Subject: S62A/2022/0012 Land east of Station, Elsenham

Sirs,

I refer to the above proposed development I am a 77 year old widow who has lived in Henham for 28 years Trying to get out of the village to Doctor Surgery and nearby shops is now a nightmare. I would like someone of authority to actually come during the peak hours and see just how difficult it has become You can't take the word of the developers, they will, of course, give you a false picture

The local schools are full
Surgeries really struggling
Getting to Addenbrookes Hospital a nightmare as I experience in an ambulance recently. The crew couldn't believe the route or the time it took them due to the closure and condition of the roads

This is valuable agricultural land
We need as a nation to keep growing and sustaining our land to feed us. We cannot depend on so many imports, the rest of the world is in such a sorry state

Please, please look careful and you will see how totally unacceptable this. Developers just being so greedy and using everyone loop hole
Don't be fooled

Yours sincerely
Mrs Felicity Nadauld
