Subject: Section 62A Planning Application: S62A/2022/0014 Land west of Thaxted Road, Saffron Walden

We strongly object to the proposal for housing on this site.

Saffron Walden does not have the amenities for further housing. Schools particularly secondary and health services are stretched to over capacity for the area already. Sports facilities have been promised and these promises have not been honoured. We need another Secondary school to serve the area and a new primary or investment in a current primary to extend its facilities.

We feel these matters must be addressed before any consideration of new housing. The area is overdeveloped and housing should be bottom of the agenda.

We must support our rural community and the outstanding farmland available for British farming rather than create a need for expensive imports that challenge the reduction of carbon footprint.

My grandmother became neglected and died in SW because of the lack of availability of nhs services as they are so stretched for time.

Housing is NOT wanted!
