Management Commentary

Under the Local Government Finance Act 1988, non-domestic rates are to be paid to the Secretary of State who is then required to redistribute them to local authorities in accordance with the methodology set out each year in the Local Government Finance Report (England) made under section 78A¹ of the Act. The non-domestic rates are thus, in effect, pooled and redistributed. The operation of the pool is governed by Schedule 8 to the 1988 Act and regulations made under section 141. This account, relating to 2010-11, demonstrates that, taking one year with another, pooling is achieved and all rates received are redistributed to receiving authorities². All these transactions appear elsewhere in the Consolidated Fund Account or Annual Report and Accounts for the Department for Communities and Local Government, but this account serves to bring them together and demonstrate the working of the pool.

Pooling and redistribution of non-domestic rates

Non-domestic rates are received:

- from billing authorities in respect of businesses in their areas other than those on the central non-domestic rating list;
- directly from businesses on the central non-domestic rating list; and
- from the Ministry of Defence in respect of contributions in lieu of rates for exempt properties occupied for the purposes of visiting forces, or an international headquarters or defence organisation in pursuance of arrangements made with any Government department (“visiting forces exempt properties”).

An amount equivalent to the estimated total of these sums is distributed to receiving authorities in the same way as the Revenue Support Grant.

Non-domestic rates paid to the Secretary of State are credited to the Consolidated Fund. Amounts paid to authorities by the Secretary of State are paid out of monies provided by Parliament. There is no separate fund through which these monies pass. In order to avoid unnecessary cash transfers between the Secretary of State and authorities, only net payments are made³. However, the account shows as items of account all the non-domestic rate entitlements and liabilities which have been discharged, rather than net cash sums received or paid out.

Receipts from billing authorities and others

A billing authority’s non-domestic rating contribution into the pool represents the amount which would be payable by ratepayers in the authority’s area if the authority acted diligently, after allowing for certain prescribed deductions (e.g. for costs of collection and recovery). A provisional calculation of the amount is made by the authorities before the start of the year on the basis of prescribed assumptions. The Secretary of State may make his own calculation if he believes that the authority’s calculation is unlikely to have been made in accordance with regulations (made under paragraph 4(1) of Schedule 8). An authority may recalculate its provisional contribution up to once per quarter during the year if the difference between the recalculated amount and the previously calculated amount exceeds a prescribed threshold. The Secretary of State, if he believes that the recalculated amount is likely to have been calculated in accordance with the relevant regulations, must then adjust the authority’s payments accordingly. The amounts paid to the Secretary of State on the basis of these calculations and recalculations are shown in the account as “Contributions from authorities”. The Department for Communities and Local Government calculates amounts due to the Secretary of State from ratepayers on the central rating list. Contributions in aid in respect of visiting forces’ exempt properties are calculated by the Valuation Office Agency and paid to the Secretary of State by the Ministry of Defence.

1 Except where otherwise specified, all references to sections relate to sections of the Local Government Finance Act 1988 (as amended by, inter alia, Schedule 5 to the Local Government and Housing Act 1989, the Local Government Finance Act 1992 and the Non-Domestic Rating Act 1994).

2 All references to billing authorities have, by virtue of section 144 (2), the same meaning as in Part I of the Local Government Finance Act 1992, and all references to receiving authorities relate to any billing authority or major precepting authority which also has, by virtue of section 144 (2), the same meaning as in that Part.

3 See the Local Government Finance (Payments) (English Authorities) Regulations 1992 (S.I. 1992/2996) made under s 141.

Prior year adjustments

After the end of the year, each authority must calculate its required contribution, arrange for it to be audited and send a copy of the unaudited claim form to the Secretary of State. On receipt of the unaudited claim, the Secretary of State must adjust the authority's payments to accord with this calculation, either by refunding any sums overpaid or requiring additional payments from the authority as appropriate. If the calculation is changed as a result of the audit, the Secretary of State must make further adjustments to agree with the audited calculation.

Any subsequent changes to the amount payable to the authority in respect of the relevant financial year (which might occur, for example, because of appeals which may retrospectively alter rateable values) are treated as "prior year adjustments" to the pool contribution for a subsequent year.

Distribution of the pool

An amount equivalent to the Secretary of State's estimate of the yield of non-domestic rates is distributed to receiving authorities each year. The sum to be distributed (the "distributable amount") is calculated by the Secretary of State before the financial year using estimates of the items to be credited and certain items to be debited to the account in the year (paragraph 9 of Schedule 8). However, it is unlikely that the aggregate of payments into the pool in any one year will exactly equal the distributable amount. Any surplus or deficit on the account is carried forward.

Statutory background

The account for 2010-11 is prepared under paragraph 1 of Schedule 8 to the Local Government Finance Act 1988 and shows:

- (i) sums received by the Secretary of State in 2010-11
 - a. under section 54 in respect of non-domestic rates paid by ratepayers on the central rating list;
 - b. under section 59 in respect of contributions in aid of non-domestic rating in respect of visiting forces' exempt properties;
 - c. under paragraph 5(5) of Schedule 8 in respect of the provisional amount of non-domestic rates estimated by billing authorities to be collectable in 2010-11;
 - d. in respect of the additional rates collected by billing authorities in respect of 2009-10 and previous years, following the calculation of the final amounts of non-domestic rates due for those years under paragraph 5, or regulations under paragraph 5(15), of Schedule 8, and in respect of visiting forces exempt properties and from ratepayers on the central rating list following recalculations of the amounts due.
- (ii) payments made by the Secretary of State in 2010-11
 - a. in respect of the repayments to billing authorities of excess contributions following the calculation of the final amounts of non-domestic rates due for 2009-10 and previous years under paragraph 5(10), 5(14) or regulations under paragraph 5(15) of Schedule 8, and to ratepayers on the central rating list following recalculations of the amounts due; and
 - b. under paragraph 12 in respect of non-domestic rates distributed to receiving authorities in the same way as Revenue Support Grant.

