

10 June 2010

To:
Local Authority Chief Executive Officers

Our Ref: 002/009/0028

Dear Colleague,

REDUCTION IN GRANTS TO LOCAL GOVERNMENT

Further to the announcement on 24 May that local government will make a £1.166bn contribution towards the overall savings of £6.2bn across Government in 2010-11, I enclose a document which sets out further details of reductions to individual grants to local authorities. These savings were announced on Thursday 10 June through a Written Ministerial Statement to the House, with a detailed breakdown published on the CLG website.

Authorities should let the Department know by 5pm on Thursday 24 June 2010 if they believe that there are errors in the calculation of the reductions. Information should be sent to:
