Review

Before the end of each review period, the Secretary of State undertakes to review all of the relevant Immigration Rules including any Relevant Rule amended or added by these changes. The Secretary of State will set out the conclusions of the review in a report and publish the report.

The report must in particular:

- (a) consider each of the Relevant Rules and whether or not each Relevant Rule achieves its objectives and is still appropriate; and
- (b) assess whether those objectives remain appropriate and, if so, the extent to which they could be achieved with a system that imposes less regulation.

“Review period” means:

- (a) the period of five years beginning on 6 April 2012, and
- (b) subject to the paragraph below, each successive period of five years.

If a report under this provision is published before the last day of the review period to which it relates, the following review period is to begin with the day on which that report is published.

“Relevant Rule” means an Immigration Rule which imposes a net burden (or cost) on business or civil society organisations.

Performers in film and television	
Appropriate salary rate	<p>Payment should be at least at the level of the appropriate UK market rates, which can be obtained from Equity at www.equity.org.uk or from 020 767 00246. No worker may be paid less than the national minimum wage.</p>
Exemptions from advertising for those deemed to be making an additional contribution to the UK labour market	<p>1. The work is for continuity</p> <p>The Sponsor must be able to supply proof that the overseas national has worked on, or will be working on the same production overseas for at least one month. Where a Sponsor wishes to issue a Certificate of Sponsorship for reasons of continuity involving a performer that has worked on the same piece of work overseas for less than one month, the Sponsor must notify Equity at least 5 working days prior to the issuing of the certificate with details of the filming schedules. This is in order to verify that the migrant is being genuinely engaged for reasons of continuity. Sponsors may issue Certificates of Sponsorship for performers to enter the UK to undertake post-production work only and provided that such post-production work solely relates to their own role in the film or TV production. For such Certificate of Sponsorship, neither the one month requirement nor prior notice to Equity procedure applies. The Sponsor must be able to supply documentary proof that the performer has worked on, or will be working on, the same production outside the UK for at least a month e.g. contracts, press cuttings, cast lists, etc.</p> <p>2. The performer has international status</p> <p>The Sponsor must be able to provide proof the applicant is known internationally, or they has demonstrable international box-office appeal e.g. press cuttings, awards, accolades, publicity material, television/radio interviews, film and TV credits; or documentary proof that the performer has demonstrable international box-office appeal through international box office figures for films they have starred in or led as a principal performer.</p> <p>3. Highly specialist or unusual roles</p>

For certain highly specialist or unusual roles, it may not be possible or reasonable to recruit from the EEA because the role requires specific or specialist attributes, including but not limited to: physical appearance; physical talent and linguistic or vocal skills. In such circumstances, where appropriate, Sponsors should first attempt to conduct searches in the EEA as set out in category 3 to a reasonable degree. However, it is recognised that the extent of such searches within the EEA shall be proportionate to the rarity and speciality of the attributes of the role. The Sponsor must be able to provide proof:

- that the role requires certain highly specialist attributes; and
- that the performer possesses those attributes; and
- of the casting process and casting considerations; and
- of reasonable and appropriate searches in the EEA (if applicable); and
- a list of any EEA candidates who were unavailable at the required time.

4. Featured guest in an entertainment programme, or subject of a factual programme

The applicant must be a featured guest on an entertainment programme or subject of a factual programme. For example, actors, comedians or other performers booked to appear on a chat show or a professional variety show, or scheduled to be subject of an arts programme or documentary. The Sponsor must be able to provide:

- A formal letter from the broadcaster or producer or copy of the relevant section of the commissioning agreement confirming the reason the migrant is required (e.g. to feature in an entertainment programme); and
- The name of the programme concerned; and
- Details of any recording or filming schedules.

5. Performers who are tied to the finance of the production

The applicant must be necessary to a production because the finance is contingent on the particular performer being cast in the film or TV production. The Sponsor must be able to provide a formal letter of confirmation from the production's principal financier.

