10.—(1) The Secretary of State may exempt from the requirements of any provision of Chapter II-2, Merchant Shipping Notices 1900 (M), 1901 (M) or 1902 (M) or the relevant Merchant Shipping Notices—
(a) a ship or class of ship which, during a voyage, does not proceed more than 20 miles from the nearest land, and where the Secretary of State is satisfied that the sheltered nature and conditions of such a voyage make it unreasonable or unnecessary to require compliance with the requirements;
(b) a ship employed in special trades(a) for the carriage of large numbers of special trade passengers (such as the pilgrim trade) where—
   (i) the Secretary of State is satisfied that it is impracticable to enforce compliance with the requirements; and
   (ii) the ship complies with—
      (aa) the rules annexed to the Special Trade Passenger Ships Agreement, 1971(b); and
      (bb) the rules annexed to the Protocol on Space Requirements for Special Trade Passenger Ships, 1973(c);
(c) a ship which does not normally engage on international voyages but is, in exceptional circumstances, required to undertake a single international voyage;
(d) a ship which embodies features of a novel kind if research into the development of those features and their incorporation in ships engaged on international voyages may be seriously impeded if the ship had to comply with the requirements.

(2) The Secretary of State may exempt—
   (a) a ship of Class I, II or II(A) of 1,000 gross tons or more, other than such a ship engaged in the carriage of dangerous goods, from the requirements of paragraph 3.17 in Merchant Shipping Notice 1900 (M) (fixed gas fire-extinguishing systems in cargo spaces); or
   (b) a ship of Class I, II or II(A) from the requirements of paragraph 3.37 in Merchant Shipping Notice 1900 (M) (fixed fire detection and fire alarm system in areas not accessible to fire patrol),
if satisfied that the short duration of the voyages on which the ship is engaged would make compliance with such provision unreasonable.

(3) The Secretary of State may exempt a ship other than a ship of Class I, II, II(A), XI or XII from the requirements of—
   (a) paragraphs 7.1.3 and 7.2 in regulation 10 of Chapter II-2 (fire-extinguishing arrangements in cargo spaces);
   (b) paragraphs 7.1.3 and 7.2 in regulation 10 in Merchant Shipping Notice 1901 (M) (fire-extinguishing arrangements in cargo spaces); or
   (c) paragraphs 7.1.3 and 7.2 in regulation 10 in Merchant Shipping Notice 1902 (M) (fire-extinguishing arrangements in cargo spaces),
where the ship is constructed and solely intended for the carriage of ore, coal, grain, unseasoned timber, non-combustible cargoes or cargoes which, in the opinion of the Secretary of State, constitute a low fire risk.

(4) An exemption under paragraph (3) may only be granted where the ship is fitted with—
   (a) steel hatch covers; and
   (b) an effective means of closing all ventilators and other openings leading to the cargo spaces.

(5) The Secretary of State may exempt a ship of Class VII, VII(A), VIII, VIII(A), IX, IX(A), XI or XII of 2,000 gross tons or more constructed before 1st July 2002, other than a ship engaged in the carriage of dangerous goods, from the requirements of paragraph 4.7 of Merchant Shipping Notice 1900 (M) (fixed fire-extinguishing arrangements in cargo spaces) in so far as the arrangements

referred to in that paragraph relate to the provision of a fixed fire-smothering gas installation in the
cargo holds of the ship, if satisfied that—

(a) the conditions in paragraph (6) are met; or

(b) requiring compliance would be unreasonable on account of the short duration of the
voyages on which the ship is engaged (which voyages may be more than 20 miles from
the nearest land).

(6) The conditions referred to in paragraph (5)(a) are that—

(a) the ship is constructed and solely intended for the carriage of bulk cargoes which are
listed in—

(i) Table 1 of MSC.1/Circ.1395/Rev.4(a) as non-combustible or constituting a low fire
risk; or

(ii) Table 2 of MSC.1/Circ.1395/Rev.4 and for which a fixed gas system is ineffective,
the cargo spaces being provided with a fire-extinguishing system which provides
equivalent fire protection; and

(b) the requirements in paragraph (4) are met.

(7) The Secretary of State may, in exceptional circumstances not provided for in this regulation,
exempt from the requirements of any provision in Chapter II-2, Merchant Shipping Notice 1900
(M), 1901 (M) or 1902 (M) or the relevant Merchant Shipping Notices, a ship or class of ship if
satisfied that compliance with such provision is either impracticable or unreasonable in the case of
that ship or class of ship.

