time. Such evidence does not need to be in both names if it covers the same time period and the same address.

A relationship can still be recognised as meeting the requirement for a durable relationship where, for example, there is a good reason the partners were or are living apart which is still consistent with them having a relationship akin to a marriage or civil partnership. For example, they may have lived apart or currently do so because one party was or is studying or working elsewhere. In such circumstances you will need to be satisfied the relationship is durable even though they were or are
living apart. For example, there may be evidence that although they are currently living apart, they have lived together in a durable relationship in the past and intend to do so again in the future.

However, in some cases the couple may not have lived together and you will need to be satisfied the relationship is akin to a marriage or civil partnership. In some countries, religious or cultural norms may prevent unmarried partners living together and you will need to assess whether the relationship is similar to a marriage or civil partnership, in that it is more than a boyfriend/girlfriend type relationship. Instead of evidence of cohabitation, you will want to see other evidence of a durable relationship such as evidence of regular communication, visits, holidays, events attended, financial support, joint care of any children the partners have together or any other evidence showing a durable relationship.

Where a same-sex couple have entered into their relationship in the UK or in a country where same-sex relationships are accepted, they will normally be expected to have cohabited unless there is a good reason they live apart. But in some countries same-sex relationships might not be recognised or accepted by the society, which in turn might make prevent same-sex partners living together. Where an applicant says this is the case, you must check the relevant Country Policy and Information Notes, to confirm this is consistent with the information available.

Applicants are not encouraged to provide photographic evidence or evidence of interaction over email, WhatsApp or other social media as they can be falsified and are difficult to verify. However, this does not mean that such evidence has no weight at all. You must consider all the information and evidence provided by the applicant in the round.

Where the couple have not lived together in a relationship akin to a marriage or civil partnership for at least 2 years, you must consider in each case whether there is other significant evidence of a durable relationship, based on all the information and evidence provided by the applicant.

The durable partnership must not be (or have been) one of convenience; and neither durable partner has (or for the relevant period had) another durable partner, a spouse or a civil partner with immigration status in the UK or the Islands based on that person’s relationship with that durable partner.

**Resident in the UK by 11pm on 31 December 2020**

Where the applicant relies on being resident in the UK by 11pm on 31 December 2020 as the durable partner of the relevant EEA citizen (or qualifying British citizen) and does not hold a permanent residence document, the applicant must provide evidence of the family relationship for the relevant period, namely:

- a relevant document as the durable partner of the relevant EEA citizen (or qualifying British citizen) for the period of residence relied upon, and evidence which satisfies you that the durable partnership remains durable at the date of
application (or did so for the period of residence relied upon) - this evidence might, for example, take the form of:

- evidence of cohabitation (such as bank statements or utility bills in joint names at the same address, residential tenancy or rental agreements or mortgage statements, official correspondence which links them at the same address)
- evidence of joint finances, business ventures or commitments (such as tax returns, business contracts, investments)

This is not an exhaustive list and applications must be considered on a case by case basis.

Where the applicant is a durable partner of a relevant person of Northern Ireland, a relevant document means, in accordance with sub-paragraph (a)(i)(bb) of the definition in Annex 1 to Appendix EU, other evidence which satisfies the Secretary of State of the same matters under Appendix EU concerning the relationship as a document to which sub-paragraph (a)(i)(aa) refers. For the purposes of this provision, where the Secretary of State is so satisfied, such evidence is deemed to be the equivalent of a document to which sub-paragraph (a)(i)(aa) refers.

Where the applicant applies for a relevant document (as described in sub-paragraph (a)(i)(aa) or (a)(ii) of that definition in Annex 1 to Appendix EU) as the durable partner of the relevant EEA citizen (or qualifying British citizen) before the specified date and their relevant document is issued on that basis after the specified date, they are deemed to have held the relevant document since immediately before the specified date.

Joining on or after 1 January 2021

Where the applicant is applying after the specified date as a joining family member who is the durable partner of a relevant sponsor (or of a qualifying British citizen), they can provide a relevant document as the durable partner of the relevant sponsor (or qualifying British citizen) for the period of residence relied upon, and evidence which satisfies you that the durable partnership remains durable at the date of application (or did so for the period of residence relied upon).

Otherwise, the applicant must either:

- not have been resident in the UK and Islands in any capacity before the specified date
- not have been resident in the UK and Islands as the durable partner of the relevant EEA citizen (where that relevant EEA citizen is their relevant sponsor) on a basis which met the definition of ‘family member of a relevant EEA citizen’ in Annex 1 to Appendix EU (or as the durable partner of the qualifying British citizen), at (in either case) any time before the specified date, unless the reason why, in the former case, they were not so resident is that they did not hold a relevant document as the durable partner of a relevant EEA citizen for that period (where their relevant sponsor is that relevant EEA citizen) and they
did not otherwise have a lawful basis of stay in the UK and Islands (for example as a student) for that period – this means that a durable partner who did not hold a relevant document as the durable partner of a relevant EEA citizen (where their relevant sponsor is that relevant EEA citizen) for a period of residence in the UK and Islands before the specified date, and who did not otherwise have a lawful basis of stay in the UK and Islands for that period, cannot qualify as a joining family member on this basis

* have been resident in the UK and Islands before the specified date, but their continuous qualifying period was interrupted by one of the following events, after which they were not resident in the UK and Islands again before the specified date, either:
  o absence or absences from the UK and Islands which exceeded a total of 6 months in any 12-month period, unless the absence absences fell within one or more of the specified exceptions
  o the applicant served a sentence of imprisonment of any length in the UK and Islands

* have been resident in the UK and Islands before the specified date, and the applicant has then been absent from the UK and Islands for a period of more than 5 consecutive years (at any point since they last acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations, or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man, or since they last completed a continuous qualifying period of 5 years) and, after that, they were not resident in the UK and Islands again before the specified date

When considering whether a person with another lawful basis of stay in the UK and Islands before the specified date was the durable partner of a relevant EEA citizen before the specified date, only the period for which the person had another lawful basis of stay in the UK and Islands before that date can be considered for the purposes of assessing whether the partnership was durable before that date.

**Example**

A is a non-EEA citizen who formed a partnership relationship with B, an EEA citizen resident in the UK, in September 2018. A was subsequently granted 30 months’ leave to remain in the UK on 1 February 2019 under Appendix FM to the Immigration Rules. Before that, A had been in the UK for several years without a lawful basis of stay. 1 February 2019 will therefore be the point from which you can assess whether, in respect of A’s application to the scheme as the family member of a relevant EEA citizen, A’s partnership relationship with B was durable before the specified date.

Where the above criteria are met, you must be satisfied by evidence provided by the applicant that the partnership was formed and was durable before the specified date (or before the date and time of withdrawal, where the applicant relies on being the durable partner of a qualifying British citizen before that point), and that the durable
partnership remains durable at the date of application (or did so for the period of residence relied upon).

The effect of the above provisions is that, where, at the specified date, a person was continuously resident in the UK and Islands as the durable partner of a relevant EEA citizen (where that relevant EEA citizen is their relevant sponsor) and did not hold a relevant document as that durable partner, they must (unless they otherwise had a lawful basis of stay in the UK and Islands for that period, for example as a student) break their continuity of residence in the UK and Islands before they can apply as a joining family member and the durable partner of the relevant sponsor. They can then rely on the evidence referred to in the previous paragraph. In such a case, the person’s continuous qualifying period as a joining family member of a relevant sponsor can only have commenced on or after 1 January 2021.

**Civil partnership, durable partnership or marriage of convenience**

A civil partnership, durable partnership or marriage of convenience is defined as a civil partnership, durable partnership or marriage entered into as a means to circumvent either:

- any criterion the party would have to meet in order to enjoy a right to enter or reside in the UK under the EEA Regulations
- any other provision of UK immigration law or any requirement of the Immigration Rules
- any criterion the party would otherwise have to meet in order to enjoy a right to enter or reside in the UK under EU law
- any criterion the party would otherwise have to meet in order to enjoy a right to enter or reside in the Islands under the Islands law

**Child under the age of 21**

Where they are under the age of 21, the applicant must be the direct descendant of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or of their spouse or civil partner, and this includes a grandchild or great-grandchild.

In addition, ‘child’ includes here (and, where appropriate, in the next section), as set out in sub-paragraphs (a)(i) to (a)(xi) of that entry in Annex 1 to Appendix EU:

- an adopted child (adopted in accordance with a ‘relevant adoption decision’ as defined in Annex 1 to Appendix EU) of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner
- a child born through surrogacy (where recognised in UK law or Islands law) for the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner
- a child in respect of whom a special guardianship order (within the meaning of section 14A(1) of the Children Act 1989) is in force appointing as their special
guardian the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

- a child in respect of whom an order has been made under section 5 of the Children Act 1989 appointing as their guardian the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

- a child subject to a permanence order made under section 80 of the Adoption and Children (Scotland) Act 2007 vesting parental responsibilities and parental rights in a person who is the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

- a child who has a guardian appointed under section 7 of the Children (Scotland) Act 1995, or who is living with a person pursuant to an order made under section 11 of that Act and that guardian or other person is the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

- a child in respect of whom an order has been made under Article 159 of the Children (Northern Ireland) Order 1995, or in respect of whom an appointment has been made under Article 160 of that Order appointing as their guardian a person who is the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

- a child who has a guardian appointed under section 12 or 14 of the Children (Guernsey and Alderney) Law 2008 or section 12 or 13 of the Children (Sark) Law 2016, or who is living in the care of a person pursuant to an order made under section 14 of the 2008 Law or section 13 of the 2016 Law, and the guardian or other person is the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

- a child in respect of whom an order under Article 7 of the Children (Jersey) Law 2002 is in force appointing as their guardian the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

- a child in respect of whom a special guardianship order (within the meaning of section 17A of the Children and Young Persons Act 2001 of Tynwald) has been made appointing as their special guardian the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

- a child in respect of whom an order has been made under section 6 or 7 of the Children and Young Persons Act 2001 of Tynwald appointing as their guardian the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or their spouse or civil partner

It does not include a child cared for by the EEA citizen (or the qualifying British citizen or relevant sponsor) or by their spouse or civil partner solely by virtue of a formal or informal fostering arrangement, but this does not prevent an application being made by or on behalf of a ‘looked after’ child whom a local authority has placed in foster care.

‘Looked after’ in this context means the care comes within the meaning of section 22(1) of the Children Act 1989, section 17(6) of the Children (Scotland) Act 1995, section 74(1) of the Social Services and Well-being (Wales) Act 2014 or article 25(1) of the Children (Northern Ireland) Order 1995.
A ‘relevant adoption decision’ is defined in Annex 1 to Appendix EU as an adoption decision taken either:

- by the competent administrative authority or court in the UK or the Islands
- by the competent administrative authority or court in a country whose adoption orders are recognised by the UK or the Islands
- in a particular case in which that decision in another country has been recognised in the UK or the Islands as an adoption

Where the applicant does not already hold a permanent residence document, the applicant must provide evidence of the family relationship for the relevant period, namely either:

- a relevant document issued on the basis of the relevant family relationship
- the full birth certificate or certificates or other documents which you are satisfied evidences that the applicant is the direct descendant of (or otherwise a child of) the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or of their spouse or civil partner

Where such an applicant is applying on the basis that they are the child under the age of 21 of the spouse or civil partner of a relevant EEA citizen (or of a qualifying British citizen or relevant sponsor), you must also be satisfied that the marriage or civil partnership between the spouse or civil partner and the relevant EEA citizen (or the qualifying British citizen or relevant sponsor) continues to exist (or did so for the period of residence relied upon).

Where, in the case of a joining family member of a relevant sponsor, the applicant is a child born after the specified date or adopted after that date in accordance with a relevant adoption decision, or after the specified date became a child within the meaning of that definition in Annex 1 to Appendix EU on the basis of one of the guardianship orders or equivalent in sub-paragraphs (a)(iii) to (a)(xi) of that entry, set out above (with the references below to ‘parents’ construed to include the guardian or other person to whom the order or other provision referred to in the relevant sub-paragraph of (a)(iii) to (a)(xi) of that entry relates), you must also be satisfied that one of the following requirements is met:

- both of the applicant’s parents are a relevant sponsor
- one of the applicant’s parents is a relevant sponsor and the other is a British citizen who is not a relevant sponsor
- one of the applicant’s parents is a relevant sponsor who has sole or joint rights of custody of them, in accordance with the applicable rules of family law of the UK, of the Islands or of an EEA country or Switzerland (including applicable rules of private international law under which rights of custody under the law of a third country are recognised in the UK, in the Islands or in an EEA country or Switzerland, in particular as regards the best interests of the child, and without prejudice to the normal operation of such applicable rules of private international law)
Where the person is a child born after the specified date to (or adopted after that date in accordance with a relevant adoption decision by or after that date became, within the meaning of the definition of ‘child’ in Annex 1 to Appendix EU and on the basis of one of sub-paragraphs (a)(iii) to (a)(xi) of that entry, a child of) a Swiss citizen or their spouse or civil partner (as described in the first sub-paragraph (a) in this entry), the Swiss citizen or their spouse or civil partner is a relevant sponsor. (Note that they cannot be the child of the specified spouse or civil partner of a Swiss citizen).

In the case of an adopted child, surrogate child or a child subject to any of the guardianship orders or equivalent referred to above, you must discuss the case with your senior caseworker who may refer to the EEA Citizens’ Rights & Hong Kong Unit for further advice.

**Child aged 21 or over**

Where they are aged 21 or over, the applicant must be the direct descendant of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or of their spouse or civil partner, and this includes a grandchild or great-grandchild, and (unless the applicant was previously granted limited leave to enter or remain under Appendix EU, or its equivalent in the Islands, as a child under the age of 21) the applicant must be dependent on either:

- the relevant EEA citizen (or qualifying British citizen) or their spouse or civil partner at the date of application or, where the date of application is after the specified date, at the specified date
- the relevant sponsor or their spouse or civil partner at the date of application

‘Dependent’ means that, as demonstrated by relevant financial, medical or other documentary evidence:

- having regard to their financial and social conditions, or health, the applicant cannot, or for the relevant period could not, meet their essential living needs (in whole or in part) without the financial or other material support of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or of the spouse or civil partner
- such support is, or was, being provided to the applicant by the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or by the spouse or civil partner
- there is no need to determine the reasons for that dependence or for the recourse to that support

Where the applicant does not already hold a permanent residence document, the applicant must provide evidence of the family relationship for the relevant period, namely either:

- a relevant document issued on the basis of the relevant family relationship
• the full birth certificate or certificates or other documents which you are satisfied evidences that the applicant is the direct descendant of (or otherwise a child of) the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or of their spouse or civil partner

Where such an applicant is applying on the basis that they are the child aged 21 or over of the spouse or civil partner of a relevant EEA citizen (or of a qualifying British citizen or of a relevant sponsor), you must also be satisfied that the marriage or civil partnership between the spouse or civil partner and the relevant EEA citizen (or the qualifying British citizen or the relevant sponsor) continues to exist (or did so for the period of residence relied upon).

In the case of an adopted or surrogate child you must discuss the case with your senior caseworker who may refer to the EEA Citizens’ Rights & Hong Kong Unit for further advice.

Where the applicant was not previously granted limited leave to enter or remain under Appendix EU, or its equivalent in the Islands, as a child, they must also provide evidence which satisfies you that the applicant is (or for the relevant period or at the relevant time was) dependent on the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or on the spouse or civil partner. This evidence might take the form of for example:

• evidence of their financial dependency, such as bank statements or money transfers to the applicant from the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or the spouse or civil partner
• evidence that the applicant needs and receives (or for the relevant period did so) the personal care of the relevant EEA citizen (or qualifying British citizen or relevant sponsor), or of their spouse or civil partner, on serious health grounds, such as a letter from a hospital consultant

**Dependent parent**

The applicant must be the direct relative in the ascending line of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or of their spouse or civil partner, and includes a grandparent or great-grandparent and an adoptive parent of an adopted child.

**Dependency**

There is no requirement as to dependency where either:

• the applicant was previously granted limited leave to enter or remain under Appendix EU as a dependent parent, and that leave has not lapsed or been cancelled, curtailed or invalidated
• the spouse, civil partner or durable partner of the applicant (and with whom they reside) has been granted indefinite leave to enter or remain or limited leave to enter or remain under Appendix EU as a dependent parent of the
relevant EEA citizen (or of the qualifying British citizen or of the relevant sponsor) or of their spouse or civil partner, and that indefinite or limited leave has not lapsed or been cancelled, curtailed, revoked or invalidated.

In relation to the reference above to the spouse, civil partner or durable partner of the applicant, the entry for (as the case may be) ‘spouse’, ‘civil partner’ or ‘durable partner’ in Annex 1 to Appendix EU applies, except that in the applicable entry ‘applicant’ is to be substituted for ‘relevant EEA citizen’ and sub-paragraph (b) of the entry for ‘durable partner’ in Annex 1 is to be disregarded.

Otherwise, the applicant must be dependent on:

- the relevant EEA citizen or the qualifying British citizen (or on their spouse or civil partner) at the date of application (or, where the date of application is after the specified date, at the specified date) and:
  o where the relevant EEA citizen (or qualifying British citizen) is over the age of 18 at the date of application (or, where the date of application is after the specified date, at the specified date), the applicant’s dependency on the relevant EEA citizen (or qualifying British citizen), or on the spouse or civil partner, is assumed, and the applicant is not required to provide evidence of this
  o where the relevant EEA citizen (or qualifying British citizen) is under the age of 18 at the date of application (or, where the date of application is after the specified date, at the specified date), evidence of the applicant’s dependency on the relevant EEA citizen (or qualifying British citizen), or on the spouse or civil partner, must be provided
- the relevant sponsor (or on their spouse or civil partner) at the date of application and:
  o where the relevant sponsor is over the age of 18 and the date of application is before 1 July 2021, the applicant’s dependency on that relevant sponsor or on the spouse or civil partner is assumed and the applicant is not required to provide evidence of this
  o where the relevant sponsor is under the age of 18 years or the date of application is on or after 1 July 2021, evidence of the applicant’s dependency on the relevant sponsor or on the spouse or civil partner must be provided

‘Spouse or civil partner’ means (as the case may be) the person described in sub-paragraph (a)(i) or (a)(ii) of the entry for ‘family member of a qualifying British citizen’ in Annex 1 to Appendix EU, or in sub-paragraph (a) of the entry for ‘family member of a relevant EEA citizen’ in Annex 1 to Appendix EU or in the first sub-paragraph (a) (together with either the second sub-paragraph (a) or sub-paragraph (b)(i) or (b)(ii)) of the entry for ‘joining family member of a relevant sponsor’ in Annex 1 to Appendix EU.

‘Dependent’ means that, as demonstrated by relevant financial, medical or other documentary evidence:
having regard to their financial and social conditions, or health, the applicant cannot, or for the relevant period could not, meet their essential living needs (in whole or in part) without the financial or other material support of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or of their spouse or civil partner.

- such support is or was, being provided by the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or by their spouse or civil partner.
- there is no need to determine the reasons for that dependence or for the recourse to that support.

Evidence of dependency might take the form of, for example:

- evidence of their financial dependency, such as bank statements or money transfers to the applicant from the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or the spouse or civil partner.
- evidence that the applicant needs and receives (or for the relevant period did so) the personal care of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) on serious health grounds, such as a letter from a hospital consultant.

Family relationship

Where the applicant does not already hold a permanent residence document, the applicant must provide evidence of the family relationship for the relevant period, namely either:

- a relevant document issued on the basis of the relevant family relationship.
- the full birth certificate or certificates or other documents which you are satisfied evidences that the applicant is the direct relative in the ascending line of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or of the spouse or civil partner.

Where such an applicant is applying on the basis that they are the dependent parent of the spouse or civil partner of a relevant EEA citizen (or of a qualifying British citizen or of a relevant sponsor), you must also be satisfied that the marriage or civil partnership between the spouse or civil partner and the relevant EEA citizen (or the qualifying British citizen) continues to exist (or did so for the period of residence relied upon).

Dependent relative

A dependent relative is defined in Annex 1 to Appendix EU as either:

- under sub-paragraph (a)(i), a relative (other than a spouse, civil partner, durable partner, child or dependent parent) of their sponsoring person, and the person is (or for the relevant period was) a dependant of the sponsoring person, a member of their household or in strict need of their personal care on serious health grounds.
• under sub-paragraph (a)(ii), a ‘person who is subject to a non-adoptive legal guardianship order’ (as defined in Annex 1 to Appendix EU) in favour (solely or jointly with another party) of their sponsoring person
• under sub-paragraph (a)(iii), a person under the age of 18 years who either:
  o is the direct descendant of the durable partner of their sponsoring person
  o has been adopted by the durable partner of their sponsoring person, in accordance with a ‘relevant adoption decision’ (as defined in Annex 1 to Appendix EU)

An applicant (who is not a family member of a qualifying British citizen as described in sub-paragraph (a)(viii) of that entry in Annex 1 to Appendix EU, where you are satisfied that there are reasonable grounds for the person’s failure to meet the deadline to which that sub-paragraph refers) must hold a relevant document as the dependent relative of their sponsoring person for the period of residence relied upon and, unless this confirms the right of permanent residence in the UK under regulation 15 of the EEA Regulations (or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man), they must also provide evidence which satisfies you that the relationship and the dependency (or, as the case may be, their membership of the household or their strict need for personal care on serious health grounds) continue to exist at the date of application (or did so for the period of residence relied upon).

