<b>Please provide justification:</b>			
<p>The mapped area forms part of the Northern Extension to STANTA which is used for infantry training and vehicle massing. There should be no public access because this is incompatible with the Defence related activity.</p> <p>As the site overlooks the camp used by MOD personnel open public access to this location could create a greater terrorist threat.</p> <p>MOD intends to review byelaws for STANTA under the current byelaw review programme to include this area resulting in this land being permanently excepted from CROW access legislation. Any proposals for byelaws will be subject to public consultation.</p>
