Directors' Report

Statutory Background

The Sports Council for Northern Ireland (the Sports Council), is the statutory body through which public funding for sport in Northern Ireland is channelled. It was established on 31 December 1973 under the provisions of Article 3 of the Recreation and Youth Service (Northern Ireland) Order 1973. Its object is the furtherance of sport and physical recreation and its functions are as provided by Article 3 of the Recreation and Youth Service (Northern Ireland) Order 1986.

The National Lottery etc. Act 1993 (the 1993 Act) established the National Lottery and designated five good causes: arts, sport, national heritage, charitable projects and projects to mark the year 2001 and the beginning of the third millennium. The National Lottery Act 1998 (the 1998 Act) which came into force in July 1998 established a sixth good cause, the New Opportunities Fund. Each of the good causes receives a percentage of the net proceeds of the Lottery paid out of the National Lottery Distribution Fund (NLDF).

The Sports Council is charged under the 1993 Act with responsibility for distributing 2.8 per cent of the money allocated to sport. However, as of July 1999 the Sports Council received a reduced contribution of 2.6 per cent as a top sliced contribution of 0.2 per cent became payable to the United Kingdom Sports Council in respect of the United Kingdom wide World Class Performance Programme for elite athletes. In February 2008 a statutory instrument (SI 2008 No. 255 The Payments into the Olympic Lottery Distribution Fund etc. Order 2008) was passed which allowed for the transfer of up to £1,085m from the National Lottery Distribution Fund to the Olympic Lottery Distribution Fund in order to meet some of the costs of hosting the 2012 games.

The Sports Council is required to prepare a statement of accounts for each financial year in accordance with sections 35(2) and 35(3) of the National Lottery etc. Act 1993 and accounts direction given by the Department of Culture, Arts and Leisure (DCAL), with the approval of the Secretary of State for Culture, Media and Sport (DCMS). DCAL issued revised Lottery Policy Directions to the Sports Council on 16 April 2008, a copy of which is attached to the end of these financial statements. From 16 April 2008 onwards, the Sports Council will observe the requirements of these revised directions when distributing funds from the National Lottery.

Principal Functions related to National Lottery Distribution Activities

The Sports Council has developed its policies and procedures for the Lottery Fund within the framework of the 1993 Act (as amended by the National Lottery Act 1998) and the policy and financial directions (the Directions) issued under the Act by DCAL. The Sports Council's policies and procedures are continually under review to ensure that they comply with requirements, remain appropriate and that the maximum benefit is achieved for sport in Northern Ireland.

A requirement of the 1998 Act is that the Sports Council prepares and adopts a strategic plan for the distribution of its share of lottery income. The Sports Council has therefore produced a Corporate Plan which covers the period 2008–2011 and outlines how the Sports Council will allocate its share of lottery funding during these four years. The plan illustrates the Sports Council's priorities, activities, targets and programmes during this period.

All applications for funding, regardless of whether they are for capital or revenue grants, are considered in the first instance by the Sports Council's Performance, Participation and Places Committees (unless the Council has agreed delegated decision limits) which is drawn from members of the Sports Council. The proposals are then presented to the members of the Sports Council for approval.

Council Members of the Sports Council and Members of its Committees

The Sports Council consists of a Chairman and Vice Chairman and other persons appointed by the Minister, after a selection and recruitment process that is carried out by DCAL. The function of the Sports Council is to:

- advise DCAL and other government departments, education and library boards, district councils and other relevant bodies on matters relating to sport and physical recreation;

- encourage the provision of facilities for, and participation in, sport and physical recreation;
- assist the provision of relevant services and the organising or supporting of, or participating in, relevant events;
- assist bodies providing relevant support services; and
- to appoint the Chief Executive by open competition, after consultation with DCAL.

The Participation, Performance and Places Committees are nominated to advise the Sports Council on matters relating to the disbursement of the Lottery Fund and have power in accordance with the policies and criteria adopted by the Sports Council.

The Participation Committee is nominated to advise on policy and practice and implement Council decisions relating to the development of participation in sport in Northern Ireland. The Committee has powers in accordance with the policies and criteria adopted by the Council to:

- provide policy advice to the Council in respect of increasing participation in sport in Northern Ireland;
- recommend to the Council the allocation of funds and other resources to eligible and prioritised schemes in accordance with the agreed policies and criteria;
- inform the Council of decisions taken within agreed delegated authority limits regarding the allocation of funds and other resources to eligible and prioritised schemes in accordance with agreed policies and criteria;
- ensure that policies and programmes provide for equality of opportunity; and
- ensure that a strategic monitoring and evaluation process is in place.

The Performance Committee is nominated to advise on policy and practice and implement Council decisions relating to athlete and organisational performance in Northern Ireland. The Committee has powers in accordance with the policies and criteria adopted by the Council to:

- provide policy advice to the Council in respect of increasing athlete and organisational performance in sport in Northern Ireland;
- recommend to the Council the allocation of funds and other resources to eligible and prioritised schemes in accordance with the agreed policies and criteria;
- inform the Council of decisions taken within agreed delegated authority limits regarding the allocation of funds and other resources to eligible and prioritised schemes in accordance with agreed policies and criteria;
- ensure that policies and programmes provide for equality of opportunity; and
- ensure that a strategic monitoring and evaluation process is in place.

The Places Committee is nominated to advise on policy and practice and implement Council decisions relating to sport facilities provision in Northern Ireland. The Committee has powers in accordance with the policies and criteria adopted by the Council to:

- provide policy advice to the Council in respect of sports facilities provision in Northern Ireland;
- recommend to the Council the allocation of funds and other resources to eligible and prioritised schemes in accordance with the agreed policies and criteria;
- inform the Council of decisions taken within agreed delegated authority limits regarding the allocation of funds and other resources to eligible and prioritised schemes in accordance with agreed policies and criteria;
- ensure that policies and programmes provide for equality of opportunity; and
- ensure that a strategic monitoring and evaluation process is in place.

DCAL appointed members of the Sports Council on 1 January 2008 for a term of 4 years. The members of the Participation, Performance and Places Committees are nominated by the Sports Council.

Auditors

External Audit

Under Section 35(5) of the National Lottery etc. Act 1993 the Comptroller and Auditor General examines and certifies the financial statements of the National Lottery Distribution bodies and lays copies of the statement and his report before Parliament.

The audit fee for the 2009/10 financial statements amounted to £23,000 (2008/09:£23,000); and a further fee of £4,500 included in 2009/10 related to the audit of 2008/09 IFRS shadow accounts.

Internal Audit and the Audit Committee

The Sports Council employs an internal auditor who prepares an audit plan, which is approved by the Audit Committee. The internal auditor reports bi-annually on each work area, and these are presented to the Audit Committee for review. During the year the following were the members of the Audit Committee:

Dr O Brown (Chairperson)

Mr P Turnbull

Mr J D'Arcy

Mr J Rodgers

The Audit Committee will advise the Chief Executive and Council on:

- The strategic processes for risk, control and governance;
- The accounting policies and the accounts of the organisation;
- The planned activity and results of both internal and external audit;
- Adequacy of management response to issues identified by audit activity; and
- Assurances relating to the corporate governance requirements for the organisation.