In the case of a family member of a qualifying British citizen as described in sub-paragraph (a)(viii) of that entry in Annex 1 to Appendix EU (where you are satisfied that there are reasonable grounds for the person’s failure to meet the deadline to which that sub-paragraph refers), the applicant must provide evidence which satisfies you that the relationship and the dependency (or, as the case may be, their membership of the household or their strict need for personal care on serious health grounds) existed before the specified date and continue to exist at the date of application (or did so for the period of residence relied upon).

Where the applicant is a dependent relative of a relevant person of Northern Ireland, a relevant document means, in accordance with sub-paragraph (a)(i)(bb) of the definition in Annex 1 to Appendix EU, other evidence which satisfies the Secretary of State of the same matters under Appendix EU concerning the relationship and dependency as a document a document listed in sub-paragraph (a)(i)(aa). For the purposes of this provision, where the Secretary of State is so satisfied, such evidence is deemed to be the equivalent of a document to which sub-paragraph (a)(i)(aa) refers.

Where the applicant applies for a relevant document (as described in sub-paragraph (a)(ii)(aa) or (a)(ii) of that definition in Annex 1 to Appendix EU) as the dependent relative of their sponsoring person before the specified date and their relevant document is issued on that basis after the specified date (or where the person relies as their relevant document, as described in sub-paragraph (a)(iv) of that definition in Annex 1 to Appendix EU, on an EU Settlement Scheme Family Permit granted to them under Appendix EU (Family Permit) as a ‘dependent relative of a specified
relevant person of Northern Ireland’, as defined in Annex 1 to that Appendix), they are deemed to have held the relevant document since immediately before the specified date.

Their ‘sponsoring person’ means:

- where the first sub-paragraph (a)(i) and the first sub-paragraph (b) of the definition of ‘dependent relative’ in Annex 1 to Appendix EU apply, either:
  - a relevant EEA citizen (in accordance with the definition in Annex 1) or their spouse or civil partner
  - a qualifying British citizen or their spouse or civil partner
- where the first sub-paragraph (a)(ii) and the first sub-paragraph (b), or the first sub-paragraph (a)(iii) and the first sub-paragraph (b), of the definition of ‘dependent relative’ in Annex 1 to Appendix EU apply, either:
  - a relevant EEA citizen (in accordance with the definition in Annex 1)
  - a qualifying British citizen

Where such an applicant is applying on the basis that they are the dependent relative of the spouse or civil partner of a relevant EEA citizen (or of a qualifying British citizen), you must be satisfied that the marriage or civil partnership between the spouse or civil partner and the relevant EEA citizen (or the qualifying British citizen) continues to exist (or did so for the period of residence relied upon).

A ‘person who is subject to a non-adoptive legal guardianship order’ is defined in Annex 1 to Appendix EU as a person who has satisfied the Secretary of State that, before the specified date, they:

- are under the age of 18 years
- are subject to a non-adoptive legal guardianship order in favour (solely or jointly with another party) of a relevant EEA citizen or of a qualifying British citizen (who is their ‘sponsoring person’ as described above) that:
  - is recognised under the national law of the state in which it was contracted
  - places parental responsibility on a permanent basis on the relevant EEA citizen or on the qualifying British citizen (in either case, solely or jointly with another party)
- have lived with the relevant EEA citizen (or with the qualifying British citizen) since their placement under the guardianship order
- have created family life with the relevant EEA citizen (or with the qualifying British citizen)
- have a personal relationship with the relevant EEA citizen (or with the qualifying British citizen) that involves dependency on the relevant EEA citizen (or on the qualifying British citizen) and the assumption of parental responsibility, including legal and financial responsibilities, for that person by the relevant EEA citizen (or by the qualifying British citizen)

You may rely on the relevant document issued to the applicant on the basis that they are the dependent relative of their sponsoring person as evidence that these requirements have been met. Where the applicant does not hold a permanent
residence document, they will also need to provide evidence which satisfies you that the relationship continues to subsist (or did so for the period of residence relied upon) – the circumstances must be considered on a case by case basis.

**Family members who hold pre-settled status based on dependency**

Rule EU4 of Appendix EU provides, in part, that where a person has been granted pre-settled status (limited leave to enter or remain under Appendix EU) as a child, dependent parent or dependent relative, they do not need to continue to meet the eligibility requirements for that leave which they met at the date of application where these related to their dependency, in order to retain their leave and remain eligible in due course for settled status (indefinite leave to enter or remain), where they apply on the basis of the same family relationship.

For example, where a person has been granted pre-settled status on the basis of being a dependent parent of a relevant EEA citizen, they will not lose this status before that limited leave to enter or remain expires solely because they cease to be dependent on the relevant EEA citizen, and they will remain eligible in due course for indefinite leave to enter or remain as a dependent parent of that relevant EEA citizen, where they apply on the basis of the same family relationship.

**Other evidence**

In addition to the criteria set out above, where the family member applying for status under the scheme is either:

- a non-EEA citizen without a documented right of permanent residence
- an EEA citizen without a documented right of permanent residence who relies on being (or for the relevant period on having been) a family member of a qualifying British citizen, a family member of a relevant EEA citizen, a family member who has retained the right of residence or a joining family member of a relevant sponsor

their application depends on their current or past family relationship to a relevant EEA citizen (or qualifying British citizen or relevant sponsor).

The applicant will need to provide proof of the identity and nationality of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) of whom the applicant is the family member (or was for the relevant period). This will be either:

- in the case of a relevant EEA citizen (who is not a relevant naturalised British citizen, a dual British and EEA citizen: McCarthy cases or relied on by the applicant as being a relevant person of Northern Ireland) or of a qualifying British citizen, or in the case of a relevant sponsor (who is not a relevant naturalised British citizen or relied on by the applicant as being a relevant person of Northern Ireland), their valid passport
• in the case of a relevant EEA citizen (who is not a relevant naturalised British citizen, a dual British and EEA citizen: McCarthy cases or relied on by the applicant as being a relevant person of Northern Ireland), or in the case of a relevant sponsor (who is not a relevant naturalised British citizen or relied on by the applicant as being a relevant person of Northern Ireland), their valid national identity card or confirmation that they have been or are being granted indefinite or limited leave to enter or remain under (as the case may be) paragraph EU2 or EU3 of Appendix EU

• in the case of a relevant EEA citizen who is a relevant naturalised British citizen or a dual British and EEA citizen: McCarthy cases, or of a relevant sponsor who is a relevant naturalised British citizen, their valid passport or valid national identity card as an EEA citizen, and information or evidence which is provided by the applicant, or is otherwise available to you, which satisfies you that the person is a British citizen

• in the case of a relevant EEA citizen (or relevant sponsor) who is relied on by the applicant as being a relevant person of Northern Ireland either:
  o (where they are a British citizen) information or evidence which is provided by the applicant, or is otherwise available to you, which satisfies you that the person is a British citizen
  o (where the person is an Irish citizen) their valid passport or their national identity card as an Irish citizen, or confirmation that they have been or are being granted indefinite or limited leave to enter or remain under (as the case may be) paragraph EU2 or EU3 of Appendix EU
  o (where they are a British citizen and an Irish citizen, and are not relied on by the applicant as being a specified relevant person of Northern Ireland) the evidence required by either of the preceding 2 bullet points

In each case, the applicant must also provide the 'required evidence of being a relevant person of Northern Ireland' in respect of the person: see Family members of the people of Northern Ireland.

‘Valid’ means that the document is genuine and has not expired or been cancelled or invalidated.

You can agree to accept alternative evidence of the identity and nationality of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) where the applicant is unable to obtain or produce the required document due to circumstances beyond their control or to compelling practical or compassionate reasons.

For example, in cases where you are satisfied that there has been a permanent breakdown in the relationship between the applicant and the relevant EEA citizen (or qualifying British citizen or relevant sponsor), it may not be possible for the applicant to obtain or produce the required document.

You must consider each case on its merits as to whether you are satisfied that the applicant cannot obtain or produce the required document, having made every reasonable effort to do so or having shown why it is not possible for them to do so. For guidance, see Alternative evidence of identity and nationality or of entitlement to apply from outside the UK.
Where the date of application is before 1 July 2021, the applicant will also need to provide evidence about the residence or status of the relevant EEA citizen (or about the residence of the qualifying British citizen or relevant sponsor) which satisfies you that either:

- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, that EEA citizen both:
  - is (or for the relevant period was) a relevant EEA citizen as described in sub-paragraph (a) in the definition in Annex 1 to Appendix EU – such as an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1) resident in the UK and Islands for a continuous qualifying period which began before the specified date
  - is (or was) such a relevant EEA citizen throughout any continuous qualifying period on which the applicant relies as being a family member of a relevant EEA citizen
- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (b) of the definition in Annex 1 to Appendix EU – such as an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1) who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, either:
  - has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands) which has not lapsed or been cancelled, revoked or invalidated (or is being granted that leave under that paragraph of Appendix EU or under its equivalent in the Islands)
  - would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a relevant naturalised British citizen, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (c) of that definition in Annex 1 to Appendix EU – see relevant naturalised British citizen
- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a person who is a dual British and EEA citizen: McCarthy cases, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (d) of that definition in Annex 1 to Appendix EU – see Family member of a dual British and EEA citizen (McCarthy cases) – either:
  - resident in the UK and Islands for a continuous qualifying period which began before the specified date
  - who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain in the UK
remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a person of Northern Ireland, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (e) of that definition in Annex 1 to Appendix EU, with one of the following applying in respect of the relevant person of Northern Ireland:
  o they are (or were) resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date
  o having been resident in the UK and Islands as described above and where they are an Irish citizen, they have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands) which has not lapsed or been cancelled, revoked or invalidated (or are being granted that leave under that paragraph of this Appendix or under its equivalent in the Islands), or would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  o having been resident in the UK and Islands as described above and where they are a British citizen or a British citizen and an Irish citizen, and if they had made a valid application under Appendix EU before 1 July 2021, they would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a person exempt from immigration control, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (f) of that definition in Annex 1 to Appendix EU, with one of the following applying in respect of the person exempt from immigration control:
  o they are (or for the relevant period were) resident in the UK and Islands for a continuous qualifying period which began before the specified date
  o having been resident in the UK and Islands as described above, they would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a frontier worker, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (g) of that definition in Annex 1 to Appendix EU, with the frontier worker meeting (or for the relevant period having met) the requirements of the definition of ‘frontier worker’ in Annex 1 to Appendix EU

• where the applicant is (or for the relevant period was) a family member of a qualifying British citizen, that British citizen both:
is (or for the relevant period was) a qualifying British citizen
is (or was) a qualifying British citizen throughout any continuous qualifying period on which the applicant relies as being a family member of a qualifying British citizen

- where the applicant is (or for the relevant period was) a joining family member of a relevant sponsor, that relevant sponsor both:
  - is (or for the relevant period was) a relevant sponsor
  - is (or was) a relevant sponsor throughout any continuous qualifying period on which the applicant relies as being a joining family member of a relevant sponsor

Where the date of application is on or after 1 July 2021, the applicant will also need to provide evidence about the residence or status of the relevant EEA citizen (or about the residence of the qualifying British citizen or relevant sponsor) which satisfies you that either:

- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (a) in the applicable definition in Annex 1 to Appendix EU – such as an EEA citizen (in accordance with sub-paragraph (a) of that definition in Annex 1) resident in the UK and Islands for a continuous qualifying period which began before the specified date; and the EEA citizen, having been resident in the UK and Islands as described above, has been granted either:
  - indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated
  - limited leave to enter or remain under paragraph EU3 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, curtailed or invalidated

- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a relevant naturalised British citizen, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (c) of the applicable definition in Annex 1 to Appendix EU who falls within sub-paragraphs (a), (c) and (d) of the entry for
‘relevant naturalised British citizen’ in Annex 1 to Appendix EU, and would, if they had made a valid application under Appendix EU before 1 July 2021, have, but for the fact that they are a British citizen, been granted:

- indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
- limited leave to enter or remain under paragraph EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a person who is a dual British and EEA citizen: McCarthy cases, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (d) of the applicable definition in Annex 1 to Appendix EU who was resident in the UK and Islands for a continuous qualifying period which began before the specified date; and the EEA citizen, having been resident in the UK and Islands as described above and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted:
  - indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  - limited leave to enter or remain under paragraph EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed or invalidated before the date of application

- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a person of Northern Ireland, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (e) of the applicable definition in Annex 1 to Appendix EU who was resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date; and the EEA citizen, having been resident in the UK and Islands as described above:
  - is an Irish citizen who has been granted indefinite or limited leave to enter or remain under paragraph EU2 or (as the case may be) EU3 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, curtailed, revoked or invalidated
  - is an Irish citizen who, if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite or limited leave to enter or remain under paragraph EU2 or (as the case may be) EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed, revoked or invalidated before the date of application
  - is a British citizen, or a British citizen and an Irish citizen, who, if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite or limited leave to enter or remain under paragraph EU2 or (as the case may be) EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed, revoked or invalidated before the date of application
- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a person exempt from immigration control, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (f) of the applicable definition in Annex 1 to Appendix EU who was resident in the UK and Islands for a continuous qualifying period which began before the specified date; and the EEA citizen, having been resident in the UK and Islands as described above, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite or limited leave to enter or remain under paragraph EU2 or (as the case may be) EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed, revoked or invalidated before the date of application

- where the applicant is (or for the relevant period was) a family member of a relevant EEA citizen, and where the applicant is a family member of a frontier worker, that EEA citizen is a relevant EEA citizen as described in sub-paragraph (g) of the applicable definition in Annex 1 to Appendix EU, with the frontier worker meeting (or for the relevant period having met) the requirements of the definition of ‘frontier worker’ in Annex 1 to Appendix EU

- where the applicant is (or for the relevant period was) a family member of a qualifying British citizen, that British citizen both:
  - is (or for the relevant period was) a qualifying British citizen
  - is (or was) a qualifying British citizen throughout any continuous qualifying period on which the applicant relies as being a family member of a qualifying British citizen

- where the applicant is (or for the relevant period was) a joining family member of a relevant sponsor, that relevant sponsor both:
  - is (or for the relevant period was) a relevant sponsor
  - is (or was) a relevant sponsor throughout any continuous qualifying period on which the applicant relies as being a joining family member of a relevant sponsor

Where, in order to meet the requirements of required evidence of identity and nationality and of residence or status for their family member, the applicant submits:

- a copy (and not the original) of a document (including by uploading this as part of the application process), you can require the applicant to submit the original document where you have reasonable doubt as to the authenticity of the copy submitted
- a document which is not in English, you can require the applicant to provide a certified English translation of (or a Multilingual Standard Form to accompany) the document, where this is necessary for the purposes of deciding whether the applicant meets the eligibility requirements for leave to be granted under the scheme

Where the eligibility requirements to be met for leave to be granted under the scheme relate to the death of a person, the required evidence of family relationship must include their death certificate or other evidence which you are satisfied evidences the death.
A family member of a relevant EEA citizen (or qualifying British citizen or relevant sponsor) is able to apply under the EU Settlement Scheme from outside the UK where they are able to provide the required proof of entitlement to apply from outside the UK.

An EEA citizen or non-EEA citizen family member (other than a dependent relative of a relevant EEA citizen) who does not have the required proof of entitlement to apply from outside the UK (or does not wish to apply to the scheme from overseas) can apply for an EU Settlement Scheme Family Permit to join the relevant EEA citizen (or qualifying British citizen or relevant sponsor) in, or accompany them to, the UK, and will be able to apply to the scheme once in the UK, if they wish to remain here.

**Family members of the people of Northern Ireland**

In addition to the ‘other evidence’ section above – which is required where the family member applying for status under the scheme is either a non-EEA citizen without a documented right of permanent residence, or an EEA citizen without a documented right of permanent residence who relies, in this case, on being (or for the relevant period on having been) a family member of a relevant EEA citizen or a joining family member of a relevant sponsor – where such an applicant is a family member of a relevant EEA citizen or relevant sponsor who is a relevant person of Northern Ireland, you will need to see, in respect of the relevant EEA citizen or relevant sponsor, the ‘required evidence of being a relevant person of Northern Ireland’ (as defined in Annex 1 to Appendix EU).

This means both:

- the person’s birth certificate showing that they were born in Northern Ireland, or their passport where this shows that they were born in Northern Ireland
- evidence which satisfies you that, at the time of the person’s birth, at least one of their parents was a British citizen, an Irish citizen, a British citizen and an Irish citizen, or otherwise entitled to reside in Northern Ireland without any restriction on their period of residence

You must see evidence of A and B below, and evidence of at least one of C, D or E. Non-exhaustive examples of the evidence which may be provided in respect of B, C, D and E are set out below.

If you are unsure whether the evidence provided is sufficient, you must discuss this with your senior caseworker who may refer to the EEA Citizens’ Rights & Hong Kong Unit for further advice.

**A. Evidence that the person was born in Northern Ireland**

Either:

- the person’s birth certificate showing that they were born in Northern Ireland
• the person’s British or Irish passport, where this shows that they were born in Northern Ireland

B. Evidence of the person’s relationship to their parent

• the person’s birth certificate which names their parent and which both:
  o is linked to the person through a valid photographic identity document
  o was issued within 12 months of the person’s birth (if it was not, then the photographic identity document must be based on additional evidence to the birth certificate)

C. Evidence that one of the person’s parents was a British citizen at the time of the person’s birth

The most reliable evidence that a person’s parent was a British citizen at the time of the person’s birth will be the parent’s British passport which was valid at the time.

If this is not available, then you will need to see other evidence to satisfy you that one of the person’s parents was a British citizen at the time of the person’s birth. The parent may have become a British citizen at birth or they may have applied for British citizenship.

Whether or not the person’s parent was a British citizen at birth depends on the rules that were in force at the time. The types of evidence you need to see to establish that a person’s parent was a British citizen at birth are set out on pages 13 and 14 of British citizenship: automatic acquisition guidance and you must consider any evidence submitted by the applicant in line with that guidance.

If the person’s parent applied to become a British citizen, you can rely on Home Office records of naturalisation or registration as long as you are satisfied that the record relates to the parent. If you cannot locate a Home Office record, you will need to ask the applicant to provide the parent’s naturalisation certificate or registration certificate and a valid photographic identity document that links the parent to the certificate so you can be sure it belongs to them.

In all circumstances, if you are satisfied that the parent had British citizenship before the person’s birth, you must check that there is no record of British citizenship having been renounced or otherwise lost before that birth.

D. Evidence that one of the person’s parents was an Irish citizen at the time of the person’s birth

The most reliable evidence that a person’s parent was an Irish citizen at the time of the person’s birth will be the parent’s Irish passport which was valid at the time.

If this is not available, then you will need to see other evidence to satisfy you that one of the person’s parents was an Irish citizen at the time of the person’s birth. The parent may have become an Irish citizen at birth, or they may have applied for Irish citizenship.
Whether or not the person’s parent was an Irish citizen at birth depends on the rules that were in force at the time. You can find information about this on the website of the Irish Government’s Department of Foreign Affairs and Trade at www.dfa.ie/citizenship.

If the person’s parent applied to become an Irish citizen, you will need to ask the applicant to provide the parent’s certificate of Irish citizenship and a valid photographic identity document that links the parent to the certificate so you can be sure it belongs to them.

In all circumstances, if there is information suggesting that the evidence provided may not be authentic or that Irish citizenship may have been renounced or otherwise lost before the child’s birth, you must make reasonable, relevant enquiries to establish whether, on the balance of probabilities, the parent was an Irish citizen at the time of the person’s birth. However, such enquiries do not need to be made if you are satisfied that the parent (or the person’s other parent) was a British citizen, or otherwise entitled to reside in Northern Ireland without any restriction on their period of residence, at the time of the person’s birth.

