A. No, sorry, but it is not possible to meet everyone who has an interest in the Sayce Review.

Q. Are there any circumstances in which the deadline for responses to the consultation will be extended?

A. No. To ensure everyone has the opportunity to contribute, this consultation is lasting for fourteen weeks instead of the twelve weeks usually given. All contributions must be submitted by 17 October 2011.

A. We need a name and contact details in order to ensure that contributions are not duplicated and are from genuine respondents, so we cannot accept anonymous contributions. contribution to be confidential you should ask for this clearly and say why, as part of your response.

A. No.

Q. How long will the Sayce Review Consultation Team keep my contribution?

A. We will keep paper copies of contributions to the consultation exercise in secure storage for five years. After this time, they will be destroyed.