6. Performers who do not meet the key criteria but who are commercially important

The applicant must be commercially important to the production. This may be demonstrated by a formal letter in support from a principal financier, or distributor. The Sponsor must give prior notice to Equity providing supporting evidence detailing: description of the role and film, and the reasons why advertising was not appropriate and a letter in support. The sponsor must provide Equity with:

- the details of the performer(s) required, role, description of the production; and
- the reasons why the role has not been advertised; and,
- a formal letter in support of the migrant from a financier or distributor; and
- if the performer is an up-and-coming performer, or cast to appeal to a particular overseas audience, then evidence of their CV, reviews, previous work, awards/accolades, and/or evidence of audience appeal would be required.

	<p>7. International Co-productions</p> <p>Sponsors issuing CoSs to performers taking part in international co-productions structured under one of the UK’s bilateral co-production treaties, or under the European Convention on Cinematographic Co-Production, need to provide the following evidence:</p> <ul style="list-style-type: none"> • Provisional approval from the UK Film Council certification department that the film is being structured as an official co-production; or • Interim certification from the UK Film Council Certification Department.
Required advertising media for other posts	<ul style="list-style-type: none"> • A resident labour search in accordance with standard industry practice, which will normally involve engagement of casting agents within the EEA and contacting performers’ agents, and may include advertising on Equity’s job information service or Spotlight magazine.
Additional evidence required for stunt performers	<p>The sponsor must also demonstrate that the applicant possesses the equivalent qualifications, skills and competence to UK industry standards. This may be demonstrated by either 1) a reference in support from a UK-based expert with demonstrable knowledge of the UK stunt industry; or 2) evidence of competence at a level equivalent to UK industry standards.</p>

Exemptions from advertising for those deemed to be making an additional contribution to the UK labour market	<p>1. The performer is required for continuity</p> <p>The applicant has worked for a period of one month or more during the past year, on the same production outside the EEA prior to it coming to the UK. The “same production” means one which is largely the same in terms of direction and design as the production outside the EEA. The Sponsor must be able to provide proof that the performer is currently working, or has worked, on the same production outside the EEA and has done so, or did so, for at least one month during the past year, e.g. contract of employment, press cuttings, cast list.</p> <p>2. The performer has international status</p> <p>The applicant is internationally famous in his field. (This is different to being well-known only in one country.) The Sponsor must be able to provide proof that the performer has international status, e.g. press cuttings, awards, publicity material, television/radio interviews, programmes.</p> <p>3. The performer is engaged by a unit company</p> <p>A unit company is a theatre or opera company which exists in a country outside the EEA and has put on at least one production in that country. The Sponsor must be able to provide proof that the company has put on at least one production in its home country, e.g. press cuttings, awards, publicity material, television/radio interviews, programmes; and proof that the individual is engaged by the unit company for the production in the UK, e.g. contract of employment.</p> <p>4. The performer is the subject of an exchange under one of the UK theatre industry’s exchange programmes</p> <p>The applicant satisfies the requirements of either of the exchange programmes with the United States and Australia operated by the theatre industry. Sponsors wishing to use this category must contact Equity in the first instance: Stephen Spence at sspence@equity.org.uk or on 020 76700233.</p>

Workers in film and television	
Appropriate salary rate	<p>Payment of migrant workers in all cases must not be below the UK market rates found on the PACT and BECTU websites at www.pact.co.uk and www.bectu.org.uk. No worker may be paid less than the national minimum wage.</p>
Exemptions from advertising for those deemed to be making an additional contribution to the UK labour market	<p>1. The worker is a Senior Creative Grade</p> <p>The applicant must possess the skills and experience of a Senior Creative Grade for the following roles:</p> <ul style="list-style-type: none"> • Producer • Director • Director of Photography (Cinematographer) • Production Designer • Costumer Designer • Hair/Make Up Supervisor • Editor • Composer • Visual Effects Supervisor • Sound Designer • Script Writer <p>The Sponsor must be able to provide documentary proof that the worker has the skills and experience in that role e.g. film and TV credits, qualifications, CV, press cuttings, awards, accolades, publicity material, television/radio interviews.</p> <p>2. The worker is required for production continuity</p> <p>The applicant must be providing significant creative input and have worked on or will be working in a post involving creative input on the same piece of work overseas for at least one month. The sponsor must demonstrate that the applicant has a direct working relationship with a Senior Creative Grade as listed in Category 1. For example, a first assistant editor might work directly with an Editor on the same piece of work overseas. No more than one additional worker may be sponsored in addition to a Senior Creative Grade, other than in exceptional circumstances, where there is a case based</p>

