Dear Sir/Madam,

I just wanted to share my objection to the above application.

Apart from being in a very small country lane, full of ancient trees which appear would have to be cut down, the new builds appear to be a lovely old house, probably listed?

The buildings are totally out of character to the village and is in a rural sight.

Lastly, I've also read that the Government have scrapped housing targets recently.

We have seen our village becoming much bigger and also add local doctors & pharmacy & dentists are at breaking point.

I hope you find time to visit the village before anyone considers approving this application.

Thankyou for taking the time to read this.

Kind regards,

Ian Shufflebotham