(8) An exemption under paragraphs (1), (2), (3), (5) or (7) may be granted subject to such safety
requirements as the Secretary of State thinks fit to ensure the overall safety of the ship.

(9) An exemption granted under paragraph (1), (2), (3), (5) or (7) may, on the giving of reasonable
notice, be altered or cancelled.

(10) An exemption granted under paragraph (1), (2), (3), (5) or (7) or an alteration or cancellation
under paragraph (9), must—

(a) be in writing;

(b) specify the date on which it takes effect; and

(c) specify the terms, if any, on which it is given.

(11) The requirement that an exemption granted under paragraph (1), (2), (3), (5) or (7) or an
alteration or cancellation under paragraph (9), be in writing is satisfied where the text of the
exemption, alteration or cancellation is—

(a) transmitted by electronic means;

(b) received in legible form; and

(c) capable of being used for subsequent reference.

(12) Where an exemption is granted subject to safety requirements under paragraph (8), the
exemption ceases to have effect if those requirements are not complied with.

(13) For the purposes of this regulation, “dangerous goods” means dangerous goods as defined in
the Merchant Shipping (Dangerous Goods and Pollutants) Regulations 1997(b).

Alternative design and arrangements

11.—(1) Fire safety design and arrangements for a ship to which either Part 2, Part 3, Part 4 or
Part 6 applies, may deviate from the requirements of—

(a) Merchant Shipping Notice 1900 (M);

(a) MSC.1/Circ.1395/Rev.4 is a guidance and information note issued by the International Maritime Organization (IMO). This

(b) Merchant Shipping Notice 1901 (M);
(c) Merchant Shipping Notice 1902 (M); or
(d) the relevant Merchant Shipping Notices,
which apply to it, provided that any alternative design and arrangement meets the fire safety objectives and functional requirements contained in those Merchant Shipping Notices and is approved by the Secretary of State.

(2) Fire safety design and arrangements for a ship to which either Part 2, Part 3 or Part 5 applies, may deviate from the requirements of Parts B, C, D, E and G of Chapter II-2 which apply to it, provided that the alternative design and arrangements meet the fire safety objectives and functional requirements contained in those Parts(a).

(3) In relation to a ship to which paragraph (2) applies—
(a) an alternative design or arrangement must be subjected to an engineering analysis in accordance with regulation 17.3 of Chapter II-2 (alternative design and arrangements – engineering analysis); and
(b) a copy of the engineering analysis must be provided by the owner to the Secretary of State.

(4) In relation to the alternative design or arrangement and the engineering analysis mentioned in paragraph (3), the Secretary of State—
(a) must evaluate and, if satisfied that the requirements of regulation 17.3 of Chapter II-2 are met, approve the engineering analysis; and
(b) if satisfied that the alternative design or arrangement is at least as effective as that required by Parts B, C, D, E or G of Chapter II-2, must approve the alternative design or arrangement.

(5) Where there are changes to the assumptions and operational restrictions that were stipulated in the alternative design or arrangement mentioned in paragraph (3)—
(a) a further engineering analysis must be carried out which takes into account the changed assumptions and operational restrictions; and
(b) where the alternative design or arrangement requires amendment, this must be evaluated and, if satisfied that such alternative design or arrangement is at least as effective as that required by Parts B, C, D, E or G of Chapter II-2, be approved by the Secretary of State.

(6) An approval given under paragraph (1), (4) or (5) may, on the giving of reasonable notice, be continued, altered or cancelled.

(7) An approval given under paragraph (1), (4) or (5), or a continuation, alteration or cancellation under paragraph (6), must—
(a) be in writing;
(b) specify the date on which it takes effect; and
(c) specify the terms, if any, on which it is given.

(8) The requirement that an approval given under paragraph (1), (4) or (5), or a continuation, alteration or cancellation under paragraph (6), be in writing is satisfied where the text of the approval, continuation, alteration or cancellation is—
(a) transmitted by electronic means;
(b) received in legible form; and

(3) Section 284 of the Act (enforcing detention of ship) applies where a ship is liable to be detained under this regulation as if—

(a) references to detention of a ship under the Act were references to detention of the ship in question under this regulation; and
(b) subsection (7) were omitted.

(4) Where a ship is liable to be detained under this regulation, the person detaining the ship must serve on the master a detention notice which—

(a) states the grounds for the detention; and

(a) section 96 of the Act applies as if—

(i) subsection (3) were omitted;
(ii) the words “as a dangerously unsafe ship” in subsection (5) were omitted;

(7) Subject to paragraph (8), where a ship other than a United Kingdom ship is detained, the Secretary of State must immediately inform the ship’s flag administration in writing.