on production continuity. Sponsors must be able to provide:

- Evidence that the role involves creative input and the worker possesses the skills and qualifications for the role, e.g. copies of qualifications, CV, credits, press cuttings, awards, accolades; and
- Evidence that the worker is currently, or has worked on, or will be working on the same production outside the UK for at least a month and evidence of current working relationship with a key Creative grade in Category 1 i.e. contracts, letters of engagement, casting lists, CV, references in support, credits, press cuttings; and
- In the circumstances where more than one additional worker is sponsored, the case must be set out in supporting documentation from the Sponsor.

3. Other key creative workers

The applicant must be providing key creative input and has a significant previous working relationship with a Senior Creative Grade as listed in Category 1. A “significant” previous working relationship entails an established pattern of joint working on a number of previous productions rather than isolated or random examples. No more than one additional worker may be sponsored in addition to a Senior Creative Grade, other than in exceptional circumstances, where there is a creative case.

The UK Border Agency will notify BECTU promptly of the issuing of certificates of sponsorship for camera, editing and grip grades, and 1st Assistant Directors and BECTU may request sight of the evidence in support for such grades.

The UK Border Agency will notify the Production Guild promptly of the issuing of certificates of sponsorship for the following grades: Executive Producer (when providing the functions of a Line Producer or Financial Controller/Production Accountant), Line Producer, Co-Producer, 1st Assistant Director, Unit Production Manager, Production Supervisor, Financial Controller, Production Accountant and the Production Guild may request sight of the evidence in support for such roles.

Sponsors must be able to provide:

- Evidence that the applicant is in a creative or technical role and possesses the skills and qualifications for the role, e.g. copies of qualifications, CV, credits, press cuttings, awards, accolades etc; and
- Evidence of the applicant’s previous working relationship with a key Creative Grade in category 1 e.g. CV, references in support, credits, press cuttings; and
- In the circumstances where more than one additional worker is sponsored per Department head, the case must be set out in a supporting documentation from the Sponsor.

4. The role is highly specialist, where advertising is demonstrably not appropriate

For certain highly specialist roles, it would not be reasonable to expect an employer to undertake a resident labour market search. One example would be a role which requires particular attributes considered unlikely to be available from the resident labour force, for example where the role involves

