Subject: S62A/2022/0012 Land east of Station, Elsenham.

Dear Sir/ Madam

I strongly object to the application S62A/2022/0012 for an add-on of 200 MORE dwellings.

In the last few years the local area has had a massive amounts of development, in various sizes adding all these applications together is causing huge strain on local infrastructure.

I have a one year old child and worry how / if the local school will be able to accommodate her with huge influx of homes being built.

The local roads are becoming regularly gridlocked and dangerous to navigate.  
There are limited amenities in the villages and locals are required to drive daily for commuting, shopping and most activities.  
200 more homes will bring more chaos on the roads.

The over development is causing huge loss of green space and local wildlife it is destroying the rural village and landscape.

Kind Regards  
Christopher Tennant