Equality of Opportunity

The Sports Council is committed to the development of positive policies to promote equal opportunity in employment based on practices which are non-discriminatory as between people of differing abilities, religion, political view, nationality, race, colour or sex.

Employees with a Disability

The Sports Council ensures that people with a disability are given opportunities for suitable employment and that they are not discriminated against on the grounds of disability for recruitment, training or promotion purposes.

Employee Consultation

On matters of policy and procedure, which affect the employees of the Sports Council, the Sports Council normally consults with the recognised trade union of which the staff are members. This trade union is also a member of the Whitley Council which negotiates the terms and conditions of members with the Northern Ireland Department of Finance and Personnel.

Environmental Matters

The Sports Council is committed to making sport happen in a sustainable way. There is wide spread interest and concern in ensuring that sport and recreation are as sustainable as possible and take place with minimal adverse environmental impact. The Sports Council recognises its role in sport and the community and will promote the application of best environmental practice. In October 2008 the Sports Council produced an Environmental Policy which it is currently working towards implementing.

Sickness Absence Data

The Sports Council had an average of 6.58 days absence per full time equivalent person in 2009/10 (6.86 days: 2008/09).

Pension Liabilities

Details of pension liabilities can be found in the Remuneration Report and note 3 to the financial statements.

Personal Data Related Incidents

There were no incidents during the year.

Payment Policy

The Sports Council is committed to the prompt payment of bills for goods and services in accordance with the Better Payment Practice Code. Bills are paid within 30 days of receipt of the goods or services, or presentation of a valid invoice or similar demand, whichever is later. Calculations are based on the date on the invoice.

A review conducted at the end of the year to measure how promptly the Sports Council paid its bills found that 98 per cent (2008/09: 99 per cent) were paid within this standard.

During 2009/10 the Sports Council revised internal timescales for the processing and payment of invoices, in line with government guidance, which requested that payments should be made within 10 days. The Sports Council paid 84 per cent of invoices within 10 working days.

Political and Charitable Donations

The Sports Council made no political or charitable donations during the year.

Management Commentary

Principal Risks and Uncertainties

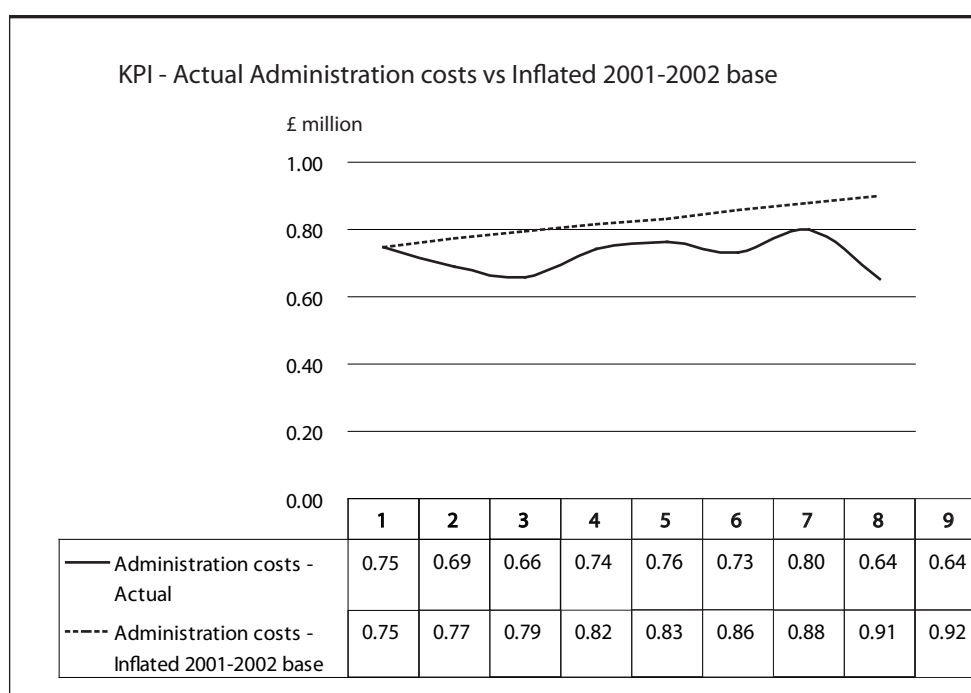

The Sports Council faces a number of uncertainties regarding future funding from DCAL and this may have an effect on the NLDF policy. The Sports Council carried out a significant review of budgets in 2009/10 and is continuing with this process to cover the financial years 2009-2014, this will ensure adequate funds are available and there are no significant over commitments in the Lottery Distribution fund.

Financial Results

The Sports Council's Lottery Distribution results are set out in the Net Expenditure Account. Total proceeds and investment income received from the National Lottery totalled £6,467,463 (2008/09: £5,661,040 restated). During the year the Sports Council made soft commitments of £21,424,664 (2008/09: £11,980,239). A total of £10,945,684 (2008/09: £8,287,735) was paid to grant applicants, the remaining balance being held as commitments for future grant payments. The total administrative costs of the Sports Council's Lottery distribution activities, including staff costs but excluding non-cash costs of £642,614 (2008/09: £644,979 restated). This represents approximately 9.9 per cent (2008/09: 11.4 per cent) of the total proceeds received in the year.

The following table and chart outline the Key Performance Indicator for comparing administration costs for the Sports Council Lottery Distribution Account for the period 2001-2010. The figures are adjusted to account for inflation:

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Total

Review of National Lottery Distribution Activities

During the 2009/10 year the Sports Council distributed awards under a number of Lottery Fund grant programmes. The following are the most significant:

a Capital Programmes

The Sports Council continues to review the NLDF policy paper to ensure capital projects are allocated to Lottery or Exchequer funding streams, in order to complement and maximise the effectiveness of available budgets. During the year the following were the main capital investments from the Lottery Fund:

1 Building Sport

"A Sports Council capital programme which aims to provide partnership funding for major capital projects that will increase access to opportunities for sporting development and participation for as many people as possible"

To date 20 projects have received awards under this programme totaling £13,895,378. Of this figure, 3 new commitments totaling £1,839,000 and award amendments of £64,070 were made during the financial year 2009/10.

2 Places for Sport

"The Places for Sport capital programme is designed to assist with the delivery of the new Strategy for Sport and Physical Recreation 2009-19, soon to be launched by the Department for Culture, Arts and Leisure to provide a vision of "a culture of lifelong enjoyment and success in sport"

At the end of the financial year 2008/09 the Sports Council agreed to transfer 8 projects from Exchequer into Lottery. The total value of these projects amounted to £1,772,375. Exchequer recharged Lottery for £1,427,493 of grant payments under these projects. There have been no new awards made under this programme for 2009/10.

