## **FOR THE ATTENTION OF THE COUNCIL TAX SECTION**

Dear Colleague

### **Council Tax Support Fund**

Alongside the provisional Local Government Finance Settlement on 19<sup>th</sup> December 2022, the Government announced £100m of additional funding for local authorities to support the most vulnerable households in England.

This funding will allow councils to deliver additional support to the 3.8 million households already receiving council tax support, whilst also providing councils with the resources and flexibility to determine the local approaches to support other vulnerable households in their area.

The government has today published [guidance and provisional allocations for the council tax support fund](#), intended to support local authorities in using their allocation from the £100m council tax support fund. The guidance also includes provisional allocations for each local authority. Final allocations will be confirmed at the final Local Government Finance Settlement.