E. Evidence that one of the person’s parents was otherwise entitled to reside in Northern Ireland without any restriction on their period of residence at the time of the person’s birth

A person’s parent will have been otherwise entitled to reside in the UK without any restriction on their period of residence if they:

- had the right of abode in the UK
- had indefinite leave to enter or remain in the UK
- had a right of permanent residence in the UK under the EU Free Movement Directive – this applies if the person was born on or after 29 April 2006
- were a non-Irish EEA citizen and a self-employed person who had ceased activity or a family member of such a person, a family member of an EEA citizen who had died, or a person who had rights under Regulation EU 1251-70 (for example as a retired non-Irish EEA worker) – this applies if the person was born between 2 October 2000 and 28 April 2006
- were a citizen of a country that was in the EU or the EEA (other than Ireland) and they were exercising free movement rights in the UK – this applies if the person was born between 1 January 1973 and 1 October 2000

You can rely on Home Office records showing that the parent was entitled to reside in the UK (and therefore Northern Ireland) without any restriction on their period of residence at the time of the person’s birth as long as you are satisfied that the record relates to the parent.

If you cannot locate a Home Office record, you will need to ask the applicant to provide one of the following together with a valid photographic identity document that links the parent to the document so you can be sure it belongs to them:
- a UK passport describing the parent as a British subject with the right of abode
- the parent’s passport endorsed with a ‘certificate of entitlement’ which proves the holder had the right of abode
- a document issued under the Windrush Scheme
- the parent’s biometric residence permit or biometric residence card showing indefinite leave to enter or remain, or ‘no time limit’, under UK immigration law or a right of permanent residence under EU law which was valid at the time of the person’s birth
- an immigration officer’s stamp, which was valid at the time of the person’s birth, in the parent’s passport showing they had been given leave to enter for an indefinite period
- a Home Office stamp, which was valid at the time of the person’s birth, in the parent’s passport showing they had indefinite leave to remain in the UK or that there was no time limit on their stay here
- a UK residence permit affixed to the parent’s passport or immigration status document showing indefinite leave to enter or remain on ‘no time limit’
- a Home Office letter confirming that the parent had been granted indefinite leave to remain in the UK
- where the person was born between 2 October 2000 and 29 April 2006, evidence that the parent was either:
  - a non-Irish EEA citizen and a self-employed person who had ceased activity or a family member of such a person
  - a family member of a non-Irish EEA citizen who had died
  - a person who had rights under Regulation EU 1251-70 (for example as a retired non-Irish EEA worker)
- where the person was born between 1 January 1973 and 1 October 2000, evidence that the parent was a citizen of a country that was in the EU or the EEA (other than Ireland) and they were exercising free movement rights in the UK

Where one of the documents listed above is provided, you must arrange for authenticity checks, including assessing whether the document was issued during their relevant period of use by the UK authorities.

Further guidance about how to consider whether a person has or had indefinite leave to enter or remain can be found here: No time limit.

Where, in order to meet the requirements of ‘required evidence of being a relevant person of Northern Ireland, the applicant submits:

- a copy (and not the original) of a document (including by uploading this as part of the application process), you can require the applicant to submit the original document where you have reasonable doubt as to the authenticity of the copy submitted
- a document which is not in English, you can require the applicant to provide a certified English translation of (or a Multilingual Standard Form to accompany) the document, where this is necessary for the purposes of deciding whether the
applicant meets the eligibility requirements for leave to be granted under the scheme

**Specified relevant person of Northern Ireland**

Where the applicant relies on their relevant EEA citizen or relevant sponsor being a ‘specified relevant person of Northern Ireland’, you will need to be satisfied, having followed the guidance immediately above, that that person is a relevant person of Northern Ireland and is either a British citizen or a dual British and Irish citizen (such as they are not solely an Irish citizen).

You must also be satisfied that the applicant is a non-EEA citizen.

You must also be satisfied that the applicant is either:

- a joining family member of a relevant sponsor (where the specified relevant person of Northern Ireland is the relevant sponsor) and the applicant must have satisfied you by relevant information or evidence provided with the application that, due to compelling practical or compassionate reasons, it was not possible for that person to return to the UK before the specified date while the applicant remained outside the UK
- the dependent relative of the specified relevant person of Northern Ireland, who is the applicant’s ‘sponsoring person’ (under the definition of ‘dependent relative’ in Annex 1 to Appendix EU), and the applicant relies, as their relevant document as the dependent relative of their sponsoring person (as described in sub-paragraph (a)(iv) of the definition of ‘relevant document’ in Annex 1 to Appendix EU), on an EU Settlement Scheme Family Permit granted to them under Appendix EU (Family Permit) as a ‘dependent relative of a specified relevant person of Northern Ireland’, as defined in Annex 1 to that Appendix

**Family members of persons exempt from immigration control**

In addition to the ‘other evidence’ section above – which is required where the family member applying for status under the scheme is either a non-EEA citizen without a documented right of permanent residence, or an EEA citizen without a documented right of permanent residence who relies, in this case, on being (or for the relevant period on having been) a family member of a relevant EEA citizen or a joining family member of a relevant sponsor – where such an applicant relies on being a family member of a person exempt from immigration control who does not hold EU Settlement Scheme status, you will need both:

- to see evidence from the applicant or which is otherwise available to you that the relevant EEA citizen or relevant sponsor is (or for the relevant period was) exempt from immigration control in accordance with section 8(2), (3) or (4) of the Immigration Act 1971
- (where the date of application is before 1 July 2021) to be satisfied that the person exempt from immigration control is either:
o resident in the UK and Islands for a continuous qualifying period which began before the specified date
o a person who, having been resident in the UK and Islands as described above, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

• (where the date of application is on or after 1 July 2021) to be satisfied that the person exempt from immigration control is generally both:
o resident in the UK and Islands for a continuous qualifying period which began before the specified date
o a person who, having been resident in the UK and Islands as described above, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite or limited leave to enter or remain under paragraph EU2 or (as the case may be) EU3 of Appendix EU, which would not have lapsed or been cancelled, curtailed, revoked or invalidated before the date of application

A person exempt from immigration control is defined in Annex 1 to Appendix EU as a person who is:

• a national of an EEA country or Switzerland
• not a British citizen
• exempt from immigration control in accordance with section 8(2), (3) or (4) of the Immigration Act 1971

See Persons exempt from control for further guidance.

Family members of frontier workers

In addition to the ‘other evidence’ section above – which is required where the family member applying for status under the scheme is either a non-EEA citizen without a documented right of permanent residence, or an EEA citizen without a documented right of permanent residence who relies, in this case, on being (or for the relevant period on having been) a family member of a relevant EEA citizen or a joining family member of a relevant sponsor – where such an applicant is a family member of a frontier worker, you will need either:

• to see evidence from the applicant or which is otherwise available to you that the relevant EEA citizen or relevant sponsor holds a valid frontier worker permit issued under the Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020
• to be satisfied by evidence provided by the applicant that the relevant EEA citizen or relevant sponsor fulfils the relevant conditions of being a frontier worker set out in the Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020 and has done so continuously since the specified date
You also need to be satisfied, in either case, that the relevant EEA citizen or relevant sponsor has not been (and is not to be) refused admission to, or removed from, the UK by virtue of the Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020. A frontier worker is defined in Annex 1 to Appendix EU as a person who:

- is a national of an EEA country or Switzerland
- is not a British citizen
- satisfies the Secretary of State by relevant evidence of this that they fulfil the relevant conditions of being a frontier worker set out in the Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020, and that they have done so continuously since the specified date
- has not been (and is not to be) refused admission to, or removed from, the UK by virtue of the Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020, and is not subject to a relevant restriction decision as defined by regulation 2 of those Regulations

See Frontier worker permit scheme for guidance about how to consider whether a person qualifies for a frontier worker permit issued under the Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020.

Applications in respect of children

Under section 55 of the Borders, Citizenship and Immigration Act 2009, the Home Office has a duty to have regard to the need to safeguard and promote the welfare of children under the age of 18 who are in the UK. In respect of this guidance, the section 55 duty means you need to identify and act on any concerns about the welfare of any child of whom you become aware while considering an application under the scheme.

A child does not need the consent of their parent or guardian to make an application under the EU Settlement Scheme.

However, where a child in the UK (who is under the age of 18) makes an application under the EU Settlement Scheme in their own right (such as where an application has not been made on their behalf by a parent or guardian) and which does not list a related application by a parent or guardian, you have a duty of care to carry out checks to ensure the safeguarding of that child.

It would normally be expected that an adult with responsibility for a child under the age of 18 would act on their behalf in respect of administrative matters, such as an immigration application. Therefore, in accordance with our section 55 duty and in line with the statutory guidance “Every Child Matters”, additional checks must be undertaken on any application under the scheme where a child under the age of 18 is applying without a parent or guardian to ensure that there are no obvious welfare concerns. This applies even where a child has provided sufficient evidence to be granted settled status or pre-settled status based on their own UK residence (for example, they have provided school letters confirming attendance for 5 years).

These checks do not affect eligibility for leave under the scheme and, where, on the basis of the application, status can be granted in accordance with Appendix EU, it must be. The purpose of these checks is solely to establish whether a child applicant has appropriate living arrangements and to ensure their overall safety and welfare.

Referral to Children’s Services or other agencies

In certain circumstances, a formal referral to Children’s Services or other agencies may be required, including for example where, in respect of a child under the age of 18, one or more of the following apply:

- the child appears to be living alone or to have no fixed abode
- the child is, or appears to be, being cared for as part of a non-local authority fostering arrangement
- the child may have been trafficked or is at risk of exploitation
- the child may be at risk of harm or abuse in their current situation

You must refer to guidance on making child safeguarding referrals to local authorities.
Requesting further information or evidence

You may determine whether additional information, evidence or further checks are required by contacting the child to confirm their circumstances (where it is appropriate to do so, for example depending on the child’s age).

You must only request further information or evidence which is necessary to inform a decision as to whether any safeguarding referral needs to be made, and where the information or evidence does not appear from Home Office records to have been previously provided and/or where updating information is necessary to enable the Home Office to comply with its statutory duties.

The information in this section has been removed as it is restricted for internal Home Office use.

Official – sensitive: end of section

If the child’s living arrangements are not apparent from the information or evidence provided or otherwise available to you as part of the application or as a result of additional checks, you must establish the living arrangements for the child.

Where there is already some evidence provided or otherwise available to you as part of the application as to the child’s living arrangements, you must consider whether further information or evidence about these are needed and, if so, what is needed. Evidence which may be helpful in determining the living arrangements for the child (usually in combination) may include:

- proof of identity of the parent or guardian, such as a passport, national identity card or driving licence (if a document has expired, it may still satisfy you of the parent or guardian’s identity)
- evidence of relationship between the child and parent or guardian, such as a full birth certificate, adoption certificate, guardianship order
- proof of the parent’s or guardian’s address, such as a utility bill, bank statement or NHS medical card
- proof of the child’s address

The examples above are not prescriptive or exhaustive. It may be that the child does not themselves directly possess such evidence or that they are unable, due to estrangement or other welfare reasons, to approach the person who may possess
the relevant documentation. If so, alternative avenues, such as enquiries with the parent, guardian or other third parties, are to be pursued where possible.

**Enquiries with the parent, guardian or other third parties**

Depending on the age of the child, you may be able to get the information or evidence you need from the child themselves through additional enquiries. Otherwise, it may be necessary to speak to the parent or guardian or other third parties in order to obtain the relevant information or evidence.

Documentation is not the only source of information or evidence which may help in determining the living arrangements for the child. Enquiries with other third parties who have a formal relationship with the child, for example teachers or social or healthcare workers, may be helpful for clarification or confirmation.

Generally, if appropriate, the child is to be advised in advance of any enquiries which are to be carried out and who is to be contacted. You must also take account of any known parental issues such as mental or physical illness, parental separation or potential threats to the child (which may be the reason for them making the application without a parent or guardian).

If the child objects to you contacting their parent, guardian or other third parties, you must seek advice from your senior caseworker or the Office of the Children’s Champion.

Making a referral

If you do not receive sufficient information or evidence to be satisfied that the applicant is being cared for by a parent or guardian and continue to have concerns about the child’s living arrangements in the UK, you must discuss the case with a senior caseworker, who will assess whether further enquiries are to be made or whether a referral is needed to the Children’s Services Department of the local authority where the child is living.

The Office of the Children’s Champion can also provide case advice if there are any welfare or safeguarding concerns that have emerged following contact with the child, parent or guardian or other third parties. Where you continue to have doubts about who is caring for a child in the UK, or the information provided by the child indicates that they may be at risk of harm, then a referral must be made to Children’s Services.

Where a child aged between 16 and 18 is living on their own, you must make further enquiries and, where appropriate, a referral, if you continue to have concerns about the child’s living arrangements in the UK. For example, if there are any indications that those living arrangements are not the child’s choice, the child has care or support needs or you suspect the child is otherwise at risk.

Deciding the application

The child’s application under the EU Settlement Scheme can generally be decided without undue delay, even where a referral to Children’s Services is required. Where the applicant has provided sufficient information and evidence to be granted settled status or pre-settled status, or such information and evidence is otherwise available, you must only consider delaying the decision if your enquiries have led you to believe there is reason to suspect that the child may be in need of protection or safeguarding and where concluding the case could put the child at continued or additional risk. For example, if there is reason to suspect that a child applying under the scheme may be a potential victim of modern slavery, you must consult your senior caseworker and refer to guidance contained in Victims of modern slavery which includes details on how to refer potential child victims of modern slavery to the National Referral Mechanism.
Applicants aged over 18 and under 21

Applicants who are aged 18 or over are not considered to be children for safeguarding purposes. Where an applicant aged 18 or over and under 21 has supplied sufficient evidence to be granted settled status or pre-settled status, or such information and evidence is otherwise available, it will not generally be necessary to request additional information or evidence relating to their parent or guardian or to safeguarding. However, if there are any indicators that the applicant is at risk (for example modern slavery or human trafficking), you must consult a senior caseworker and refer to guidance contained in Victims of modern slavery which includes details on how to refer potential victims of modern slavery to the National Referral Mechanism.

Applications in respect of adults with mental capacity issues and/or care or support needs

This section tells you about how to deal with applications in respect of adults with mental capacity issues (who lack the mental capacity to make their own decisions) and/or care or support needs. Adults with care or support needs may include many of those adults with mental capacity issues, but will also include those adults with broader care or support needs, such as those who may be residing in a residential care home, or receiving care and support services in their own home, with long-term physical or mental health needs or a disability.

Applications made on behalf of an adult with mental capacity issues and/or care or support needs

Some adult applicants with care or support needs may have been signposted to sources of support to assist them to make their application. These include the Settlement Resolution Centre, Assisted Digital and grant funded voluntary and community organisations.

Other adults with care or support needs, and adults with mental capacity issues, may need someone to make the application on their behalf. The Home Office can accept an application made on someone’s behalf by an appropriate third party in a range of circumstances.

Applications can be made on someone’s behalf by for example:

- a person with power of attorney for the applicant
- a deputy appointed by the Court of Protection in England and Wales
- a person with an intervention or guardianship order made in Scotland
- a controller appointed by an order made by the High Court in Northern Ireland
- a legal guardian
- another appropriate third party, for example, a friend, relative, carer, social worker, support worker or legal representative

If the person has the mental capacity to consent to an appropriate third party making an application on their behalf if they are unable to apply themselves, their consent must be sought.

If the person’s mental capacity fluctuates, then their consent must be sought, when they are able to give it, for an appropriate third party to make an application on their behalf if they are unable to apply themselves.
In all cases concerning lack of mental capacity, you must be satisfied that the person acting on behalf of the individual either or both:

- has the authority (in the general sense of permission or consent) to do so
- is acting in the best interests of the individual

in accordance (in both cases) with the Mental Capacity Act (England and Wales) 2005, the Mental Health Order (Northern Ireland) 1986 or the Enduring Powers of Attorney Order (Northern Ireland) 1987, or is acting for the benefit of the adult and following the best interpretation of the adult's wishes under the Adults with Incapacity Act (Scotland) 2000.

For further guidance on dealing with applications made on behalf of adult applicants with mental capacity issues:

- under the Adults with Incapacity Act (Scotland) 2000, see Adults with incapacity: guide to assessing capacity

- under the Mental Health Order (Northern Ireland) 1986, see the statutory Code of Practice or Guidelines on the use of the Mental Health Order (NI) 1986

If there are any indicators that the applicant is at risk, for example of abuse, exploitation or modern slavery, then you must first consult your senior caseworker. A referral to the local authority adult safeguarding team may be required, or you may need to refer to the guidance on Victims of modern slavery which includes details on how to refer potential victims of modern slavery to the National Referral Mechanism.

Where you have any other concerns about the application, such as to why the applicant has not applied by themselves or whether the applicant is aware of the application, you must contact the applicant where appropriate, to check the relevant authorisation provided is genuine, before you deal with the application. If it is not appropriate to contact the applicant, which will depend on the specific circumstances of the case, then enquiries with the person making the application on behalf of the applicant are to be pursued where possible. If you still have concerns after making these enquiries, then you must consult your senior caseworker.

**Power of Attorney**

A Power of Attorney is a document that grants the holder (the attorney) power to make certain decisions on behalf of the person named in the document.

Someone who holds Power of Attorney for an individual may make any necessary application for immigration status (including under the EU Settlement Scheme) on their behalf as a result of the Power of Attorney or as a result of their general duty to act in the best interests of the individual. In any given case, you must be satisfied
that the person is acting within the scope of their decision-making powers by checking the terms of the Power of Attorney, which must be provided to support the application. For example, the Power of Attorney may grant the holder general authority to take possession and control of the affairs of the person named in the document.

There are different types of Power of Attorney according to the jurisdiction:

- in England and Wales, an attorney will be appointed under either a Lasting Power of Attorney (LPA) or an Enduring Power of Attorney (the forerunner of the LPA) – a person must be aged 18 or over to be able to make a Power of Attorney and have capacity to understand what they are doing when granting this
- in Scotland, there are 3 types of Power of Attorney, either Continuing, Welfare or Combined, which can be made by a person aged 16 or over with capacity
- in Northern Ireland, there is the Enduring Power of Attorney, which can be made by a person aged 18 or over with capacity

You must check with the relevant office in the UK (the Office of the Public Guardian in England and Wales, the Office of the Public Guardian in Scotland or the Office of Care and Protection in Northern Ireland) or the relevant issuing office abroad if you have doubts about the document, including its validity.

**Court appointed authorisations**

In cases where an individual has not made a Power of Attorney and now lacks the capacity to make decisions, arrangements may have been made to have a formal decision maker appointed by a court.

**England and Wales: Deputy appointed by the Court of Protection**

A deputy is authorised by the Court of Protection to make decisions on behalf of a person who lacks the mental capacity to make decisions for themselves and where there is no Power of Attorney already in place.

A deputy is usually a close relative or friend of the person who needs help making decisions. In other instances, a person can be engaged professionally to act as a deputy, for example, an accountant, solicitor or representative of the local authority.

Appointed deputies may make any necessary application for immigration status (including under the EU Settlement Scheme) on behalf of an individual as a result of a legal duty in their court order (for example, property and financial affairs), or as a result of their general duty to act in the best interests of the individual. In either case, you must be satisfied that a deputy is acting within the scope of their decision-making powers by checking the terms of their court order, which must be provided to support the application. For example, the deputy order may grant the holder general authority to take possession and control of the affairs of the person lacking capacity.
Scotland: Guardian or Intervener appointed by the Sheriff Court

A guardianship order may cover all of the individual’s property and financial affairs and personal welfare, including healthcare matters. A similar scope applies to intervention orders, which are designed for actions with a specific end, as opposed to ongoing powers granted in a guardianship order.

Northern Ireland: Controllers appointed by the Office of Care and Protection

Controllers appointed by the Office of Care and Protection are authorised to administer the financial affairs of individuals lacking capacity.

Legal guardianship

An application can be made on behalf of an applicant by their legal guardian. You must be satisfied that there is evidence of a guardianship order in place.

Applications made by another appropriate third party

An application can be made on behalf of an adult applicant with mental capacity issues and/or care or support needs by another appropriate third party, for example a friend, relative, carer, social worker, support worker or legal representative. In each case, you must be satisfied that the person acting on behalf of the individual is authorised to do so and/or that they are acting in the best interests of the individual.

Evidence that may satisfy you of this may include:

- a letter from a doctor, health professional, social services department or solicitor confirming the circumstances
- a letter from the applicant themselves, authorising someone to act on their behalf
- evidence of a carer relationship where the third party is providing for the individual’s care needs, for example a Department for Work and Pensions letter confirming receipt of carer’s allowance

The third party must provide their contact details when prompted at the end of the online application process or in the relevant section of the appropriate paper application form.

The third party must upload a letter in the evidence section of the online application form (or provide this with the appropriate paper application form) to inform the caseworker of the individual’s circumstances, including the reasons why the application is being made by a third party and their relationship to that individual. If this is not uploaded or included with the application, you must request it from the third party.
The third party must also ensure they are acting appropriately according to the requirements of the Office of the Immigration Services Commissioner (OISC). OISC is the regulatory body for the provision of immigration advice.

