<b>Authorized Amendment</b>
Summary / Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.
<b>The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.</b>
<p>Whilst a CofD is always required for Air Launched Weapons, a specific format is no longer required. RA5103 (Certificate of Design) was up-issued Nov 2021 (Issue 5) to remove the mandated generic CofD format whilst mandating a minimum contents list of a DO produced CofD.</p> <p>To align with this principle, and to reduce the work load of the Design Organizations (DO), DOs should provide the relevant information as detailed in RA5103 para 11 in a legible format of their choosing. F111 should be withdrawn to avoid any future confusion.</p>