Review of 2010-11

In 2010-11 the Secretary of State received £20,864.219 million of non-domestic rates and paid to authorities £22,632.114 million. The amount received also included adjustments from the 2009-10 period.

At the end of 2010-11, amounts of non-domestic rates due for 2009-10 and earlier years had not been determined in respect of 3 authorities (2 of which have been subsequently resolved). As and when the outstanding returns are finalised, the resulting payments to or by the Secretary of State will be reflected in the Non-Domestic Rating Account for 2011-12.

After taking account of the accumulated surplus of £203.536 million carried forward from the previous financial year, the overall balance on the account at the end of 2010-11 is a cumulative deficit of £1,564.359 million.

Properties occupied for the purposes of a visiting force, or a headquarters or defence organisation designated by an Order in Council under section 1 of the International Headquarters and Defence Organisations Act 1964 are exempt from non-domestic rating, under paragraph 19A of Schedule 5, inserted by the Local Government and Rating Act 1997. Contributions in aid of rates for these exempt properties are made by the Secretary of State for Defence under section 59 of the 1988 Act.

Statement of Accounting Officer's responsibilities with respect to the Account

Under paragraph 1 of Schedule 8 to the Local Government Finance Act 1988 the Secretary of State is required to prepare an account (to be called a non-domestic rating account) for each financial year in the form directed by the Treasury. An Accounting Officer is appointed for the account. The account is prepared on a cash basis and must properly present the receipts and payments for the financial year and the balance held at year end.

The relevant responsibilities of Accounting Officers, including their responsibility for the propriety and regularity of the public finances for which they are answerable, and for the keeping of proper records, are set out in the Accounting Officers' Memorandum issued by the Treasury and published in "Managing Public Money".

Non-Domestic Rating Account for the year ended 31 March 2010

Notes

1. The Account has been prepared in accordance with Schedule 8 to the Local Government Finance Act 1988. It has been prepared on a cash basis with no provision for accruals and in a form directed by the Treasury. The prior period figures are included for comparison and are taken from the 2009-10 Account.
2. Authorities are required to calculate their non-domestic rate contribution for the year before it begins (the provisional amount; paragraph 5 (2) of Schedule 8 – although under certain circumstances they may recalculate the provisional amount during the year), and again after it ends (paragraph 5 (6)). The provisional amount is paid during the year in such instalments as the Secretary of State directs (paragraph 5 (5)). Whilst the account shows the full amounts of contributions from authorities and the distributable amount, in practice these items are netted off against each other and only net payments are made. This avoids unnecessary cash transfers between the Secretary of State and local authorities.
3. The Secretary of State received contributions in aid of non-domestic rating (section 59) totalling £10.921 million from the Ministry of Defence in respect of exempt hereditaments occupied by visiting forces in 2010-11.
4. The outturn adjustments made for 2009-10 and earlier years comprised payments of £1,109.774 million and receipts of £52.131 million.
5. Any surplus or deficit on the account is carried forward to the following year.
6. The account is audited by the Comptroller and Auditor General. The notional costs of the audit are included within the costs of auditing the Annual Report and Accounts of the Department for Communities and Local Government.

The Certificate and Report of the Comptroller and Auditor General to the Houses of Parliament

I certify that I have audited the Pooling of Non-Domestic Rates and Redistribution to Local Authorities in England Account (the Non Domestic Rating account) for the year ended 31 March 2011 under the Local Government Finance Act 1988. These comprise the Receipts and Payments Account, the Statement of Balances and related notes. These financial statements have been prepared under the accounting policies set out within them.

Respective responsibilities of the Accounting Officer and auditor

As explained more fully in the Statement of Accounting Officer's Responsibilities, the Accounting Officer is responsible for the preparation of the financial statements in accordance with the Local Government Finance Act 1988 and HM Treasury directions made thereunder. My responsibility is to audit, certify and report on the financial statements in accordance with the Local Government Act 1988. I conducted my audit in accordance with International Standards for Auditing (UK and Ireland). Those standards require me and my staff to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Non Domestic Rating Account's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Accounting Officer and the overall presentation of the financial statements.

In addition, I read the financial and non financial information in the Management Commentary to identify material inconsistencies with the audited financial statements. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my certificate.

In addition, I am required to obtain evidence sufficient to give reasonable assurance that the receipts and payments reported in the financial statements have been applied to the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Opinion on Regularity

In my opinion, in all material respects the receipts and payments have been applied to the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Opinion on the financial statements

In my opinion:

- the financial statements properly present the receipts and payments of the Non Domestic Rating Account for the year 31 March 2011; and
- the financial statements have been properly prepared in accordance with the Local Government Finance Act 1988 and HM Treasury directions issued thereunder.

Opinion on other matters

In my opinion:

- the information given in the Management Commentary for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters for which I report by exception

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records or returns; or
- I have not received all of the information and explanations I require for my audit.

Report

I have no observations to make on these financial statements.