3 Sports Institute for Northern Ireland – Capital

The development of the High Performance Centre at the University of Ulster began on site in May 2006, following the appointment of the building contractors. The building was officially opened in November 2008 by Sir Sebastian Coe. A retention of £556k (10 per cent of the Lottery award) has been held as a retention until 2010/11 when the final account is to be processed.

b Revenue Programmes

1 Athlete Support Programme

"A Sports Council Lottery Fund revenue programme to assist Northern Ireland's leading sports people to compete successfully at international level"

The Athlete Support programme funding provides support towards the costs of additional competitive opportunities, specialist coaching, sports science, medical support and equipment as specified in the performance plan. The total value of awards made in 2009/10 under this programme amounted to £927,430.

In addition, awards and award adjustments totaling £138,535 were made in respect of "living costs" which enable individual athletes to prepare adequately for targeted competition.

2 *Sport in our Community*

The Sport in Our Community Programme supports a range of statutory, community and voluntary sector organisations in:

- the development and improvement of physical literacy;
- the development of opportunities for people with disabilities; and
- the creation of sport/physical activities in areas of high social need for those who have not previously had a sustained interest in sport or physical activity.

The Sports Council's investment aims to deliver innovative and creative projects which will increase the number of regular, frequent and sustained participants in sport through the deployment of a professional, competent sporting workforce.

To date £3,903,261 of awards have been made under this programme, of which £28,910 related to 2009/10 financial year.

3 *Sports Institute Northern Ireland (SINI)*

SINI was established in 2002 to help build a world leading sport system for Northern Ireland. The Sports Institute for Northern Ireland is a partnership between the Sports Council and the University of Ulster and is based on the Jordanstown campus of the University of Ulster. SINI works together with athletes, coaches and governing bodies to enable local athletes to compete on a world stage.

The SINI was made an award of £1,990,850 for 2009/10.

4 *Active Communities*

Active Communities is an investment programme that seeks to employ, deploy and train a network of full time and part time sports coaches and leaders to deliver activities in community and club settings across Northern Ireland, with a view to increasing participation in sport and physical recreation, especially among under represented groups. This programme was launched in 2009/10 and made £1,397,688 of awards to 6 local authorities.

c Transfer to 2012 Olympics

In February 2008 a statutory instrument (SI 2008 No. 255 The Payments into the Olympic Lottery Distribution Fund etc. Order 2008) was passed which allowed for the transfer of up to £1,085m from the National Lottery Distribution Fund to the Olympic Lottery Distribution Fund in order to meet some of the costs of hosting the 2012 games. This comprises £410m as originally envisaged when the Government decided to support London's Olympic bid in 2003, and a proposed further £675m arising from the subsequent budget review. The Sports Council was committed to contribute up to £1.847m in the original bid and this order allows for the transfer of up to a further £2.345m. The final total contribution required for London 2012 by the Sports Council will be £4.192m. The first transfer of funds took place on 2 February 2009. To date the Sports Council has contributed £1.41m.

Future Developments in National Lottery Distribution Activities

DCMS has proposed revised allocations of how lottery good causes money is divided between arts, heritage, sports and the Big Lottery Fund. The impact of this has been to increase the percentage funding to the Sports Council from 0.433 per cent to a proposed 0.468 per cent from 1 April 2011 and 0.520 per cent from 1 April 2012.

Significant Changes in Non Current Assets

The movement in non current assets is set out in note 7 to the financial statements. The main changes included the application of indexation to assets and the relifing of assets, which had been written down but still had an economic life. The net book value of property, plant and equipment increased from £28,549 to £32,985 due to indexation/relifing and depreciation. Intangible assets increased from £15,558 to £18,913 also due to indexation/relifing and amortisation. There were no new assets acquired, as the Lottery fund will be recharged a cost for use of Exchequer assets. A number of assets were also disposed of during the year, due to being obsolete.

Equity at the Year End

At the end of the year the Lottery Distribution Account showed a decrease in funds of £1,154,620. This movement along with a transfer between reserves of £22,851 and the general reserve held at the end of 2008/09 of £5,349,751 resulted in the retained funds totaling £4,217,982 at 31 March 2010. This amount will be carried forward to the 2010/11 financial year and will be available for distribution.

A revaluation reserve has been created that includes movements on the NLDF account, which relate to unrealised gains/losses; and changes in the valuation of assets. At 31 March 2010 the balance on this account was £47,908.

Financial Instruments

Details of financial instruments can be found in note 1.7 and note 9 to the financial statements.

NLDF Balance Policy

In August 2003 the DCMS issued a Guidance Note (1/03) which proposed that all Lottery Distributors should develop an NLDF policy, and should publish an annual statement in their audited accounts, setting out the basis of the policy and the actions required to manage the NLDF balance. The Sports Council's NLDF policy is included within the accounts at note 8b.

Audit

So far as I, Accounting Officer of the Sports Council, am aware, there is no relevant audit information of which the Sports Council's auditors are unaware; and I have taken all the steps that I ought to have taken to make myself aware of any relevant audit information and to establish that the Sports Council's auditors are aware of that information.

Remuneration Report

Remuneration Policy

The remuneration of senior civil servants is set by the Minister of Finance and Personnel following independent advice from the Review Body on Senior Salaries.

The Review Body takes account of the evidence it receives about wider economic considerations and the affordability of its recommendations.

Further information about the work of the Review Body can be found at www.ome.uk.com.

Within the Sports Council, the Chief Executive is employed on terms analogous to Senior Civil Service Grade 5, while all other executive directors are employed analogous to Grade 7.

The pay award for staff is comprised of two elements: a base pay uplift; and a non-consolidated bonus. Both elements are based on performance. The non-consolidated bonuses are payable to a proportion of staff as part of the annual pay award. Following confirmation of the equal pay settlement on the 20 January 2011, the pay remit 2009/10 is being finalised. Some staff members received "Special Bonus" payments for either exceptional performance or full attendance during 2009/10.

The Chief Executive is employed on terms analogous to the Senior Civil Service. He is not eligible to receive a non-consolidated bonus payment as part of the 2009/10 pay award. The pay remit for the Chief Executive is currently being prepared for submission to DCAL.

The Sports Council Staffing Committee is responsible for approving the Chief Executive's salary and assessing his performance. Its membership is made up of the following Council Members:

Staffing Committee Appointed on 1 January 2008

ClIr J Rodgers (Chairman)
Mr D O'Connor
Ms U Duncan
Mr J D'Arcy

All other senior staff positions above Deputy Principal follow the NICS pay and grading spine policy. The Chief Executive assesses all Directors performance.

Service Contracts

Sports Council staff appointments are made in accordance with the Sports Council Recruitment and Selection Policy and Procedures, which requires appointment to be on merit on the basis of fair and open competition but also includes the circumstances when appointments may otherwise be made.

Unless otherwise stated below, the officials covered by this report hold appointments, which are open-ended until they reach the normal retiring age of 65. Policy relating to notice periods and termination payments is contained in the Sports Council Staff Handbook and individual Contracts of Employment.

Eamonn McCartan, the Chief Executive, was appointed in June 1994. This position is permanent within the definition above as are the executive director positions.

The notice period or compensation for early termination of a contract is 3 months for the Chief Executive and Directors.

Audited Remuneration and Pension Entitlements – Senior Staff

The following section provides detail of the remuneration and pension interests of the Chief Executive and Directors of the Sports Council.

