**Subject:** Objection Letter - Ref: S62A/2022/0012 Land east of Station, Elsenham

To Whom It May Concern:

I am contacting you about Ref: S62A/2022/0012 Land east of Station, Elsenham.

The site is Grade 1 and Grade 2 agriculture land. It's also a haven for a variety of local wildlife, wildlife that has already experienced habitat disruption from the 350 houses currently under construction adjacent to this land.

As a local food grower, a regular user of this land for exercise and well being (especially during the pandemic years) and a passionate environmental activist, to me it feels more important than ever to keep the land that nature already owns wild, or at most keep it relatively green by growing local food on it that hasn't been shipped for miles to feed local people.

Please help us keep the countryside wild so that our children have space to roam and explore as nature intended; so that local wildlife has space to nest undisturbed and help to maintain our beautiful ecosystem on which we all depend; and so that local food growers have enough land to help feed the local community in a sustainable and green way.

I would like my objection to this planning application noted for environmental, health and agricultural reasons.

All the best,

K. Rose.  
Local Resident.