Where advice or assistance is provided to an applicant by a friend or relative, who is not acting in a professional capacity, such advice and assistance does not require OISC regulation. Professionals such as carers, social workers or support workers can also provide technical assistance in completing the application without the need to be regulated by OISC, but they should ensure that they are not providing immigration advice. For example, they may provide assistance in completing and submitting the application form, by explaining what the form is asking for and entering the applicant's responses.

Further information about assistance that can be provided without the requirement for regulation can be found in OISC’s Immigration Assistance Document.

A legal representative must be regulated by OISC or another Designated Qualifying Regulator in order to provide immigration advice or services related to the application.

Non-fee charging organisations that wish to be able to provide immigration advice and services regarding the EUSS may apply for regulation to OISC through a specific application process which will allow them to become regulated in this area of work only. This application is free of charge. Further details of this scheme can be found on the OISC website at: Application for Level 1 EU Settlement Scheme registration.

Further details on the application process for organisations that intend to charge applicants for assistance with an EUSS application can be found on the OISC website at: How to become a regulated immigration adviser

Suitability

Rules EU15, EU16 and EU17 of Appendix EU set out the basis on which an application under Appendix EU will or may be refused on suitability grounds.

The assessment of suitability must be conducted on a case by case basis and be based on the applicant’s personal conduct or circumstances in the UK and overseas, including whether they have any relevant prior criminal convictions, and whether they have been open and honest in their application.

Under rule EU15(1), an application under Appendix EU will be refused on grounds of suitability where, at the date of decision, the applicant is subject to:

- a ‘deportation order’ (as defined in Annex 1 to Appendix EU) or to a decision to make a deportation order
- an ‘exclusion order’ or ‘exclusion decision’ (as defined in Annex 1 to Appendix EU)

If one of the orders or decisions specified in rule EU15(1) applies in respect of the applicant at the date the decision on the application under the scheme is made, the application must be refused.

Under rule EU15(2), an application made under Appendix EU will be refused on grounds of suitability where the Secretary of State deems the applicant’s presence in the UK is not conducive to the public good because of conduct committed after the specified date.

Under rule EU15(3) and (4), where, at the date of decision on an application under Appendix EU, the applicant is subject to either:

- an ‘Islands deportation order’ (as defined in Annex 1 to Appendix EU), the application will be refused on grounds of suitability
- an ‘Islands exclusion decision’ (as defined in Annex 1 to Appendix EU), the application may be refused on grounds of suitability

The information in this section has been removed as it is restricted for internal Home Office use.

Official – sensitive: end of section

Applicants (aged 18 or over) are required to provide information about previous criminal convictions in the UK and overseas, and are only required to declare past criminal convictions which appear in their criminal record in accordance with the law of the State of conviction at the time of the application. There is no requirement to
declare spent offences, cautions or alternatives to prosecution, for example fixed penalty notices for speeding.

Applicants (aged 18 or over) are also required, as in other immigration applications, to declare whether they have any been involved in any terrorist related activities, war crimes, crimes against humanity or genocide.

Applications are subject to a check against the Police National Computer (PNC, where the applicant is aged 10 or over) and the Warnings Index (WI).

Caseworkers can, where appropriate, consider evidence of criminality that they encounter on the PNC or WI even if that evidence was not declared by the applicant.

From information provided by the applicant and obtained from the PNC and/or WI, UK Visas and Immigration must conduct an initial assessment of suitability, to establish whether the application is to be referred to Immigration Enforcement (IE) for full case by case consideration of the individual’s conduct on:

- grounds of public policy, public security or public health as set out in the EEA Regulations, as saved, where the conduct was committed before the specified date
- the ground the Secretary of State deems the applicant’s presence in the UK is not conducive to the public good, where the conduct was committed after the specified date

If a decision is then made by IE that falls within rule EU15(1) or EU15(2) (such as a decision to deport or exclude the individual), the application under the scheme will be refused by IE. The refusal under the EUSS must include a public policy, public security or public health consideration if the decision by IE was made on non-conducive grounds for conduct committed before 11pm GMT on 31 December 2020.

Under rule EU16 an application under Appendix EU may be refused on grounds of suitability where, at the date of decision, the decision-maker is satisfied that:

- EU16(a): it is proportionate to refuse the application where, in relation to the application and whether or not to the applicant’s knowledge, false or misleading information, representations or documents have been submitted (including false or misleading information submitted to any person to obtain a document used in support of the application), and the information, representation or documentation is material to the decision whether or not to grant the applicant indefinite leave to enter or remain or limited leave to enter or remain under the scheme
- EU16(b): it is proportionate to refuse the application where, the applicant is subject to a removal decision under the EEA Regulations on the grounds of their non-exercise or misuse of rights, and the date of application under Appendix EU is before 1 July 2021
- EU16(c): the applicant either:
o has previously been refused admission to the UK in accordance with regulation 23(1) of the EEA Regulations

o has previously been refused admission to the UK in accordance with regulation 12(1)(a) of the Citizens’ Rights (Frontier Workers) (EU Exit) Regulations 2020

o had indefinite or limited leave to enter or remain granted under Appendix EU (or limited leave to enter granted by virtue of having arrived in the UK with entry clearance that was granted under Appendix EU (Family Permit)) which was cancelled under paragraph 321B(b)(i) or 321B(b)(ii) of the Immigration Rules, under paragraph A3.1. or A3.2.(a) of Annex 3 to Appendix EU or under paragraph A3.3. or A3.4.(a) of Annex 3 to Appendix EU (Family Permit)

and (in either case) the refusal of the application is justified either:

o in respect of the applicant’s conduct committed before the specified date, on grounds of public policy, public security or public health in accordance with regulation 27 of the EEA Regulations, irrespective of whether those Regulations apply to that person (except that in regulation 27 for ‘with a right of permanent residence under regulation 15’ and ‘has a right of permanent residence under regulation 15’ read ‘who meets the requirements of paragraph EU11, EU11A or EU12 of Appendix EU to the Immigration Rules’; and for ‘an EEA decision’ read ‘a decision under paragraph EU16(c) of Appendix EU to the Immigration Rules’), and it is proportionate to refuse the application (taking into account the particular circumstances and facts of the case at the date of decision)

o in respect of conduct committed after the specified date, where the Secretary of State deems the applicant’s presence in the UK is not conducive to the public good

• EU16(d): it is proportionate to refuse the application where the applicant is a relevant excluded person (as defined in Annex 1 to Appendix EU) because of their conduct committed before the specified date and the Secretary of State is satisfied that the decision to refuse the application is justified on the grounds of public policy, public security or public health in accordance with regulation 27 of the EEA Regulations, irrespective of whether the EEA Regulations apply to that person (except that in regulation 27 for ‘with a right of permanent residence under regulation 15’ and ‘has a right of permanent residence under regulation 15’ read ‘who meets the requirements of paragraph EU11, EU11A or EU12 of Appendix EU to the Immigration Rules’; and for ‘an EEA decision’ read ‘a decision under paragraph EU16(d) of Appendix EU to the Immigration Rules’)

• EU16(e): the applicant is a relevant excluded person because of conduct committed after the specified date

When considering whether to refuse on the basis of rule EU16(a), the decision-maker must examine whether the deception is material to the decision whether or not to grant the applicant indefinite leave to enter or remain or limited leave to enter or remain under the scheme. This is where the false or misleading information, representation or documentation concerns the applicant’s ability to meet the requirements of Appendix EU. Where false information, representations or documents have been submitted, whether or not to the applicant’s knowledge, and which are material to the decision whether or not to grant the applicant indefinite
leave to enter or remain or limited leave to enter or remain under the scheme, the
decision-maker may refuse the application on the basis of rule EU16(a), provided
that it is proportionate to do so.

You must not decide that an application falls to be refused under rule EU16(a)
without first notifying the applicant in writing that you are thinking of refusing the
application based on false or misleading information, representations or documents
and setting out exactly what the allegation is in this regard, including making clear
that it is your view that there has been dishonesty or deception. You must give the
applicant a reasonable period in which to respond to the notification sent by letter or
given in an interview. What is reasonable will depend on the circumstances, but in
most cases 14 calendar days will be sufficient.

When considering whether to refuse on the basis of rule EU16(b), the decision-
maker may refuse the application only where it is proportionate to do so and the date
of application under Appendix EU is before 1 July 2021.

A refusal on the basis of rule EU16(c) may only take place where the applicant has
previously either:

- been refused admission under regulation 23(1) of the EEA Regulations (as
  saved)
- been refused admission to the UK under regulation 12(1)(a) of the Citizens’
  Rights (Frontier Workers) (EU Exit) Regulations 2020
- had previous leave granted under Appendix EU, or acquired by virtue of having
  arrived in the UK with entry clearance granted under Appendix EU (Family
  Permit), which in either case was cancelled:
  o under paragraph 321B(b)(i) or 321B(b)(ii) of the Immigration Rules
  o under paragraph A3.1. or A3.2.(a) of Annex 3 to Appendix EU
  o under paragraph A3.3. or A3.4.(a) of Annex 3 to Appendix EU (Family
    Permit)

The decision to refuse the application under rule EU16(c) must be justified on
grounds of public policy, public security or public health in accordance with
regulation 27 of the EEA Regulations, as saved, irrespective of whether they apply to
the person, and must only be made where it is proportionate to do so, unless the
conduct took place after the specified date in which case it must be justified on the
grounds that the decision is conducive to the public good.

Rule EU16(d) and EU16(e) of Appendix EU are also discretionary provisions and
provide for the refusal of an application where, at the date of the decision, the
applicant is a ‘relevant excluded person’ as defined in Annex 1 to Appendix EU.

Rule EU16(d) applies where a person is a ‘relevant excluded person’ on the basis of
conduct committed before the specified date. Under rule EU16(d), an application can
only be refused where, additionally, refusing the application is justified and
proportionate on the grounds of public policy, public security or public health.
Rule EU16(e) applies where a person is a ‘relevant excluded person’ because of conduct committed after the specified date.

A ‘relevant excluded person’ means a person:

- in respect of whom the Secretary of State has made a decision under Article 1F of the Refugee Convention to exclude the person from the Refugee Convention or under paragraph 339D of the Immigration Rules to exclude them from humanitarian protection
- in respect of whom the Secretary of State has previously made a decision that they are a person to whom Article 33(2) of the Refugee Convention applies because there are reasonable grounds for regarding them as a danger to the security of the UK
- who the Secretary of State considers to be a person in respect of whom either of the previous 2 would apply except that:
  - the person has not made a protection claim
  - the person made a protection claim which has already been finally determined without reference to Article 1F of the Refugee Convention or paragraph 339D of the Immigration Rules
- in respect of whom the Secretary of State has previously made a decision that they are a person to whom Article 33(2) of the Refugee Convention applies because, having been convicted by a final judgment of a particularly serious crime, they constitute a danger to the community of the UK

Under rule EU17, the application must not be refused on the basis of an order or decision as specified in EU15 or EU16 which, at the date of decision on the application, has been set aside or revoked.

As noted in rule EU18, Annex 3 to Appendix EU applies in respect of the cancellation, curtailment and revocation of leave to enter or remain granted under Appendix EU.

Qualifying residence

Continuous qualifying period

Completing, as a relevant European Economic Area (EEA) citizen or their family member, a continuous qualifying period of residence in the UK and Islands (or in the UK, where this is the requirement in some scenarios involving a person who has ceased activity or a family member who has retained the right of residence) generally means that the applicant was resident in the UK and Islands (or, where applicable, the UK) before 11pm on 31 December 2020, except in the case of:

- a joining family member of a relevant sponsor (whose continuous qualifying period can only begin on or after 1 January 2021)
- a relevant EEA family permit case
- a specified relevant person of Northern Ireland (or the dependent relative of such a person)
- an applicant who relies on any of bullet points 3 to 6 in the list of exceptions below, under which certain absence will not count towards any period of residence in the UK and Islands on which the person relies - in such circumstances, a person who has previously been granted limited leave to enter or remain under Appendix EU may need to seek a further grant of such leave in order to complete a continuous qualifying period of 5 years’ residence in order to be eligible for indefinite leave to enter or remain

Completing a continuous qualifying period of residence also generally means that the applicant has not been absent from the UK and Islands (or, where applicable, the UK) for more than 6 months in total (in a single period of absence or more than one) in any given 12-month period, throughout the period of residence relied upon by the applicant.

This includes where the applicant has previously been granted limited leave to enter or remain under Appendix EU and is now seeking to rely upon having completed a continuous qualifying period of 5 years’ residence in order to be eligible for indefinite leave to enter or remain.

There are some exceptions:

- a single period of absence of more than 6 months but which does not exceed 12 months is permitted, where this is for an important reason, such as pregnancy, childbirth, serious illness, study, vocational training or an overseas posting or because of COVID-19:
  - evidence to support an absence as a result of pregnancy, childbirth or serious illness might take the form of a letter or other records from a qualified medical professional
  - evidence to support an absence as a result of study, vocational training or an overseas posting might take the form of a letter or other records from the relevant educational establishment or employer
o evidence to support an absence because of COVID-19

- a single period of absence of more than 6 months but which does not exceed 12 months is permitted, where the absence was not originally for an important reason but is to be treated as being for an important reason as it exceeded 6 months because of COVID-19
- (following a period of absence under the first bullet point above because of COVID-19 or under the second bullet point above) a second period of absence of more than 6 months but which does not exceed 12 months is permitted, where both:
  o this is for an important reason (such as described in the first bullet point above)
  o save for caring for someone with a serious illness, that reason is not because of COVID-19

The period of this absence exceeding 6 months will not count towards any period of residence in the UK and Islands on which the person relies

- (following a period of absence under the first bullet point above which, save for caring for someone with a serious illness, was not because of COVID-19) a second period of absence of more than 6 months but which does not exceed 12 months is permitted, where both:
  o this is for an important reason
  o that reason is because of COVID-19

The period of this absence exceeding 6 months will not count towards any period of residence in the UK and Islands on which the person relies

- (following a period of absence under the first bullet point above which, save for caring for someone with a serious illness, was not because of COVID-19) a period of absence under the second bullet point above is permitted; the period of this absence exceeding 6 months will not count towards any period of residence in the UK and Islands on which the person relies

- a period of absence under any of the bullet points above which exceeded 12 months is permitted, where COVID-19 meant that the person was prevented from, or advised against, returning earlier; the period of this absence exceeding 12 months will not count towards any period of residence in the UK and Islands on which the person relies

- any period of absence on compulsory military service:
  o evidence to support a period of absence as a result of compulsory military service might take the form of a letter or other records from the relevant government body

- any period of absence on a posting on Crown service or (as a spouse, civil partner, durable partner or child) accompanying a person on a posting on Crown service. See Crown servants and HM Forces personnel

- any period spent working in the UK marine area (as defined in section 42 of the Marine and Coastal Access Act 2009)

- any period of absence due directly to an order or decision to which sub-paragraph (b)(iii) of the definition of ‘continuous qualifying period’ in Annex 1 to Appendix EU refers (as described below), where that order or decision has been set aside or revoked
The continuous qualifying period must continue at the date of application, unless one of the exceptions set out in sub-paragraph (c) of the definition of 'continuous qualifying period' in Annex 1 to Appendix EU applies. These exceptions are that either:

- under sub-paragraph (c)(i), the continuous qualifying period is of at least 5 years' duration
- under sub-paragraph (c)(ii)(aa), the person acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations (or, where there are reasonable grounds for the person’s failure to meet the deadline applicable to them in the entry for required date in Annex 1 to Appendix EU, would have acquired such a right had the EEA Regulations not been revoked), or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man
- under sub-paragraph (c)(ii)(bb)(aaa), the continuous qualifying period relates to a relevant EEA citizen, where, in relation to that EEA citizen, a family member applicant relies either:
  - in (i), for all or part of the continuous qualifying period of 5 years to which condition 3 in rule EU11 of Appendix EU refers (or, as the case may be, for part of the period to which sub-paragraph (b) of condition 3 in the table in paragraph EU12 refers), on having been a family member of a relevant EEA citizen
  - in (ii), on being or having been a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen provided (in any case) the continuous qualifying period relating to that relevant EEA citizen continued (unless sub-paragraph (c)(i), (c)(ii)(aa), (c)(iii) or (c)(iv) of the definition of 'continuous qualifying period' in Annex 1 to Appendix EU applied to that relevant EEA citizen instead) either, as the case may be, throughout the continuous qualifying period the applicant relies on in (i) as having been a family member of a relevant EEA citizen or, as relied on in (ii), until the applicant became a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen
- under sub-paragraph (c)(ii)(bb)(bbb), the continuous qualifying period relates to a relevant sponsor, where, in relation to that relevant sponsor, a joining family member applicant relies for all or part of the continuous qualifying period of 5 years to which condition 1 in rule EU11A of Appendix EU refers on having been (or, as the case may be, relies for all or part of the continuous qualifying period to which the condition in rule EU14A of Appendix EU refers on being) a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor, provided (in either case) the continuous qualifying period relating to that relevant sponsor continued (unless sub-paragraph (c)(i), (c)(ii)(aa), (c)(iii) or (c)(iv) of the definition of 'continuous qualifying period' in Annex 1 to Appendix EU applied to that relevant sponsor instead) until the applicant became a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor
• under sub-paragraph (c)(iii), the person has valid indefinite leave to enter or remain granted under Appendix EU (or under its equivalent in the Islands)
• under sub-paragraph (c)(iv), there is valid evidence of their indefinite leave to enter or remain
• under sub-paragraph (c)(v), a relevant reference is concerned

A ‘relevant reference’ (to a continuous qualifying period completed in the past) means the reference to continuous qualifying period in either:

• condition 6 in rule EU11 of Appendix EU
• condition 3 in rule EU11A of Appendix EU
• sub-paragraph (d)(iii)(aa) of the entry for ‘family member who has retained the right of residence’ in Annex 1 to Appendix EU (as that reference applies to, as the case may be, the relevant EEA citizen, the qualifying British citizen or the relevant sponsor)
• (where the date of application is on or after 1 July 2021) also any of the additional provisions listed in that definition of ‘relevant reference’ within the definition of ‘continuous qualifying period’ in Annex 1 to Appendix EU

A continuous qualifying period is broken where the person served or is serving a sentence of imprisonment of any length in the UK and Islands (or, where applicable, the UK), unless the conviction which led to it has been overturned.

Under sub-paragraph (b)(iii) of the definition of ‘continuous qualifying period’ in Annex 1 to Appendix EU, a continuous qualifying period is also broken by any of the following in respect of the person, unless it has been set aside or revoked:

• any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under the equivalent provisions of the EEA Regulations of the Isle of Man)
• a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the EEA Regulations of the Isle of Man)
• an exclusion decision
• a deportation order, other than by virtue of the EEA Regulations
• an Islands deportation order
• an Islands exclusion decision

Once a person has completed a continuous qualifying period of residence in the UK and Islands of 5 years, they may rely on this in applying for settled status under the scheme (under condition 3 in rule EU11 or condition 1 in rule EU11A) where, since completing that 5 year period, there has been no ‘supervening event’. This means that, since completing that 5 year period, they have not been absent from the UK and Islands for more than 5 consecutive years and that none of the decisions or orders set out above has been made in respect of the person, unless it has been set aside or revoked.
Where the applicant served or is serving a sentence of imprisonment of any length in the UK and Islands, and where prior to that they have completed a continuous qualifying period of residence in the UK and Islands of less than 5 years (and the person has not acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations, or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man), that continuous qualifying period is broken, and restarts from scratch on release (where release is before the specified date, where a continuous qualifying period which started before that date is required).

Where the continuous qualifying period of a relevant EEA citizen is broken and restarted in this way, this also breaks and restarts any continuous qualifying period of residence of less than 5 years on which their family member relies (where they have not acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations, or the right of permanent residence in the Islands) as being a family member of a relevant EEA citizen.

However, imprisonment which does not lead to deportation is not a ‘supervening event’ for the purposes of the scheme. This means that a person may rely on having previously either:

- acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations
- acquired the right of permanent residence in the Islands through the application there of section 7 of the Immigration Act 1988 (as it had effect before it was repealed) or under the EEA Regulations of the Isle of Man
- completed a continuous qualifying period of residence in the UK and Islands of 5 years

in applying for settled status even where they have been imprisoned since acquiring that right (or completing that period), provided that the imprisonment did not or does not lead to deportation.

When assessing whether an applicant has a continuous qualifying period of residence in the UK, the applicant’s immigration status during the period of residence relied on, including whether they were at any point exempt from immigration control while resident in the UK, is immaterial: the test is whether all the relevant criteria set out in the definition of continuous qualifying period are met.