Sports Council Members Emoluments

The Chairman received honorarium totaling £10,000 (2008/09: £10,000 restated). The Chairman's honorarium is not recharged to the Lottery Distribution Account, however in 2008/09, £3,528 (inclusive of employers national insurance) was recharged, as there was no Vice Chairman in position during that year. The Vice Chairman received £1,750 in 2009/10, and this was fully recharged to the Lottery Distribution Account. No emoluments were paid to other Sports Council members in respect of Lottery activities. The Sports Council does not pay any pension contributions on behalf of the Chairman or Vice Chairman.

Salary

"Salary" includes gross salary; performance pay or bonuses; overtime; reserved rights to London weighting or London allowances; recruitment and retention allowances; private office allowances; and any other allowance to the extent that it is subject to UK taxation and any gratia payments. This report is based on payments made by the Sports Council before any deduction of recharges to the Lottery Fund.

Benefits in kind

The monetary value of benefits in kind covers any benefits provided by the employer and treated by the Inland Revenue as a taxable emolument. These relate to £154 for luncheon vouchers and the balance relates to professional fees.

Sports Council Pensions

The Sports Council participates in the Northern Ireland Local Government Officers' Superannuation Committee Scheme (NILGOSC) and made contributions for 110 employees, of which 18 were employed for part of the year.

The NILGOSC scheme is a "multi-employer", defined benefit scheme, which provides members of participating employers with the benefits related to pay and services at rates which are defined under statutory regulations. To finance these benefits, assets are accumulated in the scheme and held separately from assets of the employers. The scheme is funded by employers participating in the NILGOSC scheme who pay contributions at rates determined by an independent professionally qualified actuary on the basis of regular valuations using the projected unit method. During the year ended 31 March 2010, the Sports Council contributed 16 per cent of pensionable salary. The scheme is contributory with members of staff paying 5.8-7.5 per cent of pensionable salary.

Further details on pensions are included in note 3 to the accounts.

Cash Equivalent Transfer Values

A Cash Equivalent Transfer Value (CETV) is the actuarially assessed capitalised value of the pension scheme benefits accrued by a member at a particular point in time. The benefits valued are the member's accrued benefits and any contingent spouse's pension payable from the scheme. A CETV is a payment made by a pension scheme or arrangement to secure pension benefits in another pension scheme or arrangement when the member leaves a scheme and chooses to transfer the benefits accrued in their former scheme. The pension figures shown relate to the benefits that the individual has accrued as a consequence of their total membership of the pension scheme, not just their service in a senior capacity to which disclosure applies. The figures include the value of any pension benefit in another scheme or arrangement which the individual has transferred to the NILGOSC pension arrangements. They also include any additional pension benefit accrued to the member as a result of their purchasing additional years of pension service in the scheme at their own cost. CETVs are worked out within the guidelines and framework prescribed by the Institute and Faculty of Actuaries and do not take account of any actual or potential benefits resulting from Lifetime Allowance Tax which may be due when pension benefits are taken.

Real increase in CETV

This reflects the increase in CETV effectively funded by the employer. It takes account of the increase in accrued pension due to inflation, contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement) and uses common market valuation factors for the start and end of the period.

Statement of the Council's and Accounting Officer's responsibilities

The Sports Council is required to prepare a statement of accounts for each financial year in accordance with section 35(2) & (3) of the National Lottery etc. Act 1993 and accounts direction given by DCAL, with the approval of the Secretary of State for Culture, Media and Sport.

The accounts are prepared on an accruals basis and must give a true and fair view of the state of affairs of the Sports Council's Lottery distribution activities at the year-end and of its income and expenditure, changes in equity and cash flows for the financial year.

In preparing the accounts, the Principal Accounting Officer is required to comply with the requirement of the Financial Reporting Manual and in particular to:

- observe the accounts direction issued by DCAL on behalf of the Secretary of State for Culture, Media and Sport, including the relevant accounting and disclosure requirements and apply suitable accounting policies on a consistent basis;
- make judgments and estimates on a reasonable basis;
- state whether applicable accounting standards as set out in the Financial Reporting Manual have been followed, and disclose and explain any material departures in the accounts; and
- prepare the accounts on a going concern basis.

The Accounting Officer for DCAL has designated the Chief Executive of the Sports Council as the Accounting Officer for the Sports Council. His relevant responsibilities as Accounting Officer, including his responsibility for the propriety and regularity of the finances for which he is answerable and for the keeping of proper records, are set out in the Non-Departmental Public Bodies' Accounting Officer Memorandum issued by the Northern Ireland Department of Finance and Personnel, the guidance contained within "Managing Public Money", and in the Financial Directions issued by the DCAL on behalf of the Secretary of State for Culture, Media and Sport under s26(3) of the National Lottery etc. Act 1993.

Statement on Internal Control

Scope of Responsibility

As Accounting Officer, I have responsibility for maintaining a sound system of internal control that supports the achievement of the Sports Council's policies, aims and objectives, whilst safeguarding the public funds and departmental assets for which I am personally responsible, in accordance with the responsibilities assigned to me in Managing Public Money; and ensuring compliance with the requirement of Sports Council's Management Statement, Financial Memorandum and Statement of Financial Requirements.

The Sports Council's Management Statement sets out the relationship between DCAL and the Sports Council, and defines the financial and administrative framework within which the Sports Council operates. It also sets out the conditions on which grant-in-aid is paid to the Sports Council and the delegations within which the Sports Council operates.

The Sports Council's Financial Memorandum, which should be read in conjunction with the Management Statement, sets out the framework for the management and control of the finances of the Sports Council. It sets out the terms and conditions under which DCAL allocates grant-in-aid to the Sports Council out of monies provided by NI Assembly or UK Parliament. These terms and conditions are in addition to, and not in substitution for, any guidelines or directions issued by DCAL on the exercise of any individual functions, powers and duties of the Sports Council.

The Management Statement and Financial Memorandum have been approved by the Minister for Culture, Arts and Leisure, DFP and the Public Service Improvement Unit of the Office of the First Minister and Deputy First Minister.

The Sports Council also adheres to best practice as per the Lottery Financial Directions. These directions are currently incorporated within the Sports Council's Management Statement and Financial Memorandum.

I act in accordance with both the Sports Council's Management Statement and Financial Memorandum, and the DFP Memorandum, "The Responsibilities of a Non Departmental Public Body Accounting Officer", which sets out my accounting responsibilities. My responsibilities include ensuring that the Sports Council produces a three-year corporate plan and an annual business plan within the timescales set by DCAL. The plans are reviewed regularly by senior management and by the Sports Council to determine progress. Quarterly accountability meetings are held with officials from DCAL, to also monitor progress.

The Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives, it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Sports Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in the Sports Council for the year ended 31 March 2010 and up to the date of approval of the annual report and accounts, and accords with the HM Treasury Guidance.

Capacity to Handle Risk

The Senior Management team takes responsibility for applying and overseeing the application of the risk management process primarily to ensure that it is operating as intended, to challenge the content of the risk registers and enable myself to report on the process to the Sports Council. In addition to reviewing the risk framework, all recommendations received from both the internal and external auditors are reviewed, with controls being enhanced or introduced as necessary.

