About this document

This document sets out our regulatory requirements for awarding organisations offering general qualifications during the Coronavirus (COVID-19) pandemic.

Requirements set out in this document

This document sets out GQ Covid-19 Conditions. These conditions come into effect at 09:00 on 11 June 2020 for GQ Qualifications as defined in Condition GQCov1.7:

- advanced extension award qualifications
- extended project qualifications
- GCE (AS or A level) qualifications
- GCSE qualifications

We revised this document on 14 August 2020, 19 August 2020 and on 30 September 2020. On 29 October 2020 we re-issued these conditions to correct an error in a previous version.

With respect to all qualifications to which the conditions set out in this document apply, save to the extent set out in those conditions, awarding organisations must also comply with:

- our General Conditions of Recognition, which apply to all awarding organisations and all qualifications, as well as any Qualification Level Conditions and Subject Level Conditions¹ which apply to specific qualifications
- all relevant Regulatory Documents²

It also sets out our requirements in respect of the information which awarding organisations must request from Centres as part of the process of calculating results this summer.

Requirements in relation to the information to be requested from Centres

Condition GQCov3.1(a)(ii) allows us to specify requirements and guidance in relation to the information to be requested from Centres to facilitate the calculation of results for GQ Qualifications in summer 2020.

Our requirements for the purposes of Condition GQCov3.1(a)(ii) are that an awarding organisation must –

- (a) request from the Centres with which they have agreements the information set out in our publication 'Summer 2020 grades for GCSE, AS and A level, Extended Project Qualification and Advanced Extension Award in maths Information for Heads of Centre, Heads of Department and teachers on the submission of Centre assessment grades' (the **Centre Guidance**),⁴ and
- (b) take reasonable steps to ensure that Centres generate that information using the process set out in the Centre Guidance.

The Centre Guidance also contains the form that the declaration required under Condition GQCov3.4 must take. However, an awarding organisation may add additional material at the end of that declaration, or may require Centres to provide an additional separate declaration, where an awarding organisation considers it appropriate to do so in order to meet its obligations under Equalities Law.