	<p>the application of highly specialist skills or new technology or proprietary technology or special effect, or unique knowledge. The Sponsor must be able to provide documentary proof that it would not be reasonable to expect the sponsor to undertake a resident labour market search e.g. in relation to above example, proof that the role requires certain highly specialised skills e.g. job description; and that the applicant possesses those skills e.g. qualifications, CV, credits. For all roles under this category, UKBA will notify BECTU promptly of the issuing of certificates of sponsorship and BECTU may request sight of the evidence in support for such grades.</p> <p>5. International Co-productions Sponsors issuing certificates of sponsorship to workers taking part in international co-productions structured under one of the UK’s bilateral co-production treaties, or under the European Convention on Cinematographic Co-Production, need to provide the following evidence:</p> <ul style="list-style-type: none"> • Provisional approval from the UK Film Council certification department that the film is being structured as an official co-production; or • Interim certification from the UK Film Council Certification Department.
<p>Required advertising media for other posts</p>	<ul style="list-style-type: none"> • For roles where formal advertising is not the usual industry practice for recruiting for a particular role: For these roles, the sponsor must carry out suitable and reasonable searches of the resident labour market, such as contacting agents, organisations, diary services or semi-formal worker networks. Where such informal recruitment methods are used, the sponsor must demonstrate a reasonable period within which it has searched the resident labour market, this should be for a least a period of two weeks. • Where formal advertising is usual for a role: For these roles, the sponsor must advertise the role to suitably qualified resident workers in an appropriate journal, newspaper, website or online directory. The choice of advertising medium should be appropriate for the particular role. The following advertising media may be appropriate: searching relevant online directories such as the Knowledge Online, Production Base, or through industry organisations such as the Production Guild. Other forms of advertising may be appropriate depending on the type of role. For longer terms contracts advertisements in Guardian Media, Broadcast, Screen International, Marketing Week would be appropriate. <p>Under this category, in the case of camera, editing and grip grades, and 1st Assistant Directors, the UK Border Agency shall promptly notify BECTU of the issuing of certificates of sponsorship and BECTU may request sight of the evidence of the steps to search for resident labour for these roles.</p> <p>Under this category, in the case of Executive Producer (when providing the functions of a Line Producer or Financial Controller/Production Accountant) Line Producer, Co-Producer, 1st Assistant Director, Unit Production Manager, Production Supervisor, Financial Controller, Production Accountant grades, the UK Border Agency will promptly notify the Production Guild of the issuing of a certificate of sponsorship and the Production Guild may request sight of the evidence in support for such roles.</p>
<p>Additional</p>	<p>Sponsors may issue a Certificate of Sponsorship to a single, non-technical,</p>

evidence required for Personal Assistants to Directors and Producers of international status	<p>non-creative personal assistant who supports a Director or Producer under category 1, who have demonstrable international status i.e. are known worldwide for international box office success.</p> <p>The Sponsor must notify BECTU promptly of the issuing of a certificate under this category for a PA to a Director and must notify the Production Guild promptly of the issuing of a certificate for a PA to a Producer. They may request sight of the evidence in support for such roles.</p> <p>Sponsors issuing certificates to migrants under this category must be able to supply proof that:</p> <ul style="list-style-type: none"> • the migrant has a significant previous working relationship with the Director or Producer (a “significant” previous working relationship entails an established pattern of joint working on a number of previous productions rather than isolated or random examples); and • the migrant works only as a personal assistant to the Director/Producer and does not undertake creative or technical duties; and • the Director or Producer is of international status i.e. known worldwide , or they have demonstrable box-office appeal worldwide. • the worker has the skills and experience in that role e.g. a reference in support from the Director or Producer, film and TV credits, qualifications, and CV • the Director or Producer has international status e.g. press cuttings, awards, accolades, publicity material, television/radio interviews, film and TV credits; or, documentary proof that they have demonstrable worldwide box-office appeal through box office figures for films they have led.

**EXPLANATORY MEMORANDUM TO
THE STATEMENT OF CHANGES IN IMMIGRATION RULES
PRESENTED TO PARLIAMENT ON 19 JULY 2012 (CM 8423)**

1. This explanatory memorandum has been prepared by the Home Office and is laid before Parliament by Command of Her Majesty.

2. Purpose of the Instrument

2.1 The purpose of these changes is to amend the Immigration Rules to include requirements to be met by migrants where those requirements are not currently contained in the rules but are specified only in guidance and documents external to the Rules.

3. Matters of special interest to the Joint Committee on Statutory Instruments or the Select Committee on Statutory Instruments

3.1 This Statement of Changes amends the Immigration Rules further to the judgment of the Supreme Court in *R (on the application of Alvi) (Respondent) v Secretary of State for the Home Department (Appellant)*. The judgment requires that any requirements which, if not satisfied by the migrant, would lead to an application for leave to enter or remain being refused must be included in the Immigration Rules and laid before Parliament in accordance with the procedure set out in section 3(2) Immigration Act 1971. In order to preserve the integrity of the Immigration Rules it is necessary to bring these changes into force with immediate effect.

