David Halpern, Behaviour Insights Team  
Laura Sandys, Challenging Ideas  
Adam Scorer, NEA

**Summary of the discussion**

The co-chairs thanked the Steering Group for their continued commitment and commended the content of the draft action plan. The co-chairs emphasised the importance of the public/private interlock to move to deliverable actions; therefore, more time is required to explore and refine some of the actions. Publication of the action plan after recess, subject to the former conversations resolving successfully, was proposed and agreed by the Steering Group.
