Objection for

Section 62A Planning Application: S62A/2023/0017 - Land at Tilekiln Green, Start Hill, Great Hallingbury

Mrs Sarah Sellears of [REDACTED].

I have become aware of yet another wren proposal on land at Tilekiln Green.

This is completely unacceptable and cannot be allowed for the fact that the roads, surrounding villages, M11 junction and infrastructure cannot take any more HGV and traffic caused by this site if it were allowed to go ahead!

We already have too much traffic, loss of habitat for animals, pollution, noise and disturbances from lorries, we cannot be expected to suffer even more with this wren site!

They are relentless and need to be shown that our beautiful villages in this area are already under too much strain and we cannot accept anymore!!

It's bad enough that we are losing green areas and habitat to housing, we don't want or need this aswell!!

Kind regards,

Mrs Sellears.