All staff are expected to work within the Sports Council's policies on risk management; alert management to emerging risks or control weaknesses; participate fully in the risk management process; and assume responsibility for risks and controls within their own areas of work.

All new members of staff were taken through an extensive induction programme which includes employment, finance and accountability arrangements. Credit checks have been introduced for any new staff appointed to a finance related position. AccessNI checks were carried out on all relevant posts.

All staff attended Section 75 Training, Environmental Management Training and Freedom of Information Training. In addition, some staff attended training on Fraud Awareness, Data Protection, Accruals, Anti-Doping, and Grants Information and Financial Tracking System (GIFTS). One person was reaccredited with Prince 2.

Staff whose role involves site visits are on the Construction Skills Register (CSR).

The HR Team attended courses covering the following areas: Employment Law; Handling Grievances and Disciplinary; Redundancy; Workplace Stress; and Safeguarding Vulnerable Groups.

23 Members of the Management Team attended a Leadership Course covering Communication, Performance Management and Handling difficult internal and external decisions.

The Human Resources team underwent further training on the revised payroll package, which was primarily aimed at reducing the number of errors on the system. In addition, extensive usage of the HR System took place during this time which has resulted in more accurate reporting of figures.

Staff and a number of grant recipients were trained on Recruitment & Selection best practices in order to minimise any risk of cases being taken against the said parties.

The Sports Council is currently funding a number of people to undertake courses aimed at increasing their knowledge, whilst reducing risk for the organisation:

- three members of staff were being funded to undertake accountancy qualifications;
- two members of staff are being funded to undertake PhDs in the areas of Policy & Research and Marketing practices;
- the Human Resource Manager is being funded to complete an LLM in Employment Law;
- one staff member is being funded to undertake an MSc in Organisation Management; whilst another is being funded to undertake an LLM in Business Law;
- the Policy Planning and Research Officer is being funded to undertake an MSc in Social Research Skills; and
- one manager is being funded to undertake an MSc in Business Improvement, whilst the other is being funded to undertake an MSc in Executive Leadership.

All new policies introduced during the year have been fully consulted on and screened for Section 75 compliance. The Sports Council achieved "One to Watch" status in the Sunday Times Best Companies accreditation.

Two staff attended the "On Board Training" by the Chartered Institute of Public Finance and Accountancy covering their governance and accountability responsibilities.

The Risk and Control Framework

1 Risk Management Policy and Register

The Sports Council has an established risk management policy (the Policy), which covers all the Sports Council's activities. The Policy explains the underlying approach to risk management, documents the roles and responsibilities of Sports Council, the Accounting Officer, Heads of Unit, Operations Group, staff and the Audit Committee. It also outlines key aspects of the risk management process and identifies the main reporting procedures. In particular, the Policy outlines the inextricable link between risk management and the corporate and business planning process.

The Policy is subject to regular revision as the risk management process becomes embedded throughout the Sports Council and will be updated to reflect the changing environment of the Sports Council as required. Risk reviews are a fixed agenda item on all management and team meetings.

The Sports Council has a corporate risk register in place which identifies the key risks facing the organisation. The corporate risk register is the culmination of ten risk management workshops from which twelve department and three directorate risk registers have been developed. These sub registers feed into and inform the corporate risk register.

This register has been developed in line with best practice and will be subject to regular review and update.

The register outlines those risks which if materialised would threaten the achievement of objectives. All risks are being managed to within an appropriate tolerance level. The key risks as detailed within the corporate risk register are:

- 1 reduction in budgets;
- 2 insufficient financial resources due to overspend/ commitment;
- 3 fraud (minor level);
- 4 lack of appropriate information system security (minor level);
- 5 sub standard work by third party suppliers;
- 6 failure to retain and secure appropriately trained staff;
- 7 minor non compliance with sports council's policy and procedures;
- 8 minor non compliance with health and safety regulations/legislative requirement;
- 9 contingencies/business disasters; and
- 10 non achievement of objectives.

2 Investment Policy

The Sports Council operated its Investment Policy throughout the year, which is designed to ensure the Sports Council:

- complies with the Department of Finance and Personnel's requirements for the Sports Council, as a Non-Departmental Public Body, to adhere to the Northern Ireland Preface to The Green Book (Guidance for Northern Ireland Departments on the Appraisal, Evaluation, Approval and Management of Policies, Programmes and Projects) and satisfy public accountability requirements;
- applies the principle of proportionate effort, thus ensuring that undue burden is not placed on applicants or indeed Sports Council staff; and
- improves the efficient and effective operation of the Sports Council activities, ensuring best practice and consistency across the organisation. The business case methodology is used to define problems and find solutions to offer the best value for money for the Sports Council. The risk management process provides the Sports Council with an increased understanding of risks, thus improving decision-making to adapt to changes and avoid failures. The monitoring and evaluation process provides lessons to improve the decision-making process and justifies the case for increased expenditure in sport.

The three specific policies implemented throughout the Sports Council were as follows:

- the Sports Council Business Case Policy – designed to outline policy recommendations for the formal use of Business Case methodology in all Sports Council investments;
- the Sports Council Risk Management Policy – designed to outline policy recommendations for the formal framework for risk assessment and management in all Sports Council investment decisions, particularly at a programme and project level; and
- the Sports Council Monitoring Policy – designed to outline policy recommendations for the formalisation of a monitoring and evaluation framework at a corporate, programme and project level.

During 2009/10, the Sports Council updated the Risk Management and Monitoring Policy. These documents were approved by the Council in October 2009.

An Evaluation Policy was also produced and approved by the Council in December 2009. The aim of this policy is to establish a consistent approach to evaluation across the Sports Council which is relevant to all programmes, projects and policies regardless of the source, scale and type of investment. This policy should be considered in conjunction with the Sports Council Business Case Policy 2004 and complements the revised Monitoring Policy.

3 Conflict of Interest

The Sports Council operates a Conflict of Interest policy. The policy was updated and approved by the Council in February 2010. Throughout the year the Sports Council has abided by the procedures for handling potential conflicts of interest between its members and its officers and organisations submitting projects. These procedures include maintenance of a register of interests. Sports Council members or officers declaring any direct interest in grant applications exclude themselves from the assessment and decision-making process.

4 Fraud

The Sports Council has an approved Anti-Fraud and Corruption policy. This policy covers the prevention, detection and management of fraud and/or corruption and fair dealing in matters pertaining to fraud and/or corruption. It aims to raise the awareness of fraud and its prevention and to give guidance to both the reporting of suspected fraud and how the investigation of that report will proceed.

The Sports Council's Anti-Fraud and Corruption policy was updated in October 2009 to reflect revised Departmental procedures, in particular, the implementation of a Memorandum of Understanding with the PSNI Fraud Unit. This sets out the basic framework for the working relationship between the Northern Ireland Public Sector and PSNI for the Investigation and prosecution of suspected fraud cases.

5 Value for Money

The Sports Council ensures it applies value for money principles in all of its practices. This is carried out at the top level via the investment policy that intentionally covers value for money within the production of business cases for funding. The Sports Council also includes value for money during tendering exercises for the procurement of goods/services.