Where an applicant is granted settled status (indefinite leave to enter or remain under Appendix EU), their status will lapse when they have been absent from the UK and Islands for a period of more than 5 consecutive years (or of more than 4 consecutive years in the case of Swiss citizens and their family members). There are exceptions for those overseas on Crown service and those accompanying them.

Where an applicant is granted pre-settled status (limited leave to enter or remain under Appendix EU), their status will generally lapse when they have been absent.
from the UK and Islands for a period of more than 2 consecutive years. There are exceptions for those overseas on Crown service and those accompanying them.

**COVID-19**

Where this guidance refers to absence ‘because of COVID-19’, it means where an EEA citizen or their family member, who was resident in the UK and Islands (or, where applicable, the UK) by the end of the transition period at 11pm on 31 December 2020 (or who, having been so, relies on any of the exceptions above under which certain absence will not count towards any period of residence in the UK and Islands on which the person relies), has been:

- ill with COVID-19
- in quarantine, self-isolating or shielding in accordance with local public health guidance on COVID-19
- caring for a family member affected by COVID-19
- prevented from returning earlier to the UK due to travel disruption caused by COVID-19
- advised by their university that, due to COVID-19, their course was moved to remote learning and were advised or allowed to return to their home country to study remotely
- advised by their university or employer not to return to the UK, and to continue studying or working remotely from their home country
- absent for another reason relating to COVID-19, for example, they left or remained outside the UK because there were fewer coronavirus restrictions elsewhere; they preferred to work or run a business from home overseas; or they would have been unemployed in the UK and preferred to rely on support from family or friends overseas

This means that such a person can rely on any COVID-19 related reason (including where they chose to leave or remain outside the UK because of the pandemic) as being an ‘important reason’ permitting an absence of up to 12 months.

The above is a non-exhaustive list of COVID-19 related reasons for absence and each case must be considered on an individual basis in light of the information and evidence provided by the applicant. For a non-exhaustive list of examples of relevant evidence, see below.

As set out above, a second period of absence of more than 6 months but which does not exceed 12 months is permitted where you are satisfied this was (or is to be treated as being) for an ‘important reason’ and, save for caring for someone with a serious illness, one of those absences (not both) is because of COVID-19. Each case must be considered on an individual basis in light of the information and evidence provided by the applicant. For a non-exhaustive list of examples of relevant evidence, see below.

This means a person can rely on any COVID-19 related reason (including where they chose to leave or remain outside the UK because of the pandemic) as the basis
for requiring a second period of absence of up to 12 months for an ‘important reason’.

In such a case, up to the first 6 months of the second period of absence will be counted towards their continuous qualifying period of residence, where the period counted means they have not been absent for more than 6 months in any 12-month period. Their continuous qualifying period will be paused from that point and will resume from the point of return to the UK and Islands (or, where applicable, the UK).

Where this means, in the case of a person previously granted limited leave to enter or remain under Appendix EU which is due to expire before they can complete a continuous qualifying period of 5 years' residence in order to be eligible for indefinite leave to enter or remain, they will be able to apply for a further grant of limited leave to enter or remain under Appendix EU.

As also set out above, a period of absence may exceed the 12-month maximum for a period of absence for an ‘important reason’ where COVID-19 meant that the person was prevented from, or advised against, returning to the UK and Islands (or, where applicable, the UK) earlier, such as where they were:

- ill with COVID-19
- in quarantine, self-isolating or shielding in accordance with local public health guidance on COVID-19
- caring for a family member affected by COVID-19
- prevented from returning earlier to the UK due to travel disruption caused by COVID-19
- advised by their university or employer not to return to the UK, and to continue studying or working remotely from their home country, due to COVID-19

This is a non-exhaustive list of such reasons and each case must be considered on an individual basis in light of the information and evidence provided by the applicant. For a non-exhaustive list of examples of relevant evidence, see below.

In such a case, the absence beyond 12 months will not be counted as residence in the UK and Islands (or, where applicable under Appendix EU, the UK) for the purposes of the EUSS. Their continuous qualifying period will be paused from the point their absence reached 12 months and will resume from the point of return to the UK and Islands (or, where applicable, the UK).

Where this means, in the case of a person previously granted limited leave to enter or remain under Appendix EU which is due to expire before they can complete a continuous qualifying period of 5 years' residence in order to be eligible for indefinite leave to enter or remain, they will be able to apply for a further grant of limited leave to enter or remain under Appendix EU.

Where, in the case of a person granted limited leave to enter or remain under Appendix EU as an EEA citizen or their family member who was resident in the UK and Islands (or, where applicable, the UK) by the end of the transition period, their
absence (regardless of the reason for it) has exceeded 2 consecutive years, that limited leave will have lapsed (meaning that, if they have a biometric residence card, this is no longer valid even if it is within its expiry date), in accordance with article 13(4) of the Immigration (Leave to Enter and Remain Order) 2000. Where that absence is in accordance with this guidance, they will be able to apply for a further grant of limited leave to enter or remain under Appendix EU. They can do so from outside the UK where they have the ‘required proof of entitlement to apply from outside the UK’. Otherwise, they will need to apply for an EU Settlement Scheme family permit in order to return to the UK and make a further application under the scheme.

In all cases, the applicant will need to provide evidence of the length of, and reason for, any absence relating to COVID-19 on which they rely. Examples of acceptable evidence include:

- used travel tickets confirming the dates the applicant left the UK and returned
- confirmation of flight cancellations detailing the dates and times
- doctor’s letter confirming the applicant contracted COVID-19
- doctor’s letter confirming the applicant was identified as vulnerable and advised to shield
- email or letter confirming the applicant, or a person they were living with, received a positive COVID-19 test result
- official letter confirming the applicant was in COVID-19 quarantine
- doctor’s letter confirming the applicant’s family member, for whom they have been caring, contracted COVID-19 or was identified as vulnerable and advised to shield
- email or letter confirming the applicant’s family member, for whom they have been caring, received a positive COVID-19 test result
- email or letter from a university advising that, due to COVID-19, their course was moved to remote learning and they were advised or allowed to return to their home country to study remotely
- email or letter from a university or employer advising the applicant not to return to the UK, and to continue studying or working remotely from their home country, due to COVID-19
- letter or other evidence from the applicant accounting for their absence for another reason relating to the COVID-19 pandemic, for example, they left or remained outside the UK because there were fewer COVID-19 restrictions elsewhere; they preferred to work or run a business from home overseas; or they would have been unemployed in the UK and preferred to rely on support from family or friends overseas

This list is non-exhaustive, and each case must be considered on a case by case basis. As elsewhere under the EU Settlement Scheme, you may exercise discretion in favour of the applicant where appropriate, to minimise administrative burdens, and you must refer to your senior caseworker if you require further advice.
Crown servants and HM Forces personnel

Where, before an overseas posting, the applicant was resident in the UK and Islands, their continuous qualifying period of residence can include either:

- any period of absence from the UK and Islands on a posting on Crown service
- any period of absence from the UK and Islands, as a spouse, civil partner, durable partner or child, accompanying an EEA citizen or a British citizen on a posting on Crown service

Crown service is defined under Annex 1 to Appendix EU as service as either:

- a member of HM Forces (as defined in the Armed Forces Act 2006)
- an employee of the UK Government, a Northern Ireland department, the Scottish Administration or the Welsh Government
- a permanent member of the British Council

Before considering whether the applicant’s time overseas should be counted towards their continuous qualifying period, you must first confirm that they were resident in the UK and Islands before the posting in the normal way (automated checks or alternative evidence of residence).

To evidence their time overseas, the applicant may provide for example a letter on official stationery from the Head or Deputy Head of Mission, the Head of Office, the Head of Establishment in their Unit, or the department’s Head of Human Resources, confirming:

- the start date of the overseas posting
- the end date of the overseas posting (if applicable)
- the period during which the spouse, civil partner, durable partner or child accompanied the Crown servant overseas (if applicable)

Crown Dependencies

Time spent in the Crown Dependencies – the Bailiwick of Guernsey, the Bailiwick of Jersey or the Isle of Man (‘the Islands' as defined in Annex 1 to Appendix EU) – can count towards any or all of the applicant’s continuous qualifying period of residence as a relevant EEA citizen or their family member, except under sub-paragraph (a)(ii) or (d)(iii)(aa) of the entry for ‘family member who has retained the right of residence’ in Annex 1 to Appendix EU or in sub-paragraph (c) of the entry for ‘person who has ceased activity’ in Annex 1 to Appendix EU or as a ‘person with a derivative right to reside’ or a ‘person with a Zambrano right to reside’ – where (in each case) the period of residence must be in the UK.

Automated checks of HM Revenue & Customs and Department for Work and Pensions data do not confirm residence in the Crown Dependencies and the applicant may provide other evidence which reflects that in the evidence of residence section of this guidance.
Oversea Territories

Time spent in Gibraltar or the other Overseas Territories does not count towards an applicant’s continuous qualifying period of residence, unless it is on Crown service or accompanying such a person (see above).

Automated checks

In applications by relevant EEA citizens and their family members in which the applicant provides their National Insurance number, automated checks – known as Application Programming Interface (API) – will be run against HM Revenue & Customs (HMRC) and certain Department for Work and Pensions (DWP) records to establish what those records tell us about the applicant’s residence in the UK.

Where these checks indicate that the applicant has been resident in the UK for a continuous qualifying period of 5 years, and where the applicant has confirmed, by way of a self-declaration as part of the application process, that they have not since been absent from the UK for a period of more than 5 consecutive years, no further evidence of residence will be required to determine eligibility. The applicant will be asked to confirm this is correct and, subject to evidence of the relevant family relationship (where relevant) and to identity and suitability checks, the applicant will be granted indefinite leave to enter (ILE) or indefinite leave to remain (ILR).

Where these checks indicate that the applicant has been resident in the UK for a continuous qualifying period of less than 5 years, and the applicant confirms this (and does not claim to qualify for settled status on the basis of a continuous qualifying period of less than 5 years), no further evidence of residence will be required to determine eligibility. Subject to evidence of the relevant family relationship (where relevant) and to identity and suitability checks, the applicant will be granted 5 years’ limited leave to enter (LTE) or limited leave to remain (LTR).

Where these checks indicate that the applicant has been resident in the UK for a continuous qualifying period of less than 5 years, and the applicant does not accept this (or claims to qualify for settled status on the basis of a continuous qualifying period of less than 5 years), the applicant will be asked to provide documentary evidence, to satisfy you of their eligibility for ILE or ILR. If the applicant does so, and subject to evidence of the relevant family relationship (where relevant) and to identity and suitability checks, the applicant will be granted ILE or ILR. If they do not meet the eligibility requirements for ILE or ILR but have been resident in the UK for a continuous qualifying period of less than 5 years, subject to evidence of the relevant family relationship (where relevant) and to identity and suitability checks, they will be granted LTE or LTR.

Where these checks do not provide any evidence of the applicant’s UK residence, or the applicant does not provide a National Insurance number, the applicant will be asked to provide documentary evidence to satisfy you that they meet the requirements for eligibility for either ILE or ILR or LTE or LTR. If the applicant does
so, and subject to evidence of the relevant family relationship (where relevant) and to identity and suitability checks, the applicant will be granted ILE or ILR or LTE or LTR as appropriate.

See evidence of residence for further information on evidence which may be provided where automated checks do not confirm a continuous qualifying period of residence as claimed by the applicant.

Supervening event

A supervening event means that, at the date of application either:

- the person has been absent from the UK and Islands for a period of more than 5 consecutive years at any point since they last either:
  - acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations
  - acquired the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man
  - completed a continuous qualifying period of 5 years
- any of the following events has occurred in respect of the person, unless it has been set aside or revoked:
  - any decision or order to exclude or remove them from the UK under regulation 23 or 32 of the EEA Regulations (or under equivalent provisions of the EEA Regulations of the Isle of Man)
  - a decision to which regulation 15(4) of the EEA Regulations otherwise refers in respect of their right to permanent residence in the UK, unless that decision arose from a previous decision under regulation 24(1) (or the equivalent decision, subject to the equivalent qualification, under the Immigration (European Economic Area) Regulations of the Isle of Man)
  - an exclusion decision
  - a deportation order, other than by virtue of the EEA Regulations
  - an Islands deportation order
  - an Islands exclusion decision

Where indicated in Appendix EU in relation to eligibility for indefinite leave to enter or remain, the requirement that there has been ‘no supervening event’ applies in respect of the applicant.

In relation to an applicant’s eligibility for limited leave to enter or remain under Appendix EU as a family member of a relevant EEA citizen or as a joining family member of a relevant sponsor, the requirement that there has been ‘no supervening event’ applies in respect of (as the case may be) the relevant EEA citizen or the relevant sponsor.

Appendix EU to the Immigration Rules
Permanent residence (PR) document holders

Under condition 1 in rule EU11 the applicant meets the eligibility requirements for indefinite leave to enter (ILE) or indefinite leave to remain (ILR) as a relevant European Economic Area (EEA) citizen, a family member of a relevant EEA citizen or a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, where you are satisfied that they have a documented right of PR and no supervening event has occurred in respect of the applicant.

Requirements

You must be satisfied that at the date of application:

- the applicant has been issued with either:
  - a document certifying permanent residence or a permanent residence card under the EEA Regulations
  - a residence permit or residence document under the Immigration (European Economic Area) Order 1994 endorsed to show permission to remain in the UK indefinitely
- the document or card is not invalid under regulation 19(4)(c) because the applicant never had a right of permanent residence and, if a permanent residence card, was issued or renewed within the last 10 years
- the document or card has not been revoked, and its renewal has not been refused under regulation 24 (except where the revocation or refusal occurred because the applicant had been absent from the UK for a period of more than 2, and no more than 5, consecutive years)
- the person’s right to reside has not been cancelled under regulation 25

Or you must be satisfied that at the date of application either:

- the person has been given notice in writing under paragraphs 256 to 257A of the Immigration Rules of the Bailiwick of Guernsey showing that they may remain indefinitely, and this notice has not been revoked or otherwise ceased to be effective
- the person has been issued by the relevant Minister with a document in accordance with paragraphs 255 to 258 of the Immigration Rules of the Bailiwick of Jersey in an appropriate form certifying permanent residence or a permanent residence card, and this document or card has not been revoked or otherwise ceased to be effective
- the person has been issued with a letter certifying permanent residence, or their passport has been stamped to that effect, under the Immigration (European Economic Area) Regulations of the Isle of Man, and this evidence has not been revoked, invalidated or cancelled
In addition, you must be satisfied that no supervening event has occurred in respect of the applicant.

**Relevant evidence**

The applicant must provide confirmation, via self-declaration within the required application process, that they have not been absent from the UK or Islands for a period of more than 5 consecutive years at any point since they last acquired the right of permanent residence as set out above.

As set out above, you must be satisfied that the applicant has the documented right of permanent residence.

If an applicant cannot provide the PR document (or its equivalent) or its reference number, for example because the number is damaged or obscured, or the document never had one, you must check Home Office records (or liaise with the Islands) and, if there is no record available, contact the applicant for further details such as approximate date of issue to narrow any searches. If there is still no trace, the applicant must be invited to submit the document for you to consider. In these circumstances, you must discuss this with your senior caseworker.

---

**Official – sensitive: start of section**

The information in this section has been removed as it is restricted for internal Home Office use.

**Official – sensitive: end of section**

If the applicant has been subject to one of the decisions or orders in 'supervening event', you must discuss with your senior caseworker before further action is taken.

Where an applicant has declared that they have a documented right of PR and they have not been absent from the UK and Islands for a period of more than 5 consecutive years at any point since they last acquired the right of permanent residence as set out above, but it is identified during the caseworking process that this is not the case, the applicant is not eligible for ILE or ILR under this condition.

**Decision**

If you are satisfied, on the balance of probabilities, that the applicant meets the above requirements, the applicant is eligible for ILE or ILR.

If, however, you are not satisfied, on the balance of probabilities, that the applicant meets the above requirements, you must consider their eligibility for ILE or ILR under the other eligibility conditions in rule EU11 and otherwise their eligibility for 5 years’ limited leave to enter (LTE) or limited leave to remain (LTR) under condition 1 in rule EU14.
If they do not meet the eligibility conditions in rule EU11 or EU14, you must consider their eligibility as a **joining family member of a relevant sponsor** for ILE or ILR under rule EU11A or for 5 years’ LTE or LTR under rule EU14A.

**Scenario 1**

Miss A has applied on the basis of having documented permanent residence and has supplied her valid permanent residence card. There is no evidence to suggest that her permanent residence has lapsed or that a supervening event has occurred in respect of the applicant. Miss A will be eligible for ILE or ILR.

**Scenario 2**

Mrs B applies and states that she has documented permanent residence, but information indicates that when she applied for her permanent residence document to be renewed her application was refused as she had been absent from the UK for more than 2 years since it was issued.

Evidence provided confirmed that Mrs B was out of the UK for 3 consecutive years and this does not therefore constitute a supervening event. Mrs B will be eligible for ILE or ILR.

Indefinite leave to enter (ILE) or indefinite leave to remain (ILR) holders

Under condition 2 in rule EU11 the applicant meets the eligibility requirements for indefinite leave to enter (ILE) or indefinite leave to remain (ILR) where you are satisfied that they are a relevant European Economic Area (EEA) citizen, a family member of a relevant EEA citizen or a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, and there is valid evidence of their ILE or ILR.

Requirements

You must be satisfied that, at the date of application, the applicant is either:

- a relevant EEA citizen
- a family member of a relevant EEA citizen
- a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen

And:

- there is valid evidence of the applicant’s ILE or ILR

Relevant evidence

If the applicant is a family member of a relevant EEA citizen, see assessing family relationship for the relevant evidence of that.

If the applicant is a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, see a family member who has retained the right of residence for the relevant evidence of that.

You must be satisfied that there is valid evidence of the applicant’s ILE or ILR which means either:

- a valid biometric immigration document (as defined in section 5 of the UK Borders Act 2007, and also referred to as a biometric residence permit), a valid stamp or endorsement in a passport (whether or not the passport has expired), or other valid document issued by the Home Office confirming that the applicant has ILE or ILR in the UK
- you are otherwise satisfied from the evidence or information available to you that the applicant has ILE or ILR in the UK or the Islands

And, in either case, the status has not lapsed (by an absence from the UK and Islands for a period of more than 2 consecutive years) or been revoked or invalidated (for example, because a deportation order has been made against the applicant).
The applicant must provide confirmation, via self-declaration within the application process, that their ILE or ILR has not lapsed through absence from the UK and Islands for a period of more than 2 consecutive years or been revoked or invalidated.

**Applicants unable to provide evidence of ILE or ILR**

Where an applicant applies on the basis of having ILE or ILR but does not provide documentary evidence of this status, you must check Home Office records to confirm whether the Home Office holds any information confirming the status being claimed by the applicant. Where Home Office records confirm the status, you must accept this as evidence of that status.

Applicants who claim to have an historical grant of ILE or ILR that they are unable to provide evidence of and which pre-dates current Home Office records may be able to apply under the Windrush Scheme to have their status checked and documented. See GOV.UK for information on [undocumented Commonwealth citizens resident in the UK](https://www.gov.uk).

If the applicant is unable to provide any evidence of their status, and no such evidence exists in Home Office records, you are unable to grant the application under this condition.

---

**Official – sensitive: start of section**

The information in this section has been removed as it is restricted for internal Home Office use.

**Official – sensitive: end of section**

Where an applicant has declared that their ILE or ILR has not lapsed through absence from the UK and Islands for a period of more than 2 consecutive years or been revoked or invalidated but it is identified during the caseworking process that their status has, in fact, lapsed or been lost, you are unable to grant the application under this condition.

**Decision**

If you are satisfied, on the balance of probabilities, that the applicant meets the above requirements, the applicant is eligible for ILE or ILR.

If you are not satisfied, on the balance of probabilities, that the applicant meets the above requirements, you must consider their application for ILE or ILR under the other eligibility conditions in rule EU11. Otherwise, you must consider their eligibility for 5 years’ limited leave to enter (LTE) or limited leave to remain (LTR) under condition 1 in rule EU14.
If they do not meet the eligibility conditions in rule EU11 or EU14, you must consider their eligibility as a joining family member of a relevant sponsor for ILE or ILR under rule EU11A or for 5 years' LTE or LTR under rule EU14A.

Scenario 1

Mr C is the non-EEA citizen spouse of an EEA citizen and has applied on the basis of having previously been granted ILR in the UK. He has provided his expired passport which contains a valid stamp confirming that he has been granted ILR along with evidence of his marriage to an EEA citizen. There is no evidence to suggest that he has been absent from the UK for a period of more than 2 consecutive years. Mr C is eligible for ILR.

Scenario 2

Dr D, an EEA citizen, claims to have been granted ILR but states that she has lost the appropriate document.

