

Creating a Posting Label

Postage Labels can also be created from within the app.

The label can be printed directly or e-mailed for printing from a PC.

This label can be used to track the mail item to overseas locations using the BFPO Track and Trace App. So make sure to ask family and friends to use the app and the label so you can see where that Christmas present is!

Understanding Postage Restrictions

As the majority of mail to operations theatres are flown items like aerosols are not allowed. The app provides a guide to restricted items, which if included in your mail could be delayed.

Finding a BFPO Number

BFPO released an Information App in October 2012 to provide our customers with an easy way to find out about BFPO services.

The App is free to download from I-tunes or Google play and can be used on Apple or Android devices. From the opening screen or dashboard a variety of features can be accessed.

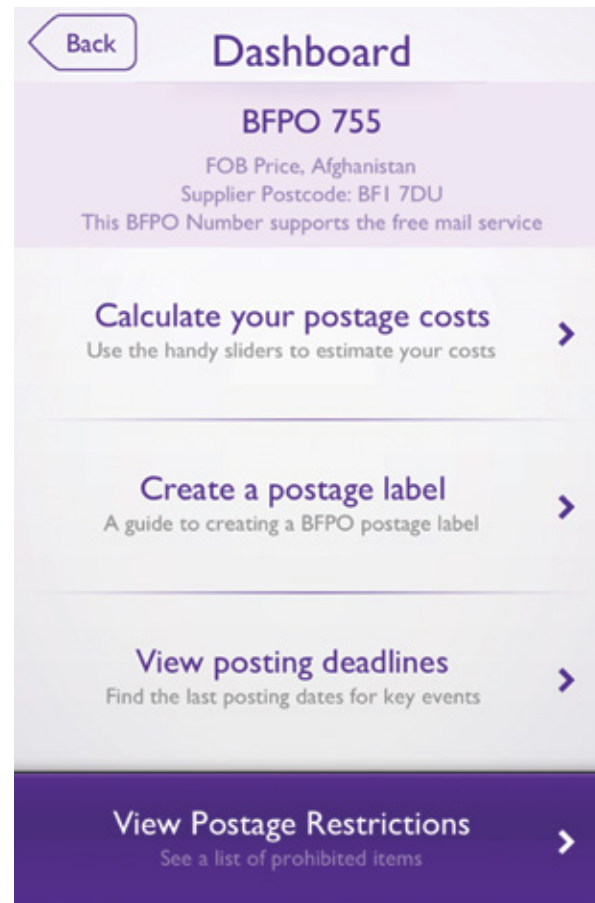

You can search for BFPO Numbers in a number of ways, for example entering Herrick will list all FPOs on Op Herrick.

Find out which Companies Ship To BFPO

The Dashboard

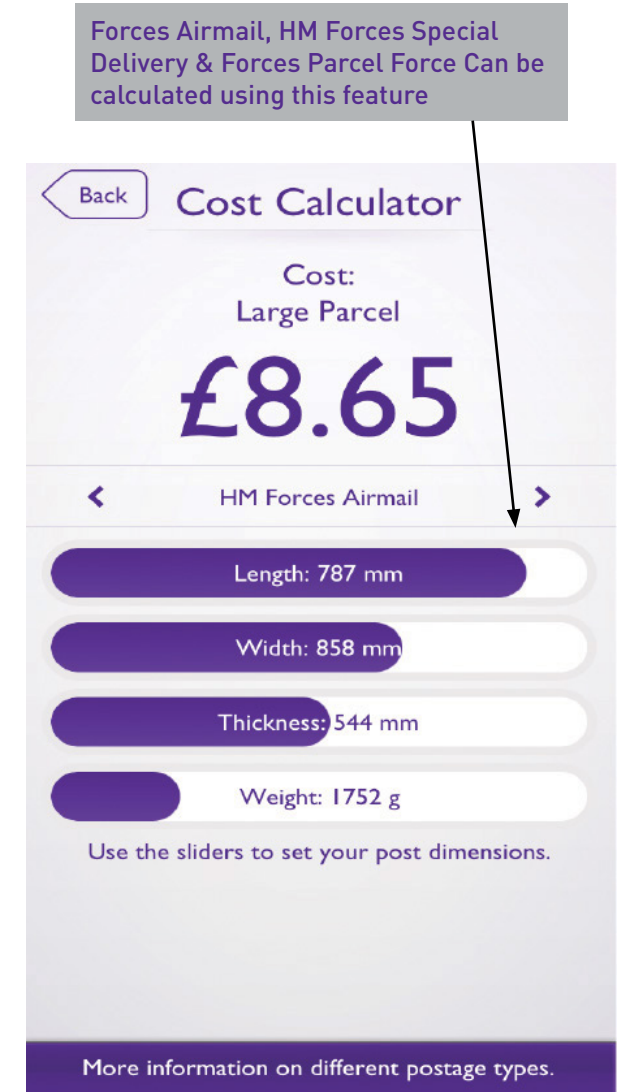

Once you have selected a BFPO number you will arrive at the Dashboard screen which provides additional information and resources which will allow you to:

- Calculate postage costs
- Create mailing label
- Look Up posting.
- Look Up postage restrictions.

Using The Cost Calculator

The app contains a handy cost calculator. Using the sliders you can estimate various cost options depending on size and weight.

Forces Airmail, HM Forces Special Delivery & Forces Parcel Force Can be calculated using this feature

Additional Information can be found by clicking on the link in the status bar