DCAL has a service level agreement in place with Central Procurement Division, regarding the use of their services during procurement/construction exercises. The Sports Council falls within the remit of this service level agreement and has implemented it.

6 Inefficiency

The Sports Council avoids inefficiency through applying its investment policies and adhering to government procurement guidelines. In addition, the budgeting process and production of management accounts ensures that funds are allocated to projects which have been identified as priority areas.

The Sports Council continually reviews its organisation structure with the aim to ensure efficiencies are made and the harmonisation of procedures across the organisation.

7 Loss of Grant

The Sports Council has terms and conditions in place for all grant awards. These terms and conditions outline what the grant recipient must adhere to and they also incorporate a clause which enables clawback of grant paid if terms and conditions of award are not met. In addition, the Sports Council has procedures manuals in place which outline the detailed processes which a grant award must go through before monies are released. Procedures are annually reviewed by internal audit to ensure the Sports Council is adhering to them and any recommendations to further enhance controls/procedures are incorporated.

8 Additionality Principle

This term refers to the policy that Lottery funding should be additional to, and clearly distinct from, public expenditure and provision. The Sports Council ensures the additionality principle is implemented via its NLDF Policy, budget setting process and through a challenge fund process for all grant programmes which reviews such areas as financial viability, partnership funding etc.

9 Assurance on Information Risks

The Sports Council is fully committed to protecting the privacy of all individuals including staff, contractors, service users and others, by ensuring lawful use of their personal information. A Data Protection Policy was approved by the Council in June 2009. The purpose of this policy is to set out how the Sports Council will ensure that it complies with the provisions of the Data Protection Act 1998. The policy will be implemented and mainstreamed throughout the organisation at all levels over the coming months.

Review of Effectiveness

As Accounting Officer, I have responsibility for reviewing the effectiveness of the system of internal control. My review of the effectiveness of the system of internal control is informed by the work of the Internal Auditors and the Senior Managers within the Sports Council who have responsibility for the development and maintenance of the internal control framework, and comments made by the External Auditors in their Report to those charged with Governance and other reports. I have been advised on the implications of the result of my review of the effectiveness of the system of internal control by the Sports Council, the Audit Committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

The Sports Council and DCAL reviews the Sports Council Management Statement with the aim to ensure it complies with DFP guidance, best practice and to ensure it remains robust.

The Sports Council continues to review its programmes and procedures in order to ensure that it meets appropriate standards, best practice and continues to work towards efficiencies. This will continue in 2010/11 via reviewing policies and procedures, training programmes and reassessing contractual agreements.

The Sports Council obtains assurances on its system of internal control through its Audit Committee. The Audit Committee met on 5 occasions during the year and received progress reports from both the Sports Council's external auditor on the financial statements and its internal auditor regarding work completed to date. The Audit Committee reported back to the Sports Council following each of its meetings.

The Sports Council's internal auditor produced the annual audit assurance statement which provided a satisfactory level of assurance for the year 2009/10.

The Sports Council has a risk register in place that is reviewed regularly by the Senior Management team. It is also reviewed by the Audit Committee who will update the Council at the same time.

Throughout the year I obtained assurance from Senior Managers, based on information and reports produced by them. Quarterly Assurance Statements are sent to DCAL, these documents provide updates on current issues which myself and Senior Managers are addressing. I am satisfied that systems of internal control were adequate in 2009/10.

The Sports Council has a procedure in place to ensure that all losses are appropriately handled and reported to DCAL. During the year 2009/10 no losses occurred.

Significant Internal Control Issues

In August 2006, the Sports Council undertook an audit of the Sports Institute Northern Ireland. On the basis of misinformation being provided to the Sports Council's audit team and a number of issues regarding accounting practices a member of staff within the organisation raised concerns with senior management. An investigation took place, and in September 2006, the Sports Council was formally informed by the Sports Institute Northern Ireland that a fraud had occurred.

The Sports Council undertook a forensic audit of the company to determine the exact value of the fraud. The fraud was calculated to be £75,041 of which £14,587 took place in the financial year 31 March 2006 and £60,454 in the financial year 31 March 2007. Of the total fraud amount, £65,036 has been recovered. On the basis of legal advice obtained by the Sports Institute of Northern Ireland, Sports Council wrote to the Department of Culture, Arts and Leisure Accounting Officer seeking approval to write off the outstanding amount of £10,005. On the 23 December 2009, the Department of Culture, Arts and Leisure provided approval for the write off.

The Big Lottery Fund on behalf of the Sports Council has carried out a number of investigations under the Awards for All programme. Two investigations remain unresolved, one to the value of £1,100 and the other to the value of £2,864.

The Sports Council continues to review systems and controls to ensure that losses are kept to a minimum. All employees of the Sports Council have been reminded of the importance of ensuring equipment is kept safe and secure at all times.

The Certificate and Report of the Comptroller and Auditor General to the Houses of Parliament

I certify that I have audited the financial statements of the Sports Council for Northern Ireland Lottery Distribution Account for the year ended 31 March 2010 under the National Lottery etc Act 1993 (as amended by the National Lottery Act 1998). These comprise the Net Expenditure Account, the Statement of Financial Position, the Statement of Cash Flows, the Statement of Changes in Equity and the related notes. These financial statements have been prepared under the accounting policies set out within them. I have also audited the information in the Remuneration Report that is described in that report as having been audited.

Respective responsibilities of the Council, Accounting Officer and Auditor

As explained more fully in the Statement of the Council's and Accounting Officer's Responsibilities, the Council and the Accounting Officer are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. My responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me and my staff to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the Audit of the Financial Statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Sports Council for Northern Ireland Lottery Distribution Account's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Sports Council for Northern Ireland; and the overall presentation of the financial statements.

In addition, I am required to obtain evidence sufficient to give reasonable assurance that the expenditure and income reported in the financial statements have been applied to the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Opinion on Regularity

In my opinion, in all material respects the expenditure and income have been applied to the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Opinion on financial statements

In my opinion:

- the financial statements give a true and fair view, of the state of the Sports Council for Northern Ireland Lottery Distribution Account's affairs as at 31 March 2010 and of its net expenditure, changes in equity and cash flows for the year then ended; and
- the financial statements have been properly prepared in accordance with the National Lottery etc Act 1993 (as amended by the National Lottery Act 1998) and directions made thereunder by the Department of Culture, Arts and Leisure on behalf of the Secretary of State for Culture, Media and Sport.

Opinion on other matters

In my opinion:

- the part of the Remuneration Report to be audited has been properly prepared in accordance with the National Lottery etc Act 1993 (as amended by the National Lottery Act 1998) and directions made thereunder by the Department of Culture, Arts and Leisure on behalf of the Secretary of State for Culture, Media and Sport; and
- the information given in the Directors' Report, and the Management Commentary for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which I report by exception

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records or returns; or
- I have not received all of the information and explanations I require for my audit; or
- the Statement on Internal Control does not reflect compliance with HM Treasury's guidance.

Report

I have no observations to make on these financial statements.

