

A2. AWARENESS OF ALCOHOL UNITS IN THE ON-TRADE – MONITORING TEMPLATE

About the monitoring template

As part of the agreed monitoring process for the Public Health Responsibility Deal, partners will be required to submit an annual update to the Department of Health so that we can place this information on the website. In this annual update, partners will set out the progress they have made against each of the pledges they have signed up to. They will also have an opportunity to set out the next stage of their plans.

The Responsibility Deal networks have developed a standardised monitoring template for each of the collective pledges. Guidance notes, intended to assist partners in completing the templates, are included within the template.

This is the monitoring template for pledge **A2. Awareness of Alcohol Units in the On-trade**, which supports the Responsibility Deal's core commitment on alcohol.

Further information on this pledge can be found at:

http://www.dh.gov.uk/en/Publichealth/Publichealthresponsibilitydeal/BecomingaResponsibilityDealpartner/DH_125222

This template has been made available in document format. The Department of Health is in the process of developing a web-based platform, which would enable partners to complete their annual updates online. We expect this system to be available by the end of February 2012.

All the information that partners will be asked to provide in the monitoring templates will be made publicly available on the Responsibility Deal website - <http://responsibilitydeal.dh.gov.uk/>. Consequently, partners should not include any information in their templates which cannot be disclosed.

The Department of Health will not provide any detailed analysis or commentary on the information provided by partners when they are published online.

Alcohol Core Commitment

We will foster a culture of responsible drinking, which will help people to drink within guidelines.

A2. Awareness of Alcohol Units in the On-trade Pledge

We will provide simple and consistent information in the on-trade (e.g. pubs and clubs), to raise awareness of the unit content of alcoholic drinks, and we will also explore together with health bodies how messages around drinking guidelines and the associated health harms might be communicated.
