*Dear Callum,*

## **PERSONAL FINANCIAL CAPABILITY IN THE WORKPLACE**

The Treasury is pleased to support the work of the FSA on improving personal financial capability in the workplace and would like to take up the offer by the FSA to run seminars on personal financial management for Treasury staff. We would ideally like to hold these in January to fit in with our business cycle. There is also interest from the wider Treasury Group and we would like to extend the invitation to them. I understand that Shaun Mundy would be happy with this approach and that the proposed timing would also be suitable from his point of view.

in the Treasury Learning and Development Team will be taking this forward with you on our behalf.

I am copying this letter to Shaun Mundy at the FSA.

*Yours*

*Nick*