3.2 The Government regrets that for these changes it has not been possible to comply with the convention that changes should be laid before Parliament no less than 21 days before they will come into force, but invites the Committee to note that these changes have no operational impact on applicants, sponsors or caseworkers. The changes only incorporate existing requirements, currently set out in guidance or lists external to the Immigration Rules, into the Rules themselves to protect against further legal challenge.

4. Legislative Context

4.1 The Immigration Rules, as laid before Parliament by the Home Secretary, constitute a statement of practice to be followed in the administration of the Immigration Act 1971 for regulating entry into, and the stay of persons in, the United Kingdom.

4.2 This Statement of Changes in Immigration Rules will be incorporated into a consolidated version of the Immigration Rules, which can be found under the 'Policy and Law' page at www.ukba.homeoffice.gov.uk where there are also copies of all the Statements of Changes in Immigration Rules issued since May 2003.

4.3 These changes to the Immigration Rules will come into force on 20 July 2012 and will apply to all applications decided on or after that date.

5. Territorial Extent and Application

5.1 This instrument applies to all of the United Kingdom.

6. European Convention on Human Rights

6.1 As this Statement of Changes in Immigration Rules is subject to a negative resolution procedure and does not amend primary legislation, no statement is required.

7. Policy Background

7.1 A summary of the existing policies and practices being included in the Immigration Rules by this Statement of Changes follows:

Specified documents for the Points-Based System and other categories

7.2 The Points-Based System was introduced in 2008 and 2009, and is the principle route by which non-EEA nationals apply to work or study in the UK. One of the core aims of the system was to replace the subjective decisions of previous routes with decisions based on transparent, objective criteria. Applicants must provide specified documents, setting out specified details, to show that they satisfy the criteria. This approach means that all applicants know exactly what information and evidence they must provide, and improves fairness and consistency in decision-making. This principle has also been extended to other immigration categories, although it is most prominent in the Points-Based System.

7.3 Previously, the Immigration Rules have set out the criteria in full and which of these criteria applicants must provide specified documents in support of. The type of specified documents and the details in terms of signatories, letterheads, and the information they must show, was set out in UK Border Agency guidance published on the UK Border Agency website, and the Immigration Rules explained this. The guidance, aimed at applicants and their Sponsors, was published alongside the Immigration Rules. These details are now being incorporated into the Immigration Rules.

Tier 1 (Exceptional Talent) - Designated Competent Body criteria

7.4 Tier 1 (Exceptional Talent) caters for world leaders and potential world-leading talent in science, engineering, humanities and the arts. Applicants must be endorsed by one of the following Designated Competent Bodies: The Royal Society (science), The Royal Academy of Engineering (engineering), The British Academy (humanities) or The Arts Council (the arts).

7.5 The criteria by which these Designated Competent Bodies endorse applicants are agreed between the Home Office and the Designated Competent Bodies, and published on the UK Border Agency website. These criteria are now being incorporated into the Immigration Rules.

Resident Labour Market Test for Tier 2 (General), Tier 2 (Minister of Religion), Tier 5 (Temporary Worker - Creative and Sporting) and Tier 5 (Temporary Worker - Religious Workers)

7.6 Applicants in these categories must have a job offer from a licensed Sponsor. In the majority of cases, the job must have satisfied a Resident Labour Market Test to show that no suitable settled workers were available to fill the job, before a migrant worker can be sponsored.

7.7 Previously the Immigration Rules have set out the exact cases where the Resident Labour Market Test applies, with the details of how the test is satisfied set out in published guidance on the UK Border Agency website. These details are now being incorporated into the Immigration Rules.

Occupational codes of practice for Tier 2 and Tier 5

7.8 Applicants in Tier 2 and Tier 5 can only be sponsored for certain types of job. In some categories, a minimum skills threshold applies, and/or a requirement to be paid an appropriate salary rate, based on available salary data for all workers in the UK in the same occupation.