Home Office records confirm that Dr D was granted ILR as claimed and there is no evidence to suggest this has lapsed or been revoked or invalidated. Dr D is eligible for ILR.

Applicant has completed a continuous qualifying period of 5 years

Under condition 3 in rule EU11 the applicant meets the eligibility requirements for indefinite leave to enter (ILE) or indefinite leave to remain (ILR) where you are satisfied that the applicant either:

- is a relevant European Economic Area (EEA) citizen
- is (or for the relevant period was) a family member of a relevant EEA citizen
- is (or for the relevant period was) a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen
- a person with a derivative right to reside
- a person with a Zambrano right to reside
- a person who had a derivative or Zambrano right to reside

And, in addition, both the following apply:

- the applicant has completed a continuous qualifying period of 5 years in any (or any combination) of the above categories
- since then no supervening event has occurred in respect of the applicant

Requirements

You must be satisfied that, at the date of application, the applicant either:

- is a relevant EEA citizen
- is (or for the relevant period was) a family member of a relevant EEA citizen
- is (or for the relevant period was) a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen
- a person with a derivative right to reside
- a person with a Zambrano right to reside
- a person who had a derivative or Zambrano right to reside

And you must be satisfied that, at the date of application, the applicant has completed a continuous qualifying period of 5 years which, unless they are the dependent relative of a specified relevant person of Northern Ireland, began before the specified date in any, or any combination of, those categories.

Under rule EU13, the reference in condition 3 in rule EU11 to the applicant completing a continuous qualifying period of 5 years which began before the specified date can include a period during which the applicant was a family member of a qualifying British citizen or a family member who has retained the right of residence by virtue of a relationship with a qualifying British citizen before becoming (as the case may be) a relevant EEA citizen, a family member of a relevant EEA citizen (or thereafter a family member who has retained the right of residence by
virtue of a relationship with a relevant EEA citizen), a person with a derivative right to reside or a person with a Zambrano right to reside.

In addition, you must be satisfied that since then no supervening event has occurred in respect of the applicant.

**Relevant evidence**

If the applicant is (or, as the case may be, for the relevant period was) a family member of relevant EEA citizen, see assessing family relationship for the relevant evidence of that.

If the applicant is (or, as the case may be, for the relevant period was) a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, see a family member who has retained the right of residence for the relevant evidence of that.

If the application is made online and the applicant has a National Insurance number and provides this, automated checks will be undertaken with HMRC and DWP as part of the application process. This may provide evidence that the applicant has completed a continuous qualifying period of residence in the UK and Islands (or, where applicable, the UK) of 5 years which began before the specified date. See automated checks for further information.

Should these checks not provide sufficient evidence of the continuous qualifying period of residence in the UK and Islands (or, where applicable, the UK), the applicant will be invited by the application process to provide evidence that, when combined with any evidence supplied by the automated HMRC and DWP checks where these are conducted, confirms that they have completed a continuous qualifying period of residence in the UK and Islands (or, where applicable, the UK) of 5 years which began before the specified date. See evidence of residence for examples of evidence of residence an applicant may produce.

The applicant must also provide a self-declaration that since then they have not been absent from the UK and Islands for a period of more than 5 consecutive years.

**Decision**

If you are satisfied, on the balance of probabilities, that the applicant meets the above requirements, the applicant is eligible for ILE or ILR.

If you are not satisfied, on the balance of probabilities, that the applicant meets the above requirements, you must consider their application for ILE or ILR under the other eligibility conditions in rule EU11. Otherwise, you must consider their eligibility for 5 years’ limited leave to enter (LTE) or limited leave to remain (LTR) under condition 1 in rule EU14.
If they do not meet the eligibility conditions in rule EU11 or EU14, you must consider their eligibility as a joining family member of a relevant sponsor for ILE or ILR under rule EU11A or for 5 years' LTE or LTR under rule EU14A.

**Scenario 1**

Professor E, a French citizen, has been living in the UK continuously for the past 8 years. Automated checks from HMRC confirm that he has been working in the UK for 7 years. The data runs up to the month before his application, so it is not possible for him to have been absent for more than 5 consecutive years since then, and there is no evidence of any other supervening event in respect of the applicant. Professor E is eligible for ILR.

**Scenario 2**

Mrs F is the Brazilian spouse of an Italian citizen. Relationship and relevant identities are confirmed. She claims that both she and her spouse have been resident in the UK since 2012. Home Office records show her spouse was issued with a document certifying permanent residence in 2017 and automated checks show that Mrs F was employed from 2013-2015. Mrs F provides council tax bills for the period 2015-2018, dated and addressed to both her and her spouse. There is no evidence of a supervening event in respect of the applicant. Mrs F is eligible for ILR.

A relevant EEA citizen who has ceased activity

Under condition 4 in rule EU11 the applicant meets the eligibility requirements for indefinite leave to enter (ILE) or indefinite leave to remain (ILR) where you are satisfied that:

- the applicant is a relevant European Economic Area (EEA) citizen who is a person who has ceased activity
- since they did so, no supervening event has occurred

Requirements

You must be satisfied that, at the date of application, the applicant is a relevant EEA citizen.

You must be satisfied that, at the date of application, the applicant is a person who has ceased activity. Further detail on this is set out below.

In addition, you must be satisfied that since the applicant became a person who has ceased activity, no supervening event has occurred.

Retired

You must be satisfied that, at the date of application, the applicant:

- has terminated activity as a worker or self-employed person in the UK and either:
  o reached the age of entitlement to a state pension on terminating that activity
  o in the case of a worker, ceased working to take early retirement
- immediately before that termination was both:
  o a worker or self-employed person in the UK for at least 12 months
  o resident in the UK and Islands for a continuous qualifying period of more than 3 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date

The conditions above as to length of residence and of employment do not apply where you are satisfied, including by the required evidence of family relationship, that the relevant EEA citizen is the spouse or civil partner of a British citizen. See assessing family relationship for the relevant evidence of that.

Relevant evidence

Evidence which may be relevant to the requirements above includes:
• evidence that the applicant was a worker or self-employed person in the UK immediately before they retired - for example, employer’s letter, wage slips, relevant information from HMRC
• evidence of the applicant’s retirement. For example, a relevant HMRC form, letter from employer, pension statements
• unless the applicant is the spouse or civil partner of a British citizen, evidence of employment in the UK for at least 12 months immediately before retirement - for example, employer’s letter, wage slips, relevant information from HMRC
• unless the applicant is the spouse or civil partner or a British citizen, evidence that they were resident in the UK and Islands for a continuous qualifying period of more than 3 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date, immediately before retirement (either from the automated checks with HMRC and DWP or as provided by the applicant: see evidence of residence)
• a self-declaration that they have not been absent from the UK and Islands for a period of more than 5 consecutive years since they became a person who has ceased activity

Permanent incapacity

You must be satisfied that, at the date of application, the applicant has:

• stopped being a worker or self-employed person in the UK owing to permanent incapacity to work and either:
  o having been resident in the UK and Islands for a continuous qualifying period of more than the preceding 2 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date
  o the incapacity having resulted from an accident at work or an occupational disease that entitles the person to a pension payable in full or in part by an institution in the UK

The condition above as to length of residence does not apply where you are satisfied, including by the required evidence of family relationship, that the relevant EEA citizen is the spouse or civil partner of a British citizen. See assessing family relationship for the relevant evidence of that.

Relevant evidence

Evidence which may be relevant to the requirements above includes:

• evidence that the applicant was a worker or self-employed person in the UK - for example, employer’s letter, wage slips, relevant information from HMRC
• evidence of their permanent incapacity to work - for example, a letter from their hospital consultant
• unless the applicant is the spouse or civil partner of a British citizen, evidence that they were resident in the UK and Islands for a continuous qualifying period of more than the preceding 2 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date (either from the...
automated checks with HMRC and DWP or as provided by the applicant: see evidence of residence)

Or evidence that:

- the permanent incapacity resulted from an accident at work or an occupational disease - for example, a letter from a hospital consultant - and confirmation, in the form for example of a letter or pension statements, that the accident at work or occupational disease entitles the applicant to a pension payable in full or in part by an institution in the UK
- a self-declaration that they have not been absent from the UK and Islands for a period of more than 5 consecutive years since they became a person who has ceased activity

**Worker or self-employed person who has retained a place of residence**

You must be satisfied that, at the date of application, the applicant was resident in the UK for a continuous qualifying period of at least 3 years as a worker or self-employed person which, unless they are a specified relevant person of Northern Ireland, began before the specified date, immediately before becoming a worker or self-employed person in another EEA country. Also, they must have retained a place of residence in the UK to which they return, as a rule, at least once a week.

Being a ‘worker’ means that there is evidence which satisfies you that the applicant is either:

- a worker as defined in regulation 4(1) of the EEA Regulations
- a person who is no longer working but who continues to be treated as a worker within the meaning of “qualified person” under regulation 6

Being a ‘self-employed person’ means that there is evidence which satisfies you that the applicant is either:

- a self-employed person as defined in regulation 4(1) of the EEA Regulations
- a person who is no longer in self-employment but who continues to be treated as a self-employed person within the meaning of “qualified person” under regulation 6

**Relevant evidence**

Evidence which may be relevant to the requirements above includes:

- evidence of having resided in the UK for a continuous qualifying period of at least 3 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date (either from the automated checks with HMRC and DWP or as provided by the applicant: see evidence of residence)
• evidence of having been a worker or self-employed person in the UK for that period of at least 3 years - for example, employer’s letter, pay slips, relevant information from HMRC
• evidence of becoming a worker or self-employed person in another EEA country immediately after leaving the UK. For example, employer’s letter or pay slips
• evidence of retaining a place of residence in the UK, for example, utility bills
• evidence that the applicant returns to this place of residence, as a rule, at least once a week, for example travel tickets
• a self-declaration that they have not been absent from the UK and Islands for a period of more than 5 consecutive years since they became a person who has ceased activity

Decision

If you are satisfied, on the balance of probabilities, that the applicant meets the above requirements, the applicant is eligible for ILE or ILR.

If you are not satisfied, on the balance of probabilities, that the applicant meets the above requirements, you must consider their application for ILE or ILR under the other eligibility conditions in rule EU11. Otherwise, you must consider their eligibility for 5 years’ limited leave to enter (LTE) or limited leave to remain (LTR) under condition 1 in rule EU14.

If they do not meet the eligibility conditions in rule EU11 or EU14, you must consider their eligibility as a joining family member of a relevant sponsor for ILE or ILR under rule EU11A or for 5 years’ LTE or LTR under rule EU14A.

Scenario 1

Mr G, a 68 year old French citizen, became a retired worker in 2016. Automated checks from HMRC show that he was in employment in the UK for 3 years before retiring, and statements provided confirm he has been in receipt of a pension since 2016. There is no evidence of a supervening event. Mr G is eligible for ILR.

Scenario 2

Ms H, a German citizen, has been living in the UK since 2014. She was injured in an industrial accident in the UK and was unable to continue work. A letter from her hospital consultant confirms she is no longer able to work in any capacity and an employer’s letter confirms her pension is as claimed. Automated checks from HMRC confirm her period of work and she has declared that she has not left the UK since. There is no evidence of a supervening event. Ms H is eligible for ILR.

Scenario 3

Professor J, a Greek citizen, has applied on the basis of being a worker with a retained place of residence in the UK. She claims that she lived in the UK from 2012-
2016 and has since been working in Austria whilst returning to her house in the UK at least once a week.

The automated checks from HMRC show that she was employed in the UK for the period claimed, and she has provided payslips and bank statements evidencing her employment in Austria. Professor J has also provided utility bills for her address in the UK from 2016 to the date of application, and her travel history showing that she returns to the UK every weekend. There is no evidence of a supervening event. Professor J is eligible for ILR.

- where they are a British citizen or a British citizen and an Irish citizen, and if they had made a valid application under Appendix EU before 1 July 2021, they would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a person exempt from immigration control, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a relevant naturalised British citizen (in accordance with sub-paragraphs (b), (c) and (d) of that definition in Annex 1 to Appendix EU)

Where the date of application is on or after 1 July 2021, you must also be satisfied the relevant EEA citizen either:

- having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated

- having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a relevant naturalised British citizen in accordance with sub-paragraphs (a), (c) and (d) of that definition in Annex 1 to Appendix EU who, if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- (where the applicant is the family member (“F”) to whom paragraph 9 of Schedule 6 to the EEA Regulations refers and meets the criteria as F in that paragraph) is an EEA citizen in accordance with sub-paragraph (c) of the
definition in Annex 1 to Appendix EU, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a relevant person of Northern Ireland and either:
  - an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU (or its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated
  - an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application
  - a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a person exempt from immigration control, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

Whatever the date of application, the applicant also needs to demonstrate that:

- they were resident in the UK and Islands for a continuous qualifying period which, unless they are the dependent relative of a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would have had a dependent relative of a specified relevant person of Northern Ireland become a person who has ceased activity
- since the relevant EEA citizen became a person who has ceased activity, no supervening event has occurred in respect of the applicant

**Relevant evidence**

Evidence which may be relevant to the requirements above includes:
• evidence that the applicant is (or for the relevant period was) the family member of a relevant EEA citizen. See assessing family relationship for the relevant evidence of that
• evidence that the relevant EEA citizen is a person who has ceased activity and that the applicant was their family member when they did so - see ceased activity for the relevant evidence of that
• evidence that the relevant EEA citizen either:
  o has been or (where the date of application is before 1 July 2021) is being granted ILE or ILR under paragraph EU2 of Appendix EU (or under its equivalent in the Islands) or (but for the fact, where they are, that they are a British citizen) would have been granted that leave under Appendix EU if they had made a valid application under it before 1 July 2021 - for example, the relevant application reference number where they have applied under the scheme
  o is a relevant naturalised British citizen
• evidence that the applicant was resident in the UK and Islands for a continuous qualifying period which, unless they are the dependent relative of a specified relevant person of Northern Ireland, began before the specified date, immediately before the relevant EEA citizen became a person who has ceased activity
• a self-declaration that the applicant has not been absent from the UK and Islands for a period of more than 5 consecutive years since the relevant EEA citizen became a person who has ceased activity

Decision

If you are satisfied, on the balance of probabilities, that the applicant meets the above requirements, the applicant is eligible for ILE or ILR.

If you are not satisfied, on the balance of probabilities, that the applicant meets the above requirements, you must consider their application for ILE or ILR under the other eligibility conditions in rule EU11. Otherwise, you must consider their eligibility for 5 years’ LTE or LTR under condition 1 in rule EU14.

If they do not meet the eligibility conditions in rule EU11 or EU14, you must consider their eligibility as a joining family member of a relevant sponsor for ILE or ILR under rule EU11A or for 5 years’ LTE or LTR under rule EU14A.

Scenario 1

Mrs K, a 60 year old Chinese citizen, has applied as the spouse of a Portuguese citizen who ceased activity in 2015. She has provided her marriage certificate and spouse’s passport, and documents that show that her spouse was in employment for 3 years before retiring. There is also evidence that the Portuguese spouse has been receiving a pension since 2015. There is no evidence of a supervening event in respect of the applicant. Mrs K is eligible for ILR.
Scenario 2

Mr L, a Mexican citizen, has applied at the same time as his wife, a Swedish citizen, who ceased activity in 2016. A marriage certificate has been provided to confirm the relationship and Mr L's Swedish spouse was previously granted ILR as an EEA citizen who has ceased activity. There is no evidence of a supervening event in respect of the applicant. Mr L is eligible for ILR.

And, in addition, where the date of application is before 1 July 2021, the relevant EEA citizen (or the spouse or civil partner) either:

Or, in addition, where the date of application is on or after 1 July 2021, the relevant EEA citizen (or the spouse or civil partner) either:

- having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted ILE or ILR under paragraph EU2 of Appendix EU (or under its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated

- is an Irish citizen who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted ILE or ILR under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a relevant naturalised British citizen (in accordance with sub-paragraphs (a), (c) and (d) of the relevant definition in Annex 1 to Appendix EU) who, if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted ILE or ILR under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- (where the applicant is the family member (“F”) to whom paragraph 9 of Schedule 6 to the EEA Regulations refers and meets the criteria as F in that paragraph) is an EEA citizen in accordance with sub-paragraph (c) of the definition in Annex 1 to Appendix EU, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted ILE or ILR under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a relevant person of Northern Ireland and either:
o an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, has been granted ILE or ILR under paragraph EU2 of Appendix EU (or its equivalent in the Islands), which has not lapsed or been cancelled, revoked or invalidated

o an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date, would, if they had made a valid application under Appendix EU before 1 July 2021, have been granted ILR or ILR under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

o a British citizen, or a British citizen and an Irish citizen, who, having been resident in the UK and Islands for a continuous qualifying period which, unless they are a specified relevant person of Northern Ireland, began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would, but for the fact that they are a British citizen, have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

- is a person exempt from immigration control, who, having been resident in the UK and Islands for a continuous qualifying period which began before the specified date and if they had made a valid application under Appendix EU before 1 July 2021, would have been granted indefinite leave to enter or remain under paragraph EU2 of Appendix EU, which would not have lapsed or been cancelled, revoked or invalidated before the date of application

**Relevant evidence**

Evidence which may be relevant to the requirements above includes evidence that the applicant is the child under the age of 21 of a relevant EEA citizen or of their spouse or civil partner). See [assessing family relationship](#) for the relevant evidence of that.

Where the date of application is before 1 July 2021, it also includes evidence that either:

- the relevant EEA citizen (or their spouse or civil partner) has been or is being granted ILE or ILR under paragraph EU2 of Appendix EU (or under its equivalent in the Islands)

- if the child’s parent (or their spouse or civil partner) is an Irish citizen who has not made a valid application under Appendix EU, evidence they would have been granted ILE or ILR under paragraph EU2 if they had made such an application before 1 July 2021. For example, their valid passport or national identity card and evidence of a continuous qualifying period of residence in the UK of 5 years which began before the specified date

- if the relevant EEA citizen is a relevant person of Northern Ireland, either:
  - where they are an Irish citizen, evidence they have been or are being granted ILE or ILR under paragraph EU2 of Appendix EU (or under its
equivalent in the Islands) or would have been granted ILE or ILR under that paragraph, if they had made a valid application under Appendix EU before 1 July 2021 - for example, the reference number for their application under the scheme where they have been granted ILE or ILR under paragraph EU2 of Appendix EU; or their valid Irish passport or national identity card, evidence that they are a relevant person of Northern Ireland (see Family members of the people of Northern Ireland) and evidence of a continuous qualifying period of residence in the UK of 5 years which began before the specified date

- where they are a British citizen or a British citizen and an Irish citizen, they would, but for the fact that they are a British citizen, have been granted ILE or ILR under paragraph EU2 of Appendix EU, if they had made a valid application under Appendix EU before 1 July 2021 - for example, their valid Irish passport or national identity card and/or their valid British passport, evidence that they are a relevant person of Northern Ireland (see Family members of the people of Northern Ireland) and evidence of a continuous qualifying period of residence in the UK of 5 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date

- if the child’s parent (or their spouse or civil partner) is a relevant naturalised British citizen (in accordance with sub-paragraphs (b), (c) and (d) of that definition in Annex 1 to Appendix EU), evidence they would, were they not a British citizen, have been granted ILE or ILR under paragraph EU2 if they had made a valid application under Appendix EU before 1 July 2021 - for example, their valid passport or national identity card as an EEA citizen, evidence that they are a British citizen and evidence of a continuous qualifying period of residence in the UK of 5 years which began before the specified date

Where the date of application is on or after 1 July 2021, it also includes evidence that either:

- the relevant EEA citizen (or their spouse or civil partner) has been granted ILE or ILR under paragraph EU2 of Appendix EU (or under its equivalent in the Islands)
- if the child’s parent (or their spouse or civil partner) is an Irish citizen, evidence they would have been granted ILE or ILR under paragraph EU2 of Appendix EU if they had made a valid application under that Appendix before 1 July 2021. For example, their valid passport or national identity card and evidence of a continuous qualifying period of residence in the UK of 5 years which began before the specified date
- if the child’s parent (or their spouse or civil partner) is a relevant naturalised British citizen (in accordance with sub-paragraphs (a), (c) and (d) of that definition in Annex 1 to Appendix EU), evidence they would, were they not a British citizen, have been granted ILE or ILR under paragraph EU2 if they had made a valid application under Appendix EU before 1 July 2021 - for example, their valid passport or national identity card as an EEA citizen, evidence that they are a British citizen and evidence of a continuous qualifying period of residence in the UK of 5 years which began before the specified date
• if the relevant EEA citizen is a relevant person of Northern Ireland, either:
  o where they are an Irish citizen, evidence they have been granted ILE or ILR under paragraph EU2 of Appendix EU (or under its equivalent in the Islands) or would have been granted ILE or ILR under that paragraph, if they had made a valid application under Appendix EU before 1 July 2021 - for example, the reference number for their application under the scheme where they have been granted ILE or ILR under paragraph EU2 of Appendix EU; or their valid Irish passport or national identity card, evidence that they are a relevant person of Northern Ireland (see Family members of the people of Northern Ireland) and evidence of a continuous qualifying period of residence in the UK of 5 years which began before the specified date
  o where they are a British citizen or a British citizen and an Irish citizen, they would, but for the fact that they are a British citizen, have been granted ILE or ILR under paragraph EU2 of Appendix EU, if they had made a valid application under Appendix EU before 1 July 2021 - for example, their valid Irish passport or national identity card and/or their valid British passport, evidence that they are a relevant person of Northern Ireland (see Family members of the people of Northern Ireland) and evidence of a continuous qualifying period of residence in the UK of 5 years which, unless they are a specified relevant person of Northern Ireland, began before the specified date

**Decision**

If you are satisfied, on the balance of probabilities, that the applicant meets the above requirements, the applicant is eligible for ILE or ILR.

