EMPLOYERS

Can you **offer a young person a six month job** that will give them the experience they need to boost their future employment prospects?

The **Kickstart Scheme** provides Government funded six month jobs for 16-24 year olds on Universal Credit who are at risk of long-term unemployment, paying 100% of the relevant National Minimum Wage (or National Living Wage) for 25 hours per week.

Why should I sign up to the Kickstart Scheme?

- Your business will be set to benefit, flourish and grow by taking on these young people full of energy, new ideas and digital know-how.
- You will feel you are playing your part in helping with the wider post-pandemic economic recovery.
- You will have a young person working for you for six months, funded by the Government.

Employers provide support throughout the job to enable the young person to be in a good position to apply for a full-time role in the future.