7.9 Previously, the Immigration Rules have set out the overall nature of jobs that may be sponsored under a particular category, the exact skills thresholds and when they apply, and when an appropriate rate test applies. The lists of occupations (which are based on recommendations by the independent Migration Advisory Committee) which are considered to be at each skills threshold, and the appropriate salary rates for each occupation, are set out in published codes of practice on the UK Border Agency website. The codes of practice also set out appropriate advertising media for each occupation, for the purpose of satisfying the Resident Labour Market Test (see above). These codes of practice are now being incorporated into the Immigration Rules.

Shortage Occupation List for Tier 2 (General)

7.10 The Shortage Occupation List is recommended by the independent Migration Advisory Committee. It is a list of jobs which are skilled, and where a labour shortage exists that can sensibly be filled in part by migrant workers. There is one list covering the whole of the UK and an additional list covering Scotland. A Tier 2 (General) applicant who is being sponsored in a job on the Shortage Occupation List is given highest priority when allocating places under the Tier 2 (General) Limit, is not subject to the Resident Labour Market Test, and is exempt from the requirement to be earning at least £35,000 when applying for settlement.

7.11 Previously the Immigration Rules have set out the above benefits of having a job offer on the Shortage Occupation List, with the list itself published separately on the UK Border Agency website. The Shortage Occupation List is now being incorporated into the Immigration Rules.

Sports Governing Bodies for Tier 2 (Sportsperson) and Tier 5 (Temporary Worker - Creative and Sporting) applications

7.12 Sports players and coaches applying in these categories must be endorsed by the relevant UK Governing Body for their sport, to confirm that they will be making a contribution to their sport at the highest level in the UK.

7.13 Previously the Immigration Rules set out this requirement. The list of recognised Governing Bodies for each sport was published separately on the UK Border Agency website. This list is now being incorporated into the Immigration Rules.

Approved Tier 5 Government Authorised Exchange Schemes

7.14 Government Authorised Exchange is a sub-category within Tier 5 (Temporary Worker), for applicants coming to the UK for particular research, training or work experience purposes. There are a variety of schemes in the sub-category, each of which must be endorsed by the relevant Government Department as helping to meet its objectives and operated by an overarching Sponsor licensed by the UK Border Agency.

7.15 Previously the Immigration Rules have set out the principles of the scheme and the requirements that applicants must satisfy. The list and details of schemes were published separately on the UK Border Agency website. These are now being incorporated into the Immigration Rules.

List of English Language Tests that have been assessed as meeting the UK Border Agency's requirements

7.16 Applicants who are required by the Immigration Rules to prove their English language ability may do so by passing an English language test approved by the Secretary of State for these purposes.

7.17 Previously the Immigration Rules have set this out, and the level of English required. The list of approved tests was published separately on the UK Border Agency website. This list is now being incorporated into the Immigration Rules.

Lists of financial institutions that do or do not satisfactorily verify financial statements

7.18 Applicants who are required by the Immigration Rules to provide evidence of funds must provide specified documents. If these documents are from a financial institution which the UK Border Agency has identified as being one that does not satisfactorily verify documents, the applications may be refused.

7.19 Previously the Immigration Rules have set out where applicants must provide specified documents as evidence of funds, and that applications will be refused in the above circumstances. The lists of financial institutions, that have been identified (in various countries) as being ones that do not satisfactorily verify financial documents, were pub-

lished separately on the UK Border Agency website. Lists of financial institutions (in various countries) whose financial statements are accepted are also published on the UK Border Agency website. As well as the specified documents being incorporated (see earlier in this Explanatory Memorandum), these lists are being incorporated into the Immigration Rules.

General Visitors

7.20 The requirements to be met by general visitors have been amended to include the requirement that where an applicant is seeking leave to enter for the purpose of participating in archaeological excavations, he must provide a letter from the director or organiser of the excavation stating the length of the visit and, where appropriate, what arrangements have been made for his accommodation and maintenance.

Child Visitors

7.21 The Rules have been amended to include details of the requirements to be met where a child visitor is to be placed in a private foster care arrangement and the evidence to be provided to demonstrate that these requirements have been met.