If you are not satisfied, on the balance of probabilities, that the applicant meets the above requirements, you must consider their application for ILE or ILR under the other eligibility conditions in rule EU11. Otherwise, you must consider their eligibility for 5 years’ LTE or LTR under condition 1 in rule EU14.

If they do not meet the eligibility conditions in rule EU11 or EU14, you must consider their eligibility as a joining family member of a relevant sponsor for ILE or ILR under rule EU11A or for 5 years’ LTE or LTR under rule EU14A.

**Scenario 1**

Miss O, a 12 year old Argentinian citizen, has applied as the daughter of Mrs O, a Portuguese citizen. Miss O has provided her birth certificate which confirms her relationship to Mrs O and Mrs O’s reference number confirming a grant of ILR under the scheme, which has been confirmed by Home Office records. Miss O is eligible for ILR.

**Scenario 2**

Mr P, a 16 year old Ecuadorian citizen, has applied as the son of Ms P, who is in a civil partnership with Ms Q, a Polish citizen. A birth certificate and civil partnership
certificate have been produced to confirm both relationships are as claimed, and Ms Q’s passport confirms that she is a Polish citizen.

A reference number provided confirms that Ms P has been granted ILR under the scheme. Mr P is eligible for ILR.

Appendix EU to the Immigration Rules
Family member who has retained the right of residence

An applicant can meet the eligibility requirements for indefinite leave to enter (ILE) or indefinite leave to remain (ILR) under rule EU11 (condition 1, 2 or 3), or for limited leave to enter (LTE) or limited leave to remain (LTR) under rule EU14 (condition 1), as a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen.

An applicant can meet the eligibility requirements for ILE or ILR under rule EU12 (condition 1, 2 or 3), or for LTE or LTR under rule EU14 (condition 2), as a family member who has retained the right of residence by virtue of a relationship with a qualifying British citizen.

An applicant can meet the eligibility requirements for indefinite leave to enter (ILE) or indefinite leave to remain (ILR) under rule EU11A (condition 1), or for limited leave to enter (LTE) or limited leave to remain (LTR) under rule EU14A (the condition there), as a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor.

This section sets out the requirements to be met and the evidence which may be provided by the applicant, who can be a European Economic Area (EEA) citizen or a non-EEA citizen, to satisfy you that, at the date of application, they are a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, with a qualifying British citizen or with a relevant sponsor.

You must also be satisfied that since satisfying those requirements, the ‘required continuity of residence’ has been maintained by the applicant. This means that, where the applicant has not completed a continuous qualifying period of 5 years (and does not have valid evidence of their indefinite leave to enter or remain, and has not acquired the right of permanent residence in the UK under regulation 15 of the EEA Regulations, or the right of permanent residence in the Islands through the application there of section 7(1) of the Immigration Act 1988 (as it had effect before it was repealed) or under the Immigration (European Economic Area) Regulations of the Isle of Man), then, since the point at which (where they do so) they began to rely on being in the UK and Islands as a family member who has retained the right of residence and while they continued to do so, one of the events referred to in sub-paragraph (b)(i) or (b)(ii) in the definition of ‘continuous qualifying period’ in Annex 1 to Appendix EU has not occurred.

Evidence about the relevant EEA citizen (or qualifying British citizen or relevant sponsor)

Where the applicant is an EEA citizen or non-EEA citizen without a documented right of permanent residence who relies on being (or for the relevant period on having been) a family member who has retained the right of residence by virtue of a relevant EEA citizen, qualifying British citizen or relevant sponsor in the UK.
relationship with a relevant EEA citizen (or with a qualifying British citizen or relevant sponsor), the applicant will need to provide:

- proof of the identity and nationality of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) – see other evidence in assessing family relationship

You can agree to accept alternative evidence of the identity and nationality of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) where the applicant is unable to obtain or produce the required document due to circumstances beyond their control or to compelling practical or compassionate reasons. For example, in cases where you are satisfied that there has been a permanent breakdown in the relationship between the applicant and the relevant EEA citizen (or qualifying British citizen or relevant sponsor), it may not be possible for the applicant to obtain or produce the required document.

You must consider each case on its merits as to whether you are satisfied that the applicant cannot obtain or produce the required document, having made every reasonable effort to do so or having shown why it is not possible for them to do so. For further guidance, see Alternative evidence of identity and nationality or of entitlement to apply from outside the UK.

Where the applicant is an EEA citizen or non-EEA citizen without a documented right of permanent residence who relies on having been a family member of a relevant EEA citizen (or of a qualifying British citizen), or a joining family member of a relevant sponsor, before being (or for the relevant period on having been) a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen, a qualifying British citizen or a relevant sponsor, the applicant will also need to provide:

- evidence about the residence or status of the relevant EEA citizen (or about the residence of the qualifying British citizen or the residence or status of the relevant sponsor) – see other evidence in assessing family relationship – which satisfies you either that:
  o the EEA citizen (was a relevant EEA citizen throughout any continuous qualifying period on which the applicant relies as being a family member of a relevant EEA citizen
  o the EEA citizen (or British citizen) was a relevant sponsor (or a qualifying British citizen) throughout any continuous qualifying period on which the applicant relies as being a joining family member of a relevant sponsor (or a family member of a qualifying British citizen)

You must take a flexible and pragmatic approach, particularly where you are satisfied that there has been a permanent breakdown in the relationship between the applicant and the relevant EEA citizen (or qualifying British citizen or relevant sponsor). Each case must be dealt with on its own merits and on a case by case basis, in consultation with your senior caseworker.
In consultation with a senior caseworker, you can, where necessary and appropriate, make reasonable enquiries on behalf of the applicant in order to obtain the required evidence on a case by case basis, and in line with the General Data Protection Regulation (GDPR) and other data sharing protocols, where an applicant is having difficulty in proving their eligibility.

**The relevant EEA citizen (or qualifying British citizen or relevant sponsor) has died**

**Requirements**

The applicant can apply as a family member who has retained the right of residence where:

- they were the family member of a relevant EEA citizen (or qualifying British citizen), or the joining family member of a relevant sponsor, and that person has died
- they were resident in the UK as the family member of that relevant EEA citizen (or qualifying British citizen), or as the joining family member of that relevant sponsor, for a continuous qualifying period of at least 1 year immediately before their death

**Relevant evidence**

In addition to evidence about the relevant EEA citizen (or qualifying British citizen or relevant sponsor), evidence which may be relevant to the requirements above includes:

- the death certificate of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or other evidence which you are satisfied evidences the death
- evidence that the applicant was the family member of the relevant EEA citizen (or qualifying British citizen) or a joining family member of the relevant sponsor. See assessing family relationship for the relevant evidence of this
- evidence that the applicant was resident in the UK as the family member of the relevant EEA citizen (or qualifying British citizen), or as a joining family member of the relevant sponsor, for a continuous qualifying period of at least 1 year immediately before their death

**A child of a relevant EEA citizen (or qualifying British citizen or relevant sponsor) who has died or ceased to reside in the UK (or of their spouse or civil partner)**

**Requirements**

The applicant can apply as a family member who has retained the right of residence where they both:
• are the child of a relevant EEA citizen (or qualifying British citizen or relevant sponsor) who has died or ceased to reside in the UK, or of their spouse or civil partner at that point
• were attending a general educational course, apprenticeship or vocational training course in the UK immediately before the relevant EEA citizen (or qualifying British citizen or relevant sponsor) died or ceased to reside in the UK, and they continue to do so

**Relevant evidence**

In addition to evidence about the relevant EEA citizen (or qualifying British citizen or relevant sponsor), evidence which may be relevant to the requirements above includes:

• evidence of the child’s family relationship to the relevant EEA citizen (or qualifying British citizen or relevant sponsor), or to their spouse or civil partner at the time of their death or at the point they ceased to reside in the UK, and (where applicable) of the spouse or civil partner’s family relationship to the relevant EEA citizen (or qualifying British citizen or relevant sponsor) - see assessing family relationship for the relevant evidence of that
• the death certificate of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or other evidence which you are satisfied evidences the death, or evidence that the relevant EEA citizen (or qualifying British citizen or relevant sponsor) has ceased to reside in the UK, for example an employer’s letter for employment outside the UK
• evidence that the EEA citizen (or British citizen or relevant sponsor) was a relevant EEA citizen (or qualifying British citizen or relevant sponsor) immediately before their death or before they ceased to reside in the UK
• evidence that the applicant was attending a general educational course, apprenticeship or vocational training course in the UK immediately before the relevant EEA citizen (or qualifying British citizen or relevant sponsor) died or ceased to reside in the UK, and that they continue to do so

**A parent with custody of a child of a relevant EEA citizen or qualifying British citizen (or of their spouse or civil partner)**

**Requirements**

The applicant can apply as a family member who has retained the right of residence where:

• they are the parent with custody of a child who has retained the right of residence because a relevant EEA citizen (or qualifying British citizen) has died or ceased to reside in the UK
• the child was attending a general educational course, apprenticeship or vocational training course in the UK immediately before the EEA citizen (or qualifying British citizen) died or ceased to reside in the UK, and the child continues to do so
• the child is not a joining family member of a relevant sponsor

Custody of a child means that the child normally lives with the applicant or does so part of the time, and includes arrangements agreed informally and those which are subject to a court order for determining who the child shall live with and when.

Relevant evidence

In addition to evidence about the relevant EEA citizen (or qualifying British citizen), evidence which may be relevant to the requirements above includes:

• evidence that the applicant has custody of the child, such as a court order
• evidence of the child’s family relationship to the relevant EEA citizen or qualifying British citizen (or to their spouse or civil partner at the time of their death or at the point they ceased to reside in the UK) - see assessing family relationship for the relevant evidence of that
• where applicable, evidence of the spouse or civil partner’s relationship to the relevant EEA citizen (or qualifying British citizen) - see assessing family relationship for the relevant evidence of that
• the death certificate of the relevant EEA citizen (or qualifying British citizen) or other evidence which you are satisfied evidences the death, or evidence that the relevant EEA citizen (or qualifying British citizen) has ceased to reside in the UK, for example, an employer’s letter for employment outside the UK
• evidence that the EEA citizen (or British citizen) was a relevant EEA citizen (or qualifying British citizen) immediately before their death or before they ceased to reside in the UK
• evidence that the child was attending a general educational course, apprenticeship or vocational training course in the UK immediately before the relevant EEA citizen (or the qualifying British citizen) died or ceased to reside in the UK and continues to do so

The marriage or civil partnership with a relevant EEA citizen (or qualifying British citizen or relevant sponsor) has been terminated

Requirements

The applicant can apply as a family member who has retained the right of residence where:

• they ceased to be a family member of a relevant EEA citizen (or of a qualifying British citizen), or a joining family member of a relevant sponsor, on the termination of the marriage or civil partnership of that relevant EEA citizen (or of
that qualifying British citizen or relevant sponsor), regardless of whether, after the initiation of the proceedings for that termination, the relevant EEA citizen ceased to be a relevant EEA citizen (or the qualifying British citizen ceased to be a qualifying British citizen or the relevant sponsor ceased to be a relevant sponsor)

- they were resident in the UK at the date of the termination of the marriage or civil partnership

And one of the following applies, either:

- prior to the initiation of the proceedings for the termination of the marriage or civil partnership, the marriage or civil partnership had lasted for at least 3 years, and the parties to the marriage or civil partnership had been resident in the UK for a continuous qualifying period of at least 1 year during its duration
- the applicant has custody of a child of the relevant EEA citizen (or qualifying British citizen or relevant sponsor)
- the applicant has the right of access to a child of the relevant EEA citizen (or qualifying British citizen or relevant sponsor), where the child is under the age of 18 years and where a court has ordered that such access must take place in the UK
- the applicant’s continued right of residence in the UK is warranted by particularly difficult circumstances, such as where they or another family member has been a victim of domestic violence or abuse whilst the marriage or civil partnership was subsisting

**Relevant evidence**

In addition to evidence about the relevant EEA citizen (or qualifying British citizen or relevant sponsor), evidence which may be relevant to the requirements above includes:

- the court order terminating the marriage or civil partnership
- evidence that the applicant was resident in the UK at the date of the termination

Where the applicant is applying on the basis that the marriage or civil partnership of the relevant EEA citizen (or of the qualifying British citizen or relevant sponsor) lasted for at least 3 years before legal proceedings for its termination began, and the parties to the marriage or civil partnership were resident in the UK for a continuous qualifying period of at least one year during its duration, evidence which may be relevant to those requirements also includes:

- evidence of the marriage or civil partnership of the relevant EEA citizen (or qualifying British citizen or relevant sponsor), for example a marriage or civil partnership certificate
- evidence that prior to the initiation of the legal proceedings for its termination, the marriage or civil partnership had lasted for at least 3 years
- evidence that the parties to the marriage or civil partnership were resident in the UK for a continuous qualifying period of at least one year during its duration

Page 204 of 236 Published for Home Office staff on 09 November 2022
You also need to be satisfied that the applicant met the definition of a family member of a relevant EEA citizen (or of a qualifying British citizen), or of a joining family member of a relevant sponsor, for the period of residence, prior to the termination of the marriage or civil partnership, on which they are seeking to rely (such as for the period prior to them meeting the definition of a family member who has retained the right of residence). See assessing family relationship for the relevant evidence of that.

Where the applicant is applying on the basis that they have custody of a child of the relevant EEA citizen (or qualifying British citizen or relevant sponsor) or the right of access to a child of the relevant EEA citizen (or qualifying British citizen or relevant sponsor), evidence which may be relevant to those requirements also includes either:

- evidence that they have custody of the child, including either:
  - evidence that the child normally lives with the applicant
  - evidence that the child lives with the applicant part of the time
  - evidence of informally agreed arrangements regarding the child’s care
  - where the child is subject to a court order, evidence of this and the determination as to whom the child should live with and when
- evidence that they have the right of access to a child under the age of 18, including:
  - a court order in respect of that right of access that states that such access must take place in the UK

Where the applicant is applying on the basis that their continued right of residence in the UK is warranted by particularly difficult circumstances, such as domestic violence or abuse whilst the marriage or civil partnership was subsisting, you will also need to see relevant information or evidence about this from the applicant. You must take a flexible and pragmatic approach. Each case must be dealt with on its own merits and on a case by case basis, in consultation with your senior caseworker. For further guidance regarding domestic violence or abuse, see the next section.

In consultation with a senior caseworker, you can, where necessary and appropriate, make reasonable enquiries on behalf of the applicant on a case by case basis, and in line with the General Data Protection Regulation (GDPR) and other data sharing protocols, where an applicant is having difficulty in proving their eligibility.
A relevant family relationship with a relevant EEA citizen (or with a qualifying British citizen or relevant sponsor) has broken down permanently as a result of domestic violence or abuse

Requirements

The applicant can apply as a family member who has retained the right of residence where both:

- they are an EEA or non-EEA citizen who provides evidence that a relevant family relationship with a relevant EEA citizen (or with a qualifying British citizen or relevant sponsor) has broken down permanently as a result of domestic violence or abuse
- they were resident in the UK when the relevant family relationship broke down permanently as a result of domestic violence or abuse, and the continued right of residence in the UK of the applicant is warranted where the applicant or another family member has been a victim of domestic violence or abuse before the relevant family relationship broke down permanently

‘Relevant family relationship’ means a family relationship with a relevant EEA citizen (or with a qualifying British citizen or relevant sponsor) such that the applicant is, or (immediately before the relevant family relationship broke down permanently as a result of domestic abuse) was, a family member of a relevant EEA citizen (or of a qualifying British citizen) or a joining family member of a relevant sponsor. For further guidance see assessing family relationship.

This means that the applicant can be a victim of domestic violence or abuse or a relevant family member of the victim.

Where, following the permanent breakdown of the relevant family relationship as a result of domestic violence or abuse, the applicant remains a family member of a relevant EEA citizen (or of a qualifying British citizen), or a joining family member of a relevant sponsor, they will be deemed to have ceased to be such a family member for the purposes of Appendix EU once the permanent breakdown occurred. They can rely instead from that point on being a family member who has retained the right of residence.

This means that the applicant does not need to meet the requirements of Appendix EU as a family member of a relevant EEA citizen (or of a qualifying British citizen), or as a joining family member of a relevant sponsor, from that point on.

For example, where the applicant is applying on the basis that their continued right of residence in the UK is warranted where they or another family member have been a victim of domestic violence or abuse before the relevant family relationship broke down permanently, the applicant does not need to provide evidence which satisfies you that they remain dependent on the relevant EEA citizen (or qualifying British
citizen or relevant sponsor) or (where relevant) on the spouse or civil partner, if the applicant is either:

- a child aged 21 or over of a relevant EEA citizen, qualifying British citizen or relevant sponsor (or of their spouse or civil partner) and was not previously granted limited leave to enter or remain under Appendix EU (or under its equivalent in the Islands) as a child under the age of 21
- the dependent parent of a relevant EEA citizen, qualifying British citizen or relevant sponsor who is aged under 18

Relevant evidence

In addition to evidence about the relevant EEA citizen (or qualifying British citizen or relevant sponsor), evidence which may be relevant to the requirements above includes:

- evidence that demonstrates that the relevant family relationship broke down permanently as a result of domestic violence or abuse
- evidence that the applicant was resident in the UK when the relevant family relationship broke down permanently as a result of domestic violence or abuse

You need to see evidence that demonstrates that the relevant family relationship broke down permanently as a result of domestic violence or abuse. You need to be satisfied both that the relevant family relationship has broken down permanently and that this is as a result of domestic violence or abuse. See the examples of relevant evidence below, but this is not exhaustive. You must take a flexible and pragmatic approach. Each case must be dealt with on its own merits and on a case by case basis in consultation with your senior caseworker. For guidance on types of domestic violence or abuse see Victims of domestic violence and abuse.

Neither Appendix EU nor any other parts of the Immigration Rules specify any mandatory evidence to be submitted with an application to demonstrate that a relevant family relationship has broken down permanently as a result of domestic violence or abuse. All the evidence must be considered and a conclusion drawn as to whether there is sufficient evidence to demonstrate that, on the balance of probabilities, the relevant family relationship broke down permanently as a result of domestic violence or abuse.

Factors to be taken into account when assessing the evidence include:

- the length of time since the alleged incident or incidents of domestic violence or abuse and any reasons given for this - for example, the applicant’s family member may have retained their documents or failed to tell them about their immigration status as part of the abuse - some individuals may not have realised that they were experiencing domestic abuse or may not have known how or where to get support
- a person may hold pre-settled status before their relationship broke down as a result of domestic violence or abuse, and where they apply later for settled
status, the length of time since then may make it difficult for them to obtain certain evidence, for example from support services for victims of domestic violence or abuse which they accessed at the time - you must look at the reasons given for this and take a flexible and pragmatic approach to considering the application

- the fact that the applicant and the perpetrator of domestic violence or abuse may still be living at the same address when the application is made may not necessarily be taken as an indicator the relationship has not broken down permanently, as this could be due to a number of reasons - for example, the victim’s lack of knowledge of, or access to safety and support, their fear of losing custody of any children, their fear for their or their children’s safety, a lack of means to support themselves or their children financially, or religious or cultural beliefs or practices

- previous immigration history, particularly where there is evidence that the applicant has made a number of attempts to secure leave to remain in the UK on different grounds

For guidance on the type of evidence which may be produced and factors which are to be taken into account when considering whether the evidence is sufficient to demonstrate that, on the balance of probabilities, the relevant family relationship broke down permanently as a result of domestic violence or abuse, see the table of evidence for this in Victims of domestic violence and abuse. This is not exhaustive and all the evidence must be considered in the round.