Notes to the Accounts

1 Statement of Accounting Policies

These financial statements have been prepared in accordance with the 2009/10 Financial Reporting Manual (FRoM) issued by HM Treasury. The accounting policies contained in the FRoM apply International Financial Reporting Standards (IFRS) as adapted or interpreted for the public sector context. Where the FRoM permits a choice of accounting policy, the accounting policy which is judged to be most appropriate to the circumstances of the Sports Council for Northern Ireland Lottery Distribution Accounts for the purpose of giving a true and fair view has been selected. The particular policies adopted by the Sports Council for Northern Ireland Lottery Distribution Accounts are described below. They have been applied consistently in dealing with items that are material to the accounts.

a Accounting Convention

These accounts have been prepared under the historical cost convention modified to account for the revaluation of property, plant and equipment and intangible assets.

b Property Plant & Equipment and Intangible Assets

Non current assets up to 31 March 2009 were capitalised in the Lottery Distribution Accounts at the end of each financial year, on the basis of assets acquired/utilised specifically for lottery activities (see 1.i). The Sports Council for Northern Ireland applied a capitalisation limit of £1,000 to individual items. Items below the £1,000 threshold were charged directly to the Net Expenditure Account.

From 1 April 2009 the non current asset usage was incorporated within a desk charge, which is recharged from Exchequer to Lottery at the end of each financial year.

c Depreciation and Amortisation

Depreciation/amortisation has been provided using the straight line method so as to write off each asset over its estimated useful life. Depreciation/amortisation is charged from the month acquired/coming into use, to the month in which it is disposed.

Assets are depreciated over their useful lives as follows:

	2009/10
Information Technology (Hardware)	4-9 years
Office Furniture & Equipment	5 years
Intangible Assets	2-9 years

d Revaluation of Assets

Non current assets included in the statement of financial position are annually reviewed to ensure that they are stated at fair value. This is carried out through applying indices. Increases in valuations are credited to the Revaluation Reserve. Downward movements are accounted through the revaluation reserve to the extent that there is a credit in that reserve that relates to the revalued asset.

e Impairment of Assets

An impairment review is carried out annually, any loss in value which exceeds the credit in the revaluation reserve is then charged to the Net Expenditure Account.

f Pension Costs

The pension cost is recharged from the Sports Council for Northern Ireland Exchequer Accounts, and is charged to the Net Expenditure Account.

g Financial Assets – Investments

Balances held in the NLDF remain under the stewardship of the Secretary of State for Culture, Media and Sport. However, the share of these balances attributable to the Sports Council is as shown in the accounts and, at the year end, has been certified by the Secretary of State for Culture, Media and Sport as being available for distribution by it in respect of current and future commitments.

h Income

All income received, whether Lottery proceeds, grant recovered or other income, is credited to income in the year to which it is receivable.

i Allocation of costs

The apportionment of staffing and indirect costs transferred from the Sports Council for Northern Ireland Exchequer Account to the Sports Council Lottery Distribution Account is based on a Service Level Agreement. This is reviewed annually to ensure recharges are appropriate and reflect the time which staff spend on lottery activities and the proportion of indirect costs which relate to lottery activities.

j Grant Commitments

The following are the two types of grant commitments:

- 1 A soft commitment occurs when there is agreement in principle by Sports Council to fund a scheme and a formal offer made to the applicant body.
- 2 A hard commitment is analogous to a commitment arising from a legally binding contract.

A soft commitment changes to a hard commitment as soon as the applicant returns a signed copy of the contract offer having complied with any special conditions incorporated in the contract.

k Operating Lease

Operating lease rentals are charged to the Net Expenditure Account in equal annual amounts over the lease term.

The rent of land and buildings is an ongoing agreement with the Sports Council for Northern Ireland Exchequer Account who hold the operating lease in respect of the land and buildings in which the Lottery Fund resides.

l Financial Instruments

The Sports Council has adopted IAS 39. There has been no impact on the net assets of the organisation as a result of this. Note 9 provides appropriate disclosures regarding Financial Instruments on the Lottery Fund Accounts.

Investments

Investments are held by DCMS on behalf of Sports Council and are available for sale. These are reflected at market value which equate to fair value.

Loans and Receivables

Receivables, Cash and Cash Equivalents are classified as 'loans and receivables', in accordance with IAS 39, and are initially measured at fair value and subsequently measured at amortised cost using the effective interest method less any impairment.

- Receivables do not carry any interest and are recognised at their recoverable amount, which equates to their fair value.
- Cash held in the bank is a liquid resource. The carrying value of the asset approximates to fair value.

Cash equivalents are short term, highly liquid investments that are readily convertible to cash and are subject to a low risk of changes in value.

Payables & Grant Commitments are classified as “loans and receivables”, in accordance with IAS 39, and are initially measured at fair value, net of transaction costs, and subsequently measured at amortised cost using the effective interest method.

- Payables are not interest bearing and are stated at their nominal value, which equates to their fair value.
- Grant commitments are stated as per the value of the award made to the applicant, this equates to fair value.

j Employee Benefits

Under the requirements of IAS 19 Employee Benefits, staff costs must be recorded as an expense as soon as the Sports Council is obligated to pay them. This includes the cost of any annual and flexi leave entitlements that have been earned at the year end but not yet taken. The cost of untaken annual and flexi leave has been determined by using actual salary costs and the data from staff leave returns at 31 March. It is not anticipated that the level of untaken leave will vary significantly from year to year.

k Estimation Techniques Used and Key Judgements

The preparation of financial statements in conformity with IFRS requires the use of accounting estimates and assumptions. It also requires management to exercise its judgement in the process of applying the Sports Council's accounting policies. We continually evaluate our estimates, assumptions and judgements based on available information and experience. As the use of estimates is inherent in financial reporting, actual results could differ from these estimates. The estimates and assumptions which have the most significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are discussed below:

- Depreciation of property, plant and equipment, and amortisation of intangible assets.

Depreciation and amortisation is provided in the accounts so as to write-down the respective assets to their residual values over their expected useful lives and as such the selection of the estimate useful lives and the expected residual values of the assets requires the use of estimates and judgements. Details of the estimated useful lives are shown in note 1c.

l Accounting Standards, Interpretations and Amendments to Published Standards Adopted in the Year Ended 31 March 2010

The Sports Council implemented IFRS 1 First-time Adoption of International Financial Reporting Standards (IFRS) with the date of transition to IFRS being 1 April 2008 for the purposes of preparing the opening IFRS statement of financial position.

The standards did not have a material impact on the financial statements. Details of the financial impact of the standards are contained in note 2. Any adjustments arising from differing accounting policies resulting from the application of IFRS for the first time have been taken through the General Fund.

The Sports Council has reviewed the remaining standards, interpretations and amendments to published standards that became effective during 2009-10 and which are relevant to its operations. The adoption of these standards has no significant impact on the Sports Council's financial position or results.

m Accounting Standards, Interpretations and Amendments to Published Standards Not Yet Effective

Certain new standards, interpretations and amendments to existing standards have been published that are mandatory for the Sports Council's accounting periods beginning on or after 1 April 2010, but which the Sports Council has not adopted early. Other than those outlined in note 2 below, the Sports Council considers that these standards are not relevant to its operations.

