Reasons for  
comment:

Comments:

I strongly object to this planning application which has already previously been declined. The traffic this village already receives is a danger to the local residence. It is already used as a "rat run" cut through road, we have no pavement all but one small stretch, so cars run you off the road speeding through whilst walking, jogging, cycling etc.

The congestion we already have to endure on the B1256/M11 roundabout will no doubt become even more unbearable to the local community.

The damage to wildlife is unthinkable. We have deer that use these greens constantly as well as many other wildlife creatures and birds. The pollution and noise alone will be disabling to both the residence and wildlife.

Why would this application even be reconsidered??

---

Kind regards