(8) If it is not possible to inform the ship’s flag administration in accordance with paragraph (7), the Secretary of State must inform the Consul of the State of the flag administration, or in the absence of a Consul, the nearest diplomatic representative of the State of the flag administration.

(9) For the purposes of paragraphs (7) and (8), “flag administration” in relation to a ship means the administration of the State whose flag the ship is entitled to fly.

(a) carry out a review of the regulatory provision contained in these Regulations; and
(b) publish a report setting out the conclusions of the review.

(2) The first report must be published before [DATE].

(3) Subsequent reports must be published at intervals not exceeding five years.

(4) Section 30(3) of the Small Business, Enterprise and Employment Act 2015 (d) requires that a review carried out under this regulation must, so far as is reasonable, have regard to how the obligations under the Convention are implemented in other countries which are subject to the obligations.

(a) Section 284 was amended by Schedule 1 to the Merchant Shipping and Maritime Security Act 1997 (c. 28) and S.I. 2015/664.

(5) Section 30(4) of the Small Business, Enterprise and Employment Act 2015 requires that a report published under this regulation must, in particular—

(a) set out the objectives intended to be achieved by the regulatory provision referred to in paragraph (1)(a);
(b) assess the extent to which those objectives are achieved;
(c) assess whether those objectives remain appropriate; and
(d) if those objectives remain appropriate, assess the extent to which they could be achieved in another way which involves less onerous regulatory provision.

(6) In this regulation, “regulatory provision” has the same meaning as in sections 28 to 32 of the Small Business, Enterprise and Employment Act 2015 (see section 32 of that Act).

**EXPLANATORY NOTE**

(This note is not part of the Regulations)

These Regulations implement amendments to Chapter II-2 of the International Convention for the Safety of Life at Sea, 1974 (“the Convention”) relating to fire protection, fire detection and fire extinction, and also make provision in respect of ships to which the Convention does not apply. The Regulations revoke and replace the Merchant Shipping (Fire Protection: Large Ships) Regulations 1998 (S.I. 1998/1012), the Merchant Shipping (Fire Protection) Regulations 2003 (S.I. 2003/2950) and the provisions that amend both sets of Regulations.

The Regulations contain requirements relating to a ship’s structural fire protection and apply to ships that may be on international or non-international voyages. They deal separately with ships constructed before 1st July 2002 (Part 2), ships constructed between 1st July 2002 and before 1st July 2012 engaged on international voyages (Part 3), ships constructed on or after 1st July 2002 and engaged on non-international voyages (Part 4), ships constructed on or after 1st July 2012 engaged on international voyages (Part 5) and ships of Classes XI and XII (Part 6).

The Regulations apply, with certain limited exceptions, to United Kingdom ships and to non-United Kingdom ships in United Kingdom waters, including ships from countries which are not parties to the Convention. They apply to passenger ships of Classes I, II and II(A), and to non-passenger ships of Classes VII, VII(A), VII(T), VIII, VIII(A), VIII(T), VIII(A)(T), IX, IX(A), IX(A)(T), XI and XII. These classes of ship are defined in Schedule 2.

The Regulations implement all amendments to Chapter II-2 as at the date on which this instrument comes into force. All future amendments to the provisions listed in regulation 1.2 of Part A (applicable requirements to existing ships) and regulation 1.6 of Part A (application of requirements to tankers), and Parts B, C, D, E and G, of Chapter II-2 (fire protection requirements), will be automatically incorporated into the Regulations by way of the ambulatory reference provision in regulation 6.

The Regulations provide for repairs, alterations, modifications and outfitting (regulation 7), the approval of equipment and arrangements for fire protection, fire detection and fire extinction (regulation 8), equivalents (regulation 9) and the granting of exemptions (regulation 10). The Secretary of State may also approve alternative design and arrangements for ships (regulation 11).

The detail of the requirements for ships constructed before 1st July 2002 (whether engaged on international or non-international voyages) is contained in Merchant Shipping Notice 1900 (M), which is given statutory force by these Regulations (regulation 13). Particular standards referred to in Merchant Shipping Notice 1900 (M) are contained in Merchant Shipping Notices 1665 (M), 1666 (M), 1667 (M), 1668 (M) and 1669 (M), which are also given statutory force by these Regulations (regulation 13). Where provisions listed in regulation 1.2, or provisions of regulation 1.6 of Part A and Parts B, C, D, E and G of Chapter II-2, also apply to ships constructed before 1st July 2002, these are incorporated by regulation 13.