Business Visitors

7.22 The requirements to be met by individuals seeking leave to enter as academic visitors have been amended to include a comprehensive list of the reasons for entry which qualify the individual for entry under this route and to provide further detail of the conditions to which that leave will be subject.

7.23 The requirements to be met by individuals seeking leave to enter as a Visiting Professor have been amended to include details of the requirements to be met in order to qualify for such leave and the detail of the work permitted if such leave is granted.

7.24 For individuals seeking leave to enter as Business Visitors as film crew, the Rules have been amended to set out a detailed definition of which roles which qualify as “film crew” for the purposes of the Rules and the requirements that the work to be undertaken in the UK must meet in order for leave to be granted.

Visitors for Private Medical Treatment

7.25 The requirements to be met by individuals seeking an extension of stay as a visitor for private medical treatment have been amended to specify the detailed contents of the letter to be provided confirming that further treatment is necessary, to set out that where an individual relies on funds held outside the UK to meet the costs of his treatment he must provide evidence that those funds are fully transferable to the UK and also to specify that evidence must be provided to demonstrate that the requirements as to the ability to meet the costs of treatment are satisfied.

Prospective Entrepreneurs

7.26 The requirements to be met by individuals seeking leave to enter as a prospective entrepreneur have been amended to include further detail as to the required format for the supporting letter to be provided and to set out in the Rules the activities which a

prospective entrepreneur is permitted to undertake while in the UK.

Family Rules

Financial requirements

7.27 Appendix FM of the Immigration Rules has been supplemented by Appendix FM-SE which incorporates into the Rules detailed requirements as to the evidence to be provided when demonstrating that financial requirements are met. These amendments set out detailed information as to the general provisions applying to financial requirements and specific evidential requirements to be met in respect of salaried employment and self-employment, evidence of contractual or statutory sick pay, maternity, paternity and adoption pay, non-employment related income, pensions and benefits received.

7.28 The detailed provisions as to the manner in which gross income will be calculated have been incorporated into the Rules.

Evidence of marriage or civil partnerships

7.29 Where applicants are required by the Rules to have a particular marital status they must provide evidence of that status. Those evidential requirements have been incorporated into the Rules.

English language requirements

7.30 The evidential requirements to be met where an applicant is required to demonstrate a specified level of English language ability have been incorporated into the Rules.

Adult Dependant Relatives

7.31 The requirements to be met in order to demonstrate a family relationship between the applicant and sponsor, details of the evidence required to demonstrate that the applicant requires long-term personal care as a result of age, illness or disability and is unable, even with the practical and financial help of the sponsor, to obtain the required level of care in their home country have been incorporated into the Rules.

Technical amendments

7.32 Corrections have been made to Appendix FM to correct errors in cross-referencing.

8. Consultation

8.1 As the effect of these changes is to incorporate into the Immigration Rules the text of requirements which are already specified in guidance and lists external to the Rules, they have not been subject to consultation

9. Guidance

9.1 As the effect of these changes is to incorporate into the Immigration Rules the text of requirements which are already specified in guidance, no updates to guidance are necessary.

10. Impact

10.1 As the effect of these changes is to incorporate into the Immigration Rules the text of requirements which are already specified in guidance and lists external to the Rules, they have no operational impact on applicants, sponsors or caseworkers. Consequently, no impact assessment is necessary.

11. Regulating small business

11.1 As the effect of these changes is to incorporate into the Immigration Rules the text of requirements which are already specified in guidance and lists external to the Rules, they have no impact on small businesses.

12. Monitoring and review

12.1 The review clauses at the beginning of this Statement of Changes require the Secretary of State to review the operation and effect of all of the relevant Immigration Rules, including any Rules amended or added by the changes in this Statement, and lay a report before Parliament within five years of 6 April 2012, and within every five years after that. Following each review the Secretary of State will decide whether the relevant Immigration Rules should remain as they are, be revoked or be amended. A further Statement of Changes would be needed to revoke or amend the relevant Rules.
