

SKILLS COACHING

Coaching helps with the journey.
It complements the commercial and contract
management capability programmes.

ORGANISATIONAL BENEFITS

- 95% pass rate at technical interview
- 10% skills uplift on average from our programmes
- 98% agreed that their coaching sessions provided added value

LEARNER BENEFITS

- “it enabled me to take direct action to improve my own performance”
- “the coaching gave me the tools and the confidence”
- “a great opportunity to talk through additional needs, giving a better chance of success!”

Coaching is free. It’s available to everyone. It comes as part of the programme. You can use it to enhance your skills, prepare for assessment, create an action plan for the workplace or build confidence.

Have you taken up the option of coaching yet?

Coaching for support

- **one-to-one coaching** helping you decide what works for you, and the best action to take
- **peer group drop-in sessions** share best practice and top tips
- **flexible options** coaching is available at different stages of a learning programme

Coaching for success

- boosting skills ready for success at accreditation interview
- gain know-how on putting learning into practice back in the workplace
- help with reflecting, realigning, renewing and moving forward
