**EXPLANATORY MEMORANDUM TO
THE STATEMENT OF CHANGES IN IMMIGRATION RULES
LAID ON 10 DECEMBER 2009 (HC 120)**

1. This explanatory memorandum has been prepared by the Home Office and is laid before Parliament by Command of Her Majesty.

2. Purpose of the Instrument

2.1 The purpose of these changes is to make provision in the child visitor rules to permit exchange visits by overseas students to state maintained and other schools; to require the issuance of a Confirmation of Acceptance for Studies by the sponsor of a Tier 4 migrant; to provide that applications for leave to remain or settlement on the basis of long residence will no longer be considered at a United Kingdom Border Agency Public Enquiry Office; and to provide for workers admitted under the previous rules for overseas government employees to switch in-country into the Tier 5 category for temporary workers.

3. Matters of Special interest to the Joint Committee on Statutory Instruments or the Select Committee on Statutory Instruments

3.1 None.

4. Legislative Context

4.1 The Immigration Rules, as laid before Parliament by the Home Secretary, constitute a statement of practice to be followed in the administration of the Immigration Act 1971 for regulating entry into, and stay of persons in, the United Kingdom.

4.2 The changes to the Immigration Rules in respect of child visitors, the place at which long residence applications can be made, switching into Tier 5 and the amendment to the requirements which must be met by any course to be studied under Tier 4 will come into force on 1 January 2010. The other provisions relating to Tier 4 will come into force on 22 February 2010.

4.3 These changes are needed to effect required changes to the child visitor provisions and to effect changes consequent upon implementation of Tier 4 of the Points Based System.

5. Territorial Extent and Application

5.1 This instrument applies to all of the United Kingdom.

6. European Convention on Human Rights

6.1 As this Statement of Changes in the Immigration Rules is subject to the negative resolution procedure and does not amend primary legislation, no statement is required.

7. Policy Background

What is being done and why

7.1 A summary of the policy changes contained in this Statement of Changes in Immigration Rules follows:

Public Enquiry Office Applications

7.2 The Public Enquiry Office (PEO) provides a same day premium service for straightforward immigration applications. This service attracts a higher fee than an application that is submitted by post. Every effort is made to complete a case on the same day, but it has become increasingly difficult to provide a premium service for applications made on the basis of length of residence. The fact that there have been significant changes to Immigration Rules over recent years, and that applications made on the basis of residence can cover a wide variety of immigration categories over the period in question, means that cases often take longer than a day to complete. The PEO have given a commitment to the Home Affairs Committee to review and monitor case types in the PEO and to ensure unsuitable cases are removed from the list of services provided. In view of the fact that these cases are no longer straightforward, and acceptance of such cases in the PEO results in applicants having to pay a premium charge, it is not considered appropriate or reasonable to accept premium applications in this category where a premium service may not be delivered.

Child Visitors

7.3 The amendments to the child visitor rules introduce a provision for persons under the age of 18 to come to the UK for up to six months on an exchange or educational visit to a state maintained school, a non-maintained school or an independent fee-paying or non fee-paying school. Exchange visits provide a valuable opportunity for UK children to improve their language skills and promote better understanding between different cultures. This provision does not permit entry for the purposes of attending a course of study in the UK. Persons under the age of 18 who want to come to the UK to study for six months or less to attend a course must continue to qualify under the relevant provision of the Immigration Rules.

7.4 The amendments also clarify and reflect:

- the requirements in respect of the UK Border Agency's new duty with regard to the welfare of children; and
- the accreditation requirements for institutions that wish to provide short courses of study to overseas students under the age of 18.

The amendments to the student visitor rules clarify the accreditation requirements for institutions that wish to provide short courses of study to overseas students aged 18 and over.

Amendments to Tier 4 of the Points Based System

7.5 Tier 4 of the Points Based System caters for students and was launched on 31 March 2009. A previous Statement of Changes (Cm 7701, which came into force on 1 October 2009) provided for the next phase of the roll-out of Tier 4 sponsorship arrangements to allow Tier 4 applicants to earn points for leave to remain applications by using an electronic Confirmation of Acceptance for Studies. Initially, provision for migrants to be granted leave to remain using a visa letter issued by their sponsor was retained as a transitional arrangement, as well as for all entry clearance applications. This Statement of Changes removes those transitional provisions, with the effect that, from 22 February 2010, it will be compulsory for a Tier 4 application to be supported by a Confirmation of Acceptance for Studies.

7.6 This Statement also amends paragraph 120(d)(i) of Appendix A of the Immigration Rules. The effect of the current wording of this rule is to exclude certain qualifications (such as graduate certificates and diplomas) which are at degree level. This is not the policy intention and the amended wording remedies the position.

Amendment to Tier 5 of the Points Based System

7.7 Tier 5 of the Points Based System caters for youth mobility and temporary workers and was launched on 27 November 2008. There is currently no provision for those admitted in another category of the Immigration Rules to switch into Tier 5. This Statement of Changes amends the Tier 5 rules to enable those who were admitted under the previous rules for overseas government employees to switch into the Tier 5 (International Agreement) category.

Consolidation

7.8 This Statement of Changes in Immigration Rules will be incorporated into a consolidated version of the Immigration Rules which can be found under the “Policy and Law” page at www.ukba.homeoffice.gov.uk, where there are also copies of all the Statements of Changes in Immigration Rules issued since May 2003.

8. Consultation

8.1 The UK Border Agency has consulted, and continues to consult, key stakeholders including educational institutions and employers in the ongoing development of the Points Based System and related immigration categories. Details of consultation undertaken in connection with development of the Points Based System have been set out in the explanatory notes to previous Statements of Changes in the Immigration Rules. The changes effected by this Statement are minor technical changes or clarifications of current Rules, no further formal public consultation has been undertaken in respect of them.

9. Guidance

9.1 Information on these changes will be made available to migrants, sponsors and UK Border Agency staff, through updates to websites and guidance.

10. Impact

10.1 These changes are minor and the impacts on business, education providers, and the public sector are expected to be minimal. An impact assessment has therefore not been prepared. Impact assessments for each Tier of the Points Based System were carried out prior to their launch and can be found at: www.ukba.homeoffice.gov.uk/sitecontent/documents/managingourborders/pbsdocs

11. Regulating small business

11.1 The legislation applies to small businesses. The changes are minor and are not expected to have an adverse impact on small businesses.

12. Monitoring and review

12.1 All the changes introduced by this Statement will be monitored on an on-going basis as part of the review of progress towards meeting Public Service Agreement 3: ‘ensure fair, controlled migration that protects the public and contributes to economic growth.’