In consultation with a senior caseworker, you can, where necessary and appropriate, make reasonable enquiries on behalf of the applicant on a case by case basis, and in line with the General Data Protection Regulation (GDPR) and other data sharing protocols, where an applicant is having difficulty in proving their eligibility.

Under section 55 of the Borders, Citizenship and Immigration Act 2009, the Home Office has a duty to have regard to the need to safeguard and promote the welfare of children under the age of 18 who are in the UK. If you have concerns about a child who has applied to the scheme or in respect of whom an application has been made, see Applications in respect of children for further guidance.

The applicant will be invited by the application process to provide evidence that confirms that they have completed a continuous qualifying period of residence in the UK and Islands (or, where applicable, the UK) of 5 years which began after the specified date. See evidence of residence for examples of evidence of residence an applicant may produce.

The applicant must also provide a self-declaration that since then they have not been absent from the UK and Islands for a period of more than 5 consecutive years.

**Decision**

If you are satisfied, on the balance of probabilities, that the applicant meets the above requirements, the applicant is eligible for ILE or ILR.

If you are not satisfied, on the balance of probabilities, that the applicant meets the above requirements, you must consider their application for ILE or ILR under the other eligibility conditions in rule EU11A. Otherwise, you must consider their eligibility for 5 years’ limited leave to enter (LTE) or limited leave to remain (LTR) under the condition in rule EU14A.

Consideration of applications: 5 years’ limited leave to enter (LTE) or limited leave to remain (LTR)

Relevant EEA citizens and family members

Under rule EU14, an applicant will meet the eligibility requirements for LTE or LTR where you are satisfied, including (where applicable) by the required evidence of family relationship, that at the date of application, and in an application made by the required date:

- the applicant is:
  - a relevant European Economic Area (EEA) citizen
  - a family member of a relevant EEA citizen
  - a family member who has retained the right of residence by virtue of a relationship with a relevant EEA citizen
  - a person with a derivative right to reside
  - a person with a Zambrano right to reside
- the applicant is not eligible for ILE or ILR under paragraph EU11 of Appendix EU solely because they have completed a continuous qualifying period of residence of less than 5 years
- where the applicant is a family member of a relevant EEA citizen, there has been no supervening event in respect of the relevant EEA citizen

Relevant evidence

You must be satisfied that the applicant meets the eligibility criteria for ILE or ILR of condition 3 in rule EU11, as set out in this guidance, save that they have not completed a continuous qualifying period of 5 years.

Automated checks will be undertaken with HMRC and DWP which may provide evidence that the applicant has completed a continuous qualifying period of residence in the UK of less than 5 years. See automated checks for further information.

Should these checks not provide any evidence of residence in the UK, the applicant must be invited to provide evidence that confirms that they have completed a continuous qualifying period of residence in the UK. See consideration of applications: eligibility and see evidence of residence for examples of the forms of evidence that they may provide to do so.

Joining family members of relevant sponsors

Under rule EU14A, an applicant will meet the eligibility requirements for LTE or LTR as a joining family member of a relevant sponsor where you are satisfied, including
by the required evidence of family relationship, that, at the date of application and in an application made after the specified date and by the required date:

- the applicant is either:
  - a joining family member of a relevant sponsor
  - a family member who has retained the right of residence by virtue of a relationship with a relevant sponsor
- the applicant is not eligible for either:
  - ILE under paragraph EU11A of Appendix EU, where the application is made outside the UK
  - ILR under paragraph EU11A of Appendix EU, where the application is made within the UK, solely because they have completed a continuous qualifying period of less than 5 years which began after the specified date
- where the applicant is a joining family member of a relevant sponsor, there has been no supervening event in respect of the relevant sponsor

**Relevant evidence**

Where the application is made outside the UK, you must be satisfied that the applicant does not meet the eligibility criteria for ILE under rule EU11A of Appendix EU and that the applicant meets the eligibility criteria for LTE under rule EU14A of Appendix EU.

Where the application is made within the UK, you must be satisfied that the applicant meets the eligibility criteria for ILR under condition 1 in rule EU11A, as set out in this guidance, save that they have not completed a continuous qualifying period of 5 years which began after the specified date.

Where they have not done so and the application is made within the UK, the applicant must be invited to provide evidence that confirms that they have completed a continuous qualifying period of residence in the UK which began after the specified date. See consideration of applications: eligibility and see evidence of residence for examples of the forms of evidence that they may provide to do so.

**Decision**

If you are satisfied, on the balance of probabilities, that the applicant meets the above requirements, they will be eligible for LTE or LTR.

If, however, you are not satisfied, on the balance of probabilities, that the applicant meets the above requirements, the application must be refused. For further information, please see refusals section.

Consideration of applications: eligibility

Where an applicant, who does not fall to be refused on grounds of suitability, needs to provide more information or evidence than the application contains of their eligibility for indefinite leave to enter or remain or limited leave to enter or remain under Appendix EU, you must attempt to contact the applicant under the standard process or (where it applies as set out below) the truncated process.

Standard process

You must make 3 attempts in total over a minimum of 3 weeks to contact the applicant. The first 2 contacts may be made concurrently by 2 different methods (where the applicant has provided the relevant contact details) – from, ordinarily, telephone call, text, email, letter – and must include the applicant’s preferred method of contact, where this has been specified as part of the application. You must give the applicant a reasonable opportunity in which to provide more information or evidence, after which a third and final attempt must be made, giving the applicant a response time of a further 7 calendar days.

You can exceed that number of attempts at contact where, following consultation with your senior caseworker, you are satisfied that there is good reason to do so in the particular circumstances of the case. All attempts at contact must be recorded.

If the applicant makes clear that they are unable or unwilling to provide more information or evidence, you must decide the application on the basis of all the information and evidence before you.

A ‘reasonable opportunity in which to provide more information or evidence’ means, subject to the next paragraph, 14 calendar days, from the date of the attempted contact (or the date on which you discussed the matter with the applicant), in which to provide the information or evidence specified in your request (or which you discussed with the applicant). Where the attempted contact is by letter sent by first-class post, you may assume delivery on the second business day after the date of postage.

You may provide longer than 14 calendar days where, following consultation with your senior caseworker, you are satisfied that there is good reason to do so in the particular circumstances of the case.

Truncated process

The standard contact process is truncated where the applicant has submitted either:

- fraudulent evidence of their eligibility for status under the EU Settlement Scheme (for example in respect of UK residence or family relationship) which is relevant to the decision on their application
a late application with no evidence of their eligibility for status under the scheme and they have no footprint in the UK under the automated checks with HM Revenue & Customs and the Department for Work and Pensions

In such cases, you must contact the applicant, by their preferred method of contact (where stated), and give them 7 calendar days in which to provide relevant evidence of their eligibility for status (or to provide compelling practical or compassionate reasons why they need more time in which to do so). Where the second bullet point immediately above applies, you can provide longer than 7 calendar days where, following consultation with your senior caseworker, you are satisfied that there is good reason to do so in the particular circumstances of the case.

Where the first bullet point immediately above applies, it does not require that you establish whether there has been material deception in relation to the application (as under rule EU16(a)), and does not apply where the fraudulent evidence is not relevant to the decision on the application because the applicant has also submitted sufficient genuine evidence of their eligibility for status.

All cases

When contacting the applicant by telephone, you must, if possible, leave a voicemail if the applicant does not respond. Where it is not possible to leave a voicemail, this will not count as a contact and you must make another telephone call or, if this also fails, use another means of contact.

Once the final deadline you have given the applicant to provide more information or evidence (or to contact you to discuss this) has passed, you must consider and decide the application on the basis of all the information and evidence before you, including any further information or evidence the applicant has provided.

Throughout this process of engagement with the applicant, you may exercise discretion in their favour where appropriate, to minimise administrative burdens.

In consultation with a senior caseworker, you can, where necessary and appropriate, make reasonable enquiries on behalf of the applicant on a case by case basis, and in line with the General Data Protection Regulation (GDPR) and other data sharing protocols, where an applicant is having difficulty in proving their eligibility.

Consideration of an application under Annex 2 of Appendix EU

A valid application made under Appendix EU will be decided on the basis of:

- the information and evidence provided by the applicant, including in response to any request by you for further information or evidence
- any other information or evidence made available to you (including from other government departments) at the date of decision

Requesting further information or evidence and interviewing

When deciding whether the applicant meets the eligibility requirements for indefinite leave to enter or remain or for limited leave to enter or remain, you may:

- request that the applicant provide further information or evidence that they meet the requirements for indefinite leave to enter or remain or limited leave to enter or remain
- invite the applicant to be interviewed in person, by telephone, by video-telecommunications link or over the internet

If the applicant claims to be eligible for a grant of indefinite leave to enter or remain or limited leave to enter or remain on the basis of a relationship with another person, including a qualifying British citizen or a relevant sponsor, you may:

- request that that person provide information or evidence about their relationship with the applicant, their residence in the UK or, if that person is a qualifying British citizen, their residence in an EEA country or Switzerland (as in sub-paragraph (a)(i) of the definition of ‘EEA citizen’ in Annex 1 to Appendix EU)
- invite that person to be interviewed in person, by telephone, by video-telecommunications link or over the internet

Failure to provide information or evidence or attend an interview

If the applicant, or person with whom they claim to be in a relationship, fails within a reasonable timeframe specified in the request to provide the information or evidence that you have requested or, on at least 2 occasions, fails to comply with an invitation to attend an interview in person or with other arrangements to be interviewed, you may draw any factual inferences about whether the applicant meets the eligibility requirements for indefinite leave to enter or remain or for limited leave to enter or remain as appear appropriate in the circumstances.
You may decide, following the drawing of such a factual inference, that the applicant does not meet the eligibility requirements for indefinite leave to enter or remain or for limited leave to enter or remain.

You must not decide that the applicant does not meet the eligibility requirements for indefinite leave to enter or remain or for limited leave to enter or remain on the sole basis that the applicant, or the person with whom they claim to be in a relationship, failed on at least 2 occasions to comply with an invitation to be interviewed.

Refusals

There is no basis to refuse a valid application under the scheme beyond the eligibility and suitability conditions set out in Appendix EU, which are consistent with the Withdrawal Agreement.

A valid application under Appendix EU which does not meet the requirements for indefinite leave to remain or limited leave to remain will be refused under rule EU6.

If you require further information, you must discuss the case with your senior caseworker who may refer to the EEA Citizens’ Rights & Hong Kong Unit for further advice.

Evidence of residence

Evidence required to establish residence in the UK

Many applicants will have their residence confirmed by automated checks of HM Revenue & Customs (HMRC) and Department for Work and Pensions (DWP) data. However, where those checks indicate that an applicant who does not hold a permanent residence document has a continuous qualifying period of residence in the UK of less than 5 years – or do not indicate that the applicant has been and remains resident in the UK for the purposes of establishing a continuous qualifying period – the applicant will be able to upload documentary evidence to satisfy you that they are or have been resident for a continuous qualifying period and, where appropriate, that they have been so for at least 5 years or that they are in one of the categories eligible for indefinite leave to enter or remain (ILE or ILR) with a continuous qualifying period of residence in the UK of less than 5 years.

Applicants who are relying on periods of residence in the Islands will be able to upload documentary evidence of their residence there.

This section provides non-exhaustive lists of the type of documentary evidence which the applicant will be able to provide. The guidance below is not prescriptive or definitive. Some applicants may lack documentary evidence in their own name for various reasons; you must work flexibly with applicants to help them evidence their continuous qualifying period of residence in the UK by the best means available to them.

The applicant may submit several types of evidence to cover their claimed continuous qualifying period of residence. For example, a dated and signed letter from an employer confirming a 12 month period of UK-based employment which has been undertaken, and confirmation of the employer’s status, may be submitted as evidence of residence in the relevant 12 month period and bank statements may be submitted as evidence of residence in the subsequent 12 month period.

Preferred evidence of residence

The documents listed below are preferred evidence because a single document may cover a significant period. Where an applicant submits evidence from this list, a single piece of evidence is likely to be sufficient for the period it covers:

- an annual bank statement or an account summary covering a 12 month period, showing payments received or spending in the UK in at least 6 months of that 12 month period
- annual business accounts of a self-employed person
- a dated and signed letter from an employer, confirming the duration of a period of UK-based employment which has been undertaken, and confirmation of the employer’s status (such as registration with HMRC or Companies House) - this will be considered evidence of residence for the period of that employment
• a P60 for a 12 month period (you may request additional evidence to confirm that the person has been resident in the UK for at least 6 months of that period)
• a P45 confirming the duration of a period of employment which has ceased - this will be considered evidence of residence for the period of that employment
• a dated and signed letter from an accredited organisation in the UK confirming physical attendance at a course and its duration, or confirming enrolment on a course accompanied by dated and signed evidence of completion (such as a qualification certificate) - this will be treated as evidence of residence for the duration of the course
• a dated and signed letter from a registered care home confirming the period of residence in the home - this will be treated as evidence of residence for that period
• a dated, addressed invoice from an accredited organisation for school, college or university fees for education requiring physical attendance in the UK, which includes the name of the student, and accompanying evidence of payment - this will be treated as evidence of residence for the relevant academic term or terms or year
• documentation issued by the student finance body for England, Wales, Scotland or Northern Ireland or the Student Loans Company that shows a UK address, such as an entitlement notification or repayment statement - this will be treated as evidence of residence for the relevant academic term or terms or year
• a residential mortgage statement or tenancy agreement, and accompanying evidence of the mortgage or rent being paid (for example, confirmation from the lender or landlord), will be treated as evidence of residence for the period covered by the statement or agreement
• a dated, addressed council tax bill will be treated as evidence of residence for the period covered by the bill
• evidence of an employer making pension contributions will be treated as evidence of residence for the period covered by the contributions where the employment requires physical presence in the UK

Alternative evidence of residence

Because the documents listed below cover a shorter period, the applicant may need to submit more of them to evidence that they meet the residence requirement. Where an applicant submits evidence from this list, a single piece of evidence is likely to be sufficient for the period it covers:

• a dated bank statement (other than an annual statement, as above) showing payments received or spending in the UK - this will be treated as evidence of residence for the period covered by the bank statement
• a dated payslip for a UK-based job will be treated as evidence of residence for the period covered by that payslip
• a dated invoice for work you have done in the UK, and accompanying evidence of payment - this will be treated as evidence of residence for the month in which the invoice is dated
• a dated, UK-addressed domestic utility bill featuring the applicant’s name will be treated as evidence of residence for the period covered by the bill
• a dated, UK-addressed domestic bill or contract for a mobile or fixed line telephone or for a TV or internet service featuring the applicant’s name will be treated as evidence of residence for the period covered by the bill or contract
• a dated letter from a UK GP or other healthcare professional confirming the applicant’s attendance at appointments, or a card issued by the healthcare professional confirming those appointments - this will be treated as evidence of residence for the period covered by the appointments (or for the month in which a single appointment occurred)
• a dated letter, or benefit claims made to, a UK government department, another UK public body or a UK charity confirming the applicant’s physical interaction with them, for example Job Centre Plus or Citizens’ Advice or a registration card or certificate issued under the Worker Registration Scheme - this will be treated as evidence of residence for the month in which it is dated, unless it explicitly confirms interactions over a longer period
• other dated, UK-addressed domestic bills, for example, for insurance, veterinary bills or home services/repairs, featuring the applicant’s name and accompanying evidence of payment will be treated as evidence of residence for the month in which the bill is dated
• a passport stamp confirming entry at the UK border - this will be treated as evidence of residence for the month of entry
• a used travel ticket confirming previous inbound travel to the UK - this will be treated as evidence of residence for the month of entry

Cancellation, curtailment and revocation of leave to enter or remain

Annex 3 to Appendix EU sets out the circumstances in which indefinite leave to enter or remain (ILE or ILR) or limited leave to enter or remain (LTE or LTR) granted under Appendix EU must be cancelled or may be cancelled, curtailed or revoked.

Cancellation

A person’s ILE, ILR, LTE or LTR granted under Appendix EU must be cancelled on or before their arrival in the UK where the Secretary of State or an Immigration Officer deems the person’s presence in the UK is not conducive to the public good because of conduct committed after the specified date.

A person’s ILE, ILR, LTE or LTR granted under Appendix EU may be cancelled on or before their arrival in the UK where you are (or an Immigration Officer is) satisfied that it is proportionate to cancel that leave where either:

• the cancellation is justified on grounds of public policy, public security or public health in accordance with regulation 27 of the EEA Regulations, irrespective of whether the EEA Regulations apply to that person (except that for ‘a right of permanent residence under regulation 15’ read ‘indefinite leave to enter or remain or who would be granted indefinite leave to enter or remain if they made a valid application under this Appendix’; and for ‘an EEA decision’ read ‘a decision under paragraph A3.2.(a) of Annex 3 to Appendix EU to the Immigration Rules’)

• the cancellation is justified on grounds that, in relation to the relevant application under Appendix EU, and whether or not to the applicant’s knowledge, false or misleading information, representations or documents were submitted (including false or misleading information submitted to any person to obtain a document used in support of the application); and the information, representation or documentation was material to the decision to grant the applicant leave to enter or remain under Appendix EU

A person’s LTE or LTR granted under Appendix EU may be cancelled on or before their arrival in the UK where you are (or an Immigration Officer is) satisfied that it is proportionate to cancel that leave where they cease to meet the requirements of Appendix EU. This does not apply to ILE or ILR granted under Appendix EU.

Curtailment

A person’s LTE or LTR granted under Appendix EU may be curtailed where you are satisfied that it is proportionate to do so where:

• curtailment is justified on grounds that, in relation to the relevant application under Appendix EU, and whether or not to the applicant’s knowledge, false or
misleading information, representations or documents were submitted (including false or misleading information submitted to any person to obtain a document used in support of the application); and the information, representation or documentation was material to the decision to grant the applicant leave to enter or remain under Appendix EU

- curtailment is justified on grounds that it is more likely than not that, after the specified date, the person has entered, attempted to enter or assisted another person to enter or to attempt to enter, a marriage, civil partnership or durable partnership of convenience
- the person ceases to meet the requirements of Appendix EU

This does not apply to ILE or ILR granted under Appendix EU.

**Revocation**

The revocation of ILE and ILR is governed by section 76 of the Nationality, Immigration and Asylum Act 2002. There is no legal power to revoke ILE or ILR for any reason beyond those set out in section 76 of the 2002 Act. The relevant provisions of that section are reflected in Annex 3 to Appendix EU for completeness.

A person’s ILE or ILR granted under Appendix EU may be revoked where you are satisfied that it is proportionate to do so where either:

- the applicant is liable to deportation, but cannot be deported for legal reasons
- the ILE or ILR was obtained by deception

Administrative review and appeals

Anyone who makes a valid application under Appendix EU and is refused or is granted pre-settled status (limited leave to enter or remain), will be able to challenge the decision by administrative review and/or (depending on the date of application) by appeal.

Administrative review

Administrative review is available where an eligible decision, as set out in paragraph AR(EU)1.1. of Appendix AR (EU) to the Immigration Rules, has been made.

An eligible decision includes a decision to:

- refuse an application under paragraph EU6 of Appendix EU because the applicant does not meet the eligibility requirements for indefinite leave to enter or remain under paragraph EU11, EU11A or EU12 or for limited leave to enter or remain under paragraph EU14 or EU14A
- grant limited leave to enter or remain under paragraph EU3 of Appendix EU and not indefinite leave to enter or remain under paragraph EU2
- grant limited leave to enter or remain under paragraph EU3A of Appendix EU and not indefinite leave to enter or remain under paragraph EU2A
- cancel leave granted under Appendix EU on the grounds that the person ceases to meet the requirements of that Appendix for that leave

Where an eligible decision has been made, and the applicant believes that the original caseworker has made an error or not followed the published guidance, or where they have new information or evidence in support of their application, they can apply for an administrative review of the decision.

A different caseworker in an independent team will conduct a full reconsideration of the decision, taking into account any new evidence or information submitted, and decide whether the original decision was either:

- correct and should be maintained
- incorrect and should be withdrawn and a new decision made

Further guidance is available in the Administrative Review: EU Settlement Scheme guidance.

Right of Appeal

Anyone who makes a valid application under Appendix EU on or after 11pm on 31 January 2020 will have a right of appeal against a decision to refuse their application on eligibility or suitability grounds, or to grant pre-settled status where they believe they qualify for settled status, or where they have settled status or pre-settled status and a relevant decision is made on or after 11pm on 31 January 2020 to cancel,
curtail or revoke that leave or to make a deportation order in relation to them. See Rights of Appeal guidance.

They may appeal on grounds that the decision:

- breaches any right they have under the Withdrawal Agreement, the EEA EFTA separation agreement or the Swiss citizens’ rights agreement
- was not in accordance with the legislation under which it was made

The paragraphs above summarise the position set out in detail in the Rights of Appeal guidance.