2 First-time Adoption of IFRS

With effect from 1 April 2009, the Sports Council for Northern Ireland Lottery Distribution Fund is required to report its financial statements in accordance with IFRS. The transition date for adoption of IFRS is 1 April 2008. The impact of the transition to IFRS is detailed below:

The average number of full-time equivalent persons employed by the Sports Council and deployed on Lottery duties during the period from April 2009 to March 2010 was 11 (2008/09: 7). All staff costs and full time equivalent persons are classified as other staff. There are no ministerial/special adviser costs or permanently employed staff of the Lottery Account.

Under terms and conditions of service, staff are entitled to an issue of luncheon vouchers to the approximate value of 70p per day. The entitlement for full time staff is 55 vouchers per quarter issued quarterly in advance. Part time staff are entitled to luncheon vouchers on a pro rata basis to the full time equivalent. Luncheon vouchers are accounted for through the Exchequer Accounts and no costs recharged to Lottery.

Pension Scheme

The Sports Council participates in the Northern Ireland Local Government Officers' Superannuation Committee Scheme (the NILGOSC scheme). The NILGOSC scheme is part of the Local Government Pension Scheme (LGPS) and is a multi-employer, defined benefit scheme.

All assets, liabilities and operating costs relating to the pension scheme are processed through the Sports Council Exchequer Accounts. A recharge is made to the Sports Council Lottery Distribution Accounts for any pension costs incurred on its behalf.

Details of the pension scheme are available within the Sports Council Exchequer Accounts.

The funds held in the NLDF are invested on its behalf by the National Investment and Loans Office. The above balances are based on the distribution of National Lottery funds set out in the National Lottery Act as amended. Interest earned on the sums invested is apportioned to each of the 12 Lottery Distributors on the basis of their percentage of the total remaining NLDF Funds at the time the interest is received. The market value of investments held by the NLDF on behalf of the Sports Council's Lottery Distribution Account at 31 March 2010 was £10,421,492 (2008/09: £19,172,970). The actual cost of the NLDF balance at 31 March 2010 was £10,437,860 (2008/09: £19,149,710).

8b NLDF Balance Policy

In August 2003 DCMS issued "National Lottery Guidance Note 1/03: Management of NLDF Balances". This guidance note proposes that each Lottery Distributor should have an NLDF balance policy and should publish a statement on its policy in its Annual Report and Accounts. This should include a target for the size of its NLDF balance based on an assessment of needs over the next three financial years.

The following is the policy as approved by the Sports Council:

The Sports Council aims to keep NLDF balances at a prudent level that will maximise its ability to achieve its strategic objectives, and to ensure the speedy progress of existing and future commitments. In setting its target balances the Sports Council will seek to ensure that it neither compromise existing commitments nor unreasonably constrain its ability to make future commitments.

In February 2010, the Sports Council agreed that the NLDF balance should decline as follows:

- by 31 March 2010 to achieve a NLDF balance of £10.536m;
- by 31 March 2011 to achieve a NLDF balance of £6.095m;
- by 31 March 2012 to achieve a NLDF balance of £3.899m; and
- by 31 March 2013 to achieve a NLDF balance of £3.202m.

At 31 March 2010 the Sports Council NLDF balance was £10.421m. This meant the Sports Council exceeded the target required, as detailed in the policy.

9 Financial Instruments

The Sports Council's Lottery Fund financial instruments comprise of cash liquid resources; investments held in the National Lottery Fund Distribution Account; receivables, trade payables; and grant commitments to applicants which arise directly from the Sports Council's operations. The main purpose of these financial instruments is to provide finance for the operations of the Sports Council. There are currently no borrowings or embedded derivatives.

Liquidity Risks

In 2009/10 £6.415 million (99.15 per cent) of the Sports Council's Lottery Fund's income was derived from the National Lottery. The remaining income is derived from investment returns from the balance held with the NLDF £0.052 million (0.8 per cent) and from Bank Interest and Sundry Income £0.003 million (0.05 per cent). The Sports Council considers that the Fund is not exposed to significant liquidity risks; and they are satisfied that sufficient liquid resources are held within the NLDF Investment and in the bank of £11.328 million to cover all current contracted commitments of £6.941 million.

Interest Rate Risks

The financial assets of the Fund are invested in the NLDF, which invests in a narrow band of low risk assets such as government bonds and cash. The Sports Council has no control over the investment of Funds in the NLDF. At the 31 March 2010 the Market Value of investment in the NLDF was £10.421 million. In the year, the average return on these investments was 0.58 per cent. Cash balances which are drawn down from the Fund to pay grant commitments and operating costs are held in an interest bearing current account which on average carried an interest rate of 0.5 per cent in the year. The cash balance at the year-end was £0.907 million. The Sports Council considers that the Fund is not exposed to significant interest rate risks.

Foreign Currency Risk

The Fund is not exposed to any foreign exchange risks.

Commodity Risk

The Fund is not exposed to any commodity risks.

Credit Risk

The Fund is not exposed to any credit risk.

Appendix A

Lottery Policy Directions Sports Council for Northern Ireland

The Department of Culture, Arts and Leisure, on behalf of the Department of Culture, Media and Sport, in exercise of the powers conferred by section 26(1) of the National Lottery etc. Act 1993 and having consulted the Sports Council for Northern Ireland (Sport Northern Ireland) pursuant to section 26(5) of that Act, hereby gives the following directions:

- 1 In these Directions any reference to a section is a reference to a section of the National Lottery etc Act 1993.
- 2 In determining the persons to whom, the purposes for which, and the conditions subject to, which it distributes any money under section 25(1), Sport Northern Ireland shall take into account the following matters:-
 - a Its assessment of the needs of sport and its priorities for addressing them (having regard to government strategies/policies in force).
 - b The need to inspire children and young people, awakening their interest and involvement in sport.
 - c The need to foster local community initiatives which bring people together, enrich the public realm and strengthen community spirit.
 - d The need to support volunteering and encourage volunteering in sport.
 - e The need to encourage new talent, innovation, and excellence and help people to develop new skills.
 - f The need to involve the public and local communities in making policies and setting priorities and setting priorities.
 - g The need to ensure that money is distributed for projects which promote public good rather than private gain.
 - h The need to further the objective of sustainable development.
 - i The need to ensure that all those receiving Lottery money acknowledge it using the common Lottery branding.
 - j The need to require an element of partnership funding, or contributions in kind from other sources, to the extent that this is reasonable to achieve for different kinds of applicants.
 - k The desirability of:
 - increasing access and participation for all;
 - ensuring that all areas have access to funding; and
 - reducing economic and social deprivation.
 - l The desirability of working jointly with other organisations, including other distributors.

m The need:

- to set time limits for which grants are payable;
- to ensure that Sport Northern Ireland has the necessary information and expert advice to make decisions on each application; and
- for applicants to demonstrate the financial viability of projects.

n Where capital funding is sought, the need:

- for a clear business plan showing how any running and maintenance costs will be met for a reasonable period; and
 - to ensure that appraisal and management for major projects match the Office of Government Commerce's Gateway Review standards.
- o The need to ensure that its powers to solicit applications under section 25 (2A) are used in connection with the pursuit of strategic objectives.
